Alex,
We investigate the Sure Power items involved in the recall notice. The ones we purchased are part number 1314-200 (picture attached).
When we could not find that we had purchase any 1314 isolators with a letter suffix indicated in the notice I contacted Sure Power. The response received from Brenda Garcia at Cooper Industries stated that the model 1314-200 Terex South Dakota purchased were not involved.

Mr. Olson,

Good afternoon. Attached is a copy of an information request letter mailed to your attention today.

Please let me know if you have any questions.

Thank you,

**Alex Ansley**

Hi Jim,

The 1314-200 are not affected in the recall.

Brenda

We use a 1314-200 battery isolator in our product. It does not have a letter in the model number. Is this isolator involved in the recall
