Dear Mr. Modlin:

Please note that in our letter dated June 30, 2014, paragraph 2, we had inadvertently mistyped the number of VOQ reports that may be related to the issue in this section. The correct number should be 21 and the identification numbers of these 21 VOQ reports were correctly identified at the end of the June 30, 2014 letter and subsequently the actual VOQ reports were provided to your office. These 21 VOQs reports are again listed at the bottom of this letter.

Again, please accept our apology for this error and the confusion that it may have caused.

If you have any questions concerning this matter, please call Peter Ong of my staff at (202) 366-0583.

Sincerely,

Scott Yon, Chief
Vehicle Integrity Division
Office of Defects Investigation
