RE: Safety Recall 11E-057

Identification # EQ12-003

Dear Mr. Ansley:

Per our phone conversation, the five Dexter hydraulic pumps sold to us by Dexter were not installed on new Belshe trailers. At this time I have all five in my possession and ready to ship back to Dexter. If you have any questions you can reach me at (405) 273-1690.

Sincerely,

Les McLaughlin
Sales Manager
