RE: Type 24 J-Series Piston Parking Brake Actuators Recall EQ12-011

This notice is sent to you in accordance with the requirements of the USA National Traffic and Motor Vehicle Safety Act.

Part information: Type 24 J-Series Piston Parking Brake Actuators shipped to Kentucky Trailer from May 6, 2011 through October 28, 2011 (total 649 units shipped to KTM) MGM part number MJS3024ET054 and MJS3024ET112

Kentucky Trailer Manufacturing: based upon information provided by MGM Brake Corporation, the supplier of the Brake Chamber equipped on your trailer, provide the following statement:

MGM internal analysis and testing has shown that the service brake will not unexpectedly apply if the parking brake does not fully release. MGM has acknowledged in our prior communication to you that the parking brake may not fully release in isolated cases but the brake chamber will not lock up with-out warning.

MGM and UPS have an agreement per Bryan Schrandt (MGM V.P. Sales) to "Fix on Failure" and covered under warranty any issues arising from this issue. Our records show the following UPS units have the time dated brake actuators.

UPS Air A-5		Number of chambers
