A repair estimate was not available. The amount at the top of this report is a best guess estimate. The driver`s air bag and seat belt pretensioner were deployed. There were no marks found on the air bag surface. The DRB would not communicate with the air bag module. The message " Unable to ID Module for ORC" appeared when attempting to access the air bag controller. The air bag light remained illuminated when the ignition was on. There was no visible damage to the exterior, interior or underbody. There was no evidence of previous collision repairs. An aftermarket remote starter was installed in the vehicle. The control unit was mounted under the driver`s side of the dashboard. There were several wires spliced into the steering column wiring. The wires for the air bag clock spring were not spliced and did not appear to be interrupted. The seat belt information is as follows: Left front: Label-P5HG331DVAH TR1354273081 Latch Plate-TD160 Right Front: Label- P5HG341DVAF Latch Plate- TD161 Left Rear: Label-P5HG361DVAH TR5009369100 Latch Plate-TD159 Right Rear: Label-P5HG371DVAH TR4010369607 Latch Plate- TD159 Photos 27-35 depict the driver`s seat belt components Photos 36-43 depict the right front seat belt components photos 44-49 Depict the left rear seat belt components Photos 50-55 depict the right rear seat belt components Photos 57-61 depict the remote starter wiring and components Photo 62 depicts the air bag clock spring connector Photos 66-67 depict the front air bag sensors

701 EAST FRANKLIN ST, SUITE 7  
RICHMOND, VA 23219

**AGREEMENT TO MEDIATE DISPUTES:** The Purchaser(s) and Dealer, (collectively, the "Parties") agree that should any Dispute (as defined below) arise between the Parties, the Parties will first attempt to resolve the Dispute through non-binding mediation conducted by a neutral third party prior to instituting any other legal action. Either of the Parties may initiate the mediation by contacting the organization named here.

The organization's Rules of Mediation then in effect shall determine the costs of the mediation services to be borne by each Party. Each Party will be responsible for its own expenses incurred in conjunction with the mediation, including any attorneys' fees. The mediation will be held in the locality where the Dealer is located unless the Parties agree otherwise.

**AGREEMENT TO ARBITRATE DISPUTES:** Purchaser(s) and dealer agree that if any Dispute (as defined below) arises, the Dispute will be resolved by binding arbitration by a single arbitrator under the applicable rules of the alternative dispute resolution agency named here, with that arbitrator rendering a written decision with separate findings of fact and conclusions of law. An award by the arbitrator shall be final and binding on all parties to the proceeding. The arbitrator shall apply the substantive law of the Commonwealth of Virginia and the arbitration shall take place in the locality in which Dealer is located. All arbitration costs and expenses shall be borne as determined by the arbitrator. Judgment on an award may be enforced by either party in the highest local, state, or federal court, or before any administrative body. If any portion of this agreement is found to be unenforceable, the remainder of the agreement shall remain effective. This Arbitration Agreement will survive payment of Purchaser(s)' obligations in connection with this transaction and any termination, cancellation or performance of the transaction between Purchaser(s) and Dealer.

**DISPUTE DEFINED:** A Dispute is any question as to whether something must be arbitrated, as well as any allegation concerning a violation of state or federal statute that may be the subject of binding arbitration, any purely monetary claim greater than \$1,000.00 in the aggregate whether contract, tort, or other, arising from the negotiation of and terms of the Buyer's Order, any service contract or insurance product, or any retail installment sale contract or lease (but this arbitration provision does not apply to and shall not be binding on any assignee thereof); provided, however, that your failure to provide consideration to be paid by you (including your failure to pay a note, a dishonored check, failure to provide a trade title, or failure to pay deficiency resulting from additional payoff on trade) as well as our right to retake possession of the vehicle pursuant to this Buyer's Order shall not be considered a Dispute and shall not be subject to arbitration. THE PARTIES UNDERSTAND THAT THEY ARE WAIVING THEIR RIGHTS TO JURY TRIAL OF ALL DISPUTES BETWEEN THEM NOT SPECIFICALLY EXEMPTED FROM ARBITRATION IN THE ARBITRATION AGREEMENT.

Subject Re: Neal-6C156025

On a different note. You called me about the buyback request that you received from SI, I did speak with the agent that made the request and we would like for ISG to negotiate. We haven't made any commitments to the owner beyond the agreeing to buy it back. See if we can work it as a replacement.

Also, I have VIN # 3V [Redacted] (CAIR # 14737336) that I just received today from SI that we a want to process as a buyback. The vehicle is an 03 Jeep Liberty that our SI team has completed an investigation on and our safety group has deemed that they want this vehicle back for study. That being said, I would like for ISG to contact this owner and negotiate a replacement. The owner has experienced an inadvertent air bag deployment and we'll need to alert Michelle and Vince Imperiale that we want this unit shipped to Engineering once we've completed the buyback. I ask that ISG get to work on this one as soon as possible. The vehicle is currently at the Dealership and we've advised the Dealer that we do not want them to perform any repairs. We want the vehicle as is.

Let me know if you have any questions or concerns.

Thanks,

We are going to use Translogic for this vehicle. I would like to get moving on this one.

It will go to the same address we use for Greg Agan vehicles. The contact will be

Paul Plantinga at 248-512-5895

This vehicle will eventually go to auction or be sold for parts and that is when Translogic will be paid.

Thanks,

Yes, I will. Are we still waiting to find out where the unit will go? Are you wanting ISG to cut the check directly or will the Engineering group be paying this. I remember one in the past similar to this where I believe Rhonda was involved in having a check cut. ???
