Sierra, Sandpiper, Salem, Wildwood, Shockwave, Sandstorm Toy Haulers

A division of FOREST RIVER, INC., 255 South pepper Ave, Rialto, CA 92376

August 28, 2009

(Retail Customer Name Address)

Reference: RECALL NUMBER XXX-XXX

Dear (Customer Name):

This notice is being sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Forest River has decided that a defect which relates to motor vehicle safety may exist in certain Sierra, Sandpiper, Salem, Wildwood, Shockwave and Sandstorm Toy Hauler products with on board fuel stations produced between April 1, 2007 and September 31, 2008. Our records indicate that you own one of these trailers identified with the following VIN:

(Insert VIN here)

The defect relates to the cross members that supports the fuel tanks on certain units manufactured in this time period. These cross members were not fabricated according to specifications and will fail.

Accordingly, we are entering into a voluntary recall campaign. The recall campaign will involve the unit being taken to a Forest River dealer and inspected to insure the proper cross member is in place and/or a set of brackets are installed to reinforce the cross members.

Failure to have the reinforcement brackets added to the cross members that are out of specification will result in the cross member failing at the attachment to the frame main rails and the fuel tank falling out of the unit. This could lead to the fuel tank falling onto the highway, fuel spillage, fire, loss of control of the unit and possible injury or death to the occupant's of the tow vehicle or vehicles following the unit.

The unit must not be fueled. Do not attempt to empty the fuel in the tank or tamper with it in any way. Do not use your unit if at all possible until the repairs are completed. Call your dealer and set up an appointment to have this repair done as soon as possible. Your dealer has other service appointments so your cooperation in making an appointment would be appreciated. If there is a problem getting this done, please contact our Warranty and Service Department for instructions. Their number is 909-873-3777. These repairs to the fuel system support brackets will be done at no charge to you.

If you no longer own the affected vehicle or, for any other reason cannot have the recall performed, please notify us in writing. If the vehicle has been sold, please give the name and address of the subsequent purchaser if it is known and/or the disposition of the trailer.

If you believe that the repair has failed to remedy this defect or that there has been unreasonable delay in securing the repairs, you may submit a complaint in writing to:

**Director
Vehicle Safety and Energy Operations
Road Safety and Motor Vehicle Regulation
Transport Canada, Ottawa, Ontario K1A 0N5**

We regret any inconvenience this may cause you.

Sincerely,

**Forest River, Inc

SAFETY RECALL NOTICE-NHTSA Recall Number 12V-543

Dear Cargo Trailer Owner,

This notice is being sent to you in accordance with the requirements of the National traffic and Motor Vehicle Safety Act.

Forest River, Inc. has decided that a defect which relates to motor vehicle safety exists in certain cargo trailers equipped with Toy Hauler Series wheels manufactured by Carlisle Transportation Products (Carlisle). This recall is based on information provided by Carlisle.

The subject wheels were manufactured with machined dimensions for the application of a center cap and the application of steel lug inserts that were not controlled to the required blue print specifications. As a result, the wheels are subject to not being tightened to proper torque requirements during the mounting process. As a result of this, when the trailer mounted product encounters continued road use, it is possible that the lugs can come unseated which could lead to the wheel coming off the trailer increasing the risk of trailer damage and could lead to a crash.

All products illustrated below whether mounted on the trailers or not must be contained and/or removed from service immediately. The affected product was manufactured between August 2010 and February 2012.

Forest River, Inc. will repair or replace affected wheel(s) free of charge to include any dismounting and mounting. Please contact your dealer or Forest River's Warranty Department between 8:00 AM and 4:00 PM Central Time Monday thru Friday at 254-420-3748 to arrange for the replacement of the wheel(s). If you have previously paid for the replacement of the wheel(s) as a result of this defect, Forest River will reimburse the

"The Two Forests of Forest River... Forming Relationships with Nature"

cost of such replacement based on your receipt. The replacement of the wheels would take approximately 1 hour per axle.

Federal regulations require that any vehicle lessor receiving this recall notice must forward a copy of this notice to the lessee within ten days.

If you believe you have not been able to have your wheel(s) replaced without charge and within a reasonable amount of time, you may submit a complaint to the Administrator, National Highway Traffic Safety Administration, 1200 New Jersey Ave., S.E. Washington D.C. 20590; or call the toll-free Vehicle Safety Hotline at 1-888-327-4236 (TTY: 1-800-424-9153); or go to <http://www.safercar.gov>.

Your safety is important to us. We regret any inconvenience this action may cause.

Sincerely

RECREATIONAL VEHICLE SAFETY RECALL NOTICE

Safety Recall: #####

Safety Advisory:#####

SAFETY RECALL NOTICE

«Owner_name»

«Street»

«Street_2»

«City_State_Zip»

«Country»

VIN: «VIN»

Dear «Owner_name»:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Forest River, Inc. has decided that a defect which relates to motor vehicle safety exists in certain model 2005 – 2011 Charleston and Berkshire motor homes. As a result, Forest River, Inc. is conducting a safety recall. We apologize for any inconvenience this action may cause you; however your safety and continued satisfaction are of the utmost importance to us.

It has been decided some IOTA ITS-50R transfer switches are experiencing heat related failures when exposed to the elevated electrical loads associated with RV use in higher ambient temperatures. The failure is causing connections and wiring in the transfer switch to degrade and heat leading to elevated case temperatures and an increased risk of electrical damage to other appliances from loss of neutral in a 240V circuit. **Continued use of the vehicle without replacing the transfer switch increases the risk of a fire, personal injury, and property damage.**

Forest River, Inc. representatives have been in contact with the staff at your selling dealership regarding this situation. **The remedy is to replace the IOTA ITS-50R transfer switch with a different brand transfer switch supplied by Forest River, Inc.** Except in cases which already had the IOTA Transfer switch replaced with a different brand. Those vehicles need no further action. The service and parts required for this corrective action will be provided at no charge to you.

As soon as possible, please make an appointment to have your RV serviced by your dealership. The labor time to perform this correction is approximately one hour. Please ask your dealer if you wish to know how much additional time will be needed to schedule and process your RV for this repair.

Your dealer is best equipped to obtain parts and provide service to ensure your RV is corrected as promptly as possible. If your dealer is unable to assist or if you take your RV to your dealer on the agreed service date, and the dealer does not remedy the condition within a reasonable amount of time, or without charge to you, please contact Forest River, Inc. by calling 1-574-295-2117 or 574-522-1583.

If after contacting Forest River, Inc. Customer Service you are still not satisfied we have done our best to remedy this situation, you may also submit a written complaint to: Administrator, National Highway Traffic Safety Administration, 1200 New Jersey Avenue, SE, Washington, DC 20590. You may call the toll-free Vehicle Safety Hotline at 1-888-327-4236 (TTY: 1-800-424-9153; or go to <http://www.safercar.gov>.)

Thank you for your attention and cooperation in this matter.

Sincerely,

Forest River, Inc.

[VEHICLE OWNER NOTIFICATION TEMPLATE]

SAFETY RECALL NOTICE

Dear Valued Customer:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act. [VEHICLE MANUFACTURER] has decided that a defect which relates to motor vehicle safety exists in vehicles it manufactured with certain plug-in remote control receivers supplied by Dimplex North America, Ltd. These remote control receivers are used to operate the electric fireplace or electric stove [or, possibly, another appliance] on your vehicle.

This decision was based upon information provided by Dimplex North America that a defect exists in some of the remote control receivers that Dimplex manufactured from 1998 through 2008. [VEHICLE MANUFACTURER] installed these kits as original equipment in vehicles it manufactured from [BEGINNING DATE] to [ENDING DATE]. Our records indicate that you are the owner of one of the affected vehicles.

What Vehicles are Being Recalled?

This recall potentially affects the following vehicle models and years:

[INSERT LIST OF MODELS AND MODEL YEARS]

Only vehicles that were equipped with one of the following plug-in remote control kits models are covered by this recall:

Model No. 47-1001
Model No. 47-1010-R
Model No. APT-1315
Doc. ID # 255K656-61-8367R (for older models that do not have a model number)

These plug-in remote control kits were sold individually and were also packaged with the following electric fireplace and stove kits:

| Electric Fireplace Kits | Electric Stove Kit |
|--------------------------------|---------------------------|
| | |
| BF6000 | DS5598RC |
| BF6000* | |
| DF2305 | |
| DF2603 | |
| DFI2309 | |
| NNF5500 | |

What is the Problem?

In some instances, the plug-in remote control receiver can overheat, posing a fire hazard. You may continue to safely operate the electric fireplace or stove when connected directly to an electrical outlet without the plug-in remote control receiver.

What We Will Do?

[VEHICLE MANUFACTURER], in cooperation with Dimplex North America, will provide owners with a replacement remote control kit free of charge.

NOTE: This recall is being conducted simultaneously through NHTSA and the CPSC. If you have previously received notice of this recall and received your free replacement remote control kit, there is nothing further for you to do.

What Should You Do?

To receive a free replacement remote control kit, please do the following:

1. Locate your remote control receiver behind the electric fireplace or stove on your vehicle (if applicable, refer to the attached guide, “Remote Control Replacement Instructions for BF6000, BF6000*, DF2603, NNF5500”); remove the receiver from the electrical outlet and unplug the fireplace or stove from the receiver.
2. Locate the Model # / Doc. ID # and Date Code of the receiver using the enclosed bulletin, “*How to Identify Recalled Plug-In Remote Control Receivers,*” as a guide.
3. Confirm that your remote control receiver is covered by this recall by comparing the Model # to the product list above. If your product is covered, please note the Model # / Doc. ID # and the Date Code in the space provided below and continue to Step 4. The recalled receiver will be replaced with a new version, Model No. 1010-R* (note the asterisk *). On the new version, the name “Dimplex” appears on the front of the receiver in red. If yours is a Model No. 1010-R*, your remote has been replaced and you can continue to use it, but you should provide the vehicle information listed in Step 4 to Dimplex North America Technical Customer Service at the number provided in Step 6.
4. Note the make, model, model year and the vehicle identification number (VIN) of your vehicle in the space provided below.
5. Dispose of the receiver.
6. Contact Dimplex North America Technical Customer Service at 1-888-DIMPLEX (1-888-346-7539) from 8 am – 4:30 pm Eastern Monday through Friday; when prompted, press “1” for “Customer Service” and then “1” again for “Parts Service and Technical Support”; and provide the operator the product and vehicle information you noted below.

If you need assistance locating the remote control receiver or locating the Model # / Doc. ID # or the Date Code on your receiver, you may contact Dimplex North America at the number listed in Step 6 for assistance.

October 22, 2014

If Dimplex North America or [VEHICLE MANUFACTURER] fail or are unable to provide a replacement remote control kit within a reasonable time, you may wish to contact the Administrator, National Highway Traffic Safety Administration, 1200 New Jersey Avenue, SE, Washington, DC 20590, or call the toll-free Auto Safety Hotline at 1-888-327-4236 (TTY: 1-800-424-9153); or contact NHTSA at <http://www.safercar.gov>.

If you previously paid to replace a recalled Dimplex remote control receiver that failed due to this defect, you may be eligible to be reimbursed for your costs. Please contact [VEHICLE MANUFACTURER] at [TOLL FREE TELEPHONE NUMBER] to determine your eligibility.

If you no longer own the vehicle covered by this Safety Recall Notice, please provide the name and contact information for the new owner by calling [VEHICLE MANUFACTURER] at [TELEPHONE NUMBER]. This will enable us to advise the new owner of this recall. Also, under Federal law, any vehicle lessor receiving this recall notice must forward a copy of this notice to the lessee within ten (10) days.

We regret any inconvenience this may cause you, but we are initiating this action in the interest of your personal safety and satisfaction with our products.

Sincerely,

[VEHICLE MANUFACTURER]

REQUEST 8

FR000146

April 9, 2007

Dear

This notice is sent to you in accordance with the requirements of the National Highway Traffic and Motor Vehicle Safety Act.

Dometic Corporation has notified Forest River, Inc. that the defect, which related to motor safety, that existed on some of the refrigerators that it manufactured between April 1997 and May 2003 for installation in recreational vehicles has been expanded to include refrigerators built from June 2003 to September 30, 2006.

The Problem:

A fatigue crack can develop in the boiler tube of the identified refrigerators, which can permit the release of pressurized coolant solution. If this solution is exposed to an ignition source under certain specific circumstances, it can result in a vehicle fire.

Affected Units:

The potentially affected refrigerators have the following model numbers:

NDR1062, RM2652, RM2662, RM2663, RM2852, RM2862, RM3662, RM3663, RM3862.

The possibly affected units have serial numbers beginning with the following combinations:

320xxxxx through 352xxxxx

501xxxxx through 552xxxxx

401xxxxx through 452xxxxx

601xxxxx through 639xxxxx

If you own one of the above units, it requires immediate service and continuing use could pose a potential safety hazard.

How Do I Know IF My Refrigerator Is Being Recalled?

- 1) Find your refrigerator's model and serial numbers by opening the refrigerator door and looking for the sticker attached to the side of the interior. See the photo instructions furnished by Dometic included in this mailing for the exact location of the sticker.
- 2) Call **1-888-446-5157** or go to www.DometicUSA.com to confirm if your refrigerator is affected by the recall.

What To Do:

1) Turn the refrigerator off immediately if you notice any of the following indicators:

- Leakage or staining of the back of the refrigerator.
- Yellow residue at the back or side of the refrigerator.
- The smell of ammonia.
- Refrigerator does not properly cool.

Any units found to have one or more of the characteristics mentioned above MUST be shut down and not operated until the unit is fixed and the recall is administrated.

For any units that do fall within the recall population, but does not exhibit any of the four indicators mentioned in #1, consider the following:

- 2) Do not operate your refrigerator on L.P. gas. Switching to electrical power lowers the incident rate associated with L.P. gas. If you own a 3-way refrigerator, running the unit on 12-volt power carries the least risk of all. 3-way refrigerators have model numbers that end in "3".

Dometic recommends that the unit not be operated on electric unless absolutely necessary until your unit has been serviced. **If you choose to operate your unit on electric prior to the recall rework, you must inspect the burner area weekly for any of the indicators referenced in number 1 above.**

- 3) Dometic recommends that you turn off the gas valve at the back of your refrigerator. **DO NOT**, however, attempt to disconnect the gas supply tube. Instructions on how to turn off the gas valve was provided by Dometic and is included in this envelope.
- 4) If you must operate your refrigerator on electric. **DO NOT** operate your refrigerator while in transit or while occupants are asleep.
- 5) The rework kit is now available. Please call your preferred service center to set up an appointment. For help in locating a service center, or for the most up-to-date recall information call 1-888-446-5157.

Please do not simply go to a dealer or service center without an appointment, since some facilities will not be performing this work, and the ones that are doing the

work will need to obtain the appropriate parts from Dometic. Please bring this letter with you at the time of your scheduled service.

- 6) If the repair facility fails or is unable to rework this noncompliance without charge and within a reasonable time, please contact Dometic at the number provided above so they can attempt to resolve the problem. You may also submit a written complaint to the Administrator, National Highway Traffic Safety Administration, 400 Seventh Street SW, Washington D.C. 20590; or call the toll-free Vehicle Safety Hotline at 1-888-327-4236 (TTY: 1-800-424-9153); or go to <http://www.safercar.gov>.

- 7) If you previously paid to repair or replace a Dometic refrigerator that failed due to this defect, you can be reimbursed for the cost pursuant to Dometic's Pre-Notification Reimbursement Program. To be eligible for reimbursement under the Program, you must complete and submit the required forms and provide the necessary documentation. The Program and form can be obtained from Dometic by calling 1-888-446-5157.

If you no longer own this refrigerator:

If you no longer the owner of this unit that may have the affected refrigerator, Dometic would greatly appreciate you furnishing them with the name and address of the new owner by calling 1-888-446-5157.

You May Receive More Than One Mailing In Regards To This Recall:

To reach as many customers as possible, Forest River and the manufacturer of your refrigerator will each send notifications in regards to this recall. Be advised that though you may receive multiple notifications, all pertain to the same, single recall.

Forest River sincerely apologizes for any inconvenience this may cause. We are continually committed to working with component manufacturers as they develop innovative products to meet the needs of the RV'er. Keeping your safety is a top priority for us.

October 22, 2014

SAFETY RECALL NOTICE

Dear valued Customer:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act. Forest River, Inc. has decided that a defect which relates to motor vehicle safety exists in vehicles it manufactured with certain plug-in remote control receivers supplied by Dimplex North America, Ltd. These remote Controls receivers were used to operate the electric fireplace on your vehicle.

This decision was based upon information provided by Dimplex North America that a defect exists in some of the remote control receivers that Dimplex manufactured from 1998 through 2008. Forest River installed these kits as original or optional equipment in vehicles it manufactured from 2001 to 2009. Our records indicate that you may be the owner of one of the affected vehicles.

What Vehicles are Being Recalled?

The recall potentially affects the following vehicle makes and years: Cardinal, Georgetown 2001 to 2005. Cedar Creek-2003 to 2006 and 2009, Sierra/Sandpiper 2004, Wildwood/Salem 2004 & 2007, Berkshire/Charleston 2004-2005 and 2007, Rockwood/Flagstaff 2005 & 2007, Wildwood/ Salem laminated 2007.

Only the vehicles that were equipped with one of the following plug-in remote control kits models are covered by this recall:

Model No. 47-001

Model No. 47-1010-R

Model No. APT-1315

Doc. ID# 255K656-61-8367R (for older models that do not have a model number)

These plug-in remote control kits were sold individually and were also packaged with the following electric fireplaces: BF6000 and NNF5500.

What is the Problem?

In some instances, the plug-in remote control receiver can overheat, posing a fire hazard. You may continue to safely operate the electric fireplace when connected directly to an electrical outlet without the plug-in remote control receiver.

What We Will Do?

Forest River, in cooperation with Dimplex North America, will provide owners with a replacement remote control kit free of charge.

Note: This recall is being conducted simultaneously through NHTSA and the CPSC. If you have previously received notice of this recall and received your free replacement remote control kit, there is nothing further for you to do.

What Should You Do?

To receive a free replacement remote control kit, please do the following:

1. Locate your remote control receiver behind the electric fireplace on your vehicle (if applicable, refer to the attached guide, “Remote Control replacement Instructions for BF6000, NNF5500”); remove the receiver from the electrical outlet and unplug the fireplace from the receiver.
2. Locate the Model #/Doc. ID # and Date Code of the receiver using the enclosed bulletin, “How to Identify Recalled Plug-In Remote Receivers,” as a guide.
3. Confirm that your remote control receiver is covered by this recall by comparing the model number to the product list above. If your product is covered, please note the Model #/Doc. ID # and the Date Code in the space provided below and continue to Step 4.
The recalled receiver will be replaced with a new version, Model No. 1010-R* (note the asterisk*). On the new version the name “Dimplex” appears on the front of the receiver in red. If yours is a Model No. 1010-R*, your remote has been replaced and you can continue to use it, but you should provide the vehicle information listed in Step 4 to Dimplex North America Technical Customer Service at the number provided in Step 6.
4. Note the make, model, model year and the vehicle identification number (VIN) of your vehicle in the space provided.
5. Dispose of the receiver.
6. Contact Dimplex North America Technical Customer Service at 1-888-285-7773 from 8 am – 4:30 pm EST Monday through Friday. Please have your product and vehicle information readily available (as per Step 4).

If you need assistance locating the remote control receiver or locating the Model#/Doc. ID # or the Date Code on your receiver, you may contact Dimplex North America at the number listed in Step 6 for assistance.

If Dimplex North America or Forest River fail or are unable to provide a replacement remote control kit within a reasonable time, you may wish to contact the Administrator, National Highway traffic Safety Administration, 1200 New Jersey Avenue, SE, Washington, DC 20590, or call the toll-free Auto Safety Hotline at 1-888-327-4236 (TTY: 1-800-424-9153); or contact NHTSA at <http://www.safecar.gov>.

If you previously paid to replace a recalled Dimplex remote control receiver that failed due to this defect, you may be eligible to be reimbursed for your costs. Please contact Forest River, Inc. at 574-534-3167 to determine your eligibility.

If you no longer own the vehicle covered by this Safety Recall Notice, please provide the name and contact information for the new owner by calling Forest river at 574-534-3167. This will enable us to advise the new owner of the recall. Also, under Federal Law, any vehicle lessor receiving this recall notice must forward a copy of this notice to the lessee within 10 days.

We regret any inconvenience this may cause you, but we are initiating this action in the interest of your personal safety and satisfaction with our products.

Sincerely,

Forest River Customer Service

RECREATIONAL VEHICLE SAFETY RECALL NOTIFICATION

Safety Recall:

July 29, 2013

Owners Name
Address
City, State Zip

VIN Number

Dear Forest River Owner:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Forest River Inc. and its divisions have decided that a defect which relates to motor vehicle safety exists in certain model 2013-2014 Forest River Inc. and division recreational vehicles. As a result Forest River, Inc. is conducting a safety recall. We apologize for any inconvenience this action may cause you, however your safety and continued satisfaction are of the utmost importance to us.

Reason for this recall: It has been decided Dometic 9100 Power Awnings and Weather Pro Awnings manufactured between February 13, 2013 (306XXXXX Serial #) and April 9, 2013 (314XXXXX serial #) and installed on certain Forest River Division vehicles may have a certain electric motor design that is subject to damage. If the motor is damaged, the awning may unfurl unexpectedly either in transit or while parked leading to an increased risk of vehicle crash, property damage and /or personal injury.

What we will do: Forest River representatives have been in contact with the staff at your selling dealership regarding this situation. The remedy is to replace the awning motor with one supplied by Forest River. The service and parts required for this corrective action will be provided at no charge to you.

“The Two Forests of Forest River... Forming Relationships with Nature”

FR000166

What we need you to do: Due to this potential condition, Forest River is requesting that you DO NOT TRANSPORT YOUR VEHICLE. Please contact your nearest Forest River dealer to arrange to have the awning motor replaced. Either a Forest River dealer or an authorized Dometic service facility will replace the awning motor where the vehicle is located.

If you have questions: Your dealer is best equipped to obtain parts and provide service to ensure your RV is corrected as promptly as possible. If your dealer is unable to assist or if the repairs are not completed on the agreed service date and the dealer does not remedy the condition within a reasonable amount of time, or without charge to you, please contact Forest River, Inc. Customer Service by calling 1-574-534-3167 or you may contact Dometic at 1-888-447-0003 for more information.

If after contacting Forest River, Customer Service you are still not satisfied we have done or best to remedy this situation, you may submit a written complaint to: Administrator, National Highway Traffic Safety Administration, 1200 New Jersey Avenue SE, Washington, D.C. 20590. You may also call the toll-free Vehicle Safety Hotline at 1-888-327-4236 (TTY: 1-800-424-9153); or go to <http://www.safercar.gov>.

Federal regulations require that any vehicle lessor receiving this recall notice must forward a copy of this notice to the lessee within 10 days.

Sincerely,

Forest River Customer Service

RE: Stealth Trailer VIN: 4X4FSFM34AC008382

Dear Sir or Madame,

Forest River is sending this notice to you in accordance with the requirements of the Canadian Motor Vehicle Safety Act.

We have decided that the following model units, CFSTFSC2812, CFSFSA3516 and CFSFCR3716 with the above VIN numbers, that our records indicate are at your place of business, have improper Federal Compliance Labels and Tire Loading Information Labels. The Gross Vehicle Weight rating (GVWR) and the Cargo Carrying Capacity (CCC) of the unit are incorrectly represented.

An overload condition may result as of the information on these labels that may result in axle failure without warning causing a crash, possibly resulting in property damage, personal injury or death.

According to the Canadian Motor Vehicle Safety Act, we are required to make the necessary corrections and supply new labeling.

Enclosed are corrected labels by VIN number, Please remove the incorrect labels using heat to soften the adhesive, clean the area with alcohol or a non-residue cleaner and carefully place the new labels in the proper position.

If you have any questions please contact your Rialto, California service and warranty representative for further instruction at 909-873-3777.

In the event that this unit has been sold or leased, Federal requirements require that the dealer or lessor receiving this recall notice must forward a copy of this notice to the lessee within 10 days of receiving the notification.

We regret any inconvenience this may cause.

Sincerely,
Forest River, Inc.

SAFETY RECALL NOTICE

RE: VIN (VIN number)
Dear valued Customer:

This notice is sent to you in accordance with the requirements of the National Canadian Motor Vehicle Safety Act. Forest River, Inc. has decided that a defect which relates to motor vehicle safety exists in vehicles it manufactured with certain Dexter Axle model D60- 6,000 Gross Axle Weight Rating Axle and Spring Assemblies.

This decision was based upon information provided by Dexter Axle that a defect exists in some of the axle and spring assemblies. Forest River installed these axle and spring assemblies as original equipment in vehicles it manufactured from August 23, 2010 to September 19, 2010. Our records indicate that you may be the owner of one of the affected vehicles.

What Vehicles are Being Recalled?

The recall potentially affects the following vehicle makes and years: Sierra trailers and Sandpiper trailers.

Only those trailers that were equipped with axles that are 6,000 Gross Axle Weight Rated and lot number 131014922 are covered by this recall:

Model No. D60
Lot Number 131014922.

What is the Problem?

Dexter Axle has determined that there is a potential of a crack in the spindle weld. This crack can propagate and cause the spindle to detach from the axle tube, resulting in the separation of the wheel and tire from the unit. This will cause a loss of control, property damage and possibly injury or death.

What We Will Do?

Forest River, in cooperation with Dexter axle, will provide dealers with a replacement axle and spring assembly for each axle with the above noted lot number free of charge.

Note: This recall is being conducted simultaneously through NHTSA. If you have previously received notice of this recall and received your free replacement axles there is nothing further for you to do.

What Should You Do?

To receive a free replacement axle assembly, please do the following:

1. Call your dealer and make an appointment to have your axles inspected. Do not make any trips in the unit until the axles are inspected and replaced if it is necessary. If your dealer is not available to do this inspection or repair please contact Forest River, Warranty department at 1-574-534-3167 to locate a repair center near you.
2. The dealer will inspect the axle assemblies for the Lot Number 131014922. See the attached information to locate the lot number. If the axle does not have the lot numbers then there is nothing further you must do.
If the axle on your unit is lot number 131014922, your dealer will contact Forest River Warranty Department for replacements for each axle that bears the lot number in question.
3. The axle assemblies will be replaced at no cost to you the customer.

If you need assistance locating the lot number, you may contact Dexter axle at 1-800-400-2164 for assistance.

If Dexter Axle or Forest River fail or are unable to provide a replacement axle assembly within a reasonable time, you may file a complaint with Transport Canada 1-800-333-0371 or (613) 998-8616 if you are in the Ottawa area. Or you may place your complaint in writing to the address shown below, or visit the Transport Canada web site at www.tc.gc.ca.

If you previously paid to replace a recalled Dexter axle that failed due to this defect, you may be eligible to be reimbursed for your costs. Please contact Forest River, Warranty Department. at 574-534-3167 to determine your eligibility.

If you no longer own the vehicle covered by this Safety Recall Notice, please provide the name and contact information for the new owner by calling Forest River Warranty Department at 574-534-3167. This will enable us to advise the new owner of the recall. Also, under Federal Law, any vehicle lessor receiving this recall notice must forward a copy of this notice to the lessee within 10 days.

We regret any inconvenience this may cause you, but we are initiating this action in the interest of your personal safety and satisfaction with our products.

Sincerely,

Forest River Customer Service

AVIS DE RAPPEL DE SÉCURITÉ DE VÉHICULE RÉCRÉATIF

Rappel de sécurité : 2013-147

17 Mai 2013

Propriétaires nom

Adresse

Ville, état Zip

Nombre de VIN

Cher Forest River propriétaire :

Le présent avis vous est envoyé conformément aux exigences de la Loi canadienne sur la sécurité automobile.

Forest River Inc. et ses divisions ont décidé qu'un défaut qui a trait à la sécurité de véhicule à moteur existe dans certains produits de la division et le modèle 2013-2014 Forest River Inc. En conséquence, Forest River, Inc. effectue un rappel de sécurité. Nous nous excusons pour tout inconvénient que cette action peut vous causer, mais votre sécurité et votre satisfaction continue sont de la plus haute importance pour nous.

Raison de ce rappel : il a été convenu Dometic 9100 alimentation auvents et météo Pro auvents fabriqués entre février 13,2013 (306XXXXX n ° de série) par l'intermédiaire de 9 avril 2013 (314XXXXX n ° de série) et installé sur certains Forest River Division véhicules peuvent avoir une certaine conception du moteur électrique qui subit des dommages. Si le moteur est endommagé, l'auvent peut se déploier de manière inattendue soit en transit ou en stationnement conduisant à un risque accru d'accident de véhicule, propriété dommages et/ou des blessures.

Ce que nous ferons : les représentants de Forest River ont été en contact avec le personnel de votre concessionnaire au sujet de cette situation. La réparation consiste à remplacer le moteur de l'auvent avec celui fourni par Forest River. Le service et les caresses nécessaires à cette mesure corrective sont fournis sans frais pour vous.

“The Two Forests of Forest River... Forming Relationships with Nature”

Ce que nous devons vous faire : en raison de cette condition potentielle, Forest River demande que vous ne pas transportez votre VEHICLÉ. Veuillez contacter votre revendeur le plus proche de Forest River pour prendre des dispositions pour le moteur de l'auvent remplacé. Se flétrir un concessionnaire Forest River ou un centre de service agréé Dometic remplacera le moteur de la tente où se trouve le véhicule.

Si vous avez des questions : votre concessionnaire est mieux équipé pour obtenir des pièces et de fournir un service pour assurer votre véhicule récréatif est corrigée dans un délai aussi bref que possible. Si votre revendeur ne peut pas aider ou si les réparations ne sont pas achevées à la date convenue de service, et le revendeur ne remédie pas la condition dans une quantité raisonnable de temps, ou sans frais pour vous, veuillez communiquer avec Forest River, Inc. Service à la clientèle en composant le 1-574-534-3167.

AVIS DE RAPPEL DE SÉCURITÉ POUR VÉHICULE RÉCRÉATIF

Rappel de sécurité : 2013-147

22 octobre 2014

Nom du propriétaire

Adresse

Ville, province, code postal

Numéro NIV

Au propriétaire de véhicule Forest River,

Cet avis vous est envoyé en accord avec les exigences de la Loi sur la sécurité automobile du Canada.

Forest River Inc. et ses divisions en sont venus à la conclusion qu'il existe un défaut en lien avec la sécurité du véhicule motorisé sur certains modèles 2013-2014 de Forest River Inc. et la division de produits. Pour cette raison, Forest River Inc. effectue un rappel de sécurité. Nous sommes désolés pour tout inconvénient causé par cette action, mais votre sécurité et votre satisfaction sont de la plus haute importance à nos yeux.

Raison de ce rappel : Il a été démontré que les auvents *Dometic 9100 Power* et *Weather Pro* fabriqués entre le 13 février 2013 (n° de série 306XXXXX) et le 9 avril 2013 (n° de série 314XXXXX), et installés sur certaines unités de la division des véhicules Forest River, pourraient présenter une certaine conception de moteur électrique sujette aux dommages. Si le moteur était endommagé, l'auvent pourrait se déployer à l'improviste, autant sur la route qu'en stationnement, augmentant les risques d'accident, de dommages matériels et/ou de blessures.

Ce que nous ferons : Les représentants de Forest River sont en contact avec le personnel de votre concessionnaire au sujet de cette situation. La solution consiste à remplacer le moteur de l'auvent par celui remis par Forest River. La main-d'œuvre et les pièces requises pour cette action corrective vous seront fournies sans aucuns frais pour vous.

« Là où la forêt rencontre la rivière... Forest River, en relation avec la nature »

Ce que nous attendons de vous : En raison des dangers potentiels, Forest River vous demande de NE PAS VOUS DÉPLACER AVEC VOTRE VÉHICULE. Veuillez communiquer avec le représentant Forest River le plus près pour prendre les arrangements nécessaires au remplacement du moteur d'auvent. Un concessionnaire Forest River ou un centre de service autorisé Dometic effectuera le remplacement du moteur d'auvent, à l'endroit où le véhicule est stationné.

Si vous avez des questions : Votre concessionnaire est le meilleur endroit pour vous offrir les pièces et le service requis pour corriger votre VR aussi rapidement que possible. Si votre concessionnaire n'est pas en mesure de vous assister, ou si la réparation n'est pas effectuée à la date planifiée et que le concessionnaire ne corrige pas la situation dans un délai raisonnable, ou si l'on vous charge des frais, veuillez communiquer avec le service à la clientèle de Forest River Inc. en appelant au 1-514-534-3167.

IMPORTANT SAFETY RECALL CAMPAIGN ANNOUNCEMENT

Transport Canada Recall Campaign #: 2014-314

Unit Vehicle Identification Number: <<VIN>>

Dear Forest River Recreational Vehicle Owner

This notice is sent to you in accordance with the requirements of the Canadian Motor Vehicle Safety Act.

Forest River Inc. has decided that there may be a defect that relates to vehicle safety in the vehicle with the VIN number indicated above.

SAFETY DEFECT

There is a possibility that the Frigidaire Convection Microwave models CFMV152CLB or CFMV154CLS manufactured between January 27, 2013 and April 10, 2013 in the serial number range KG303607951 through KG31600670 may self-start and begin heating unattended. It is possible that items stored in the cavity of the microwave that is not a part of the microwave, may begin heating if unattended with a risk of smoke or fire in the microwave cavity. If there is nothing in the cavity other than the items that are intended as a part of the microwave, there is no risk of smoke or fire due to the defect.

REPAIRS

PLEASE UNPLUG YOUR MICROWAVE OR TURN OFF THE MICROWAVE BREAKER.

Open the door of the microwave and inspect the label to verify the model number and if your microwave falls into the serial number range. See the label sample on page 2. If the model number matches it does fall into the serial number range then contact Frigidaire at 1-800-???-???? as soon as possible to obtain a repair center address close to you. If your microwave does not have the above model numbers or does not fall within the serial number range, then you need not do anything and you may continue using your microwave convection oven. At no charge to you, the repair center will perform the necessary repairs. The required repair procedure will require the replacement of the membrane/keypad.

REFUNDS

If you have paid to have this service performed prior to receiving this notice you can receive a full refund. Please mail your paid original invoice or receipt to attention Forest River Warranty Forest River, Inc. P.O. Box 3030 Elkhart, Indiana 46515-3030.

La présente notice vous est envoyée en conformité avec les exigences de la Loi sur la sécurité des véhicules automobiles du Canada.

Véhicules au Canada Transport Canada, ASFAD, Place de Ville Tower C, 330 Sparks Street, Ottawa ON K1A 0N5, 800) 333-0510

La réglementation fédérale stipule que tout loueur de véhicule recevant de cet avis de rappel DOIT transmettre une copie du présent avis au locataire dans les dix (10) jours.

Cher client Glaval Bus,

Glaval Bus, en conjonction avec Braun, a jugé qu'un défaut qui a trait à la sécurité des véhicules à moteur existait sur tous les modèles fabriqués entre les dates du 20 Novembre 2006 et du 10 septembre 2010 qui sont équipés d'un élévateur de fauteuil roulant à double bras parallèle Braun Corporation Century et Vista 2ème génération.

CE QUI EST RAPPELÉ :

Le défaut est situé à l'extrémité extérieure de la plate-forme de fauteuil roulant gauche, en particulier sur la barrière extérieure. Le défaut se manifeste lorsque les loquets d'arrêt du fauteuil ne sont plus capables de contenir l'arrêt du fauteuil et d'empêcher les passagers du fauteuil roulant de chuter ou de rouler par-dessus le dispositif d'arrêt.

POURQUOI CE RAPPEL :

L'élévateur peut développer ou présenter un défaut lié au loquet extérieur d'arrêt du fauteuil. Ce défaut peut entraîner la chute d'un passager de la plate-forme élévatrice et des blessures ou la mort.

CE QUE VOUS DEVEZ FAIRE :

Veillez contacter votre revendeur agréé Braun le plus proche et fixer un rendez-vous.

CE QUE VA FAIRE BRAUN

Une fois que vous aurez contacté votre revendeur Braun, il va convenir avec vous d'un rendez-vous pour effectuer les réparations nécessaires. Les travaux dureront moins d'une heure et sont sans frais pour vous. Un délai supplémentaire peut être nécessaire en fonction de votre contrôle et du planning de la boutique.

Veillez apporter la carte d'attestation de propriété avec vous au moment du rendez-vous et la remettre à votre revendeur, elle identifie l'élévateur et le service requis.

Si vous avez des questions ou besoin d'un nom de revendeur local veuillez communiquer avec un représentant support produit de Braun au 1-800-488-0359.

Remarque : Même si le rappel a été achevé avant la réception de cet avis, vous devez remplir et retourner la carte d'avis de rappel incluse avec cet envoi.

SÉCURITÉ IMPORTANTES campagne de rappel ANNONCE

Campagne de rappel NHTSA #: ????????

Numéro de série: <<Serial>>

Forest River Cher Propriétaire Trailer

Cet avis vous est envoyé conformément aux exigences du trafic national et des véhicules automobiles Loi sur la sécurité.

Forest River Inc a décidé que le défaut qui a trait à la sécurité des véhicules à moteur existe à Salem ou Wildwood Voyage Trailers dénommé Ice Cabines.

SÉCURITÉ DÉFAUT

Il ya un ressort court feuilles sur la suspension route ou du trottoir qui peut tourner hors de position et de contact du pneu. Ce contact peut provoquer le pneu de souffler de façon inattendue, ce qui pourrait entraîner une perte de contrôle, des dommages matériels, des blessures ou la mort.

RÉPARATIONS

S'IL VOUS PLAÎT, emmenez votre appareil rapidement à votre CONCESSIONNAIRE FOREST RIVER. A aucun frais pour vous, le concessionnaire effectuera les réparations nécessaires. La procédure de réparation nécessaire ne devrait pas prendre plus de vingt (20) minutes.

RESTITUTIONS

Si vous avez payé pour ce service effectué avant réception de cet avis, vous pouvez recevoir un remboursement complet. S'il vous plaît envoyez votre facture acquittée ou du reçu original à l'attention de Wildwood ou Salem Garantie Forest River, Inc PO Box 3030 Elkhart, Indiana 46515-3030.

Changé d'adresse OU vendu le véhicule?

S'il vous plaît remplir la carte postale jointe pré-payé et nous l'envoyer si vous avez changé d'adresse ou a vendu le véhicule. Tout bailleur véhicule réception de cet avis de rappel doit transmettre une copie de l'avis au locataire dans les 10 jours.

Si vous avez vendu ou échangé votre véhicule, ou pour toute autre raison ne peut pas avoir ce service de rappel effectué, s'il vous plaît laissez-nous savoir en remplissant le formulaire sur le affranchie ci-jointe carte postale et nous le retourner rapidement. La réglementation fédérale exige que tout véhicule bailleur réception de cet avis doit transmettre une copie du présent avis au locataire dans les dix (10) jours.

Si vous êtes incapable d'avoir des ressorts à lames réparé dans un délai raisonnable, sans frais, vous

pouvez déposer une plainte auprès de Transports Canada 1-800-333-0371 ou (613) 998-8616 si vous êtes dans la région d'Ottawa. Ou vous pouvez placer votre plainte par écrit à l'adresse indiquée ci-dessous, ou visitez le site Web de Transports Canada à www.tc.gc.ca.

Nous regrettons les incon vénients que cette situation a pu vous causer. Toutefois, Forest River croit en la détection précoce et la correction immédiate des problèmes potentiels.
Merci de votre compréhension.

Cordialement,

River Forest Inc

TO: All Forest River, Inc. Salem and Wildwood Travel Trailer Dealers

RE: Safety Recall _____TBD_____

Dear Forest River Salem or Wildwood Dealer:

This notice is sent to you in accordance with the requirements of the Canadian Motor Vehicle Safety Act. Forest River Inc has decided that a defect that relates to motor vehicle safety exists in 2010 and 2011 Wildwood and Salem Travel Trailers manufactured between September 25, 2009 and January 10, 2010. Specifically the product called Ice Cabins.

On affected units, the bottom short spring leaf on the spring assembly of the axle may rotate out of position and make contact with the tire, thereby potentially resulting in a tire blowout which may cause loss of control, property damage, personal injury and death.

Owners of suspect units will be notified in a letter instructing them to contact their Forest River dealer to schedule an appointment to have their unit repaired. A copy of this letter is attached for your reference.

Please find attached repair instructions and information relating to the preparation and submissions of claims for reimbursement.

Thank you for your prompt attention to this matter. If you have any questions or require assistance, please contact your Regional Service Manager at 574-5343167.

Sincerely,

FOREST RIVER INC

IMPORTANT SAFETY RECALL CAMPAIGN ANNOUNCEMENT

NHTSA Recall Campaign # : ????????

Unit Serial Number: <<Serial>>

Dear Forest River Trailer Owner

This notice is sent to you in accordance with the requirements of the Canadian Motor Vehicle Safety Act.

Forest River Inc has decided that a defect that relates to motor vehicle safety exists in Rockwood or Flagstaff Camping Trailers.

SAFETY DEFECT

The Federal Certification Label and the Tire and Load Information label may have the incorrect tire pressure for the ST185/80R13/C tire. The tire pressure may read 65 PSI (449 KPA). The correct tire pressure for this tire is 50 PSI (345 KPA). This tire pressure exceeds the tire pressure maximum tire pressure designated on the tire and may cause the tire to blow out unexpectedly, thereby potentially resulting in loss of control, property damage, personal injury or death.

REPAIRS

PLEASE VERIFY THE TIRE IS A ST185/80R13/C AND CHECK THE AIR PRESSURE IN THE TIRE.

REDUCE IT TO 50 PSI (345 KPA) IF NECESSARY, THEN REVIEW THE FEDERAL CERTIFICATION LABEL AND THE TIRE AND LOAD INFORMATION LABEL.

If the tire pressure is 50 PSI (345 KPA) then nothing needs to be done. Simply check the appropriate box on the enclosed postage paid post card and mail it. If the label indicates that the tire pressure is 65 PSI (449 KPA), be sure that the pressure is reduced to 50 PSI (345 KPA) check the appropriate box on the enclosed postage paid post card and mail it. If the labels are incorrect then new labels will be sent to you with instructions on how to apply them. If you are not sure about the label and tire pressures please contact your dealer. He will make the necessary evaluations at no charge to you.

REFUNDS

If you have paid to have this service performed prior to receiving this notice you can receive a full refund. Please mail your paid original invoice or receipt to the attention of Rockwood/Flagstaff Warranty Forest River, Inc. P.O. Box 3030 Elkhart, Indiana 46515-3030.

CHANGED ADDRESS OR SOLD THE VEHICLE?

Please fill out the enclosed pre-paid postcard and mail it to us if you have changed your address or sold the vehicle. Any vehicle lessor receiving this recall notice must forward a copy of the notice to the lessee within 10 days.

If you have sold or traded your vehicle, or for any reason cannot have this recall service performed, please let us know by completing the information on the enclosed postage paid post card and return it to us promptly. Federal regulations require that any vehicle lessor receiving this notice must forward a copy of this notice to the lessee within ten-(10) days.

If your dealer does not make the required repair promptly and without charge, you may contact Forest River Customer Service at 574-534-3167. You may file a complaint with Transport Canada 1-800-333-0371 or (613) 998-8616 if you are in the Ottawa area. Or you may place your complaint in writing to the address shown below, or visit the Transport Canada web site at www.tc.gc.ca.

We regret the inconvenience this situation may have caused you. However, Forest River, Inc. believes in the early detection and immediate correction of potential concerns. Thank you for your understanding.

Sincerely,

Forest River Inc

ANNONCE DE CAMPAGNE DE MÉMOIRE DE SÉCURITÉ IMPORTANTE

Campagne de Mémoire de NHTSA * : ?????????

Numéro de série d'Unité : <<Série>>

Cher Propriétaire de Caravane de Fleuve de Forêt

Ce préavis vous est envoyé conformément aux exigences de l'acte de Sécurité de Véhicule à moteur canadien.

Forest River Inc a décidé qu'un défaut qui s'entend à la sécurité de véhicule à moteur existe dans Rockwood ou le Mât de drapeau en Campant des Caravanes.

DÉFAUT DE SÉCURITÉ

L'Étiquette de Certification Fédérale et l'étiquette d'Informations de Charge et de Pneu peuvent avoir la pression de pneu incorrecte pour le pneu de ST185/80R13/C. La pression de pneu peut lire 65 PSI (449 KPA). La pression de pneu correcte pour ce pneu est 50 PSI (345 KPA). Cette pression de pneu excède la pression de pneu de maximum de pression de pneu désignée sur le pneu et peut faire le pneu s'éteindre à l'improviste, en s'ensuivant ainsi potentiellement dans la perte de contrôle, dommage de propriété, blessure personnelle ou mort.

RÉPARATIONS

VÉRIFIEZ S'IL VOUS PLAÎT QUE LE PNEU EST un ST185/80R13/C ET VÉRIFIER LA PRESSION D'AIR DANS LE PNEU.

RÉDUISEZ-LE à 50 PSI (345 KPA) SI NÉCESSAIRE, RECONSIDÉREZ ENSUITE L'ÉTIQUETTE DE CERTIFICATION FÉDÉRALE ET LE PNEU ET CHARGEZ L'ÉTIQUETTE D'INFORMATION.

Si la pression de pneu est 50 PSI (345 KPA) alors rien ne doit être fait. Vérifiez simplement la boîte appropriée sur l'affranchissement fermé a payé la carte post et l'envoyer. Si l'étiquette indique que la pression de pneu est 65 PSI (449 KPA), soyez sûrs que la pression est réduite à 50 PSI (345 KPA) vérifient la boîte appropriée sur l'affranchissement fermé a payé la carte post et l'envoyer. Si les étiquettes sont incorrectes d'alors nouvelles étiquettes vous seront envoyées avec les instructions sur comment les appliquer. Si vous n'êtes pas sûrs de l'étiquette et des pressions de pneu contactez s'il vous plaît votre commerçant. Il vous fera les évaluations nécessaires gratuitement.

REMBOURSEMENTS

Si vous avez payé pour faire exécuter ce service avant de recevoir ce préavis vous pouvez recevoir un remboursement complet. Envoyez s'il vous plaît votre facture originale payée ou reçu à l'attention de Rockwood/Flagstaff Warranty Forest River, Inc. La BP 3030 Elkhart, Indiana 46515-3030.

L'ADRESSE CHANGÉE OU VENDU LE VÉHICULE ?

Remplissez s'il vous plaît la carte payée d'avance fermée et envoyez-le-nous si vous avez changé votre adresse ou avez vendu le véhicule. N'importe quel bailleur de véhicule recevant ce préavis de mémoire doit envoyer une copie du préavis au preneur à bail au cours de 10 jours.

Si vous avez vendu ou avez échangé de votre véhicule, ou pour n'importe quelle raison ne peut pas faire exécuter ce service de mémoire, permettez-nous s'il vous plaît de savoir en accomplissant les informations sur la carte post payée de l'affranchissement fermé et le nous rendre rapidement. Les règlements fédéraux exigent que n'importe quel bailleur de véhicule recevant ce préavis doive envoyer une copie de ce préavis au preneur à bail dans dix - (10) les jours.

Si votre commerçant ne fait pas la réparation voulue rapidement et sans charge, vous pouvez contacter le Service de Client de Fleuve de Forêt à 574-534-3167. Vous pouvez classer une plainte avec le Canada de Transport 1-800-333-0371 ou (613) 998-8616 si vous êtes dans la région d'Ottawa. Ou vous pouvez placer votre plainte en forme écrite à l'adresse montrée ci-dessous, ou visiter le site Internet du Canada de Transport à www.tc.gc.ca.

Nous regrettons le dérangement cette situation peut vous avoir provoqués. Pourtant, Forest River, Inc croit en première détection et correction immédiate d'inquiétudes potentielles.
Merci pour votre compréhension.

Sincèrement,

Forest River Inc

REQUEST 15

FR000280

Le 13 septembre 2011

À qui de droit :

Le Fleuve de Forêt a déterminé que l'Étiquette de Certification Fédérale et l'Étiquette d'Informations de Pneu sur de certaines caravanes de camping fabriquées à l'usine Rockwood/Flagstaff dans 201 Rue d'Orme Ouest Millersburg, DANS 46543 peuvent avoir la pression de pneu incorrecte sur ces étiquettes. Si vous avez reçu ce préavis, le Fleuve de Forêt croit que vous pouvez avoir une des unités affectées.

ÉDITION

Toutes les caravanes exigent une certification Fédérale et Fatiguent l'étiquette D'information à être attachée au coin plus bas de devant du côté routier de la caravane. Parmi d'autres informations ces étiquettes indiquent la grandeur de pneu, la grandeur de bord et la pression de pneu. La pression de pneu pour de certaines unités avec un pneu de ST185/75R13/C peut avoir une pression de pneu de 65 PSI (449 KPA) au lieu de la pression de pneu correcte de 50 PSI (345 KPA).

ACTION

Une inspection physique de l'étiquette sur le coin plus bas de devant du côté routier de la caravane de camping révélera les étiquettes en question. Si la pression de pneu est 50 PSI (345 KPA) alors aucune action de plus n'est exigée. Si la pression de pneu est 65 Psi (449 KPA) alors l'étiquette doit être surposée avec les étiquettes incluses.

PROCÉDURE DE SERVICE

1. Comparer la nouvelle étiquette à l'étiquette existante pour l'exactitude, la seule différence devrait être la pression de pneu. La nouvelle étiquette lira 50 PSI (345 KPA) au lieu de 65 PSI (449 KPA). Nettoyez alors soigneusement les étiquettes existantes avec l'Alcool Isopropic, détachez soigneusement l'allié des nouvelles étiquettes et appliquez-les directement sur les étiquettes existantes. Essayez sur les nouvelles étiquettes avec un tissu propre pour être sûr que toutes les bulles d'air sont enlevées de la nouvelle étiquette.
2. Si pour quelque raison les informations sur la nouvelle étiquette ne correspondent pas aux informations sur l'étiquette existante autre que la pression de pneu. Contactez s'il vous plaît le Département de Service et de Garantie à 574-642-2640. Ayez votre VIN À LA DISPOSITION ou Numéro de série pour la personne de Service ou de Garantie pour vite résoudre la contradiction.

3. 3. Vérifier la pression de pneu dans les pneus et régler-les en haut ou en bas à 50 PSI (345 KPA).

Le kit d'étiquette se compose de la chose suivante :

- 1-Étiquette de Certification Fédérale
- 1-Étiquette d'Informations de Pneu

S'il y a des questions contactez s'il vous plaît le département de Service et de Garantie de Rockwood/Flagstaff au Fleuve de Forêt 574-642-2640.

Les regrets de Fleuve de Forêt n'importe quel dérangement que cela peut provoquer nos propriétaires de caravane de Fleuve de Forêt.

Sincèrement,

Forest River, Inc. Service et Département de Garantie

RE: Wildwood/Salem trailer VIN: (VIN number)

Dear Sir or Madame,

Forest River, Inc. has determined that there may be a manufacturing installation defect of the water heater model SW6P, PE, PR and PER water heater manufactured by Suburban, Inc.

We have determined that there may exist, damage to the L.P. Gas Control during installation that will cause the water heater to flame up through the exhaust vent. DO NOT ignite the water heater until it is completely checked by your dealer or a certified Suburban, Inc. repair station. Lighting a defective water heater may cause a fire and could result in loss of property, injury or death.

Please make an appointment with your dealer or a Suburban Certified Service Center to have the water heater inspected for possible damage. At that time the dealer or service center will repair or replace the water heater at no cost to you.

If you are unable to have the defective water heater repaired or replaced in a reasonable amount of time without cost, you may file a complaint with Transport Canada 1-800-333-0371 or (613) 998 8616 if you are in the Ottawa area. Or you may place your complaint in writing to the address shown below, or visit the Transport Canada web site at www.tc.gc.ca.

IMPORTANT RAPPEL DE SÉCURITÉ DE LA CAMPAGNE DE POSTE

Transport campagne de rappel Canada # : ? ? ? ? ? ? ? ?

Unité Numéro de série : << Serial >>

Cher Forest River croisé propriétaire,

Cet avis vous est envoyé conformément aux exigences de la Loi canadienne sur la sécurité des véhicules automobiles .

Forest River Inc. a décidé que le défaut qui a trait à la sécurité des véhicules à moteur existe dans le modèle croisé CSF315RST sellette remorque avec le numéro d'identification indiqué ci-dessus.

Défaut de sécurité

Il n'y a pas un espace suffisant entre le pneu et le support coulissant de l'actionneur de la pièce. Le support peut frapper le pneu dans le cas où la remorque à sellette doit frapper un trou de bosse ou un pot de la route. Ce contact peut causer le pneu à souffler de façon inattendue, ce qui pourrait entraîner une perte de contrôle, des dommages matériels, des blessures ou la mort.

RÉPARATION

Forest River, Inc. dispose d'un kit de réparation disponible pour créer un dégagement supplémentaire et adéquat entre le pneu et slide-out support de l'actionneur de la chambre. Il s'agit d'une procédure de réparation agréé établi et les pièces sont disponibles pour cette réparation. NE PAS UTILISER CET APPAREIL SANS EFFECTUER PREMIER LA RÉPARATION APPROUVÉ. À votre convenance, s'il vous plaît prendre rendez-vous pour cette réparation effectuée chez votre concessionnaire Temps Fabrication premier.

REMBOURSEMENT

Si vous avez payé pour avoir ce service effectué avant la réception de cet avis, vous pouvez recevoir un remboursement complet. S'il vous plaît envoyez votre facture ou le reçu original payé à l'attention du Prime Time Division de la fabrication de Forest River, Inc. garantie Forest River, Inc. PO Encadré 3030 Elkhart, Indiana 46515-3030.

ADRESSE changé ou a vendu le véhicule ?

Tout bailleur de véhicule réception de cet avis de rappel doit transmettre une copie de l'avis au locataire dans les 10 jours.

Si votre revendeur ne fait pas la réparation souhaitée rapidement et sans frais, vous pouvez communiquer avec la Division de Service à la clientèle de Forest River Manufacturing Prime Time au 574-862-1025.

Nous regrettons les inconvénients que cette situation pourrait vous causer. Cependant, Forest River, Inc. croit en la détection précoce et la correction immédiate de problèmes potentiels. Nous vous remercions de votre compréhension.

IMPORTANT SAFETY RECALL CAMPAIGN ANNOUNCEMENT

Transport Canada Recall Campaign # : ????????

Unit Serial Number: <<Serial>>

Dear Forest River Crusader Owner,

This notice is sent to you in accordance with the requirements of the Canadian Motor Vehicle Safety Act.

Forest River Inc has decided that a defect that relates to motor vehicle safety exists in the Crusader Model CSF315RST fifth wheel trailer with the VIN number indicated above.

SAFETY DEFECT

There is not adequate clearance between the tire and the slide-out room actuator bracket. The bracket may hit the tire in the event that the fifth wheel trailer should hit a bump or pot hole in the road. This contact may cause the tire to blow out unexpectedly, thereby potentially resulting in loss of control, property damage, personal injury or death.

REPAIRS

Forest River, Inc. has a repair kit available to create additional and adequate clearance between the tire and slide-out room actuator bracket. There is an approved repair procedure established and parts are available for this repair. **DO NOT USE THIS UNIT WITHOUT FIRST PERFORMING THE APPROVED REPAIR.** At your earliest convenience, please make an appointment to have this repair performed at your nearest Prime Time Manufacturing dealership.

REFUNDS

If you have paid to have this service performed prior to receiving this notice you can receive a full refund. Please mail your paid original invoice or receipt to attention Prime Time Manufacturing Division of Forest River, Inc. Warranty Forest River, Inc. P.O. Box 3030 Elkhart, Indiana 46515-3030.

CHANGED ADDRESS OR SOLD THE VEHICLE?

Any vehicle lessor receiving this recall notice must forward a copy of the notice to the lessee within 10 days.

If your dealer does not make the required repair promptly and without charge, you may contact Prime Time Manufacturing Division of Forest River's Customer Service at 574-862-1025.

We regret the inconvenience this situation may have caused you. However, Forest River, Inc. believes in the early detection and immediate correction of potential concerns.
Thank you for your understanding.

Sincerely,

IMPORTANT SAFETY RECALL CAMPAIGN ANNOUNCEMENT

Transport Canada Recall Campaign # : ????????

Unit Vehicle Identification Number: <<VIN>>

Dear Forest River Trailer Owner

This notice is sent to you in accordance with the requirements of the Canadian Motor Vehicle Safety Act.

Forest River Inc has decided that a defect that relates to motor vehicle safety exists in the Rockwood or Flagstaff travel trailers with the VIN number indicated above.

SAFETY DEFECT

There is not adequate clearance between the tire and the bottom of the floor at full GVWR. The tire may hit the bottom of the floor in the event that the travel trailer should hit a bump or pot hole in the road. This contact may cause the tire to blow out unexpectedly, thereby potentially resulting in loss of control, property damage, personal injury or death.

REPAIRS

PLEASE TAKE YOUR UNIT PROMPTLY TO YOUR FOREST RIVER DEALER. At no charge to you, the dealer will perform the necessary repairs. The required repair procedure will require the removal of the axles so that a lift kit may be installed between the frame and the axles and the re-installation of the axles to the lift kit. Please contact your dealer and set up an appointment, this procedure may take more than a few hours.

REFUNDS

If you have paid to have this service performed prior to receiving this notice you can receive a full refund. Please mail your paid original invoice or receipt to attention Rockwood or Flagstaff Warranty Forest River, Inc. P.O. Box 3030 Elkhart, Indiana 46515-3030.

CHANGED ADDRESS OR SOLD THE VEHICLE?

Any vehicle lessor receiving this recall notice must forward a copy of the notice to the lessee within 10 days.

If your dealer does not make the required repair promptly and without charge, you may contact Forest River Customer Service at 574-642-2640.

We regret the inconvenience this situation may have caused you. However, Forest River, Inc. believes in the early detection and immediate correction of potential concerns.

Thank you for your understanding.

Sincerely,

Forest River Inc.

TO: All Forest River, Inc. Flagstaff, Rockwood, Vlite and Windjammer Travel Trailer Dealers.

RE: Safety Recall _____ **TBD** _____

Dear Forest River Dealer:

This notice is sent to you in accordance with the requirements of the Canadian Motor Vehicle Safety Act. Forest River Inc has decided that a defect that relates to motor vehicle safety exists in 2012 and 2013 Flagstaff, Rockwood, Vlite and Windjammer Travel Trailers manufactured between February 3, 2012 and February 4, 2013.

On affected units under full GVWR and upon hitting a road bump or pot hole, the tire may strike the bottom of the floor, thereby potentially resulting in a tire blowout which may cause loss of control, property damage, personal injury and death.

Owners of suspect units will be notified in a letter instructing them to contact their Forest River dealer to schedule an appointment to have their unit repaired. A copy of this letter is attached for your reference.

Please find attached repair instructions and information relating to the preparation and submissions of claims for reimbursement.

Thank you for your prompt attention to this matter. If you have any questions or require assistance, please contact your Regional Service Manager at 574-642-2640.

Sincerely,

FOREST RIVER INC

SAFETY RECALL – CLEARANCE LIGHTING

FOREST RIVER R.POD DEALER

This notice is sent to you in accordance with the requirements of the Canada Motor Vehicle Safety Act.

Forest River has determined that a defect which relates to motor vehicle safety exists in R.Pods manufactured between 11/10/2008 and 9/02/2010.

The problem is..

Certain travel trailers are not in compliance with the requirements of Canada Motor Vehicle Safety Standard 108 – Lighting System and Retro reflective Devices. Specifically, these trailers were not equipped with the required clearance lights (that can be seen from the front and rear) indicating the design width of the unit, as well as the marker lights (that can only be seen from the rear) indicating the vehicle height. This could render the vehicle less visible to other motorists during hours of darkness, possibly resulting in a crash causing property damage and/or personal injury.

What correction needs to be taken..

A spoiler will be retrofitted with 3 LED lights to the rear top radius and a marker light will be installed on each of the fenders to make the R.Pod more visible at darkness.

What you must do as an R.Pod Dealer..

Enclosed are instructions to make the necessary corrections on the clearance light requirements. Also enclosed is a listing of R.pod that is stock units on your dealerships lot. If there are any discrepancies on the stock listing and have been sold please fax the retail registration immediately to 574-343-5951 so we can notify the R.Pod owner of this recall.

RAPPEL DE SÉCURITÉ - éclairage pour

FOREST RIVER R. CONCESSIONNAIRE POD

Cet avis vous est envoyé en conformité avec les exigences de la Loi sur les véhicules automobiles du Canada de la sécurité.

Forest River a déterminé qu'un défaut qui a trait à la sécurité des véhicules à moteur existe en portions R. fabriqués entre 11/10/2008 et 02/09/2010.

Le problème est ..

remorques Voyage Certains ne sont pas en conformité avec les exigences du Canada Motor Vehicle Safety Standard 108 - Système d'éclairage et dispositifs rétro réfléchissantes. Plus précisément, ces remorques ne sont pas équipés avec les feux de gabarit requis (qui peut être vu de face et arrière) indiquant la largeur de conception de l'unité, ainsi que les feux de machine (qui ne peut être vu de l'arrière) indiquant le véhicule hauteur. Cela pourrait rendre le véhicule moins visible pour les automobilistes d'autres pendant les heures d'obscurité, qui peut entraîner un accident causant des dommages matériels et / ou des blessures.

Quelle correction doit être prise ..

Un spoiler sera réaménagée avec 3 lumières LED au rayon supérieur arrière et d'un signal lumineux sera installé sur chacun des ailes pour faire le Pod R. plus visible à l'obscurité.

Qu'est-ce que vous devez faire en tant que concessionnaire R. Pod ..

Ci-joint les instructions pour effectuer les corrections nécessaires sur les besoins en lumière de dédouanement. Vous trouverez

What is the retail owner's responsibility...

Each registered R.Pod owner has been sent a recall letter requesting them to contact you and schedule an appointment to have the clearance lights and marker lights installed.

What about parts..

Forest River will be sending out recall kits for each of your stock units and when you schedule retail owner please contact our parts department for additional recall kits at 574-642-3119 ext 209 or order on-line with part number 20X31365A. Forest River will for various reason will unit load as many recall kits as possible.

If you need help..

If you have questions or concerns please contact Susan Thornberg at 574-642-3119 Ext 205 or sthornberg@forestriverinc.com.

également une liste des R.pod qui est des unités d'actions sur votre terrain concessionnaires. S'il ya des divergences sur la cote et ont été vendus s'il vous plaît fax à l'enregistrement de détail immédiatement au 574-343-5951 afin que nous puissions aviser le propriétaire R. Pod de ce rappel.

Quelle est la responsabilité du propriétaire de détail ...

Chaque propriétaire enregistré R. Pod a été envoyé une lettre de rappel leur demandant de vous contacter et prendre rendez-vous d'avoir les feux de gabarit et feux de position installé.

Qu'en est-il des pièces ..

Forest River sera l'envoi des kits de rappel pour chacun de vos unités d'actions

et lorsque vous planifiez le propriétaire de détail s'il vous plaît contacter notre département des pièces pour les kits de rappel supplémentaire au 574-642-3119 ext 209 ou commander en ligne avec le numéro de la pièce 20X31365A. RE: Shasta Revere trailer VIN: (VIN number)
Recall No. 2013-125

Dear Shasta Customer,

This notice is sent to you in accordance with the requirements of the Canadian Motor Vehicle Safety Act.

Forest River, Inc. has decided that on Shasta Revere models SHT27BH, SHT30BH, SHT27BH, SHT26TB and SHT27KS the Federal Compliance Label and the Tire and Loading Information Label located on the lower roadside front of the unit contain improper listing of the tire size and air pressure. A over inflation condition may result in tire failure without warning causing a crash possibly resulting in property damage, personal injury or death.

Enclosed are corrected labels. Please clean the area of the incorrect label with alcohol or a non-residue clearer and apply the corrected label over the top of it.

If it its more convenient you may make an appointment and take your trailer to your dealer and have him put on the labels at no charge to you.

If you are unable to have the Labels replaced in a reasonable amount of time without cost, you may contact Shasta warranty department at 574-825-8717.

We regret any inconvenience that this may cause.

Sincerely,

INFORMATION SUR LES RAPPELS DE SÉCURITÉ IMPORTANT

RE : Rappel de sécurité - pneus et le chargement de l'étiquette d'informations sur VIN : (VIN)

Rappel n ° XXXXXX

Cher client Forest River ,

Cet avis vous est envoyé conformément aux exigences de la Loi canadienne sur la sécurité des véhicules automobiles .

Forest River , Inc. a décidé que certains année modèle 11/12/2007 à 4/28/2011 Rockwood, Flagstaff Cherokee , Salem et arpenteur n'a pas réussi à se conformer aux exigences en matière d'étiquetage de la certification de la norme canadienne sur la sécurité automobile , "Sélection des pneus et jantes pour les véhicules à moteur autres que les voitures de tourisme . " l'étiquette de conformité fédérale et le pneu et étiquette des situé sur le front de route inférieure de l'unité contiennent une mauvaise annonce de la pression des pneus. Gonflage du pneumatique avec la pression des pneus indiquée sur l'étiquette de certification fédérale et renseignements sur les pneus étiquette peut entraîner une défaillance du pneu sans avertissement causer un accident pouvant entraîner des dommages matériels, des blessures ou la mort. Selon la Loi canadienne sur la sécurité des véhicules automobiles, nous sommes tenus de faire la correction nécessaire.

Ci-joint les étiquettes corrigées. S'il vous plaît nettoyer la zone de l'étiquette incorrecte avec de l'alcool ou plus clair non - résidu et appliquer l'étiquette corrigée sur le dessus de celui-ci.

Si il est plus commode, vous pouvez prendre rendez-vous et prendre votre remorque à votre revendeur et lui ont mis sur les étiquettes, sans frais pour vous. Si votre revendeur ou centre de service est incapable de faire la réparation s'il vous plaît contacter le Département de Forest River, Inc. Service et garantie au PO Encadré 3030 Elkhart, IN 46515-3030 ou par téléphone 1-574-534-3167 pour une station de réparation près de chez vous.

Dans le cas où il s'agit d'un véhicule loué, la réglementation exige que tout bailleur réception de cet avis de rappel doit transmettre une copie de cet avis au locataire dans les 10 jours.

Nous regrettons tout inconfort que cela pourrait causer.

IMPORTANT SAFETY RECALL INFORMATION

RE: Safety Recall – tire & loading Information Label on VIN: (VIN)
Recall No. XXXXXX

Dear Forest River Customer,

This notice is sent to you in accordance with the requirements of the Canadian Motor Vehicle Safety Act.

Forest River, Inc. has decided that certain model year 11/12/2007 to 4/28/2011 Rockwood, Flagstaff Cherokee, Salem and Surveyor has failed to conform to the certification labeling requirements of Canadian Motor Vehicle Safety Standard, "Tire Selection and Rims for Motor Vehicles other than Passenger cars." the Federal Compliance Label and the Tire and Loading Information Label located on the lower roadside front of the unit contain improper listing of the tire pressure. Inflation of the tire with the tire pressure specified on the Federal Certification Label and Tire Information Label may result in tire failure without warning causing a crash possibly resulting in property damage, personal injury or death. According to the Canadian Motor vehicle Safety Act we are required to make the necessary correction.

Enclosed are corrected labels. Please clean the area of the incorrect label with alcohol or any non-residue clearer and apply the corrected label over the top of it.

If it is more convenient you may make an appointment and take your trailer to your dealer and have him put on the labels at no charge to you.

If your dealer or service center is unable to make the repair please contact the Forest River, Inc. Service and Warranty Department at P.O. Box 3030 Elkhart, IN 46515-3030 or telephone 1-574-534-3167 for a repair station near you.

In the event that this is a leased vehicle, regulations require that any lessor receiving this recall notice must forward a copy of this notice to the lessee within 10 days.

We regret any inconvenience this may have caused.

Sincerely,
Forest River, Inc.

IMPORTANT RAPPEL DE SÉCURITÉ DE LA CAMPAGNE DE POSTE

Transport campagne de rappel Canada # : ? ? ? ? ? ? ?

Unité Numéro de série : << Serial >>

Cher Bande propriétaire de Forest River

Cet avis vous est envoyé conformément aux exigences de la Loi canadienne sur la sécurité des véhicules automobiles.

Forest River Inc. a décidé qu'il ya une non-conformité qui concerne les normes de sécurité des véhicules automobiles du Canada existe dans les remorques de voyage Vibe avec le numéro d'identification indiqué ci-dessus.

NON-RESPECT

L'étiquette de certification fédérale et l'étiquette de vente des pneus peuvent avoir des données incorrectes sur le PTME, la taille des pneus et la pression des pneus. Chargement de la remorque peut dépasser la PTME ou PNBV conçu et peut provoquer le pneu à souffler de façon inattendue, ce qui pourrait entraîner la perte du contrôle, des dommages matériels, des blessures ou la mort.

RÉPARATION

S'IL VOUS PLAÎT VERIFIER VOTRE TAILLE DES PNEUS spécification. Si le pneu a ST225/75R15/D que la taille des pneus et 65PSI pression à froid et l'étiquette correspond à la taille du pneu alors rien ne doit être fait et vous pouvez vous défaire des étiquettes de remplacement. Si l'information sur le pneu ne correspond pas aux nouvelles étiquettes s'il vous plaît, soit retirer les étiquettes existantes, nettoyer la zone avec de l'alcool et d'appliquer les nouvelles étiquettes qui sont inclus, ou de nettoyer l'ancienne étiquette avec de l'alcool et d'appliquer les nouvelles étiquettes sur les anciennes étiquettes.

ADRESSE changé ou a vendu le véhicule ?

Tout bailleur de véhicule réception de cet avis de rappel doit transmettre une copie de l'avis au locataire un délai de 10 jours.

Si vous avez des questions s'il vous plaît contactez- River Forest Service à la clientèle au 260-593-0023.

Nous regrettons les inconvénients que cette situation pourrait vous causer. Cependant, Forest River, Inc. croit en la détection précoce et la correction immédiate de problèmes potentiels. Nous vous remercions de votre compréhension.

Cordialement,
Forest River Inc.

IMPORTANT SAFETY RECALL CAMPAIGN ANNOUNCEMENT

Transport Canada Recall Campaign # : ????????

Unit Serial Number: <<Serial>>

Dear Forest River Trailer Owner

This notice is sent to you in accordance with the requirements of the Canadian Motor Vehicle Safety Act.

Forest River Inc has decided that there is a non-compliance that relates to Canadian Motor Vehicle Safety Standards exists in the Vibe travel trailers with the VIN number indicated above.

NON-COMPLIANCE

The Federal Certification Label and the Tire Information Label may have improper data on GAWR, tire size and tire pressure. Loading of the trailer may exceed the designed GAWR or GVWR and may cause the tire to blow out unexpectedly, thereby potentially resulting in loss of control, property damage, personal injury or death.

REPAIRS

PLEASE INSPECT YOUR TIRE SIZE SPECIFICATION. If the tire has ST225/75R15/D as the tire size and 65PSI cold pressure and the label matches the tire size then nothing needs to be done and you may discard the replacement labels. If the information on the tire does not match the new labels please either remove the existing labels, clean the area with alcohol and apply the new labels that are included, or clean the old label with alcohol and apply the new labels over the old labels.

CHANGED ADDRESS OR SOLD THE VEHICLE?

Any vehicle lessor receiving this recall notice must forward a copy of the notice to the lessee within 10 days.

If you have any questions please contact Forest River Customer Service at 260-593-0023.

We regret the inconvenience this situation may have caused you. However, Forest River, Inc. believes in the early detection and immediate correction of potential concerns.

Thank you for your understanding.

Sincerely,

Forest River Inc.
