Re: Safety Recalls EQ 13-006, 13E-039

Dear Ms. Timian,

We are in receipt of your letter regarding the recall of travel trailer door locks manufactured by Fastec Industrial Corporation.

NuConcepts is a manufacturer of portable restrooms and specialty sinks. We do not, nor have we ever, manufactured RVs, travel trailers, motor homes, or similar products.

In our manufacturing process we use Fastec locks in the entry doors of our portable restrooms. Keys are not used in the normal operation of the restrooms. The deadbolt lock is only used by the occupant of the restroom, and keys are not used in the operation of the deadbolt.

Considering the above, we do not believe that NuConcepts is subject to any action or recall by the NHTSA in this matter.

Sincerely,

Bob Manley
