Nasser,

I spoke with Bruce York about this last week. ODI would still like DTNA to respond to the information request letter dated July 11, 2012, as amended:

1. Please respond to request numbers 1 through 5 only (i.e. production, complaint and warranty claim details).
2. Please limit the scope of DTNA's response to include only those approx. 1,663 vehicles identified in §573.6(c)(2) of DTNA's Defect Information Report "FL-631, Perpendicular Air Tank Mounting Brackets" dated August 15, 2012.

Per Bruce's e-mail message to you on 8/8, the information request response from DTNA is due on August 27, 2012. If DTNA needs additional time to respond to the information request, as amended, please contact Bruce York as soon as possible to request an extension. Thank you.

Sincerely,
Kyle Bowker
