Agent waiting for documentation but will close case on 12/06/2013 if no documentation has arrived.
Agent closed case as no documentation has arrived.
Robert called back stating he has the receipt and would like the fax number so he can send in his receipt. Agent provided the fax number and case number to the customer.
POSTMARK DATE: 121213; DATE RECEIVED: 121213
Agent reviewed documents submitted by customer and found customer previously had recall H46 completed in 2009 and had the steering linkage replaced. Agent is reassigning to CM for reimbursement under recall N62 as the customer had previous repairs completed and parts replaced during a prior service appointment and is requesting reimbursement over $500.00.
RESEARCH-
Customer had Mopar Steering Linkage components replaced at the time H46 was completed. Customer had the U bolts on the vehicle.
Customer had the Steering Linkage Assembly replaced as per N62 reimbursement.
Needs further investigation

Agent asked if the Steering Linkage had been replaced with a Mopar Steering Linkage before the repair was completed on the Tie Rod Ends.
Customer states that he had not had the Steering Linkage replaced.
Agent advised that the Recall only applied to vehicles that had the Steering Linkage replaced on a previous Repair and does not apply to the vehicle.
Customer asked if he could call back in regards to the issue. Agent advised that the Customer could call back if he wanted to. Customer Disconnected the Call.
Next Agent - Please advise that unless the Steering Linkage was replaced

with a MOPAR Steering Linkage on a previous Repair Visit then the recall would not apply to the vehicle.

MODELS:
2003-2004 (DR) Dodge Truck 4x4 (2500/3500 series)
2005 (DH) Dodge Truck 4x4 (2500/3500 series)
2006-2009 (DH) Dodge Truck 4x4 (2500/3500 series or 1500 Mega Cab)
2006-2009 (D1) Dodge Truck 4x4 (3500 series)
2007-2009 (DC) Dodge Truck (3500 series cab chassis)
IMPORTANT: This recall only applies to vehicles that had certain Mopar service parts steering components installed.
SUBJECT:
During a prior service appointment, a Mopar service parts steering linkage was installed on about 19,400 of the above vehicles. The drag link inner joint may fracture under certain driving conditions. This

could result in a loss of steering control and cause a crash without warning. Also, the steering damper bracket at the tie rod tube may loosen. This could allow the bracket to slide on the tube and may cause increased vehicle turning radius.
Writer notes the models listed in recall specifically state 4X4, Customers Model is not indicated as a 4X4. This recall is for a Mopar part installed after factory. If Customers vehicle has not had a previous steering repair then truck would not qualify for H46.

Condition Summary
Condition LOP Description Status Type Total Amount
1 19H46181 Safety Recall H46 Paid S - Safety-Recall
Inspection only - no parts.
CUSTOMER CONTACT: Writer called [redacted]. Writer provided case # and US CAC for contact.
**Agents - Customer has submitted documents for H46 - H46 cases are rare as this recall is for a MOPAR part so the Customer had to have had a former repair, not factory parts installed, previous to when the recall came out. Customer opted himself to change steering, granted it may be a better design, but it does NOT qualify for the recall reimbursement. Customers request must be DECLINED.
customer wants agent to call back to explain to him why he was denied because he had the repair taken care of before the recall came out. Agent advised customer that his request was declined but customer still believes that he is owed something for this repair. Agent told the customer that he went and had the recall performed before we had the procedure in place and because of the steps he took to get the repair performed there was nothing that we can do.
H46 recall came out 04/27/2009, vehicle was inspected by Chrysler 08/27/2009, at that point it was only inspected for replacement parts - which it must not have had as no parts were used in that claim. Writer CANNOT reimburse under the H46.
N62 - Safety Recall - Left Outer Tie Rod Assembly / Dodge RAM
Answer ID 24057 | Published 12/12/2013 08:38 AM
Models:
2003 and 2004 model year (DR) Dodge Trucks (2500 series)
2005 through 2008 model year (DH) Dodge Trucks (2500 series)
2003 and 2004 model year (DR) Dodge Trucks (3500 series)
2005 model year (DH) Dodge Truck (3500 series)
2006 and 2008 model year (D1) Dodge Trucks (3500 series)
IMPORTANT: This recall only applies to vehicles that had certain Mopar service parts steering components installed.
Subject:
A Mopar service parts steering linkage may have been installed on some of the 705,000 of the above vehicles during a prior service appointment. The left tie rod ball stud on the Mopar service parts steering linkage may fracture under certain driving conditions. This could cause a loss of directional control and/or a crash without warning.
Repair:
The steering linkage assembly must be inspected and replaced if required. NOTE: The initial steering linkage inspection process can be done by write-up personnel in the write-up area (see Section A. of the service procedure). Vehicles found with original style steering linkage can be immediately returned to the customer.
CUSTOMER CONTACT: Writer called [redacted].
Yes - original owner
Yes - Customer reported vibration issue to Chrysler, but had work completed at an IRF after being told that recalls need to be completed at an CDJR dealer
No - MVP
No - prior repair AT Chrysler
No other vehicles household

Writer explained both the H46 and the N62 in detail. Customer will take his vehicle in for the complimentary inspection. Writer advised the technicians will determine if he needs recall parts put on, and if it is under the recall the work would be complimentary. Customer understands. Writer advised that she cannot compensate for the premium steering linkage Customer had installed. Customer accepts. Customer has been declined for the request. Writer is closing case.
* * * * GOODWILL ASSISTANCE HAS BEEN DECLINED * * * *
Informed customer that Chrysler will not participate in the repair.
The vehicle warranty has expired by time and/or mileage.
Unless the customer offers new information, decision remains unchanged.
* *

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Reoccurance or Related Problem	Front end damage caused by recall
Corporate - CNA Change - Default - Default - Default	Updated phone numbers and email address
Corporate - Survey By-Pass - Default - Default - Default	
Dealer - By-Pass - Default - Default - Default	

Briefly summarize why the customer is contacting Chrysler: Customer called stating that his vehicle is at the dealership as the front end of his vehicle is damaged. Customer states that he was advised by the dealership that there is a recall on the vehicle that could have been the cause of this issue. Customer states that the dealership is stating that the parts for this recall are not available. Agent apologized for the inconvenience and contacted MILFORD CHRYSLER SALES INC Dealer Phone : 570-296-2636 (DC 44144) and spoke with SM Casey. SM states that the parts are not available and will not be until April. SM states that he has multiple vehicles with this issue and he is not able to obtain the parts. Agent advised that the information in DC does not states back order or restricted parts. SM claims that is what he sees. Agent advised customer that the case will be escalated for further review and he will be contacted with in 4-5 days. Customer thanked this agent and call ended.
Briefly summarize what the customer is expecting: Customer seeking to have part sent sooner.
Writer contacted MILFORD CHRYSLER SALES INC (DC 44144) and spoke with SM Casey.
SM Casey stated part information for order is as follows
Part #: CBUEN491AA
Part Description: Linkage Installation Package
Order #: N491
ETA: April 2014
Is customer in rental? No
If yes, who authorized rental? N/A
Is the vehicle off road? Yes
Order type: Special HandlingÙ (Daily/Special Handling/VOR)
Writer advised customer that their parts concern will be escalated to the Parts Support team for parts resolution, and that their Case Manager will provide them updates on the status of the part within 4-5 days.

If an update is received sooner, customer will be contacted sooner.
Assigned case to 96WÙ (96W (Parts Only)) or (88F) for handling.

Writer spoke with Assistant Manger Roland who advised writer that the reason they could not complete recall on customers vehicle was because they do not have the parts.
Writer spoke with customer. Writer advised customer that writer spoke with the dealership and if customer would like for the dealership to complete recall the dealership would have to order part. Customer stated that he completed the recall and does not want to go into the dealership. Customer stated that he already talked to writer about it and he just wants to get reimburse for part. Writer stated that was correct and customer is being reimbursed $64.94 for part but writer just wanted to

make customer the offer. Customer stated he was fine and all he wants is to be reimbursed.
Check approved.

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY -	Customer seeking to have recall N62 completed

Briefly summarize why the customer is contacting Chrysler: Customer states left tie rod snapped when travelling down the road at 80 mph. Customer states he had an IRF repair using Moag parts. Customer wants to know if he can be reimbursed for repairs performed before recall issued.
Briefly summarize what the customer is expecting: Agent advised reimbursement not available for non-Mopar parts used to complete safety recall. Agent advised vehicle would need to be inspected by an authorized Chrysler dealer to ensure recall safety standards have been achieved based on NHTSA expectations. Customer requested to have recall completed by Chrysler dealer. Agent transferred caller to SA Ray at 45517 - CENTURY DODGE CHRYSLER JEEP for recall fulfillment.
Customer states that he had the recall competed previously. Customer is seeking reimbursement. Writer informed the customer of the mailing address to submit for reimbursement.
S.M. Kelly of 45517 contacts A.M. to advise vehicle is at dealership, has been inspected and based on recall N62 repair instructions vehicle does not and should not have needed tie rod end replaced. Had recall N62 been done prior to tie rod failure, per recall instructions tie rod end would not have required replacement.

H46 Chrysler is looking for replacement MOPAR parts, not factory original equipment.
N62 is similar, Chrysler is looking for replacement MOPAR parts, not original equipment.

Customer had steering linkage replaced (broken and towed in) 12/18/2013 with MOPAR parts, vehicle was at 109,689 miles. Repair was not performed at CDJR.
CUSTOMER CONTACT: Writer called [redacted]. Writer provided case # and US CAC for contact.
********AGENTS: Customer s request to be reimbursed for recall reimbursement must be declined, as you may read the H46, and the N62 are recalls that are looking for replacement parts. As this is the first/only repair Customer has had on vehicle then it does not qualify as it would be original factory equipment.
Customercalled to follow up on the case. Customer stated she received a message to call. Agent advised as per lines 46-50. Customer stated she was going to discuss the matter with her husband and call back if needed. Writer is closing case . Customer has been informed.
Customer should have vehicle inspected at CDJR and have the recall closed. Customer now has replacement parts on the vehicle.
CUSTOMER CONTACT: Writer called [redacted]. Writer spoke to [redacted] and again explained the recall and the vehicle should be inspected. Customer believes she understands, but if not her husband is more than welcome to call in and we will explain again. Writer is closing Case.

Corporate - Recall - Default - Default - Default	Customer called to advise he already had this repair done
Recall - N49: LEFT TIE ROD - Reimbursement	Reimbursement request
Corporate - Reimbursement - Default - Default - Default	
Product - Suspension - Tie Rods / Drag Link - Other - Front	

Briefly summarize why the customer is contacting Chrysler: Customer called to advise that he had the work done for the L49 recall already back in October 2012. Agent advised customer that if he gets a recall notification on his vehicle then he will be able to submit his receipts to Chrysler for reimbursement.
Briefly summarize what the customer is expecting:Customer thanked agent
Customer called back for reimbursement information.
Writer informed customer of the documentation request to submit for reimbursement consideration.
Customer can not scan documentation but would like to fax documentation.
Writer provided fax number to customer 877-768-5076.
Reassign to 86Y
Agent reviewed documents submitted by customer and found customer had previously submitted documents showing repairs being completed at an IRF CAIR [redacted] in which the customer did not qualify for reimbursement at that time for recall L16 and is requesting reimbursement for the cost of the repairs because he received a letter in the mail for the N49 recall.
Agent reviewed documents submitted by customer and found customer had repairs completed and is requesting reimbursement over $500 for the N49 recall. Agent is reassigning to CM for further review.

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Information Request	Customer seeking recall information

Briefly summarize why the customer is contacting Chrysler: Customer Gordan Brooks Fleet Manager called in asking to have an email to evaluate his 42 VIN s to see what vehicle he can still use. Customer states that all his vehicles are parked right now until he knows what vehicle is not affected by these recalls (N49/N62). Customer states that he would like to know what vehicles out of the 42 VIN s he could still use that don t have these recalls.
Briefly summarize what the customer is expecting: To know what vehicles are going to have the N49 and N62 recalls so he can use the other vehicle that won t have these recalls.
Customer advised a call back is required and will take place within one business day by COB their time
Preferred Morning/Midday call back number is [redacted]
Preferred Afternoon/Evening call back number is [redacted]
Customer email address for case updates:[redacted]
Who has possession of the vehicle? Owner
Has the vehicle been diagnosed by a CDJ dealer? No
Reassigned to 88I
Message received from [redacted] to discuss the recalls on 42 vehicles - also email was received and forwarded to RM1225.
Customer called. Writer transferred customer to ext 66008.
* * * * * CASE MANAGER TEAM - District X Fleet * * * * * *
Writer received call from the customer, customer is concerned about Safety would like us go through
all his VIN he has and advise on which ones do not require recall repair, currently they are all parked.
Writer advised the Case was just assigned today and CM not in today.
Customer stated in the past he had recall L16 performed by his Mechanics . Received training and purchased tools needed from Mendenhall. Customer is in Alaska ,only one dealership in Juneau customer will need to ferry vehicles to DLR. Would like to know if same procedure can be done for N62 recall. Writer advised will research possibility of the repair being done by customer however Area Manager will need to be contacted follow up can take few days. Customer understood would like VIN checked today. WRiter will go through the VINS and send email to [redacted] has provided list of VINs.

Writer emailed the customer list of vehicles that have no recalls and list of Vins that require N62. which is 11 vehicles. Customer traveling for the hoilidays will communicate through email.
CONTACT UPDATE - 1st Contact attempt, customer contacted.
Writer emailed customer :
[redacted] :
We are out of the office tomorrow 12/25/13 .
Have you had a opportunity to locate where the trucks are that do need recall repair ?
I am reaching out to Mendenhall Auto for information on the best way to handle the repairs.
I will update you as soon as I have information. Enjoy the Holidays !
Travel Safe

Thank you. I did receive my first recall card in the mail friday. I will ship those that are inexspenive and connected via the ak marine hwy system and we will work with mendenhall and my mechanics on the rest
Merry christmas and thank you
Writer received email form customer:
Thanks again ill be back in the office next tuesday
Writer emailed Area Manager KOL@Chrysler.com:
Re: [redacted] :
This customer has several vehicles that need recall repair. The customer has stated that in the past
we were able to provide training for L16 Recalls to his Mechanics so he could resolve his own Recalls.
The customer is requesting if this will also be possible for these Recalls N62 and N49, in the event some of these vehicles
would need to be sent by ferry to Mendenhall which the customer is trying to avoid.
Here is updated list as of 12/20/13.

Writer emailed KOL : have update?
Writer emaild customer[redacted]
[redacted]:
Hope you enjoyed your trip. I have notified the Area Manager for Mendenhall regarding the recall repair. Do you need assistance with these recalls?
If there is no concerns no contact back is needed and your case will auto close on 01/03/13.
If you require further assistance please contact us back and your case will continue.
Lisa
Writer received email from customer:

I scrubbed our list and will take another look Thursday and be ready to say where they are and which ones we ought to do ourselves
Writer received email form AM KOL:
I am not familiar with all the recalls mentioned below. Here is what I do know if a portion of the recall involves flashing, the vehicles will need to go to a dealership, as per current Chrysler policy. If the recall does not involve flashing, then we have sometimes approved recalls at IRF s in extremely limited cases.
Would suggest you reach out to PDB36 copied .
Writer received email form Fleet AM PDB36:
it is the customer s responsibility to bring the vehicle to the dealership for repairs. Especially the N49 recall if directions are not followed properly there may be damage done to the vehicle.
CLOSED LOOP UPDATE - no need for additional follow-up.

Recall - N49: LEFT TIE ROD -	Customer is seeking to have recall completed

Briefly summarize why the customer is contacting Chrysler:
Customer stated he received a notice in the mail for a FLEET vehicle through his company advising he has the N49 incomplete recall on his vehicle.
Customer stated he then went to the DLR to book an appointment to have the recall completed, and the DLR advised him the recall is not showing up on his VIN and the recall does not apply to his vehicle.
Customer stated he does not understand why Chrysler would send him a letter and the recall is showing up on the Chrysler website but the DLR is advising its not.
Briefly summarize what the customer is expecting:
Customer is seeking to have recall completed.
-
Agent advised customer it is currently showing as an incomplete recall on his VIN, it was just added on today within the last few hours.
Agent contacted DLR, DLR Code 42646 and spoke with SA David, who advised he previously spoke with the customer and advised the recall was not on his VIN. Agent requested that SA David look the customers VIN up again as it was just added. SA David was able to see after refreshing his screen the recall does apply to the customers vehicle. SA David transferred agent through to Liz for appointment scheduling.
Agent transferred customer through to Liz for further assistance in booking an appointment to have his recall completed.
Customer thanked agent.

Product - Suspension - Tie Rods / Drag Link - Other - Unknown	Customer dissatisfied no parts to repair N49
Recall - N49: LEFT TIE ROD -	Customer seeks dissatisfaction N49 letters sent out before parts
Corporate - Survey By-Pass - No Repair - Default - Default	

Briefly summarize why the customer is contacting Chrysler: Customer states they were sent a recall letter and the dealership is telling him no parts are available. Customer states he would like Chrysler to know how dissatisfied he is with the letter coming out before the parts. Briefly summarize what the customer is expecting: Customer seeks his complaint to be documented. Agent advised that Chrysler reviews all files internally and that his dissatisfaction would be documented today. Agent advised that Chrysler is working closely with the manufacturers to have this part out and to the dealership as soon as possible. Agent states that a call to the dealership and a waiting list could be started to make sure he is contacted the second the part arrives. Customer states he has a great relationship with his dealership and they already have him on the list and will contact him right away. Customer states he just wants Chrysler to understand his dissatisfaction.

Corporate - Rental Vehicle - Default - Default - Default	Customer seeking a rental vehicle.
Recall - N49: LEFT TIE ROD - Information Request	Customer seeking information on the N49 recall.

Briefly summarize why the customer is contacting Chrysler: Customer is seeking information on receiving a rental car while his part is on order.
Briefly summarize what the customer is expecting: Customer is expecting information on receiving a rental car. Customer states that he has already ordered the part to complete the N49 recall and was advised that it won t be in till after the holidays Customer is worried about his safety because of the recall. Agent contacted JASPER JEEP-DODGE-CHRY-PLYM 23825 and spoke with SA Marty Marty advised agent that he had never seen the vehicle before he just spoke with the Customer over the phone and ordered the part. Agent advised Customer that without a diagnosis on the vehicle we would be unable to provide rental assistance. Agent also advised Customer that due to time and mileage of the vehicle we would be unable to provide rental even with a diagnosis (Customer does not meet goodwill matrix).
Agent advised Customer that if he feels unsafe in his vehicle he can get a rental car until the part comes in but it would be at his own cost.
* * * * GOODWILL ASSISTANCE HAS BEEN DECLINED * * * *
Informed customer that Chrysler will not participate in the repair.
The vehicle warranty has expired by time and/or mileage.
Unless the customer offers new information, decision remains unchanged.
* *
Customer called stating that the vehicle recently had the recall issue break on the vehicle and the customer is looking for information on when the part will be available to the dealership. Agent called dealership 23825 and spoke with Sherry who advised the agent that both she and the service manager were busy with the customer and could not answer the phone and agent was advised to call back. Agent is trying to find out when the part was ordered along with the part number and order number to be able to search out the order. Customer requested a rental vehicle as well but agent advised that we need to speak to the dealership first to find out how long they are going to have the vehicle and the ETA on the parts to send it up to our rental department for apporval. Customer also stated that his tire went sideways from Top to bottom when this happened and the customer wanted to know if the tire would be covered. Agent advised that again we need to hear from the dealership about

circumstantial damage and at that time we would be able to seek what assistance can be offered at that time.
Reason for Dealer Contact:when part for vehicle was ordered , part number and order number of the part because part was ordered before recall came out
Dealer Code:23825
Dealer Personnel Required:service manager
Customer s Preferred Method of Contact:
Customer Phone Number (Morning)[redacted]
Customer Phone Number (Evening)[redacted]
Customer Email address:Na
Reason for assigning to Resolution Team:not able to get call back time during shift
Assigned to 86T
DEALERSHIP CONTACT: JASPER JEEP-DODGE-CHRY-PLYM at 706-692-3434 Agent was advised that service is in a separate building and provided phone number 706-692-6512.
DEALERSHIP CONTACT: JASPER JEEP-DODGE-CHRY-PLYM at 706-692-6512 Spoke with SM Marty, who states the parts for the N49 recall are not available, but they were able to get the replacement parts to put on the vehicle until the N49 recall parts are available. SM Marty states his DM directed him to put the replacement parts no the vehicle now, and then when the recall parts are available, to bring the customer back in to put the recall parts on the vehicle. SM Marty states the parts are at the dealership and the repair will begin today, and the vehicle should be repaired tomorrow.
Agent thanked SM Marty for his assistance.
*****Reassigned to LB716*****
Vehicle repair should be completed tomorrow. As per lines 11-14, rental was declined, as the customer does not meet goodwill parameters. Please contact customer and advise.
Agent called customer and advised the customer of information on line 64-66 and had to leave a message for the customer advising him that the vehicle is supposed to be ready today and the information from lines 53-61.

Recall - N49: LEFT TIE ROD - Information Request	seeking recall information

Briefly summarize why the customer is contacting Chrysler: Customer called stating she has a recall on the vehicle. Customer states the letter says that the tie rod may fracture under certain driving conditions. Customer is seeking clarification on what these driving conditions are. Customer states her husband pulls a utility trailer and is driving in the snow. Agent contacted a dealership and was unable to determine which driving conditions it is describing. Customer states she understands. Agent advised that appointments cannot be made until Jan 6 2014. Customer states her husband will be in Oklahoma then. Agent advised he can take the vehicle to any dealership there.

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY -	Unavailable until Janauary 6th

Briefly summarize why the customer is contacting Chrysler: Customer stated that he is having steering issues. Customer states that he believes the steering issues are linked directly to the recall N62. Customer is concerned and would like the recall to be completed as soon as possible.
Briefly summarize what the customer is expecting: Customer seeking recall to be completed.
Agent advised customer that the parts are currently unavailable and the second letter will have to be sent out before the repair can be completed. Starting January 6th the appointments can be made to book the completion of the recall. Agent advised customer that the dealer can hold the parts or the parts can be ordered prior to the appointment depending on the dealership policies. Agent advised customer that ever dealership is individually owned and operated and their way of completing things may be different.
Agent provided customer with information found on AC document 24057.
Simply contact your Chrysler, Jeep, or Dodge dealer starting January 6, 2014 to schedule a service appointment. Ask the dealer to hold the parts for your vehicle or to order them before your appointment. Please bring this letter with you to your dealer.

Recall - N49: LEFT TIE ROD - Information Request	Customer is seeking information on the recall

Briefly summarize why the customer is contacting Chrysler: The customer is contacting Chrysler seeking additional information on the recall. The customer is wondering why he can t book a service appointment until January 6th, 2014. Agent advised the customer of the information in answer connect document 24054.
Briefly summarize what the customer is expecting: The customer is expecting additional recall information.
Customer called back in about the N49 recall. Agent advised customer that at this time the part is not available. Customer states that he feels this is a major safety concern and that Chrysler should not send out recall notices unless the parts are there. Agent advised customer that the recall notices are mailed out to advise of the issue. Customer was unhappy with the information, and stated that he feels that Chrysler should provide some type of replacement vehicle until the part does come in. Agent advised customer that Chrysler is unable to do that at this time. Customer requested supervisor. Agent advised customer that supervisor would inform him of the same information but customer again requested to speak with a supervisor.
Customer has requested Supervisor callback
Preferred daytime number: [redacted]
Preferred evening number:
Reason for request: Unhappy that the N49 recall part is not available until 01/06/2014.
CAIR assigned to: KM788
CSR has informed customer a Supervisor callback request has been made, and the customer will receive a callback within 24 hours.
*****Supervisor*****
left a VM stating that we are working on getting the parts as soon as possible. To contact his dealer on jan.6,2014 to make the appointment for the recall. Supervisor apologized for the inconvenience.
Reassigning to MH1376 to close
Closing case per line 31.

Recall - N49: LEFT TIE ROD - Information Request	LEFT TIE ROD

Briefly summarize why the customer is contacting Chrysler[redacted] states that he just recently had the left u-Joint, ball joint and tie rod replaced at IRF General tire in Redwood City. [redacted] states he spoke with the dealership and was advised that he would to go to the dealership for an inspection after January 6, 2014 as stipulated on the recall letter.
Briefly summarize what the customer is expecting: Recall N49
Agent advised Ken that he would need to have the tie rod inspected to ensure that it passes the inspection set out in the recall and if so he can call back and we would speak with the service department and provide him with instruction for reimbursement at that if need be. Agent asked [redacted] if the IRF used Mopar parts.
[redacted] wants to know as a consumer where would he find the information on using mopar parts to cover recall and warranty work. Agent referred to the warranty booklet.
Agent found some information on page 14:
installing non-Chrysler Group LLC ('Chrysler') parts, components, or equipment (such as a non-Chrysler radio or speed control); and
• using special non-Chrysler materials or additives.
This needs further investigation in order to answer the customer question.
Agent called customer back on primary line and left a message to call CAC.
Agent researched further and found in the warranty booklet page 14
3. What s Not Covered
3.1 Modifications Not Covered
A. Some Modifications Don t Void the Warranties But Aren t Covered
Certain changes that you might make to your vehicle do not, by themselves, void the warranties described in this booklet. Examples of some of these changes are:
*installing non-Chrysler Group LLC ('Chrysler') parts, components, or equipment (such as a non-Chrysler radio or speed control): and
*using special non-Chrysler materials or additives.
But your warranties don t cover any part that was not on your vehicle when it left the manufacturing plant or is not certified for use on your vehicle. Nor do they cover the costs of any repairs or adjustments

that might be caused or needed because of the
installation or use of non-Chrysler parts, components,
equipment, materials, or additives.
Performance or racing parts are considered to be
non-Chrysler parts. Repairs or adjustments caused
by their use are not covered under your warranties.
Examples of the types of alterations not covered are:
*installing accessories except for genuine
Chrysler / MOPAR accessories installed by
an authorized Chrysler, Dodge or Jeep dealer;
*applying rustproofing or other protection
products;
Agent left a message for [redacted] to contact CAC at 1-800-992-1997 and provied the CAIR number, as this is a courtesy call back to the customer as the line dropped from the call on 12-20-2013.
Next agent
Please advised [redacted] of lines 25-54 foundon page 14 of the owner s manual that stipulates what is not covered, non-Chrsler parts, this also applies to recalls.
Customer called back to answer the message left by Kelly. Agent referred to lines 25-54. Customer advised thats not the reason why he contacted Chrysler about. Customer advised he had a repair done on what is now the N49 recall. Advised customer the customer can send the repair information to Chrysler CAC for reimbursement for the recall. Customer did not have writing material to get the mailing information. Customer advised he will callback.
Customer called in to add notes to the file. Customer states that he had spoken to his local dealership who advised that the recall part will not be available for 2-3 months. Agent advised customer that the N49 recall part is on back order, and Ram is working to get more parts available to the dealership so that the recall part can be repaired. Customer understood and merely wanted to inform Chrysler of this.

Agent called the IRF [redacted] at [redacted]. Unable to reach Service Dept.
Agent will follow up with IRF later. Agent is looking to see if the parts that were used were Mopar Parts.
Agent called the IRF [redacted] at [redacted]. Spoke with [redacted] Owner). Rudy advised that he will call tomorrow to advise whether the replacement Tie Rod was a Mopar Part.
Agent called the IRF ([redacted] s) at [redacted]. Unable to reach the IRF.
Agent will call the IRF Back.
Agent called the IRF ([redacted] s) at [redacted]. Unable to reach the IRF.
Agent will call the IRF Back.
N49 IS NOT MOPAR REPLACEMENT PARTS
REIMBURSEMENT ON TIE ROD END REPLACEMENT.
RESEARCH
Customer had Left tie rod end replaced at an IRF Rudy s Auto Inc on 12/02/13 at 71872 miles. Customer then had a second repair done at Penny s Auto Chassis on 12/20/13 and had 2 tie rod ends replaced.
Agent will need to verifiy if the left tie rod was a Mopar recall to justify both replacement reimbursement.
If not mopar the first repair, Customer is only entitled for first left

tie rod, and the second right side.
IRF CONTACT [redacted] s [redacted] Agent called and advised that [redacted] was out and will be back on Monday. Richard stated that he is pretty sure that they were mopar parts that were used. Agent will need to get mopar part invoice.
Customer Document Reviewed.
Agent will follow up with the IRF.
IRF CONTACT [redacted] s [redacted]. Spoke with [redacted] was unsure whether the Part was a Mopar Part. Rudy states that he will follow up with the CP to get the parts information and advised that he will call back Monday or advised Agent to follow up on Monday.
IRF CONTACT [redacted] s [redacted] advised to call back in 10 minutes.
IRF CONTACT [redacted] s [redacted] was unavailable.
IRF CONTACT [redacted] s [redacted] was unavailable.
IRF CONTACT [redacted] s [redacted]. [redacted] was unable to Confirm the wether the Parts were Mopar or not.
[redacted] did confirm that the work was done there and was paid.
Amount for reimbursment is over Agents Limit - Reassigned to 86H.
Agent will research about the parts. If first one was a Mopar part custome is entitled to both if not a mopar part, customer is entitled to first left one and the right one.
IRF CONTACT PENNY S- Agent called and spoke to [redacted] who stated the customer came in because his front end had play and his tires were wearing and wanted it to be looked at. [redacted] stated that the drag link needed to replaced and there was damage to the tie rod needs as well and they needed to be replaced.
Due to the recall having the tie rod ends breaking due to the Mopar steering linkage being defective, it caused the tie rods to be replaced twice.
NOTE: [redacted] stated that they replaced the center drag link. Agent asked why they put tie rods on as well. [redacted] stated they did what they needed to do.
Agent googled the part numbers on invoice:
68039726AC- Center Link Drag link
68036940AD- Center Link- no Tie rod end
Agent confirmed on http://www.autopartsmopar.com that the parts at Penny s were not Tie rod ends and are not included in this recall.
Customer entitled to
Rudy s -$ 289.29
Alignment at Penny s- $109.00
Tax: 8.79%- 9.58 - alignment only
total: 407.87
Correction to line 59- [redacted] stated that they replaced the drag link and did the work they needed too.
CUSTOMER CONTACT [redacted]: Agent attempted to call the customer, No answer unable to leave message.
CUSTOMER CONTACT [redacted]: Agent attempted to call the customer, no answer left message wishing a call back.

Good Afternoon[redacted]
My name is Jenna your case manager. I have reviewed your file for your reimbursement request.
I would like to discuss the reimbursement with you. Please contact me directly at 855-675-9291 ext 4718558.
Thanks
Jenna.
End of Status Update
CUSTOMER UPDATE: Customer called agent back stating that he has been very busy. Agent stated to the customer that she wanted to discuss the reimbursement to ensure that we are on the same page. Agent stated she is able to do the reimbursement for Rudys and the alignment. Customer stated the drag link needed to be done because of the tie rods. Agent stated that she is not sure if she would be able to put that through as it is a few days later and at a different location, as well as that is not what was said to them. Customer stated that is fine. Customer confirmed the amount of 407.87 was okay. AGent confirmed the mailing address. Agent stated she would send the reimbursement check today and it should arrive in 7-10 business days. Customer thankful.

[redacted] s best contact number[redacted]
Briefly summarize why the customer is contacting Chrysler:[redacted]
states on 05-26-2013 he had the left Tie rod replaced and at that time Chrysler would not replace his tires due to the tie rod. (See CAIR 23397086) Mr. Wilson states that the tie rod has broken and his tire is flat. Mr. Wilson states he just got home, as he is a truck driver and his wife gave him the recall N49 Left tie rod. [redacted] is wanting his vehicle fixed and would like Chrysler to cover the cost of towing.
Briefly summarize what the customer is expecting: Recall N49
Agent advised [redacted] that further research is needed to see what can be done for him at this time as the part is not available for the N49 recall.
[redacted] asked about transportation until his vehicle is fixed. Agent advised [redacted] that rentals are not provided for recalls and it is up to the customer to get their vehicle to the dealership, and that Chrysler will not pay for the towing.
Agent provided [redacted] with the CAIR# and call back number and advised that agent is emailing TL for assistance with further research into this matter.
After hanging up from customer Agent discovered that the customer had the L16 Left Tie Rod End recall repaired 04-26-2013.
Agent advised Mr.[redacted] of the two different recalls for the tie rod ion his vehicle and he needs to have the dealership look at this vehicle to see if the issue falls under either recall. [redacted] asked about his tire as it is now flat due to the tie rod breaking. Agent advised that there needs to be a diagnosis. Agent went to transfer [redacted] to the dealership to make an appointment, but the line dropped. Agent called Mr. [redacted] back and got the voice mail. Agent left the name and phone number to the dealership.
Reassigned to JT962, for survey by-pass, no diagnosis.

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Reimbursement	already had left tie rod replaced
Corporate - Survey By-Pass - No Documentation - Default - Default	

Briefly summarize why the customer is contacting Chrysler: Rebecca stated that she received the N62 recall notice. Customer stated that the left tie rod was already replaced.
Briefly summarize what the customer is expecting: Customer is seeking reimbursement. Customer requested a document request link.
Writer advised the customer to include:
Address
Vehicle owner name (if different)
Vehicle owner address (if different)
Day and evening phone numbers
Vehicle Identification Number (VIN)
Current vehicle mileage and mileage at time issue began
Name of dealership where vehicle was purchased / serviced
Date of purchase / service
Description of the concern
The requested action
Original Repair Order and original proof of payment
Writer advised the customer to please allow 60 days for processing.
Reassigned to 86Y
****** Below Customer Contacted for Documentation Request ******
[redacted] on 2013-12-21 @ 10:12
******
Writer located the recall N62 is attached to this vehicle.
N62 LEFT OUTER TIE ROD ASSEMBLY SAFETY 12/13/2013 INCOMPLETE
******
Writer located information for the N62 - Answer Connect ID: 24057
Subject:
A Mopar service parts steering linkage may have been installed on some of the 705,000 of the above vehicles during a prior service appointment. The left tie rod ball stud on the Mopar service parts steering linkage may fracture under certain driving conditions. This could cause a loss of directional control and/or a crash without warning.
Repair:
The steering linkage assembly must be inspected and replaced if required.
******
Writer located the H46 recall to be completed.
Writer searched claims the part had been inspected as per the recall showing no replacement had been completed.
******
Writer will wait for the documents to arrive.
******
Writer did not locate documents.

Writer did not locate documents.
Writer will contact the customer to advise the cair will be closed in two days.
Status update provided via email to the following email address:
[redacted]
Hello
This message is for Rebecca Lambruschi from Debbie of Chrysler. I have been waiting for documents to arrive for a repair completed on the 2007 Ram. I will be closing the file in two days time. The file will be re opened for review once the documents arrive. My contact number 855-675-9291, extension 4718492, please refer to file number [redacted].
Thank You
End of Status Update
******
Begin Customer Message reviewed:
Thiis is something different that is wrong with the truck I was told. We replace the ball joints front and back. So I will take it in for the recall. Thank You for getting back with me.
End of Reviewed Customer message
******
Writer will reassign to the TL for the addition of a survey by pass as the customer is not sending in documents.
by pass added.

Recall - N49: LEFT TIE ROD - Information Request	tie rod end

Briefly summarize why the customer is contacting Chrysler: Customer contacted stating he recieved a letter for the left tie rod recall.
Customer stated he had recieved a letter before about the same issue.
Customer stated he called a dealership that he previously purchased a chassi cab from and they told him that they did not have a lift to accomidate the vehicle, and that the parts wont be ready for 2 weeks.
Briefly summarize what the customer is expecting: Customer seeking a dealership that can do the recall.
Agent advised the customer of the difference between the two recalls.
Agent contacted the dealership Route 18 Chrysler Jeep Dodge Ram and asked about the lifts and they said they did not have any. Agent provided customer with another dealership with a chassi lift and he said he would give them a call.

Recall - H46: STEERING LINKAGE - Information Request	Customer was inquiring about the recall.
Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Information Request	Customer was inquiring about the recall.

Briefly summarize why the customer is contacting Chrysler: Customer contacted Chrysler regarding the N49 recall. Agent was verifying the customer s information and when asked to verify his address he said no the PO Box was good enough. The customer also would not supply a phone # and did his own service work on his vehicle. Customer also said he has the vehicle in storage because he rarely drives it. Agent advised the customer that he also has a H46 recall. Customer said he called a DLR about that and stated he thought it was done. DLR told him to look underneath and described what to look for. Customer said that was replaced. Agent informed the customer that recalls must be completed at a certified Chrysler DLR. Agent gave the customer 2 DLR s in his area. Briefly summarize what the customer is expecting: Customer was inquiring on his N49 recall.

Recall - N49: LEFT TIE ROD - Information Request	possible reimbursement for recall

****** Below Customer Contacted for Documentation Request ******
[redacted] on 2013-12-21 @ 14:45
Briefly summarize why the customer is contacting Chrysler: Customer stated that he had the N49 recall fixed at NEWBERG DODGE and is looking for reimbursement. Customer stated that the trouble started with at ticking noise, and resulted with the ball joints needing to be replaced as well.
Agent referred to Answer ID 17420 and advised customer of the proper documents that need to be sent in.
Agent provided the fax number , and the email documentation link as requested.
Customer stated that this is the third RAM he owns and is very pleased with all of his trucks.
Briefly summarize what the customer is expecting: Reimbursement for recall N49.
Customer has submitted documentation by fax. As per process writer is assigning to 86Y for further review.
POSTMARK DATE: 122613; DATE RECEIVED: 122613
Agent reviewed documents submitted by customer and found customer had tie rod along with other repairs completed at NEWBERG DODGE JEEP CHRYSLER, INC but did not submit proof of payment.
Agent called NEWBERG DODGE JEEP CHRYSLER and spoke with SM Terry Bryan about the customer s invoice. Terry states the customer was at the dealer recently and that he advised the customer that an inspection would be required to close the recall to determine if any more parts need to be replaced at this time. Terry states the customer paid the invoice in full at the time of the repair. Agent confirmed customer s address matches COIN.
Customer submitted request for reimbursement for recall N49 - LEFT TIE ROD.
Recall applies to customer s vehicle: N49
Customer s proof of payment is: confirmed with dealer as customer paid
Date of Repair: 11/01/2012
Invoice #: 95877
Labor $ 99.00

Parts $ 114.71
Misc. Charges $ 69.95 (alignment)
Tax $ 0.00
Total $ 283.66
Writer is submitting check for approval in the amount of $ 283.66
Agent called NEWBERG DODGE JEEP CHRYSLER and spoke with SM Terry Bryan about the customer s repairs. Terry states the ball joint repairs were not due to the tie rods needing to be replaced because the tie rods had not fallen off of the vehicle and the customer brought the vehicle into the dealer because of the noise.
Agent called customer and advised him of the reimbursement amount and the SM s opinion of the tie rod replacement not being related to the ball joint replacement. Customer understood and was satisfied. Agent confirmed the customer s mailing address is correct.
APPROVED
CLOSED LOOP
Customer called that he was not happy with not being paid for the Ball Joints that needed to be replaced. Customer also advised that he is very unhappy with Newberg Dodge Jeep as a Dealership and will not be returning to them. Customer advised that he only had the left tie rod replaced and the recall says he is to have both the right and left replaced. Customer has paperwork that states just the left was replaced. Customer is going to go to a different Dealership and have them confirm that the right was not replaced and have that done as part of the recall.

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY -	Customer competed recall out of pocket

Briefly summarize why the customer is contacting Chrysler: Customer is seeking reimbursment for the n62 recall. Customer states that he completed the work himself. Writer told the customer that he can mail in a submission for reimbursment. Writer provided information as per answer id: 17420.
POSTMARK DATE: 122313; DATE RECEIVED: 122713
Documents attached for review.
CUSTOMER CONTACT: Agent called the customer and explained that the recall is a MOPAR replacement recall. Customer stated he does use mopar parts. Agent stated the recall doesn t apply to his vehicle since he replaced factory parts. Customer stated he doesn t understand how it still doesn t apply. Agent explained several times to the customer that it is not on the factory components and if sometime durning the life time of the vehicle if MOPAR replacement parts were installed and it failed causing damage to tie rods then he would. Customer stated he doesn t want to dealership to touch his truck. Agent stated they most likely will not replace any parts on his vehicle but it still needs to be inspected and verified.
customer stated he also has a lift kit on his truck.

Recall - N49: LEFT TIE ROD -	Customer wants rental
Corporate - Reimbursement - Default - Default - Default	
Corporate - Rental Vehicle - Default - Default - Default	
Product - Steering - Unknown - Misaligned - Default	

Briefly summarize why the customer is contacting Chrysler: Customer stated that due to the vehicle having the tie rod recall N49 customer would be unable to drive home. Customer states that they have been having issues with the stability of the vehicle and if the vehicle s tie rod does break they would be driving over a montian pass and would like to request a rental. Writer was unable to contact SM. Writer stated that the customer would be contacted by the end of 1 business day. Customer stated that the vehicle will be left at the DLR 42081.
Briefly summarize what the customer is expecting: Customer wants to have a rental vehicle until the recall can be completed.
Customer was advised that due to the nature of their rental request a call back is required and will take place by close of business today.
Preferred Morning/Midday call back number is [redacted]
Preferred Afternoon/Evening call back number is [redacted]
Customer email address for case updates: [redacted]
Reassigned to 86R
Escalation Override approved by jr1305Ù. Relatively low mileage, customer has owner 3 vehicles . Dealership has gone on record stating that the are unable to provide rental.
DEALER CONTACT:Writer called 42081 at [redacted] and spoke with Maria in service who advised that there is no record of vehicle being at dealer currently.
CUSTOMER CONTACT:Writer called customer at [redacted] and VM message left requesting call back to writer at 877-759-5427 Ext.4718150.
Customer called in seeking to speak to Lori. Agent called over to Lori and got her VM. Agent asked if the customer would like to leave a message. Customer left a message on VM.
CUSTOMER VOICE MESSAGE:Customer left VM for writer advising that her vehicle is not at dealer 42081 as it is 85 miles from her home and she could not get a rental vehicle, therefore she drove vehicle home and it is parked until she can confirm a rental vehicle will be provided and take it to a dealer to have the recall completed.
CUSTOMER CONTACT:Writer called customer at [redacted] and VM message

left advising writer was returning call and requested customer call back.
CUSTOMER CONTACT:Writer called customer at [redacted] and VM message left requesting call back to writer at 877-759-5427 Ext.4718150.
CUSTOMER CONTACT:Writer called customer at [redacted] and VM message left requested call back to writer.
Customer calls to speak with their Case Manager.
Transferred the customer to LP717 at 877-759-5427 ext 4718150
-
Outbound call to 1[redacted] and writer left a message for customer MRS [redacted] Writer advised customer that LP717 would not be in the office until 1/2/2014. Writer provided her contact information of 1-877-759-5427 EXT#4718150.
-
Follow up to customer required on 1/2/2014.
-
CUSTOMER CONTACT:Writer called customer at [redacted] and VM message left requesting customer call writer back or leave VM for writer advising of dealer prefers to work with and then writer will assist further with determining part availability and assistance in arranging appt. to have recall completed.
CUSTOMER CONTACT:Writer called customer at [redacted] and VM message left requesting call back to writer as per lines 50-53 above.
Customer calls to speak with their Case Manager.
Transferred the customer to LP717 at 877-759-5427 ext 4718150
Customer states she has made several attempts to be contacted by her CM
Customer states she does not feel safe driving the vehicle and is no aware that the parts will not be available until Feb
Customer states she is having alignment issues, and worn tires
Agent advised customer we would be happy to leave a VM for the CM if not able to get her on the line and make the callback request with the appropriate call back number [redacted]
Agent contacted CM LP717 at 877-759-5427 ext 4718150 and left a VM on customer s behalf, requesting a call back
Agent provided Case # and best contact number
Agent advised customer that if the call back is not received by the end of business tomorrow to give us a call back and we will try and provide further information from another CM if necessary
Customer understood
CUSTOMER VOICE MESSAGE:Customer left VM for writer requesting call back to [redacted]
CUSTOMER CONTACT:Writer called customer at [redacted] and spoke with Ms.[redacted] who advised that 10,000 miles ago she had a front alignment and replaced front passenger side tire on her vehicle and again alignment seems incorrect and both front tires are worn. Customer feels that this concern may be related to M49 recall tie rod concern and is aware that parts are not currently available for the recall. Writer recommended vehicle should be diagnosed at dealer and customer identified dealer 42081. Writer conferenced call to dealer 42081 and SA Darrell assisted in arranging appointment for 1/9/13.
CUSTOMER CONTACT:Writer called customer at [redacted] and advised that writer would be working with the dealer and customer to address repair need for vehicle. Writer provided direct contact number of 877-759-5427 Ext.4718150 to customer.
CUSTOMER IN BOUND CALL:Customer called and advised writer that she is currently at the dealer and that vehicle dealer did have part available to complete the M49 recall and that both front tires are needing to be replaced on the vehicle and dealer has had to order them from another location as they did not have in stock and that dealer is still needing to put vehicle on alignment machine and will be keeping vehicle overnight. Customer is inquiring about obtaining a rental vehicle and writer advised would contact SA Darrell for more information regarding vehicle repair and rental assistance and would be back in contact with customer.
DEALER CONTACT:Writer called dealer 42081 at 805-656-6669 and spoke with SA Darrell who confirmed that M49 recall part was available at dealer and will be completed on customer vehicle. SA Darrell also advised that 2 front tires need replacement and has ordered from another facility and should arrive later today at dealer and then vehicle will need to be aligned. Writer advised that customer is seeking rental and SA Darrell advised that vehicle repair may be done late today depending on tire

arrival, but would likely be tomorrow morning. Writer advised would authorize 1 day of rental assistance and provided R/A#24344879 to SA Darrell who advised would arrange rental reservation with Hertz. SA Darrell advised that cost of 2 front tires is $356.00 and he cannot conclusively state that the wear is totally a result of the tie rod recall issue.
CUSTOMER CONTACT:Writer called customer at [redacted] and advised of 1 day rental assistance and customer advised that her husband has gone with SA Darrell to obtain rental from Hertz. Writer advised would be back in contact with customer on 1/13/14 to confirm that customer has no outstanding concerns.
Customer goodwill being offered:RENTAL
In-Service Date:11/17/2012
Original Owner: YES
Mileage:20000
Vehicle purchase Loyalty: 2 NEW 1 USED
Multiple Repairs/ Previous related repairs: YES
Dealer Goodwill Opinion: SUPPORTS 1 DAY OF RENTAL
MVP plans: NO
Other related information:N/A
Customer calling for Case manager Lorrie. Customer wanted to leave message for Case manager. Agent transferred customer over to LP717 voice machine.
CUSTOMER VOICE MESSAGE:Customer left VM for writer advising that she has been advised by dealer that her vehicle will be ready for pick up around 10:00 am PST and that has been advised that front tire wear is a result of the alignment and tie rod issue and customer is seeking cost assistance for the front tire replacement. Customer requested call back to [redacted].
Customer called in to speak to CM. Agent warm transferred to CM s extension
CUSTOMER CONTACT:Writer called customer at [redacted] and VM message requesting call back to writer.
CUSTOMER CONTACT:Writer called customer at [redacted] and customer advised that they just picked up the vehicle from the dealer. Writer advised that would send document link via email for submission of documents for reimbursement consideration for front tire cost and once documents have been received will be back in contact with customer.
****** Below Customer Contacted for Documentation Request ******
[redacted] on 2014-01-10 @ 15:11
Writer reviewed file an no documents have been received.
***** Customer Document Received *****
DEALER CONTACT:Writer called dealer 41198 at [redacted] and spoke with SA Tony regarding customer report that had alignment and front passenger tire replaced at 10,000 miles. SA Tony advised that front end alignment and passenger tire were replaced at dealer on 8/8/2013 at 15,400 miles and customer was not charged for the front end alignment. SA Tony advised that no manufacture defect was seen to cause alignment issue and that customer lives in rural area and is involved with horses, therefore road conditions may have contributed to alignment concern.
DEALER CONTACT:Writer called dealer 42081 at 805-656-6669 and spoke with SA Darrell who advised that he cannot conclusively say that the alignment and tire wear concerns on customer vehicle were related to the tie rod recall. However, SA Darrell advised that given the previous alignment issue and tire wear customer has experienced that in his opinion would support perhaps paying half of the tire cost in an effort of customer satisfaction.
Customer has submitted request for goodwill, for replacement of front tires, thus resulting in having to pay out of pocket. Writer is suggesting reimbursement of 50% as a goodwill gesture per customer satisfaction.
Customer s proof of payment is: COPY OF RECEIPT FROM DEALER SUPPORTS PAID BY VISA
Date of Repair: 1/9/14
Invoice #: 609641
In-Service Date: 11/17/2012
Original Owner: YES

Corporate - Product Information - Default - Default - Default	Cold Weather Package on truck
Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Information Request	recall confirmation on the truck

Briefly summarize why the customer is contacting Chrysler:
Customer asked for confirmation on the recall he saw on the internet. Agent confirmed that the N62 recall is open and needs to be completed on the truck. Agent referred to Answer ID 24057 and advised the customer that an official recall letter is being sent out to all affected RAM owners.
Customer asked if the truck was ordered with a Cold Weather Package. Agent referred to the sales codes; the sales codes did not show a Cold Weather Package.
Customer asked if he could get the recall done, without the recall letter. Agent advised customer that the dealership would have the exact recall information Chrysler/RAM has showing under the VIN.
Briefly summarize what the customer is expecting: Recall information.

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Information Request	advised customer of recall information

Briefly summarize why the customer is contacting Chrysler:
Customer is calling and wanting information about the recall on his vehicle for N62 LEFT OUTER TIE ROD ASSEMBLY . Customer is stating that he received his letter and it is stating that he has to wait until January 6th to contact the dealership in regards to this recall . Customer is very upset about having to wait until Jan 6th . Customer is stating that he has to use his vehicle to pull a big load and is now concerned about driving his vehicle inregards to this issue . Agent apologized and advised customer that he will have to work with the dealership to get on a waiting list to get the parts ordered to complete this recall . Customer is not happy and feels that this is a big safety concern and feels that chrysler should pay for a rental vehicle because of this . Agent apologized and advised the customer that a rental vehicle would be a out of pocket expense for the customer .
Briefly summarize what the customer is expecting:

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Reimbursement	Customer states the recall was completed earlier this year.

Briefly summarize why the customer is contacting Chrysler: Customer contacted Chrysler stating he received a recall letter for the N62. Customer stated that this was repaired earlier this year. Agent stated that in his letter was the address to send in his receipts for a reimbursement.
Briefly summarize what the customer is expecting: Customer stated he had this work done for the N62 recall.
POSTMARK DATE: 010314; DATE RECEIVED: 011014
Documents attached for review.
Agent reviewed documents submitted by customer and found customer had repairs completed at BILLION DODGE-CHRYSLER JEEP and had the H46 recall completed in 2010 and no parts were replaced at that time.
Agent called customer and left a message asking that the customer contact CAC to discuss the request.
****

Next agent please advise customer that the documentation has been reviewed and unless they have documentation showing there was a second repair completed on the steering linkage components listed in recall N62, then the repair is not related to the recall because they were not Mopar parts that were replaced and Chrysler is not willing to reimburse the customer for the cost of the repairs at this time.
Customer called stating that the parts were replaced at the Chrysler Dealership in Billings, MT.
Agent advised customer that she could see that he had the steering Linkage done and tried finding information from VIP to see if he had the tie rods done in MT as well.
Agent also advised customer that he would need to get the inspection done on the N62 recall to make sure that he has the correct parts.
Agent advised customer that she would ask them to review to review the letter because customer believes that it was done at the Chrysler Dealership in Billings, Mt.
Agent called customer and advised that the repairs don t qualify for reimbursement and that the parts installed on the vehicle may need to be replaced due to the N62 recall. Customer understood and states they will contact a Chrysler dealer to have the recall performed.
Customer seeking information on the recall. Customer had the dealership inspected vehicle and dealership states that the vehicle does need to complete recall. Customer just wanted to verify recall and make sure he was doing the right thing and that the dealership is doing the right thing. Agent confirmed to customer that the dealership is correct in

wanting to complete recall as the parts used from previous repair are the parts that are a concern and relate to the recall.

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Reimbursement	requesting reimbursment.

****** Below Customer Contacted for Documentation Request ******
[redacted] on 2013-12-21 @ 16:27
Briefly summarize why the customer is contacting Chrysler: Customer called in because he just received the recall notice. Customer stated that he has had this repair done on his vehicle already. Customer stated that he paid cash for the repair and it was very expensive. Customer stated that he was told by the dealership that he could try to submit for reimbursement. Writer advised customer that he can try. Writer sent the customer a documentation link with the needed information as well as the mailing address. Customer stated that if he needs another copy of his repair order would the dealership have one. Writer advised customer that the dealership can pull up the repair order in their system. Customer stated that he has the receipt but doesn t know if he has the receipt. Writer advised customer that he needs both before he sends anything in. Customer understood.
Briefly summarize what the customer is expecting: reimbursement for the repair he had done that is not a recall.
Reassigned to 86Y.

Recall - N49: LEFT TIE ROD - Information Request	Customer calling for information on driving conditions in terms of recall
Corporate - Survey By-Pass - No Diagnosis - Default - Default	

Briefly summarize why the customer is contacting Chrysler:Customer received notice for recall N49 and letter says to contact dealership on January 6, 2014. Customer wondering what are the 'certain driving conditions' the notice refers to.
-
Agent summarized the notice and advised there are no reports of anything untoward occurring with respect to the N49 recall and that Chrysler simply wants to make perfectly safe vehicle which is why Chrysler issued the recall. Customer is satisfied with the agent s response and says she will contact a dealership to make an appointment after coming back from her trip.
Briefly summarize what the customer is expecting:Customer understands she is reasonably safe driving vehicle even though there is a recall on it and will make an appointment for recall work after her trip.
Reassigning to LB546 for survey bypass.

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Reimbursement	LEFT OUTER TIE ROD ASSEMBLY
Product - Suspension - Tie Rods / Drag Link - Broken - Unknown	tie rod broke and vehicle was repaired at IRF

****** Below Customer Contacted for Documentation Request ******
[redacted] on 2013-12-21 @ 18:57
Briefly summarize why the customer is contacting Chrysler:
Customer called to ask if his vehicle is included in recall N62 as he had his tie rod break November 16 roughly, and had all tie rods replaced at an IRF. Agent advised his VIN is included in the recall and he should be recieving his notice in the mail soon.
Customer asked about getting reimbursed for the work done and the towing as he had to have his vehicle towed due to the tie rod breaking.
As per AC Answer ID 17420 agent advised the customer to send original documentation (repair order and proof of payment).
Agent asked that he please include the following information (where applicable) so we can respond to your issue promptly:
Address
Vehicle owner name (if different)
Vehicle owner address (if different)
Day and evening phone numbers
Vehicle Identification Number (VIN)
Current vehicle mileage and mileage at time issue began
Name of dealership where vehicle was purchased / serviced
Date of purchase / service
Description of the concern
The requested action
Original Repair Order and original proof of payment*
-
-
Agent sent customer document request link to speed up the process.
Briefly summarize what the customer is expecting:
Customer is seeking reimbursement for repairs that a recall was issued for after the repair was completed.
Agent also explained that in order to not get reminder notices, he should take his vehicle to his local RAM dealership to inspect his vehicle and input that the recall was completed.
Waiting on documentation.
Writer will contact customer on 12/30/13 for documentation request and to inform that case will be closed in 2 days.
Status update provided via email to the following email address:

My name is Barb and I have been assigned as your Case Manager. Your case

number is [redacted]. My contact information is 1-855-675-9291 ext 4718296.
No documentation has been received as of today. Your case will be closed in 2 days, however, a new case will be created once documentation is received. Our fax number is 877-768-5076. Please write the above case number on all pages submitted by fax. Original invoice and proof of payment are required. Proof of payment consists of credit card receipt, front and back of cancelled check or sales receipt if paid by cash.
Thank You
End of Status Update
Briefly summarize why the customer is contacting Chrysler: Customer wants to know about the recall for the tie rod. Customer states that the repair has been done by an IRF for the tie rods. Customer is looking to be reimbursed for the repair.
Briefly summarize what the customer is expecting: Customer expects to be reimbursed for the repair.
Agent advised that the dealership will have to diagnose the vehicle first to make sure that the recall has been completed properly and if it was not then the dealership would do the recall on the vehicle. Agent advised that the case was sent up for review for reimbursement but we are waiting on documentation from the customer.
INBOUND CALL FROM CUSTOMER: Writer received voice mail message on 12/31/13 at 1:55 PM requesting a call back at [redacted]6.
OUTBOUND CALL TO CUSTOMER: [redacted] Writer explained to customer that the N62 recall is for a mopar service part installed on the previous repair. Writer advised that the recall is not on the original equipment installed at the time of manufacture. Customer states that he had the repairs completed at an IRF and does not know if there were mopar or after market parts. Writer advised again the the recall is on Mopar service parts. Writer advised customer that N62 still shows as an open recall. Contact dealership to have inspected and/or corrective action taken at no charge. Writer advised that at this time case will be closed. Customer understood.

Recall - N49: LEFT TIE ROD -	Wishes to have recall completed before deployment to San Antonio, TX
Recall - N40: REPROGRAM POWERTRAIN CONTROL MODULE - Advise Owner/Incomplete Recall	

Briefly summarize why the customer is contacting Chrysler:
Customer states he received letter for recall N49 and wishes to have it completed before he has to drive to his military deployment in San Antonio, Texas and does not want to drive with a potentially faulty tie rod.
Customer also has many other issues with vehicle which include faulty A/C adaptor, faulty exterior mirror turn signals, wet and stained headliner and wet back seats.
Customer is willing to bring vehicle to nearest dealer to have all issues looked after on Monday.
Customer requested location of nearest dealer.
Agent searched ramtrucks.com and gave customer contact information for dealer 42414.
Agent also informed customer of open recall n40 and that recall can be completed at any CJDR dealer at Chrysler s expense.
Briefly summarize what the customer is expecting:
Agent informed customer he is a part of ECS program as of 12/21/13 and told customer his case will be escalated to ECS department and they will be in contact with him and dealer to try and solve customer s various issues.

Recall - N49: LEFT TIE ROD - Information Request	recall information
Corporate - CNA Change - Default - Default - Default	updated address and phone number
Product - Unknown - Unknown - Buzz, Squeak, Rattle - Default	vehicle is shaking badly

Briefly summarize why the customer is contacting Chrysler: Customer called stating he got a letter for a tie rod recall on his vehicle. Agent updated the address and phone number on file. Agent advised the recall will be to replace the tie rod assembly but he cannot contact the dealership until January 6 2014. Customer states he will contact a dealership then.
Briefly summarize what the customer is expecting: Recall information Customer states they are outside the dealer. Customer states their truck was shaking a lot before they went to the dealership today for the recall. Customer would like to know if an alignment would be covered. Agent advised customer that the recall only covers recalled parts and nothing else. Customer asked if they had warranty for an oil change. Agent advised that oil changes are maintenance not warranty items. Customer seeking rental. Agent advised the recall does not include a rental. Agent advised it is supposed to take an hour to complete. Customer asked if it takes longer would it be covered, agent advised that would have to be assessed once it is diagnosed.

Recall - N49: LEFT TIE ROD - Other	customer states no dealer has the parts
Product - Suspension - Tie Rods / Drag Link - Broken - Unknown	customer states tire rods broken

Briefly summarize why the customer is contacting Chrysler: Customer states he received a recall notice in the mail. Customer states the recall part is already broken and making noise.Customer states he contacted the dealership and they wont have the parts in until mid January. Customer states he called other dealerships as well and no one will have the part due to it being on backorder. Customer states he wants to go to the first shop that would do the repairs for him.
Briefly summarize what the customer is expecting: Customer seeking if he buys after market parts if Dodge would pay for it. Customer seeking if repairs done somewhere else if Dodge would reimburse him. Customer seeking towing assistance.
Agent advised customer the repairs should be done at a Chrysler dealership. Agent advised customer of roadside assistance number 8005212779. Agent offered to transfer customer . Customer declined.

Recall - N49: LEFT TIE ROD - Information Request

Briefly summarize why the customer is contacting Chrysler: Customer called because the left tie rod broke on his vehicle and had to be repaired at his local dealer. Customer stated he had the repair done and was told he would have to pay for the repair, customer stated the following morning he got the N49 recall letter. Customer stated he wants to be reimbursed for the repairs and called the dealer this morning. Agent called the dealer and spoke to SA Paul, agent confirmed the repairs done on the vehicle and that the dealer is going to reimburse the customer for the repair as it should have been done under the recall. Agent advised customer of the information from SA Paul. Agent advised customer that the repairs for the recall called for both tie rods to be replaced so the right tie rod should still be replaced under the recall on or after 01/06/2014.
**
Briefly summarize what the customer is expecting: reimbursement

Recall - E17: OUT-OF-PARK ALARM SYSTEM - Advise Owner/Incomplete Recall	Advised recall is on the vehicle
Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Reimbursement	Customer stated that they had recall completed at IRF
Referral - Dealer Call Transfer Pilot - Default - Default - Default	Transferred to DLR 44686

Briefly summarize why the customer is contacting Chrysler: Customer wanted to have cost or repair reimbursed for the N62 recall. Writer provided customer with Chrysler Recall Assistance Center P. O. Box 21-8007 Auburn Hills, MI 48321-8007 and stated that the customer must provide Address, Vehicle owner name (if different), Vehicle owner address (if different), Day and evening phone numbers, Vehicle Identification Number (VIN), Current vehicle mileage and mileage at time issue began, Name of dealership where vehicle was purchased / serviced, Date of purchase / service, Description of the concern, The requested action, Original Repair Order and original proof of payment. Writer advised customer of incomplete recall E17 was on the vehicle and offered to transfer customer to DLR 44686 to schedule an appointment customer accepted. Writer transferred customer to SA Ann.
Briefly summarize what the customer is expecting: Customer wants to be reimbursed for the recall completed. Customer changed phone number to [redacted] and added secondary phone number [redacted] also added [redacted].
Customer calls seeking recall information. Advised the customer of incomplete recall E17 for this vehicle. Customer was advised to contact a Chrysler, Dodge, or Jeep dealer to schedule an appointment to complete recall repair.
POSTMARK DATE: 122413; DATE RECEIVED: 011014
Documents attached for review.
Agent reviewed documents submitted by customer and found customer had repairs completed at an IRF and recall H46 was completed in 2009 and no parts were replaced at that time.
Agent called customer and left a message asking that the customer contact CAC to discuss the request.
****

Next agent please advise customer that the documentation has been reviewed and unless they have documentation showing there was a second repair completed on the steering linkage components listed in recall N62, then the repair is not related to the recall because they were not Mopar parts that were replaced and Chrysler is not willing to reimburse the customer for the cost of the repairs at this time.
Customer was returning previous Agents call.
Agent has informed the customer of lines 30-35 about being denied any reimbursement.
Customer was very upset that he was not being reimbursed.
Agent told him that if they had been replaced with Mopar Parts then there would of been a reimbursement.
Customer was not happy with this said that this was not a recall when it did break, this happened before the recall came out.

Agent once again told the customer that all recalls need to be replaced with Mopar Parts.
Customer also wanted Chrysler to know that they will be losing a very good customer.

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Other	Customer called due to recall letter
Recall - H46: STEERING LINKAGE - Other	Customer called seeking information about recall

Briefly summarize why the customer is contacting Chrysler: Customer called due to the recall letter the customer received this morning.
Briefly summarize what the customer is expecting: Customer seeking information about the recall letter the customer received in the mail, customer is requesting to know if they replace the tie rod are they going to do a front end alignment. Agent then advised the customer of the recall on the steering linkage, agent then tried to call the dealership service department but there was no answer. Customer requested that if the agent could call the dlr and call the customer back before the end of the day with information. Agent agreed.
Agent called the dealer and spoke with Candy in service and advised that the front end alignment is not part of the recall, agent advised the customer that the alignment would be out of the customer s pocket.

Recall - N49: LEFT TIE ROD -	LEFT TIE ROD
Product - Suspension - Unknown - Other - Rear	front end shakes while hauling a load

Briefly summarize why the customer is contacting Chrysler: Margaret called stating she had the vehicle repaired at an IRF but she just recieved a notice for the tie rod and is feeling wobble in the front end.
Briefly summarize what the customer is expecting: Cusotmer wanted to know if the recall was already completed.
Agent advised the cusotmer there was an open recall for the tie rod but if the IRF had replaced the part then that part would not be covered under the recall at this time. if she paid for the recall part then she could apply for reimbursement for parts only. Agent advised the customer to find out if the part was repaired by her IRF for sure before sending for reimbursement.

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Information Request	customer was asking about his recall parts

Briefly summarize why the customer is contacting Chrysler:Customer was contracting Chrysler because he got a letter on a recall on his vehicle, the N62. Customer states that his vehicle broke on Saturday. Customer also states that his dealership is informed about the situation and the customer bought the part but the dealership said that they could not do anything until after January 6th. Agent asked customer if he wanted us to call his current dealership to see if they will do anything to pick up the vehicle and put the part in his truck. Customer states he will call us back.
Briefly summarize what the customer is expecting: Customer was expecting chrysler to try and to see what we could do with the N62 recall

Recall - J35: REPROGRAM ECM - REGENERATION STRATEGY - Advise Owner/Incomplete Recall	Agent advises customer of Open recall
Product - Suspension - Tie Rods / Drag Link - Broken - Unknown	Customer seeks repair for broken tie rod under warranty
Recall - N62: LEFT OUTER TIE ROD ASSEMBLY -	Customer seeks repair of right outer tie rod under recall

Briefly summarize why the customer is contacting Chrysler: Customer states he pulled into his work parking lot and the passenger side tie rod was broken and handing down. Customer states he heard about a tie rod recall on his vehicle and wondered if Chrysler would cover that under the recall.
Briefly summarize what the customer is expecting: Customer seeks information on the recall and whether or not his repair would be covered. Agent states the vehicle would have to be diagnosed and deemed to be due to the recall for any cost assistance from Chrysler.
Customer states if this is not due to the recall then he would have his mechanic do the work.
Agent states I will contact the dealership you would like to work with and speak with someone regarding your issues. Agent calls 425-336-0731 Spoke with service advisor Frank. Service advisor informs the recall parts are not available at this time. Agent asks if right tie rod broke would that be related to the left one. Service advisor states no.
Agent states to customer that if it is the right side broken it is not due to the left side recall, however if his mechanic deems the repair to be due to the recall he can call us back with this CAIR #. Agent states the parts for the left tie rod are not available and his patients are greatly appreciated. Once the parts are available he can get into any Chrysler dealership and have the recall completed. Agent states you have 2 open recalls J35 and N62. Customer states he will get in touch with the dealership himself to have the recalls done.
As you advised the customer the right tie rod is not related to the left tie rod recall, the customer was declined GW. Please disposition and close CAIR. Reassigning to SB1513

Recall - N49: LEFT TIE ROD - Information Request	Advised what is needed to repair the recall.

Briefly summarize why the customer is contacting Chrysler: Customer contacted Ram about the N49 recall on his vehicle.
Briefly summarize what the customer is expecting: Agent advised customer that the parts are not available until 01/06/2014. Agent advised customer that even if the dealership s say they have the part, they may not be the same ones that are listed in the recall repair. Agent advised customer that the recall repair needs to have both the left and right tie rod replaced on the vehicle. Customer was unhappy with the information, and states that he feels that he should be able to order the parts at this point rather then waiting.

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Information Request	Customer seeking recall information

****** Below Customer Contacted for Documentation Request ******
c[redacted] on 2013-12-23 @ 11:14
Briefly summarize why the customer is contacting Chrysler: Customer called because he had received a recall letter for the tie rod assembly. Customer stated that he had the tie rod replaced last year because it had broke and he had almost gotten into an accident. Customer stated that he would like to be reimbursed for the repair. Customer wanted to know if he had to have the recall completed again.
Briefly summarize what the customer is expecting: Agent advisesd customer that he can send in the documentation for the previous repair and it can be reviewed for reimbursement. Agent advised customer that he needs to at least take the vehicle to the dealership and have them inspect the tie rods and the dealership can decide if they need to be replaced. Agent called dealer 43652 and trasnferred customer to SA Clauid.
Reassign to 86Y

Writer notes that the customer is going to submit their documents to reflect their repair to the Tie-Rod, the component covered within the N62 recall.

As per ACDoc#24057 the following information applies:
IMPORTANT: This recall only applies to vehicles that had certain Mopar service parts steering components installed.
Subject:
A Mopar service parts steering linkage may have been installed on some of the 705,000 of the above vehicles during a prior service appointment. The left tie rod ball stud on the Mopar service parts steering linkage may fracture under certain driving conditions. This could cause a loss of directional control and/or a crash without warning.

Writer also notes that the customer has the recall: H46 on their vehicle and it shows to be completed within our system.
As per GWA, claim[redacted], the Palm Dealership performed the inspection only on the H46 recall component on 06/15/2010 @ 126,829 miles in the amount of $5.00.

With this information, at that time, it was deemed that the components did not need to be replaced.

Writer also notes that the customer s currently show 3 new & 1 used as per Web COIN. This vehicle shows a WCC of 336, with no MVP and the current mileage of 250,000.
Status update provided via email to the following email address:
[redacted]
Dear Mr. [redacted] This is Michelle, your Case Manager assigned to your request for reimbursement for the repairs to the tie-rod component on your 2006 Ram 3500. I was just following up with you to ensure that you are able to submit your repair invoices for review and you may fax the information to me at 877-768-5076 or I will supply you with an email link, in which you can scan, upload and attach your information to. Should you require further assistance, please contact me directly at 855-675-9291, EXT 4718097 or respond to this email correspondence. I will follow up with you again, within 7 business days for your submission.
Thank you for your attention to this matter,
Sincerely, Michelle

Writer received a message from the customer, [redacted] @ 2:20pm in reference to the information submitted. She stated that she emailed the information, to no avail, so she also faxed the information requested to writer and was just letting writer know that the information should be arriving.

Writer received a message from the customer, [redacted] @ 3:17pm requesting a return call at [redacted].

Writer contacted the customer at [redacted] at 3:50pm and spoke with [redacted]. Writer advised him that I was returning the message left by him and his wife in regards to the faxed information requested and inquired if he needed further assistance. He stated that he was just making sure that we received his message regarding the information submitted. Writer advised him that once the information is received, writer will follow up with him and he thanked writer for the follow up contact.
POSTMARK DATE: 123113; DATE RECEIVED: 123113

Writer received a message from the customer, [redacted] @ 10:42am stating that he was just ensuring that we received his faxed information and requested a return call at [redacted] once the information has been reviewed.

Writer contacted the customer at [redacted] at 2:45 pm and reached his VM. Writer left a detailed message advising him that his information has

been received and reviewed, however, writer would like to further discuss the recall parameters with him and requested a return call. Writer provided all contact information with hours of availability for the return call.

Writer received 2 messages from the customer @ 3:40 pm & 3:50pm returning writer s message and requested a return call at 4[redacted]

CORRECTION: THE CUSTOMERS CONTACT NUMBER ON LINE 112 IS INCORRECT. PLEASE OMIT.

Writer received another message from [redacted] @ 4:23pm requesting a return call at [redacted]

Writer contacted [redacted] at [redacted] at 4:30pm and spoke with Mr. [redacted] Writer advised him that his repair documents have been thoroughly reviewed and unfortunately, the repair completed does not fall within the recall: N62 parameters. Writer explained the recall to him stating that the recall is for Mopar replacement parts, and hopefully they do not fail, but if they do, they would be covered under this recall for the customer. He inquired if he should be bringing the vehicle to the dealership to have the components inspected and writer strongly suggested this to be done, to ensure that the components installed are good Mopar replacement parts. [redacted] was very understanding and patient with writer s explanation and thanked writer for the follow up correspondence.

Recall - N49: LEFT TIE ROD -	Customer seeking recall completed
Corporate - Survey By-Pass - No Repair - Default - Default	

Briefly summarize why the customer is contacting Chrysler: Customer states he received a recall notice in the mail. Customer states he is going to haul a large load and be gone for a month. Customer states he would like the recall completed before he leaves. Customer states the DLR told him the parts would not be in until January 6, 2014.
Briefly summarize what the customer is expecting: Customer seeking recall completed.
Agent confirmed and updated customer information.
Agent advised customer that he would have to continue working with his DLR.
Agent contacted DLR code 60476 to inquire about parts.
SA Gillard states they are getting a date of February 10, 2014.
Agent advised customer to have the vehicle checked out before going on his trip.
Customer was happy with that.
Reassigned for survey by-pass

Recall - N49: LEFT TIE ROD -	Customer seeking parts
Corporate - Survey By-Pass - No Repair - Default - Default	

Briefly summarize why the customer is contacting Chrysler: Customer called upset stating that he just got a letter in the mail for a recall for one of their ambulances. Customer stated that he called the dealership and they are telling him that they can t get the parts. Agent stated she was not aware that there was an issue with getting the parts.
Briefly summarize what the customer is expecting: Customer seeking parts for recall.
DEALERSHIP CONTACT: Agent called the dealership and spoke to the Parts manager Mark who stated that he attempted to order the parts and it came back with a code and stated will re-enter March of 2014. Mark stated he is not sure what is going on.
-
agent advised the customer that she is going to send this off to see if she can get more information. Customer seemed frustrated. Agent stated she will call him back.
Customer contact [redacted].
Briefly summarize why the customer is contacting Chrysler:
Customer stated that the steering can go out without warning, because it is an ambulance vehicle.
The part is not available until January 6 2014, customer feels like this is unacceptable. He is glad that the recall has been found.
Agent stated that I can contact the BIG VALLEY AUTOMOTIVE, INC to make sure the ambulance is on the list.
Agent contacted BIG VALLEY AUTOMOTIVE, INC and spoke with Bruce SA to double check that he is the FIRST on line because of the situation that is an ambulance vehicle.
Briefly summarize what the customer is expecting:
Call to dealership to double check he is FIRST in priority for the N46 recall of the LEFT TIE ROD repair.
Waiting on Corporate decision/action
Reassign to JK671-No repair.
by pass added.
[redacted] states that he has been told by the dealership that parts to complete recall will not be available until April. Customer states that the vehicle is an ambulance and is one of four owned by the company. Customer states that he has taken the vehicle off the road therefore the company is now short one vehicle. Customer states that he is number one of the list at the dealership. Customer states that he will contact NHTSA as stated on the bottom of the letter. Customer states that he will also contact an attorney in regards to this issue.

Corporate - Dealer Information - Default - Default - Default	Contacted dealer to see if they could inspect tie rod.
Recall - N49: LEFT TIE ROD - Information Request	Customer seeking recall information.
Corporate - Recall - Default - Default - Default	No parts until January 6th, 2014.

Briefly summarize why the customer is contacting Chrysler: Customer states that he tried to have the N49 recall completed at HUNTER DODGE CHRYSLER JEEP but they advised him that the parts are not available until 01/06/2014. Customer states that he is currently traveling from trailer park to trailer park and is pulling an 18,000 pound 5th wheel. Customer states that he would like a dealer to inspect the tie rod because he is about to travel another 200 miles.
Briefly summarize what the customer is expecting: Customer is seeking a Chrysler dealership to inspect the tie rod on his vehicle to make sure that it is ok to travel.
Agent contacted HUNTER DODGE CHRYSLER JEEP and spoke to SA Tina. Tina advised the agent that they have no openings until next week but if the customer can leave his vehicle with them all day they can try to fit it in but cannot guarantee that they can. Agent advised the customer of this and the customer has no other vehicle to get around with. Agent advised the customer that there is a dealer in Valencia, CA they may be able to get him in. Customer states that he will pull up the ramtrucks.com website and look up a dealership and contact them himself.

Product - Steering - Linkage - Other - Default	Customer is seeking information on his repair of the steering linkage
Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Information Request	Customer is seeking recall information
Product - Transmission / Transaxle - Gear Selector / Linkage - Other - Default	

Briefly summarize why the customer is contacting Chrysler: Customer is calling to inquire about recall codes 99306, 69406, 79900. Customer states that he went to the dealer to replace the front steering linkage, damper, pitman arm. Customer is seeking information to see if the parts he replaced were related to any recalls. The customer had recently taken his vehicle to the dealership and it did not pass inspection.
Briefly summarize what the customer is expecting:Customer is seeking clarification if a recall effects his vehicle. Agent advised the customer of the N62 recall on his vehicle and that the letters to the recall were sent on December 16, 2013. Agent advised customer of the recall process. Customer understood. Customer was satisfied with response.
Customer calling seeking recall information. Customer stated four days before recall N62 was issued, he brought his vehicle to DLR for an inspection. Customer stated DLR advised him that they would need to replace the tie rod. Customer stated he would like to find out if he could get reimbursement for the repair he paid for regarding the recall. Agent advised customer that he could mail his original receipt and proof of payment to the address listed on the recall notice. Customer stated he never received the notice. Agent provided customer with the address: Chrysler Customer Assistance, P.O. Box 21-8007, Auburn Hills, MI 48321-8007. Agent advised customer that once we received and reviewed his documents to allow 60 days for his reimbursement.

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Information Request	LEFT OUTER TIE ROD ASSEMBLY
Corporate - Survey By-Pass - No Repair - Default - Default	No repair.
Corporate - CNA Change - Default - Default - Default	Updated phone number

Briefly summarize why the customer is contacting Chrysler: Brian states that he received the recall letter N62 LEFT OUTER TIE ROD ASSEMBLY. Brian states that he called the dealership and was told that the parts would not be in until February 2014. Brian states the letter states January 6, 2014 to make an appointment. Brian state he just had new tires put on and he was advised that the tie rods are loose and would need to be replaced soon. Brian states he is not driving the truck right now and it sits in his garage.
Briefly summarize what the customer is expecting: Recall N62 LEFT OUTER TIE ROD ASSEMBLY
Agent offered several times to call the dealership and make an appointment to have the tie rods inspected, or at least an appointment for January. Brian states he will wait until it gets closer to January 6 to make the appointment. Brian states that he needs to make sure that his truck does not sit out in the lot as he keeps tools in his truck.
Agent advised Brian that the documentation that agent has access to does not stipulate that the parts is not available, just that the letters have been mailed to the customer as of the week of 12-16-2013.
Reassigned to JT962, for Survey Bypass No Repair (due to recall not available until January 6)

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Information Request	Customer requesting if there is a recall on his vehicle.
Corporate - CNA Change - Default - Default - Default	Updated customer contact information

Briefly summarize why the customer is contacting Chrysler: Customer states that he needs to have the Left Outer Tie Rod repaired on his vehicle. Customer states that his vehicle is currently at an IRF and he called the Ram Dealership in his area who advised to contact Chrysler because there is a recall on his vehicle. Writer advised customer that if repairs have not yet been completed he should have it towed to a dealership in his area and if the repairs are caused by the recall that repair would be at no charge to the customer. Writer advised that however if repairs have already been completed at the IRF he can send in documentation for consideration of reimbursement. Customer advised he will try to have it towed to the closest dealership. No further assistance was necessary.
Briefly summarize what the customer is expecting: Recall information

***** EMAIL BRIEF DESCRIPTION CONTENT *****
Recal
***** END EMAIL BRIEF DESCRIPTION CONTENT *****
I received a 'safety recall' notice for my truck vin 9G[redacted] wanting to replace the left tie rid end due to possibly fracturing. Yet with replacing this part you will not re-aligh the vehicle. That is not even right of ethical! You replace a key steering component, yet won t verify that the steering is correct & true before you send me in my way, because you had to replace parts that were unsafe in the first place. Ya gotta love hiw you are looking out for your customers!
*****End of Customer E-mail*****
Dear Daniel,
Thank you for contacting the Ram Assistance Center.
Our records show that you have contacted us by telephone on December 23rd and we have addressed your concern. We have updated your file to reflect the latest information you provided in the email message.
We thank you for your recent email, although it does not contain any information that would cause a change in the previous decision.
After thoroughly reviewing your request and the files on this matter, we respectfully concur with the decision rendered by our Customer Service Representative.
Any future communication related to this issue will be retained in corporate records.
Thanks again for your email.
Sincerely,
Hind
*****End of CAC Response*****

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Reimbursement	customer states the tie rod repair was already made
Corporate - CNA Change - Default - Default - Default	update customer phone number and email

Briefly summarize why the customer is contacting Chrysler: Customer states he has received the recall notification for the tie rods. Customer states he had to have a tie rod repair done about two weeks ago when his son was driving the vehicle and was in an accident due to the broken tie rod. Customer states the repair was $697 and feels he should not be responsible for the repair if it was due to a recall
Briefly summarize what the customer is expecting: Customer seeking recall reimbursement
Agent advised customer we can make no guarantees but can provide the information on how to submit for reimbursement
Agent advised customer of the documentation required based on AC ID 17420
Customer understood and thanked agent

Recall - N49: LEFT TIE ROD -	Customer seeking to have recall completed

Briefly summarize why the customer is contacting Chrysler: Customer called because he had received a recall notice on his vehicle. Customer stated that he had read on the letter that he can contact the dealership on Jan. 6 2014 to have the recall completed. Customer stated that he would like to know why he has to wait to get the recall completed when the recall noticed says that he could be in a crash.
Briefly summarize what the customer is expecting: Agent advised customer that the release date for the parts is at the beginning of the year and that is why he can not have the recall completed at this time. Agent advised customer that he can contact the dealership and see if there is anything that they can do for him. Customer stated that he is going to contact legal representation
Briefly summarize why the customer is contacting Chrysler:
Customer very irate that the part is not available for the N49 recall and has been told this from Chrysler and his dealership.
Customer states that he has a trip planned and demanded that the part be available. Agent understood his frustration, and customer stated that he wished he did not look at his mail today because he is extremely worried about getting in a crash over the holidays. Customer requested a tow to the nearest dealership.
Agent tried to help customer understand that that Chrysler cannot make the recall part available today. Agent did state that a supervisor is empowered with the same information regarding the N49 recall.
Agent did say supervisor is empowered with the same information that the part is not in until January 6 2014.
Briefly summarize what the customer is expecting:
Supervisor call back regarding having to wait until January 6 2014 for the N49 recall.
Customer has requested Supervisor callback
Preferred daytime number: [redacted]
Preferred evening number: [redacted]
Reason for request: Part not available for the N49 until January 6 2014
CAIR assigned to: (Supervisor NIC)
CSR has informed customer a Supervisor callback request has been made, and the customer will receive a callback within 24 hours.
*****Supervisor*****

Supervisor contacted the customer who is very angry that we are not doing the recall until after Jan.6,2014. Customer states he will be contacting his attorney.
Reassigning to MH1402 to close

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Reimbursement	Customer states he paid out of pocket for this repair
Corporate - Survey By-Pass - No Diagnosis - Default - Default	

Briefly summarize why the customer is contacting Chrysler: Customer states he has had trouble with his steering linkage for a few years now. Customer states he had repaired using mopar parts at an IRF three years ago in the amount of approximately $1200.00-$1500.00. Customer states he started having trouble again 3-4 months ago. Customer states he purchased mopar parts package from DLR code 60167 but then had an IRF repair his vehicle. Customer states the second repair was $1068.00.Agent contacted Dominick to verify if an inspection was done. Dominick said no.
-
Agent advised customer that his vehicle would need to be inspected to be sure the repair done was due to recall and if so that it has been completed properly with the proper parts. Agent advised once the vehicle has been inspected by a certified dealership we would be happy too look into a possible refund. Agent advised no guarantees. Customer understood.
Briefly summarize what the customer is expecting: Customer seeking reimbursement.
Reassigning to TL as vehicle must be diagnosed to be sure recall has been completed properly.

Recall - N49: LEFT TIE ROD - Reimbursement	Customer seeking recall reimbursement
Product - Suspension - Tie Rods / Drag Link - Broken - Unknown	Customer states had previously had repairs done
Corporate - CNA Change - Default - Default - Default	Writer updated customers contact information

Briefly summarize why the customer is contacting Chrysler: Customer states that he recently received a letter in the mail regarding the Left Front Tie Rods that are needing to be replaced. Customer states a few months back he had had an issue with the vehicle where this exact component needed to be replaced at an IRF which was an out of pocket expense. Customer states he had previously sent in documentation (CAIR# [redacted], file has documentation from repairs) and was denied any type of cost assistance. Customer states he would like to be reconsidered. Writer advised customer would need to send in documentation to the address on the letter to be considered further for reimbursement. Customer agreed.
Briefly summarize what the customer is expecting: Recall reimbursement

Recall - N49: LEFT TIE ROD - Information Request	Customer is seeking recall information
Product - Unknown - Unknown - Buzz, Squeak, Rattle - Default	The customer states the vehicle shakes

Briefly summarize why the customer is contacting Chrysler: The customer is contacting Chrysler seeking recall information. The customer states that he received the recall notice and called his dealership and they wouldn t let him book a service appointment. Agent advised the customer as per the owner letter attached in answer connect document 24054 that he can book his service appointment starting January 6th, 2014. The customer also states he was having issues with his vehicle. The customer states when he hooked up a trailer to the vehicle the front end had a horrible shaking. The customer states the he brought the vehicle to the dealership and they said there was nothing wrong. Agent advised the customer that if he has that problem with the vehicle again to have it diagnosed and then he can contact us and we will try to assist him further if the dealership can t find the problem.
Briefly summarize what the customer is expecting: The customer is expecting recall information.

Briefly summarize why the customer is contacting Chrysler: Customer states that Nov 9th -10th Left outer tie rod broke and he ran into a median. Customer contacted CAC for info on a recall Customer states an agent from this department told him no recall was on his vehicle. Customer states yesterday he got a letter in the mail for a N62 recall.
Briefly summarize what the customer is expecting: Customer is seeking reimbursement for tie rod repair. Agent states as per answer connect id # 17420 a link will be sent to [redacted] it is good for 7 days and a one time use. Agent contacted dealership and spoke with John service advisor. Agent states the customer has the receipt of payment but needs the repair order. Service advisor transfers me repair order agent. Repair order agent states the receipt is the original repair order.
Agent states to customer that the receipt is the repair order. Customer will be scanning all documents and sending them for review. Agent states this case will be sent up for review if deemed to be due to the recall the customer will be reimbursed.
Customer called in 11/20/2013 please review previous case #[redacted]
Writer acknowledges assignment.
N62 - Safety Recall - Left Outer Tie Rod Assembly / Dodge RAM
Answer ID 24057
Models:
2003 and 2004 model year (DR) Dodge Trucks (2500 series)
2005 through 2008 model year (DH) Dodge Trucks (2500 series)
2003 and 2004 model year (DR) Dodge Trucks (3500 series)
2005 model year (DH) Dodge Truck (3500 series)
2006 and 2008 model year (D1) Dodge Trucks (3500 series)
IMPORTANT: This recall only applies to vehicles that had certain Mopar service parts steering components installed.
Subject: A Mopar service parts steering linkage may have been installed

on some of the 705,000 of the above vehicles during a prior service appointment. The left tie rod ball stud on the Mopar service parts steering linkage may fracture under certain driving conditions. This could cause a loss of directional control and/or a crash without warning. Repair: The steering linkage assembly must be inspected and replaced if required.
NOTE: The initial steering linkage inspection process can be done by write-up personnel in the write-up area (see Section A. of the service procedure). Vehicles found with original style steering linkage can be immediately returned to the customer.

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Reimbursement	Customer seeking reimbursement for N62 recall
Corporate - Reimbursement - Default - Default - Default	Customer seeking reimbursement for completed recall

Briefly summarize why the customer is contacting Chrysler: Customer stated he has received the letter for the N62 recall repair involving the LEFT OUTER TIE ROD ASSEMBLY. Customer states that he has just had this repair completed at an IRF as the vehicle was experiencing issues with the tie rod.
Briefly summarize what the customer is expecting: Customer is seeking reimbursement for the cost previously completed repairs involved in the N62 recall repair.
Agent advised the customer as per Answer ID 17420 the address to which he will mail for reimbursement. Agent advised the customer of the information he must include for reimbursement. Agent advised the customer to allow 60 days for processing. Agent provided the customer with his case number.
Advised customer to submit original repair order & proof of payment to:
Chrysler Recall Assistance Center
P. O. Box 21-8007
Auburn Hills, MI 48321-8007
Advised customer to make a copy of these documents for their records.
Asked the customer to include a brief letter of explanation & request, including their name, address, phone number, VIN, & reference number [redacted]). Advised customer the reimbursement is dependent upon verification of all documents requested.
Waiting for Documentation.
Waiting for Documentation.
Called Customer at [redacted]. Agent advised that the Documents have not been received. Agent advised that the Recall applies to vehicles that had a Mopar Steering Linkage Replaced and advised that the Customer send in the Documents for the Replacement Steering Linkage as well.
Customer states that he had changed the Steering Linkage with Moog Parts and was not sure if the Steering Linkage was replaced previously.
Agent recommended that the Customer bring the vehicle to the DLR to have the recall completed and to get the advice of the DLR of whether the Steering Linkage had been replaced.

Recall - N49: LEFT TIE ROD - Reimbursement	customer seeking reimbursement
Corporate - CNA Change - Default - Default - Default	updated owner information

Briefly summarize why the customer is contacting Chrysler: Customer states he had a recall fixed on his truck and he is seeking reimbursement. Agent updated owner information as he just purchased the vehicle. Customer states he had the left tie rod end replaced at an IRF. Agent advised the recall is for the left and right tie rod ends. Agent advised the customer cannot submit for reimbursement until after Jan 6 2014 as we do not have the parts available for the recall until then. Customer states this is ridiculous. Agent advised if he takes the vehicle to a Chrysler dealership the recall will be completed free of charge. Customer states he does not want to take it to a Chrysler dealership and wants to use his own shop. Agent again advised he has to have both tie rod ends replaced to get reimbursement and can submit after Jan 6 2014. Customer hung up.
Briefly summarize what the customer is expecting: Recall reimbursement Customer seeking reimbursement address. Agent gave address in Answer ID 17420 and advised what to include.

Corporate - NHTSA - Inquiry - Default - Default	Customer inquiring about recall for integrated braking
Dealer - Service/Body Shop - Transaction - Problem Not Resolved - Default	Customer replaced integrated braking system 3 times so far, not resolved
Recall - N49: LEFT TIE ROD - Information Request	Customer seeking information on recall for Tie Rod

Briefly summarize why the customer is contacting Chrysler: Customer contacting inquiring about why the DLR cannot fix the recall on the vehicle until January 6, 2014. Agent advised we are still working on getting parts manufactured to facilitate the recall and the earliest we have them available is the 6th of January 2014. Customer is concerned and feels Chrysler is getting everyone into an uproar and do not have a solution. Agent advised we are mandated by the National Highway Traffic and Safety Administration that as soon as we have knowledge of a recall we are required to notify our customers, regardless of parts availability. After the recall was announced we have been working on making parts available, but the earilest it will be is 6th January 2014. Customer is concerned about safety of family in vehicle, agent advised if he were to have any kind of incident with the vehicle definitely contact us back as we do still have liability for the safety of the vehicle and have parameters to send for special handling in those situations. Customer inquired if there was any recalls for the integrated braking system he has required replacing 3 times so far. Agent advised as per NHTSA.GOV website there are no investigations going on yet, however there have been complaints, and the complaint was being documented here and our information is submitted regularly to NHTSA. Should it be a recall in the future we notify to the address provided on the account. Customer thanked and disconnected.
Briefly summarize what the customer is expecting: Recall information.

Recall - N49: LEFT TIE ROD - Information Request	customer seeking inspection.

Briefly summarize why the customer is contacting Chrysler: Customer states that the customer has the left tie rod recall on the vehicle. Customer states he is going on a long trip and wants to have the recall completed but the customers servicing dealership cannot get the customer into the dealership to have the recall complete as of a few Weeks. Customer states he wants to know if he can look at the left tie rod to make sure it s in tact.
Briefly summarize what the customer is expecting: Customer is expecting to have the vehicle looked at to make sure everything is running in order.
Agent Advised: Agent stated that the agent couldn t notify the customer of how everything is supposed to be intact in regards to the left tie rod assembly because the writer is not technically trained. Agent stated that the agent will call over to Brandon Dodge On Broadway 45500 and see if the dealership can inspect the vehicle to make sure everything is running in order for the customer. Agent stated that if the dealership will do the inspection for the customer the agent will transfer the customer on the line to speak with the SA to book an appointment for the customers earliest convenience. Agent called over to the Brandon Dodge On Broadway dealership and spoke with the SA Mike. SA Mike stated that the SA Mike would do the inspection on the vehicle. Agent transferred customer in to book the appointment with the SA Mike.

****End structured narrative T2 - Beginning Narrative
Briefly summarize why the customer is contacting Chrysler: Customer called seeking reimbursement information regarding his steerage linkage recall.
Briefly summarize what the customer is expecting: Customer seeking information for reimbursement for his steerage linkage system recall. Customer is worried about sending the original copy of his credit card statement and repair order to Chrysler for reimbursement. Customer states he needs it for his records and is worried about not getting it back. Writer informed customer that if customer gets reimbursement for this request the original documents will be sent back with a check; however, if the customer is declined for reimbursement, his original documents will still be mail back to him. Writer also informed the customer that if he had access to the internet and a scanner that he could send the documents through email. Customer requested this option. Writer confirmed his email address and sent him a document request link. Writer also informed the customer that this email link is good for seven days and that the documents have to be attached in one sitting. Customer understood and stated he will send it in as soon as possible.
****UPDATE*****
Please resend link, as email was wrong. It has been updated.

N62 - Safety Recall - Left Outer Tie Rod Assembly / Dodge RAM
Answer ID 24057
Models:
2003 and 2004 model year (DR) Dodge Trucks (2500 series)
2005 through 2008 model year (DH) Dodge Trucks (2500 series)
2003 and 2004 model year (DR) Dodge Trucks (3500 series)
2005 model year (DH) Dodge Truck (3500 series)
2006 and 2008 model year (D1) Dodge Trucks (3500 series)
IMPORTANT: This recall only applies to vehicles that had certain Mopar service parts steering components installed.
Subject: A Mopar service parts steering linkage may have been installed on some of the 705,000 of the above vehicles during a prior service appointment. The left tie rod ball stud on the Mopar service parts steering linkage may fracture under certain driving conditions. This could cause a loss of directional control and/or a crash without warning.
Repair: The steering linkage assembly must be inspected and replaced if required.
NOTE: The initial steering linkage inspection process can be done by write-up personnel in the write-up area (see Section A. of the service procedure). Vehicles found with original style steering linkage can be immediately returned to the customer.
Safety Recall H46 - Mopar Steering Linkage
2003-2004 (DR) Dodge Truck 4x4 (2500/3500 series)
2005 (DH) Dodge Truck 4x4 (2500/3500 series)
2006-2009 (DH) Dodge Truck 4x4 (2500/3500 series or 1500 Mega Cab)
2006-2009 (D1) Dodge Truck 4x4 (3500 series)
2007-2009 (DC) Dodge Truck (3500 series cab chassis)
IMPORTANT: This recall only applies to vehicles that had certain Mopar service parts steering components installed. During a prior service appointment, a Mopar service parts steering linkage was installed on about 19,400 of the above vehicles. The drag link inner joint may fracture under certain driving conditions. This could result in a loss of steering control and cause a crash without warning. Also, the steering damper bracket at the tie rod tube may loosen. This could allow the bracket to slide on the tube and may cause increased vehicle turning radius.
Safety Recall H46 Mopar Steering Linkage Page 2
The steering linkage must be inspected and some steering linkage components may need to be replaced.
NOTE: The initial steering linkage inspection process can be done by write up personnel in the write up area (see Step 1 of the service procedure). Vehicles found with original style steering linkage can be immediately returned to the customer.
H46 was inspected 11/02/2009, original equipment.
CUSTOMER CONTACT: Writer called [redacted]. Writer spoke to Mrs. Prettyman and explained we cannot reimburse for her initial repair, but she should have vehicle inspected at dealership if replacement parts she now has needs replaced Chrysler will do so.
Customer hung up.
Writer closing case.

[redacted]

My name is Kala and I have been assigned as your new case manager. Here is some information that you may find helpful:
The Chrysler Case Management telephone number is 1-800-763-8422. My direct extension is 66177 and my work hours are 9:30 a.m. 6:00 p.m. MST, Monday Friday.
End of Status Update
Writer contacted customer, [redacted]. Customer states that repair and dependable vehicle would be a fair outcome. No other issues to address at this time. Writer advised that this will be our goal and goodwill will be considered at case conclusion. Writer advised that reimbursement can be made up to $40.00/day until 12-26-13 for Chrysler brand vehicle. Customer states that he can get around without a rental until 12-26-13 but is going to need one after that because he is leaving for Florida 12-27-13 and cannot cancel reservations. Writer advised that rental might not be able to go out of state but writer will research options and follow up 12-26-13.
Caller Ben Knight from Courtesy Motors contacted Ram about placing a customer into a rental while the vehicle is down. Agent provided caller with the contact number of CM KM887 as per lines 37-38. Caller thanked agent for the information and ended the call.
Ben, Service Manager at dealer 45406 calling to speak with Case Manager KM887. Writer transferred dealer over to KM887 at ext 66177.
SM Ben states customer stopped by 1.5 hrs ago requesting rental. Original letter to customer 01-06-13 will be first of when customer can schedule an appointment for repair.
Steering rod, portion arm, and link bent due to left tie rod. SM states he will accept RA for this consequential damage.
Good customer with dealership.
SM Ben states that he has contacted several Enterprise s and that they do not have vehicles available. Writer advised that writer will research options.
Enterprise rental phone number 217-446-8000.
Writer contacted Enterprise, 217-446-8000. Kayla states that Branch Manager, John, will have to call writer back to discuss availability.
Writer left message with Kayla requesting call back.
SM Ben left voicemail stating tie rod broke.
JAMES MOODY called requesting to speak to CM KM887. Writer warm transferred customer to CM VB254 for further handling
Customer contacted CAC inquiring about rental. Agent informed customer that CM KM887 is still doing research and will be contacting customer later today. Customer informed agent that he really needs a rental at this point and is requesting that CM call him back.
Writer contacted Enterprise, 217-446-8000. Branch Manager John states that they do not have a comparable Chrysler vehicle available and that he thinks that the customer declined a Chrysler 300 earlier in the day due to needs. Writer advised that customer needs comparable vehicle to leave for Florida tomorrow.
John states that he will research and contact writer back tonight. John may be able to get Grand Caravan or RAM and believes that it is within contract to let the rental leave the state.
Writer contacted customer, [redacted]. Customer states that he will not be able to use vehicle Enterprise can make available due to time it is available. Writer apologized and informed customer that comparable vehicle was just not available. Customer was not happy and will borrow a vehicle. Writer advised that writer can reimburse up to $40/ day for Ram truck and $20/day for non Chrysler brand vehicle if he wants to seek his own rental. Customer states he will be back from vacation 01-02-13.
Branch Manager John contacted writer. John states that he is picking up a Ram truck tonight and it will be available 12-27-13 at 8 or 8:30 am. John agreed to inform dealer as this is before writers shift. Writer advised that writer will inform customer of rental availability.
Writer notes call from John came before call to customer.
Writer contacted Enterprise, 217-446-8000. Writer received message that branch is closed. Writer left voicemail informing Branch Manager John that customer will not be able to use vehicle due to time it is available.
*******Dealer contact number on file is incorrect. Contact service at (888) 873-9967. Parts, (877) 783-7145*******
Writer contacted dealer 45406, 877-783-7145. Line rang for a minute then disconnected.

Writer contacted dealer 45406, 877-783-7145. Parts Manager (PM) Mike states tie rods are available but not nuts that hold it on. Mike states no parts on order because Ben was waiting on goodwill decision. Mike transferred call to Ben.
Writer requested Warranty Pricing from SM Ben and parts information once it is available. Ben states he will gather pricing and contact writer back.
Agent contacted dealer 45406, phone number dialed, 877-783-7145. Agent advised SM that as repairs are related to the recall, SM needs to submit it under warranty as related to the recall. SM stated that parts are not available. Agent advised that would have to do more research on the current ETA for these parts, does not see that there is one yet. SM stated that customer is getting frustrated at the time this is taking and that he needs an update right now on when the parts are going to be there. While agent was researching this SM disconnected line.
SM Ben left voicemail stating that he has the part numbers and pricing. SM Ben requested call back.
Writer contacted dealer 45406, 888-873-9967. SM Ben states warranty pricing on consequential damage is:
Parts $633.00
Labor $160.45
Total $793.45
Ben suggests $0.00 co pay. Writer agreed to assist with $0.00 co pay. Ben agreed to present offer to customer.
Writer advised CAC cannot get ETA if parts are not ordered. Ben states he will order parts then advise writer of parts information.
As a one-time goodwill gesture, Chrysler is approving this out of warranty repair. According to the dealer, the warranty costs of the repair are as follows:
Parts = $633.00
Labor = $160.45
Total = $793.45
Co-pay = $0.00
########## DIRECT-TO-DEALER ##########
Customer Care is sending this case to because an out-of-warranty goodwill decision has been made. Remember ALL pre-authorization requirements for Digital Imaging and the Powertrain Service Center still apply. When submitting for pre-authorizations include this case number. When repairs are completed, submit your claim as you would normally and update this case and return it to Customer Care.
##########
REASSIGNED TO BC/DLR 51 45406 12/31/13 16:20 O [redacted]
Writer contacted dealer at 217-442-1840. The receptionist advised writer this number is for the FORD dealer and stated the number for CHRYSLER is 217-709-1200.
Writer contacted dealer spoke with SM Ben. SM stated they have all the parts needed except for two of the recall parts. SM stated he has been informed of an update by April. Writer requested the part# and order#. Advised SM the case will be sent to parts expediting.
Order#012431
Part#CBUEN491AA
Part#CBUEN492AA
JAMES MOODY called requesting to speak to CM KM887. Writer warm transferred customer to CM KC523 for further handling.
Customer stated that he needs a rental vehicle but will not take anything that doesn t match his vehicle. Customer stated that he needs something sorted out by tomorrow because of the weather. Writer stated that that there will be a call back by end of business with more information.
Writer contacted AM. AM stated that the AM is going to email the field part exploding team to see if the part can come in faster. AM stated that the AM is not going to authorize rental for the customer. AM stated that the customer hasn t purchased a service contract to get a loner or rental. Writer thanked the AM.
SM Ben left voicemail stating that parts ordered and part information provided.
Ben states that customer had told him that he was not contacted in a week and customer has contacted dealer to get 4 wheel drive rental vehicle and expects one by the end of the day.
Customer left voicemail requesting call back.
Writer contacted customer. Writer explained that the writer wouldn t be

able to give the customer a rental vehicle at this time. Customer stated that the customer was suppose to get a rental from the case manager and would be able to get it on Monday. Customer stated that it would be a ram 1500. Writer stated that business center rep has been in contact and that they are going to try to locate the parts a lot quicker. Customer stated that he wants to talk to a supervisor.
**********Supervisor Call**********
Said Kala was going to deliver a 1500 b 8:30 on Friday but he left on vacation before. Writer advised she would speak with KM887. Writer advised of the parameters of this case and that we would check as there is a decline for Rental assistance by AM regarding ths issues. Courtesy, SM said there was going to be a rental provided by Kala. Writer advised she will discuss with Kala.
Writer contacted AM. AM stated that he had to put the writer on hold. AM stated that the SM gave the customer the AM s number and was on the phone with the customer. AM stated that the writer could get the customer a rental vehicle but it could possibly not be 4 wheel drive or a truck. AM advised to have the writer to call the customer back as soon as possible.
Writer contacted SM Ben. SM stated that they don t have rentals that they work with enterprise. SM stated that the number is [redacted].
Writer attempted to contact enterprise at [redacted] Phone is no longer in service.
Writer contacted enterprise and spoke with Ben. Ben stated that they could get a CHRYSLER town and country.
Writer contacted SM Ben. Writer asked if they would be able to do an RA. SM stated that he would be able to.
Writer contacted customer. Writer stated that there was a Chrysler town and country that is available to the customer. Customer stated that he will wait until Monday to talk to the case manager.
**********96WTRIAGETEAM**********
****** Following Corporate Resource has been contacted ******
These parts Part#CBUEN491AA ,Part#CBUEN492AA are campaign parts. Assigning to parts agent CG1016 to contact customer to let them know about their campaign part and that all questions about their part should be directed to SA.
**********END OF TRIAGE**********
James stated that he requires a rental.
Writer relayed lines 182-203.
Customer calls to speak with their Case Manager.
Transferred the customer to CG1016 at ext 4720384
Customer left voicemail requesting call back. Customer states that another agent informed him that writer would be contacting him concerning writer finding customer rental truck.
Writer contacted Enterprise, 217-446-8000. Writer was informed that Branch Manager John was not available. Writer requested John s voicemail and was told by receptionist I do not have time for this. Call disconnected.
Writer contacted Enterprise, 217-446-8000. Writer heard a loud beep and call disconnected.
Writer held on the line for over 1 minute.
Writer contacted customer, [redacted]. Writer advised customer that writer attempted to contact Enterprise today to discuss options but call was twice disconnected. Writer informed customer that we will do what we can, but supply for what he is requesting is low. Writer advised customer that he can seek his own rental of Chrysler brand vehicle and be reimbursed up to $40.00/day and he also has the option accepting a vehicle that is not what he is looking for and use it until a more suitable vehicle is available. Customer understood.
Customer asked if program/sales personnel vehicles could be made available as he has been without his vehicle since 12-21-13. Writer advised that this is not likely but writer will inquire then follow up 01-09-14.
Writer contacted Enterprise, 217-446-8000. Management Trainee Ben states Branch Manager John was not available. Writer advised Ben that customer will be seeking to accept Chrysler brand vehicle and would like a 4 wheel drive vehicle once one becomes available. Writer advised Ben that writer made customer aware that, due to weather, there is a supply issue for what he is requesting and customer is willing to accept another vehicle until there is one available. Ben states that there is about a 20+ person waiting list but that they think that they can get him into a vehicle

later today. Writer advised that writer will only advise customer that Enterprise was informed of request for 4 wheel drive and Enterprise or dealer will let him know when it is available.
Writer contacted dealer 45406, 888-873-9967. SM Ben states he already informed customer that there is no option for getting vehicle from lot.
Ben states customer refused any vehicle other then a truck. Writer advised that customer is on the waiting list for a vehicle with 4 wheel drive. Ben states he will advise customer.
Ben informed writer that AM John advised him that part order was canceled. Order was placed again.
CM to note, customer needs to contact dealer in regards to part concern.
Writer contacted customer, [redacted]. Writer advised customer of lines 248-249 and currently writer does not have ETA on parts but will update him once a week.
Writer contacted dealer 45406, 888-873-9967. SM Ben states tie rod is in. Nut package was delayed due to snow but is en route.
Writer contacted dealer 45406, 888-873-9967. SM Ben states nut package arrived and he anticipates repair will be completed 01-17-14.
Writer contacted customer, [redacted]. Writer advised customer all parts delivered and line 262. Writer set follow up 01-21-14.
Writer contacted dealer 45406, 888-873-9967. Writer attempted number twice and there was trouble with getting the line to connect.
Writer contacted dealer 45406, 888-873-9967. SM Mary (who is a SM for another location) advised writer that SM Ben is out for several months. Mary states vehicle repaired and returned.
Writer contacted customer, [redacted]. Writer left voicemail requesting call back to verify repairs to his satisfaction. Writer set follow up 01-24-14.
Status update provided via email to the following email address: [redacted]

Thank you for your time and for being a valued member of the Dodge family!
End of Status Update
CLOSED LOOP UPDATE - no need for additional follow-up.
Mary left voicemail requesting call back as she needs to know what she needs to do to get claim paid.
Mary states she is filling in for SM Ben who will be out for 6 months to a year.
Writer mistakenly contacted customer, [redacted].
Customer states that he was not happy with service.
Customer states that vehicle was pulling to the left and customer was advised by dealership that alignment would not be authorized.
Writer offered to create case so cost assistance could be considered.
Customer states that he traded the vehicle.
Writer notes main page shows claim for $1,392.95 was rejected. Also claim

was submitted under type: SAFETY/RECALL.
Mary states customer put in Chrysler brand rental vehicle 01-09-14 to 01-21-14 (12 days) and asked if this was approved. Writer advised that last update writer received was that customer had declined rentals offered but writer will put RA in for the 12 days.
Writer advised Mary that RA approved for consequential damage and RA will be put in for rental. Writer advised Mary to contact AM to discuss how claims should be submitted to assure that they get paid.
Addition to 316-322
Writer contacted dealer 45406, 888-873-9967. Writer advised SM Mary of lines 314-315 and authorization was approved for $793.45 as that was the amount provided by Ben.
Customer seeking rental assistance because there was consequential damage from recall and we were waiting on backordered parts. Contacted Service Manager, Mary at 45406 to discuss the customer s request for rental assistance. Confirmed customer s concern and with Service Manager concurrence, authorized 12 days of rental per guidelines in Warranty Bulletin D-11-53.
Rental authorization will be processed by KM887 in CAC.

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Information Request	Customer seeking recall information.
Product - Suspension - Tie Rods / Drag Link - Broken - Unknown	Customer states that left tie rod broke.
Corporate - Dealer Information - Default - Default - Default	Dealer has not diagnosed vehicle.

Briefly summarize why the customer is contacting Chrysler: Customer states that his left tie rod broke and the vehicle was towed to the dealership. Customer states that he is aware that there is a recall on the vehicle for this issue but his concern is that the new parts will not be in until 01/06/2014. Customer states that the dealer has the old tie rods in stock and was wondering if they could use these until the new ones come in.
Briefly summarize what the customer is expecting: Customer is seeking N62 recall information.
Agent advised the customer that the recall is on the vehicle and advised the customer that we do understand that the parts won t be in until 01/06/2014. Agent advised the customer that once the dealer has been able to diagnose that this is recall related then he can contact us back at that point and we can contact the dealer to see if they can use what they have in stock until the new ones come in so we can get his vehicle on the road. Customer understood.

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Reimbursement	Customer is seeking reimbursement

Briefly summarize why the customer is contacting Chrysler: The customer is contacting Chrysler seeking reimbursement. The customer states he just received a recall notice and states he already had the repair completed prior to this. The customer states he was given an address earlier to submit the documents to and he just wanted to make sure he has the correct address. Agent advised the customer of the address in answer connect document 17420.
Briefly summarize what the customer is expecting: The customer is expecting to verify the address to send his documentation to.
POSTMARK DATE: 122413; DATE RECEIVED: 010314
Documents attached for review
Called Customer at [redacted]. Agent advised that the Recall applies to vehicles that have had the Steering Linkage replaced with a Mopar Steering Linkage.
Agent explained that if the Steering Linkage was Factory then the recall would not apply.
Customer understood.
Customer called stating that he had questions related to the last conversation he had. Agent explained multiple times that the recall was in direct relation to the h46 recall. Customer is stating that he should be entitled to the reimbursement because his tie-rod snapped. Agent advised customer that he does not qualify for the reimbursement. Agent requested repeatedly to speak with previous agent. Agent attempted to transfer customer and was unsuccessful. Agent then provided customer with the phone number (855-675-9291 and EXT 4718140 as per Answer ID 23321.

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Reimbursement	Customer seeking reimbursement
Corporate - Reimbursement - Default - Default - Default	Customer seeking reimbursement for completed recall

Briefly summarize why the customer is contacting Chrysler: Customer stated that they have just received the recall letter for the N62 recall. Customer stated he has previously had these repairs completed.
Briefly summarize what the customer is expecting: Customer seeking reimbursement for the completed repair relating to the N62 recall.
Agent advised the customer as per Answer ID 17420, the full mailing address and information needed to send in for reimbursement. Agent also provided the Recall Reimbursement Fax Number of 1-877-768-5076.
Advised customer to submit original repair order & proof of payment to:
Chrysler Recall Assistance Center
P. O. Box 21-8007
Auburn Hills, MI 48321-8007
Advised customer to make a copy of these documents for their records.
Asked the customer to include a brief letter of explanation & request, including their name, address, phone number, VIN, & reference number (24350439). Advised customer the reimbursement is dependent upon verification of all documents requested.
N62: AC ID 24057
Models:
2003 and 2004 model year (DR) Dodge Trucks (2500 series)
2005 through 2008 model year (DH) Dodge Trucks (2500 series)
2003 and 2004 model year (DR) Dodge Trucks (3500 series)
2005 model year (DH) Dodge Truck (3500 series)
2006 and 2008 model year (D1) Dodge Trucks (3500 series)
IMPORTANT: This recall only applies to vehicles that had certain Mopar service parts steering components installed.
Subject:
A Mopar service parts steering linkage may have been installed on some of the 705,000 of the above vehicles during a prior service appointment. The left tie rod ball stud on the Mopar service parts steering linkage may fracture under certain driving conditions. This could cause a loss of directional control and/or a crash without warning.
Repair:
The steering linkage assembly must be inspected and replaced if required.

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Other	Customer wanted to get reimbursed for the repair

Briefly summarize why the customer is contacting Chrysler: Customer said that he already had to pay for the repair for this recall and also had to pay for the tow bill. Customer wanted to know if he would get reimbursed.
Briefly summarize what the customer is expecting: Agent advised that the customer could send in his original receipts into reimbursements. Agent also provided the customer the address for towing reimbursements as well. Agent let the customer know that it would be 4 -6 weeks.
Customer called back looking for additional information about receiving reimbursement for the towing costs. Customer wanted to know if he just needed his receipt or if he needed a document showing the reason that the towing company towed his vehicle.
Agent advised customer that the more documentation he could provide the better for getting reimbursed for towing and repairs.
POSTMARK DATE: 010214; DATE RECEIVED: 010814
Customer is seeking reimbursement under the N62 Left Outer Tie Rod Assembly Recall.
This recall is for a MOPAR 'replacement part'.
The vehicle had to have been in for a prior service and had the steering linkage replaced with MOPAR service parts.
Unless customer can provide a repair invoice showing prior service the recall does not apply to their vehicle and reimbursement will be denied.

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Information Request	Left Outer Tie Rod Assembly

Briefly summarize why the customer is contacting Chrysler: Customer stated he has the N62 recall but was advised parts are back ordered. Customer is wondering what he should do.
Briefly summarize what the customer is expecting: Customer seeking assistance completing recall N62
Agent advised parts will be available in January and he could schedule the appointment now for sometime in the new year, rather than having an inspection now and going back for parts in January. Customer satisfied to have availability answered and will contact dlr to schedule an appointment sometime in the new year.

Recall - N49: LEFT TIE ROD -	incomplete.

Briefly summarize why the customer is contacting Chrysler: Customer states that this is the second time the left tie rod has broken on the vehicle. Customer states that he took the vehicle to the dealership to have the tie rod fixed. Customer states that the dealership told the customer that they were not going to fix the left tie rod for the customer. Customer states he went and ordered the part from NAPA Auto Parts to have the part put on because the dealership told the customer they would not put the part on. Customer states that he received the recall notice and now the dealership tells the customer that the dealership to repair the tie rod assembly on the vehicle. Customer states he wants to know what can be done with the part that has been ordered.
Briefly summarize what the customer is expecting: Customer is expecting to be reimbursed for the part the customer ordered.
Agent Advised: Agent stated that if the part is not yet been put on the vehicle, we cannot reimburse the customer for the part at this time. Agent stated that customer would have to ship the part back over seas and have the recall completed at the local RAM dealership. Customer was very upset and dropped the call.

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Information Request	incomplete.

Briefly summarize why the customer is contacting Chrysler: Customer states that the vehicle has a recall in regards to the left tie rod. Customer states that the customer knows that the customer cannot have the vehicle repaired until the earliest of 01/06/2013. Customer states that the customer plans on taking a trip for Christmas.
Briefly summarize what the customer is expecting: Customer is expecting to have the vehicle repaired and make sure eveything is running in order for the customers trip.
Agent Advised: Agent stated that the customer can bring the vehicle into the dealership to have an inspection completed before the customers trip to make sure that the left tie rod assembly is all running in order.
Agent stated that the dealership would not be able to say the vehicle is completely safe due to liability issues, but the dealership can make sure everything is running in order for the customer. Agent offered to transfer the customer to the dealerships line to book an appointment to have an inspection completed. Customer stated that the customer would just call over to the dealership to book the appointment and have the inspection completed before going on the customer trip.

***** END EMAIL BRIEF DESCRIPTION CONTENT *****
I recueved a recall notice, last week in the mail. I, own a 2008, 2500 HD, Power Wagon and purchased it used last spring. Since that time the part in question failed and I was luck!! Very lucky! Because, The part broke as I was exiting the parking space! My concerns are real! How many people died because of this failure??? I had my truck towed and repaired at my expense! When I called in regardto recall. I, was told that Dodge was not responsible! What the hell is going on??? I, want reemburst for towing, parts and labor! or I will contact my attorney and give Dodge/Chrysler I very bad Blog!!! How many died before the recall????
Russ
*****END OF CUSTOMER EMAIL*****
Dear Russell
Thank you for contacting the Ram Assistance Center.
We are very sorry to learn of the problem you have encountered and have documented your concern.
To request reimbursement on repair work done on your vehicle prior to the recall notification, send your original documentation (repair order and original proof of payment) to the following address for review:
Chrysler Recall Assistance Center
P. O. Box 21-8007
Auburn Hills, MI 48321-8007
Include the following information (where applicable) so we can respond to your issue promptly:
Your name
Your address
Vehicle owner name (if different)
Vehicle owner address (if different)
Day and evening phone numbers

Vehicle Identification Number (VIN)
Note: Original receipts from the repair facility are needed for reimbursement. If original receipts are not available, contact the service provider and request a duplicate original. Copies are generally not acceptable. Keep a copy for your records.
You may also submit your information via documentation link. We will send you the link via the email address provided in your email. The link will follow this email and will expire in 7 days. Please do not change the subject of the email, and please follow the instructions in the letter that you received.
Please note that if you have not received the link in your inbox, it could show up in your junk mail folder or spam folder.
Please be aware that the link can only be clicked on once.
After your letter is reviewed, we will contact you by phone with a prompt response. Please allow 3-4 weeks for check processing.
Thanks again for your email.
Sincerely,
Crystal
Customer Service Representative
Ram Customer Assistance Center

Product - Suspension - Tie Rods / Drag Link - Other - Front	Broken front tie rod.
Recall - N49: LEFT TIE ROD - Information Request	customer had broken tie rod due to recall
Corporate - Roadside Services - Warranty - Towing - Default	

Briefly summarize why the customer is contacting Chrysler: SA John from Steven Chrysler contacted Ram to advise that a customer had come in with a broken tie rod on the vehicle. John states that the vehicle is down due to the recall issue. John states that the customer is currently in a rental vehicle, but they are inquiring about possibly getting into a rental truck. John wanted to be certain that Ram was informed, as he is uncertain what he needs to do to start the repair process for this.
Briefly summarize what the customer is expecting: Agent advised John that a case had been set up. Agent provided John with the case number to give to the customer. Agent advised John to have the customer contact Ram once they have decided on what they want to do so that the case managers could get involved in this issue.
Reassign to KM788 for survey bypass dealer contact.
CAIR RE-OPENED AND FOLLOWING REASON CODE(S) REMOVED
Survey By-Pass: Dealer Call
Customer called in stating that the vehicle is currently at STEVEN CHRYSLER JEEP DODGE, INC and the customer is being informed that they don t have the part available to fix this recall so customer is wanting RAM to pay for a rental for the exact same truck customer has and if not give the customer a rental right off the lot. Agent informed cannot do that, unable to authorize the dlr to give the customer a truck off the lot of the same make. Customer is stating that wants his truck fixed according to the dlr they have a part there to fix the truck however it s an aftermarket item. Agent contacted the dlr STEVEN CHRYSLER JEEP DODGE, INC and spoke with John the SA, John is familiar wit the customers situation and stated that he is not sure if they can good will an aftermarket item, SA John transferred me to the SM Chris and he stated that he is not sure if he can goodwill aftermarket parts and will have to get in touch with his DM and warranty administrator, SM took agent case number and phone number and will call when has more information. Agent informed customer that the dlr does have an aftermarket part that could restore the truck today however if that is done then it could void the recalled part because it s an aftermarket. Agent informed customer did ask if the dlr could provide assistance on the repairs and so forth and the SM Chris is looking into it and need to allow time for a cal back being the holidays may not be for a couple of days. Customer got irate and stated that RAM is not standing behind their product and agent informed that as per letter parts are not available until after 1/6/2014 the fore the truck would be un drivable until the parts come in however since it is a work vehicle it needs to get back on the road informed customer if he needs the truck today need to authorizes the repairs for

the aftermarket item and experience the out of pocket expense however if customer seeking assistance needs to allow time to see what can be done if anything. Customer started to use fowl language and agent warned if it continued would release the call. Customer then stated he would contact the dlr and customer disconnected the line.

2003 and 2004 model year (DR) Dodge Trucks (3500 series)
2005 model year (DH) Dodge Truck (3500 series)
2006 and 2008 model year (D1) Dodge Trucks (3500 series)
IMPORTANT: This recall only applies to vehicles that had certain Mopar service parts steering components installed.
Subject: A Mopar service parts steering linkage may have been installed on some of the 705,000 of the above vehicles during a prior service appointment. The left tie rod ball stud on the Mopar service parts steering linkage may fracture under certain driving conditions. This could cause a loss of directional control and/or a crash without warning.
Repair: The steering linkage assembly must be inspected and replaced if required.
NOTE: The initial steering linkage inspection process can be done by write-up personnel in the write-up area (see Section A. of the service procedure). Vehicles found with original style steering linkage can be immediately returned to the customer.
Safety Recall H46 - Mopar Steering Linkage
2003-2004 (DR) Dodge Truck 4x4 (2500/3500 series)
2005 (DH) Dodge Truck 4x4 (2500/3500 series)
2006-2009 (DH) Dodge Truck 4x4 (2500/3500 series or 1500 Mega Cab)
2006-2009 (D1) Dodge Truck 4x4 (3500 series)
2007-2009 (DC) Dodge Truck (3500 series cab chassis)

IMPORTANT: This recall only applies to vehicles that had certain Mopar service parts steering components installed.
During a prior service appointment, a Mopar service parts steering linkage was installed on about 19,400 of the above vehicles. The drag link inner joint may fracture under certain driving conditions. This could result in a loss of steering control and cause a crash without warning. Also, the steering damper bracket at the tie rod tube may loosen. This could allow the bracket to slide on the tube and may cause increased vehicle turning radius.
Safety Recall H46 Mopar Steering Linkage Page 2
The steering linkage must be inspected and some steering linkage components may need to be replaced.
NOTE: The initial steering linkage inspection process can be done by write up personnel in the write up area (see Step 1 of the service procedure). Vehicles found with original style steering linkage can be immediately returned to the customer.

Product - Transmission / Transaxle - Automatic Trans / Transaxle - Leaks - Default	Customer needs new pinion seal/flange
Product - Electrical - Unknown - Other - Default	Customer states they need a new wheel speed sensor
Corporate - Warranty Coverage - Default - Default - Default	Customer wanted to know if speed sensor was covered under warranty
Recall - N49: LEFT TIE ROD -	Customer wanted to know why this could not be completed

Briefly summarize why the customer is contacting Chrysler: Customer called stating that he was advised by the DLR that they could not complete the N49 recall as they do not have the intructions on how to do so. Customer also advised that he needs a new speed sensor.
Briefly summarize what the customer is expecting: Customer wants to know why the DLR would not repair the recall and if speed sensor is covered under warranty.
Agent advised that the letter states not to make any appointments with local DLRs until 01/06/2014. Agent advised she will contact the DLR to see where the speed sensor is located and see if it is ciovered under warranty. Agent contacted DLR and spoke with SA Lori. SA stated that the Customer needs a wheel speed sensor and that is not covered under powertrain. SA stated that Customer does need a pinion and pinion flange which is covered under the powertrain warranty. Agent advised the Customer that the wheel speed sensor is not covered but the other repairs are covered under the powertrain. Customer thanked Agent.

Recall - H46: STEERING LINKAGE - Advise Owner/Incomplete Recall	advised customer of recall H46
Recall - E17: OUT-OF-PARK ALARM SYSTEM - Advise Owner/Incomplete Recall	agent advised customer of recall E17
Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Information Request	customer seeking recall information for N62

Briefly summarize why the customer is contacting Chrysler:Customer called stating that he recently got a letter for a recall on his 2005 truck and was stating that in the past year he was involved in an accident with his truck where he lost steering control and the vehicle went into a snow bank. Customer stated he was alright but this may have been the cause and agent advised him that according to our records he has 3 recalls on his truck. Agent advised the customer that besides the N62, he also had H46 steering linkage,Safety Recall E17 Out-of-Park Alarm System. Customer stated that in the past he had the issue replaced and used, used parts and now is told he needs a new steering linkage and tie rods. Agent advised the customer to check with the dealership and advise them that he has the recalls and the dealership will be able to see them as well. Customer asked if there was anything that he could do to prove to the dealership that he had these because they are difficult to deal with in the past. Agent provided the customer with the case number and advised him to provide it to the dealership if they have any questions regarding the recalls they can give us a call with that case number and the next agent will be able to pull up the information and advise the dealership of the recalls on the vehicle.
Briefly summarize what the customer is expecting:to find out about recalls on his truck because the dealership advised him that he needed new tierods and steering linkage
Customer calls seeking recall information. Advised the customer of incomplete recall recall N62, H46, E17Ù for this vehicle. Customer was advised to
contact a Chrysler, Dodge, or Jeep dealer to schedule an appointment to complete recall repair.

2003-2004 (DR) Dodge Truck 4x4 (2500/3500 series)
2005 (DH) Dodge Truck 4x4 (2500/3500 series)
2006-2009 (DH) Dodge Truck 4x4 (2500/3500 series or 1500 Mega Cab)
2006-2009 (D1) Dodge Truck 4x4 (3500 series)
2007-2009 (DC) Dodge Truck (3500 series cab chassis)
IMPORTANT: This recall only applies to vehicles that had certain Mopar service parts steering components installed.
During a prior service appointment, a Mopar service parts steering linkage was installed on about 19,400 of the above vehicles. The drag link inner joint may fracture under certain driving conditions. This

could result in a loss of steering control and cause a crash without warning. Also, the steering damper bracket at the tie rod tube may loosen. This could allow the bracket to slide on the tube and may cause increased vehicle turning radius.
Safety Recall H46 Mopar Steering Linkage Page 2
The steering linkage must be inspected and some steering linkage components may need to be replaced.
NOTE: The initial steering linkage inspection process can be done by write up personnel in the write up area (see Step 1 of the service procedure). Vehicles found with original style steering linkage can be immediately returned to the customer.
L16 Component Three applies
2003 - 2004 (DR) Ram Truck 2500/3500 (4X4)
2006 - 2008 (DH) Ram Truck 1500 Mega Cab (4X4)
2006 - 2008 (D1) Ram Truck 3500 (4X4)
2007 - 2008 (DC) Ram Truck Cab Chassis
2005 - 2008 (DH) Ram Truck 2500 (4X4)
2005 (DH) Ram Truck 3500 (4X4)
Note: This recall applies only to the above vehicles that were built between July 12, 2002 and Feb 13, 2011 and had the steering linkage replaced with Mopar service parts between Feb 14, 2008 and Aug 9, 2011.

N62 - Safety Recall - Left Outer Tie Rod Assembly / Dodge RAM
Answer ID 24057
Models:
2003 and 2004 model year (DR) Dodge Trucks (2500 series)
2005 through 2008 model year (DH) Dodge Trucks (2500 series)
2003 and 2004 model year (DR) Dodge Trucks (3500 series)
2005 model year (DH) Dodge Truck (3500 series)
2006 and 2008 model year (D1) Dodge Trucks (3500 series)
IMPORTANT: This recall only applies to vehicles that had certain Mopar service parts steering components installed.
Subject: A Mopar service parts steering linkage may have been installed on some of the 705,000 of the above vehicles during a prior service appointment. The left tie rod ball stud on the Mopar service parts steering linkage may fracture under certain driving conditions. This could cause a loss of directional control and/or a crash without warning.
Repair: The steering linkage assembly must be inspected and replaced if required.
NOTE: The initial steering linkage inspection process can be done by write-up personnel in the write-up area (see Section A. of the service procedure). Vehicles found with original style steering linkage can be immediately returned to the customer.
Waitng for documentation.
POSTMARK DATE: 122513; DATE RECEIVED: 122513
Writer acknowledges documents, will review as soon as possible.
Customer has submitted partial invoice just showing Job#3.
DEALER CONTACT: Writer called DALLIN MOTORS 307-324-4525. Writer spoke to SA Donny. SA Donny advised that Customer had original factory parts on vehicle so H46, or L16 never applied, so no reimbursement. Now we need to have Customer take vehicle back in if parts need replaced dealer will do so. Writer also asked SA Donny to make sure recalls get closed on vehicle. SA Donny advised the Sublet charge on Customer submitted invoice 6037629 is for an out of shop alignment that they cannot fulfill. SA Donny advised this is the full invoice, may have started at Job #3 as Job # 1,2 may include a vehicle wash or complimentary inspection.
CUSTOMER CONTACT: Writer called ROBERT A MAESTAS 307 321 8213. Writer provided case # and USCAC for contact.
**Agents please read to yourself - Lines 81-84. No reimbursement under recalls H46, L16,or even N62,as SA Donny states original factory equipment. Vehicle needs to be inspected if unfit parts were used Chrysler will replace them. Vehicle OOW by time and mileage
Agent advised customer that as of right now this department did speak with Donny at the dealership and were advised that Donny would like to inspected the vehicle again because recalls are still showing as incomplete in the system. Agent did advised that as of right now the reimbursement request has not been approved. Customer understood and stated he would speak with Donny to set up an appointment.
Writer acknowledges that Customer has been advised of outcome. Customer

has been advised to take vehicle back to Dealership and have vehicle inspected for possible N62. Customer has been advised we are not reimbursing under H46 or L16, or N62 just a replacement of parts if needed. Writer is closing case. Reimbursement request declined directly.

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Information Request	seeking information

Briefly summarize why the customer is contacting Chrysler: Customer is contacting Chrysler because they have recall N62 on their vehicle. Customer stated that they are going to be taking vehicle for a road trip and would like to have the vehicle inspected before they leave. Customer stated that they were advised that the parts were not available till the New Year. Customer stated that they called a Chrysler dealership and was advised that there was nothing that could be done.
Briefly summarize what the customer is expecting: Customer is expecting to have an inspection done.
Agent could not find the dealership that the customer was calling however did located two dealership on dealer search that were close to the customer. Agent tried calling dealership Larry H. Miller Chrysler Jeep Dodge Albuquerque but they were not open. Agent then called Mark s Casa Chrysler jeep and there was nobody available in service. Agent advised the customer that they would look into their case further. Agent provided customer with case number and advised them to give a call back if they were able to get inspection done.
Agent tried calling dealership at (505) 897-8400 and was unable to reach anyone in the service department.
Agent called customer back to see if customer was able to get though to dealership. Customer stated that he talked to Jerry from dealership 42355 and was advised that the inspection could be done however if parts are rquired to perform recall there would be nothing that could be done.

Recall - N49: LEFT TIE ROD -	Recall inquiry
Corporate - Reimbursement - Default - Default - Default	Reembursement request

Briefly summarize why the customer is contacting Chrysler: Customer called for recall information. Customer stated he received a recall notice for the N49 LEFT TIE ROD. Customer wanted to know the process for reimbursement for repairs that were completed and later a recall was issued for the concern. Customer stated his vehicle originally had the L16 recall completed and 6 months later while away from home the tie rod end snapped and needed to be repaired. Customer stated he was too far away from a Chrysler dealer to have the repair completed again so needed to go to an IRF to have the repair completed. Agent advised for the N49 recall ounce back home is able to visit his local Chrysler dealer and for the reimbursement agent offered the mailing address to submit the documents. Customer stated he was out with family at the moment and will have to call back for the information and would visit the dealer when home.
Briefly summarize what the customer is expecting: Customer seeking recall information.

Recall - N49: LEFT TIE ROD - Reimbursement	Customer seeking reimbursement
Product - Suspension - Tie Rods / Drag Link - Broken - Unknown	Customer's tie rod broke

Briefly summarize why the customer is contacting Chrysler: Customer contacted Chrysler for reimbursement information.
Briefly summarize what the customer is expecting: Customer is seeking reimbursement information regarding the recall N49. Customer states that the tie rod on her vehicle broke on November 2nd. Customer states her husband bought a part for it and replace the tie rod himself. Customer states the next day she had the vehicle realigned. Writer advised customer of what to do to seek reimbursement (AnswerConnect ID # 19074) and provided her with the fax # 877-768-5076 (AnswerConnect ID # 18891). Writer also advised customer that it would take up to 60 days for her reimbursement request to be processed. Customer also wanted to know if reimbursement was not approved if she could still get her tie rod fix under the recall. Writer advised the customer she could if her dealership diagnosis it as the same problem as the recall and repairs it.
Writer acknowledges assignment.

2011 - 2012 (DD) Dodge RAM Truck (3500 Cab Chassis)
NOTE: This recall applies only to the above vehicles built between February 14, 2008 and December 22, 2012.
Subject: The left tie rod ball stud on about 264,000 of the above vehicles may fracture under certain driving conditions. This could cause a loss of directional control and/or a crash without warning.
Repair: The left and right tie rods must be replaced.
CUSTOMER CONTACT: Writer called [redacted] . Writer spoke to Jeff Pitcher and advised him that YES they can take their vehicle to a CDJR Dealer as they will need to inspect the repair, and at least close the recall if the repair is adequate. If Customer only replaced one side Chrysler will re replace both sides, or whatever is necessary to make the recall fulfilled. Customer did not have pens so he could not write down fax #, case # but he is sure his wife has all the information.

Recall - N49: LEFT TIE ROD - Information Request	Customer wants to register complaint for recall n49.
Corporate - CNA Change - Default - Default - Default	Updated coin.
Corporate - Survey By-Pass - No Diagnosis - Default - Default	

Briefly summarize why the customer is contacting Chrysler: Customer states he is stationed in Elpaso, Tx and made an appointment and took his vehicle to 08397 Dick Poe Dodge for the recall n49. Customer states he will leaving next week for duty out of country and was advised by the DLR he could have his recall completed. Customer states when he got to the DLR they inspected the vehcile and advised him his he did need the recall repair completed and they are waiting for parts. Customer upset and wants to make a complaint that the vehicle is not safe to drive and he was promised the repair but know he has to put the vehicle in storage because the parts are not available. Customer states when he gets back he will be selling the vehicle and getting a Ford. Customer does not feel safe driving the vehicle or letting his family drive the vehicle and does not understand why Chrysler sends out a letter for a safety recall and does not have the parts available.
Briefly summarize what the customer is expecting: to make a complaint regarding the recall parts not being available.
Writer updated coin.
Writer advised customer that recall letters must be sent out as it is mandatory even when the parts are not available. Writer advised the customer as per N49 - Safety Recall - Left Outer Tie Rod Assembly / 2008-2012 Dodge RAM Answer ID 24054.
Writer offered to contact the DLR regarding the issue but customer did find that it would be helpful as the part is not available.
Writer advised customer when he does return he could have the recall completed at that time but customer stated these parts are available at third party locations and he may fix it himself and when he gets back he will be selling it not fixing it.
Writer apologized for his inconvenience.
Reassigned to lb546 for survey by pass, recall no parts available.

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Reimbursement	Customer seeks reimbursement for recall repair
Product - Suspension - Tie Rods / Drag Link - Other - Unknown	Customer states repairs were done at an IRF seeking reimbursement
Corporate - CNA Change - Default - Default - Default	updated customer information

Briefly summarize why the customer is contacting Chrysler: Customer states he received a recall notice in the mail. Customer states the repairs were already done at an IRF.
Briefly summarize what the customer is expecting: Customer seeks reimbursement. Agent states as per answer connect Id # 17420 gave customer address and what items to mail. Agent states once documents are received your file will be reviewed and if repairs are due to recall reimbursement would be considered. Agent states please allow up to 60 days for processing.
POSTMARK DATE: 122713; DATE RECEIVED: 010314
Customer has submitted paperwork for the N62 recall. The invoice for the repair shows upper and lower ball joints plus a front brake repair.
Customer is seeking a reimbursement of $959.80 for the N62 recall. This recall only applies to vehicles that had certain Mopar service parts steering components installed.
**********GOODWILL DENIED**********
Agent attempted to contact customer @ [redacted] and his wife asked that he be contacted on his cell phone
Agent attempted to contact customer on cell phone @ [redacted] the message was that the number was no longer in service
Customers wife suggested a return call at noon
Agent is reassigning to SB1513 per TL
Agent attempted to contact customer at #[redacted] message is phone is no longer available.
Agent attempted to contact #[redacted] No voicemail is attached to this number could not leave message.
Agent will close case.
Next agent if customer calls back. Advise upper and lower ball joints as well as front brake repair are not related repairs due to the N62 recall. Customer would have had added certain Mopar parts to qualify for that recall. No reimbursement for repairs
Customer called in seeking stated update on recall reimbursement.
Agent advised customer of lines 28-31
Customer was upset. Customer states his contact numbers have been the same for 30 years and he wasn t reached out to. Customer stated he is not getting the recall completed.
Customer declined any dealer transfers. Customer stated he will not consider Ram as a future option.

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Information Request	LEFT OUTER TIE ROD ASSEMBLY
Recall - H46: STEERING LINKAGE - Reoccurance or Related Problem	STEERING LINKAGE
Corporate - Survey By-Pass - No Diagnosis - Default - Default	

Briefly summarize why the customer is contacting Chrysler: Customer states that he has received the notice for the N62 recall. Customer states he had his front tie rods replaced last year after they had cracked and would like to know if this recall applies to the factory installed parts or the replacement parts. Customer states he would like to know if he will get reimbursed for the cost of the original repair. Customer states that he had the outer tie rods as well as the steering linkage replaced.
Briefly summarize what the customer is expecting: Customer seeking recall and reimbursement information.
Agent advised customer that this recall is for the parts that were put into his vehicle after the repair. Agent advised customer to bring his vehicle into the dealership for an inspection and, if needed, the tie rods will be replaced. Agent advised customer that because he has had a past recall for the steering linkage, he may be reimbursed if the repair was associated with that recall. Agent advised customer of information needed to send in for reimbursement. Agent advised customer of mailing address to send his information to. Agent offered the fax number, customer declined stating he has no access to a fax machine.

Recall - N49: LEFT TIE ROD - Information Request	Customer seeking recall information

Briefly summarize why the customer is contacting Chrysler: Customer called in stating he received the N49 recall letter. Customer stated he is not experiencing any issues that may be related to the recall.
Briefly summarize what the customer is expecting: Customer seeking as to when the parts may become available. Customer is seeking as to whether the repair could be completed sooner.
Agent advised the customer as per the attached file in Answer ID 24054, that the vehicle should not be brought to a dealership previous to 01/06/2014 as the parts are not yet available. Agent advised that as of 01/06/2013 we may call dealerships for repair appointments for the N49 recall.
Reassigned to LB546 for survey bypass-Incomplete recall
Customer called back in regards to the recall issue. Customer called the dealership to obtain the part to complete the recall and the customer was put on a list from the dealership in regards to the backorder part.
Customer is not satisfied that the case was closed and not escalated by the prior agent to the backorder part department. Agent advised the customer that the file will be re-opened and escalated to our backorder department and the customer will receive regular updates.
The part required to provide a permanent remedy for recall N49Ù is currently not available.
Advised customer that their case will be assigned for special tracking until the part becomes available.
Advised customer that an email will be sent every 30 days, until second letter detailing part availability is sent to customer.
Preferred Morning/Midday call back number is[redacted]
Preferred Afternoon/Evening call back number is[redacted]
Customer email address for case updates:[redacted]
Reassigned to 961
CAIR RE-OPENED AND FOLLOWING REASON CODE(S) REMOVED
Survey By Pass - No Diagnosis
NB358 - N49 is not included in the 961 process
Customer wanted to know if we could expedite parts for this recall. Agent advised the customer that Chrysler was working on finding a different supplier and we would not be able to expedite parts. Agent warm

transferred the customer over to Courtney in service (Shaver Chrysler) to see if they had a shorter waiting list for the N62 recall.

****** Below Customer Contacted for Documentation Request ******
[redacted] 2013-12-24 @ 15:04
Briefly summarize why the customer is contacting Chrysler: Customer stated he had received a letter in regards to the N49 recall. Customer stated he was traveling through the mountains and he had to pay for a tow, and he purchased and replaced the parts on his vehicle because there was not a dealership anywhere around where he was.
Briefly summarize what the customer is expecting: Customer seeking reimbursement.
Agent provided the customer a doc request to mail back the information needed for the reimbursement for the recall parts.
****** Below Customer Contacted for Documentation Request ******
[redacted]
Reassign to 86Y
***** Customer Document Received *****
Agent reviewed documents submitted by customer and found customer had to be towed and had the left outer tie rod replaced at an IRF along with an alignment. Customer submitted proof of payment for the cost of the part and the IRF repairs but only an invoice for the towing. Agent will contact the towing company to confirm proof of payment. Agent found customer also submitted a copy of his hotel invoice for 2 nights.
Agent called towing company and spoke with the tow truck driver Casey about the customer s invoice. Casey states the customer paid with a credit card and the $150.00 invoice was paid for by the customer.
Agent called IRF that performed the alignment and found that the customer performed his own tie rod replacement and brought the vehicle to the IRF for an alignment only on 12/07/2013 and paid IRF on 12/10/2013.
Agent called IRF where the part was purchased and found the customer purchased the part on 12/07/2013 and confirmed it was an outer tie rod end that was purchased.
Customer submitted request for reimbursement for recall N49 - LEFT TIE ROD.
Recall applies to customer s vehicle: N49
Customer s proof of payment is: on file approval code 418838
Date of Repair: 12/07/2013

Corporate - Warranty Coverage - Default - Default - Default	Mopar part defective
Product - Suspension - Tie Rods / Drag Link - Poor Handling - Unknown	Mopar steering damper
Recall - N49: LEFT TIE ROD - Information Request	

Customer[redacted] called.
He received notice for N49, he was coming back from Dealer 43880 who advised they will schedule for recall service next week.
He stated he had issue with 'death wobble', had made several attempts to resolve without success, Dealer 43880 had replaced steering stabilizer which did not resolve. He went to a alignment shop where they inspected the Mopar stabilizer and determined it was defective. They replaced the stabilizer and resolved the issue.
Writer advised N49 probably will not relate to the steering vibration issue, but dealer installed Mopar part should have been covered by Mopar warranty. Customer will submit documents for reimbursement consideration.
Customer was driving and unable to write down information, but has the address on the recall notice.

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY -	Customer seeking to have recall completed
Dealer - Parts - Transaction - Parts N/A / Backordered - Default	Parts are not available until Jan. 6 2014

Briefly summarize why the customer is contacting Chrysler: Customer called because he has the N62 recall. Customer stated that he has contacted his dealership but they had told him that the parts are not available until Jan. 6 2014. Customer stated that he has checked the tie rod assembley and he thinks that there is grease leaking out the bottom. Customer stated that he is going on a trip on Jan.1 2014 and he would like to have the recall done.
Briefly summarize what the customer is expecting: Agent advised customer that he can find a dealership while traveling and he can have the recall done at any CDJR. Agent advised customer that he can have the repair done with an old part and then have it replaced with a new part. Customer stated that he will think about the repair. Agent advised customer that if he has any more questions or concerns to call back.

Recall - N49: LEFT TIE ROD - Information Request	Customer inquiring about recall.
Product - Electrical - Radio/Spkrs/Clock/Antenna - Intermittent or Inoperative - Default	Customer states that the radio VR will not work.

Briefly summarize why the customer is contacting Chrysler: Customer states that he has replaced the ball joints on the vehicle and was wondering how to submit for reimbursement as he just received a recall notice about this issue. Customer states that he would like to know why the recall cannot be completed until 01/06/2014. Customer states that he use to be able to use the VR on the radio to change the stations but since he had a repair done and the battery was disconnected the system will not allow him to do this.
Briefly summarize what the customer is expecting: Customer is seeking N49 recall information.
Agent advised the customer that the recall was issued for the left tie rod ball stud not the ball joints. Agent advised the customer the reason that they cannot start going to dealerships until 01/06/2014 is because we have redesigned the tie rods to be stronger and we are waiting for these new parts to come in. Agent advised the customer that there are no updates or anything for his radio that would explain this current issue. Agent advised the customer to have the dealer look at this when he goes in for the recall. Customer understood.

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Reimbursement	Customer seeks reimbursement repairs N62
Product - Suspension - Tie Rods / Drag Link - Broken - Unknown	Customer states tie rod broke
Corporate - Survey By-Pass - No Documentation - Default - Default	

Briefly summarize why the customer is contacting Chrysler: Customer states a few months ago his truck lost control due to his tie rod being defective. Customer states he could only use an IRF dealership to have repairs done.
Briefly summarize what the customer is expecting: Customer seeks to have tie rod repairs reimbursed. Agent states as per answer connect ID # 17420. Agent advises customer of fax, scan and mail options. Customer states fax. Agent advises fax number 877-768-5076 Agent advises upon investigation reimbursement will be determined if pertaining to the recall. Agent advises to allow 60 days for processing.
Agent waiting for documentation.
Agent waiting for documentation.
Agent waiting for documentation.
Agent called customer and left a message advising that his documents have not been received at this time and that the case will be closed if the documentation has not arrived by January 6, 2014 and that the case can be reopened and processed as normal once the documents arrive.
Customer called in to advise that he will be faxing in the documentation today or Monday at the latest and also wanted to schedule an appointment to have the recalls completed on his vehicle. Agent asked customer if the parts replaced for his reimbursement claim were the original factory parts and the customer states yes they were the original parts that were replaced. Agent advised customer that he may be entitled to have some of the parts replaced under the recall pending a dealer diagnosis. Agent transferred customer to RAY S CHRYSLER-DODGE-JEEP to schedule the appointment.
Agent has not received documents and is closing case at this time.
Case reassigned for survey by-pass.
customer faxed information january 10,2014. Customer still waiting for further information.
Customer stated that he just refaxed the information in for this case.
Agent confirmed the correct case number and fax number with the customer and advised him that if he just faxed it in it has not as of yet been attached to this case but should be shortly.

Recall - L16: LEFT TIE ROD END -	Customer seeking recall complete.
Recall - N49: LEFT TIE ROD -	Customer seeking recall complete.

Briefly summarize why the customer is contacting Chrysler: Customer contacted Chrysler in regards to a recall letter he has recevied in the mail. Customer states he is leaving today December 12/26/23 and would like these recalls completed before 3:00PM.
Briefly summarize what the customer is expecting: Customer seeking assistance from Chrysler.
Agent contacted SA Kaman at CHRYSLER DODGE JEEP RAM OF GADSDEN 256-543-9583.
SA stated the L16 recall can be completed before the customer leaves at 3:00PM 12/26/23.
SA stated the N49 parts are not available as of right now.
Agent advised customer he can take the vehicle into the dealership to get the L16 recall completed.
Agent advised customer that the N49 recall parts are not available.
Customer contacting Chrysler stating that he called the dealership and they told him parts are not available for the recall L16/N49 until January 6th, 2014. Customer would like to know what Chrysler is going to do about it. Agent advised that we are taking responsibility for the recall, however we cannot provide a rental vehicle because it is a consequential expense. Customer stated it is not his fault and he is scared to drive the vehicle. Agent advised unfortunately Chrysler is not participating in rental, but he does have towing so he can have vehicle towed to dealership near January 6th, 2014 to have recall completed. Customer understood.

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Reimbursement	Customer is seeking reimbursement

Briefly summarize why the customer is contacting Chrysler: Customer states that he paid for the tie rod and the steering linkage out of his pocket and would like to be reimbursed because they were recalls. Customer states that he called back in 2011 about this issue but was declined cost assistance because of the age and mileage of the vehicle; but that was when the recall was not attached to his vehicle. Agent told customer that we cannot guarantee reimbursement but we can look into this. Agent provided the address to hand in his documentation. Agent told customer that this will be a 60 day process and provided customer with the CAIR.
Briefly summarize what the customer is expecting: Customer seeking recall reimbursement.

Recall - N49: LEFT TIE ROD - Information Request	Customer called in regarding the N49 recall
Product - Suspension - Tie Rods / Drag Link - Broken - Unknown	Customer called in reporting that the tie rod of the vehicle had broken
Corporate - Survey By-Pass - No Response - Default - Default	

Briefly summarize why the customer is contacting Chrysler:
Customer called in reporting that back in August, his left tie rod had broke and he had the truck towed to an IRF and had the tie rod replaced. Customer is calling in now that he has the recall notice for the N49, and is looking at reimbursement. Agent provided customer with mailing address and advised customer to send in a copy of the repair order as well as proof of payment. Customer has not yet mailed the information, however will mail them shortly.
Briefly summarize what the customer is expecting:
Customer is expecting reimbursement for the tie rod that had broken before the recall notice was sent out.
Writer will contact customer on 1/3/14 if documents have not been received.
Writer checked and documents have not been attached.

Recall - N49: LEFT TIE ROD - Information Request	Customer is upset that the recall part is unavailable.

Briefly summarize why the customer is contacting Chrysler: Customer states that he is upset that the parts are not available yet for the N49 Recall. Customer states that he called the DLR and that they told him that they cannot get the DLR yet.
Briefly summarize what the customer is expecting: Customer is seeking information about the parts for the N49 recall.
Agent advised the customer that in the recall letter it did advise for customers to go to the DLR after January 6th 2014 to have the recall completed. Agent informed customer that the reason for the wait is so that Chrysler can make sure that they have enough parts available to complete all the recalls. Customer understood. Customer stated that he is just worried about the tie rod breaking while driving.

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Information Request	Customer seeking reimbursement process for recall: N62

Briefly summarize why the customer is contacting Chrysler: seeking reimbursement process
Briefly summarize what the customer is expecting: seeking reimbursement process.
The customer, Ms. [redacted] stated that this summer they had to replace the whole steering and tie-rod assembly and paid out of pocket, however, only purchased the parts, and now received this recall: N62 notice and wanted to know if she can be reimbursed for the repairs.
Writer consulted her recall information and confirmed that they do have the N62 recall.
Writer consulted with ACDoc#24057 and advised the customer that this recall is for Mopar replacement parts, and thus will mean that this recall applies to replacement parts and not the manufactured parts.
Writer consulted with the GWA claims and found that the H46 recall has 2 parts to the claim, and due to the fact that further research is needed to be completed to determine if the customer qualifies for reimbursement for this recall, writer did suggest she submit copies of her parts invoice with proof of payment for review.
She obtained the fax number and her case number and writer advised her of the possible turn around for further correspondence.
She thanked writer for the added information and the assistance today.

Reassigning to 86Y for further review.

Writer notes that the customer has contacted us in regards to the N62 recall notice that she received and requested the reimbursement information.

Writer notes that as per GWA, claim #[redacted] has 2 conditions within the claim as follows:
1 - 23H34182 - Safety Recall - Paid - S - Safety-Recall - $23.25
2 - 19H46181 - Safety Recall- H46- Paid - S - Safety-Recall - $5.00
P1 - CBLFH340 - BRACKET - X - 1 - $3.75 - $40.00 - $ 5.25

With the above information, once the customer s information arrives, writer will follow up with writer s TL for direction on the above repairs and the customer s submission.
POSTMARK DATE: 122713; DATE RECEIVED: 122713

Writer has completed more research and determined that the claim within line 33, refers to the H34 recall repair completion, and thus the component listed on line 35 goes with the H34 recall and not the H46 recall.
Therefore, with this revised information, the customer merely had the H46 recall inspected at the time of the release, thus the customer does not qualify for reimbursement for the repair submitted.

Writer notes that the customer currently shows as owning 1 used, & this 1 new vehicle with a WCC of 336, no MVP and the mileage showing as 69,999.

Writer contacted the customer at [redacted] at 4:35pm and spoke with Mrs. [redacted] Writer advised her that her documents have been received and reviewed and unfortunately writer cannot reimburse her for the costs incurred and tried to explain the parameters of the N62 recall. Writer explained that the recall is for Mopar replacement parts, and she stated that she did use Mopar replacement parts with this repair, thus she should be reimbursed. Writer further explained that since she now has the appropriate parts on the vehicle, these are the parts that are covered under the N62 recall. Mrs. [redacted] was very feisty and responded to writer stating that: It figures that Dodge would not help us, they just keep getting out of helping us with the words they use
Writer tried to empathize with her situation and she was very unresponsive, and when writer gave her closing the customer, Mrs. [redacted] responded with: whatever , and disconnected the line.
* * * * GOODWILL ASSISTANCE HAS BEEN DECLINED * * * *
Informed customer that Chrysler will not participate in the repair.
The vehicle warranty has expired by time and/or mileage.
Unless the customer offers new information, decision remains unchanged.
* *

CLOSED LOOP UPDATE - customer contacted today.

Recall - N49: LEFT TIE ROD -	n40 recall completion request

Briefly summarize why the customer is contacting Chrysler: to inquire on recall n49
Briefly summarize what the customer is expecting: to have recall completed
Customer states he had his vehicle into the dealership for recall n49 but the dealership inspected the tie rods and stated they were fine
Customer is inquiring as to if the dealership can just inspect the part and not complete the recall
Agent advised according to the recall notice left and right tie rods most be replaced
Agent called dealer 68431 to inquire on the recall
Sa Renee indicated that she was following the recall instructions for recall L16 which indicate inspection needs to take place and if parts are fine no further action was necessary
Agent advised the recall notice the customer was calling in regards to was n49
Sa Renee indicates that recall was just called out and vehicle has been in the job prior to recall being launched
SA Renee indicates that parts are not available but one will be ordered for customer
agent advised customer that as soon as the parts are in the dealership will contact the customer to bring the vehicle back to have recall completed

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Information Request	customer inquiring about letter

Briefly summarize why the customer is contacting Chrysler: customer calling because he has received this letter for the steering linkage, customer is stating that he is to leave tomorrow evening for a road trip pulling at trailer to FL, customer is concerned however in the letter it states ' 2003 through 2008 model year Dodge RAM 1500/2500/3500 series Trucks that had the steering linkage replaced with MOPAR service parts' and the customer has not had an issue with that its never been replaced however customer is still leery considering its a long trip and towing.
Briefly summarize what the customer is expecting: customer seeking on what to do
Agent advised: Customer may go to the dlr and have it inspected if customer has not had the steering linkage replaced more than likely his is okay however he can seek a dlr before he goes and have it looked at for customers piece of mind. Customer states he would like that. Agent called dlr IMPERIAL CHRYSLER DODGE JEEP however service does not open again until Dec 27th 7am- customer states that he has never been to this dlr and doesn t know if they will give him the run around. Agent informed customer to call CAC in the am and have an agent contact the dlr to speak with service to see if they can have his steering linkage looked at before he takes a long road trip. Agent provided customer with case number and he will call back in the AM.
Customer called back to get us to call the dealership.
Agent called dealer IMPERIAL CHRYSLER DODGE JEEP however the dealership was closed and doesn t open until 730am.
Agent advised customer to call back around 730am and have an agent call the dealership for him.
Customer contacted to have agent call Imperial Chrysler Dodge Jeep; agent called and the dealership was unable to get the customer in till Tuesday.
Agent advised the customer of a couple other dealerships that he could possibly bring the vehicle to today. Agent provided the customer with the phone number for Metro Chrysler Jeep Dodge
1667 Hartford Ave
Johnston, RI 02919
(401) 351-6600
Customer stated he recalls bringing his truck into a dealer to look at it, and a service advisor looked under the customers vehicle. Agent

advised the customer as per the recall claims;018567, that it was done 8/12/2009 at Old Colony Dodge. Agent advised the customer that the recall was inspected and replaced; but customer does not recall having the part replaced.
Agent advised the customer to contact Metro @9 and speak with a service advisor and to contact back with any further questions or concerns.
Briefly summarize why the customer is contacting Chrysler: Customer is contacting Chrysler because he wants to get recall inspected before he leaves for Florida. Agent called DLR and spoke with SA Koyuta and Lisa who stated the customer should not drive the vehicle to Florida because of the safety issue. Agent transferred customer to Metro to set up appointment to have inspection done and depending on if it passes or not depends on if the customer goes to Florida today.
Briefly summarize what the customer is expecting: Customer is expecting to get recall done and go to Florida.

Product - Steering - Linkage - Other - Default	left tie rod broke dec 3rd
Recall - N49: LEFT TIE ROD - Reimbursement	possible reimbursment for related repair

Briefly summarize why the customer is contacting Chrysler: SA Joe called from STAR DODGE CHRYSLER Jeep on behalf of the customer in regards to the N49 recall. SA Joe stated customer came into the dealer and advised on Dec 3rd the left tie rod snapped on his vehicle at 630pm and had to be towed to a IRF to be repaired. SA Joe referenced the letter and asked it the customer should submit his information to the address on the letter to be reimbursed. Agent asked if the local dealer were closed at that time, SA Joe said yes. Agent advised the customer should then submit the applicable information to the address on the letter.

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Information Request	Customer requesting time-frame to have recall completed
Corporate - CNA Change - Default - Default - Default	Writer updated customers contact information

Briefly summarize why the customer is contacting Chrysler: Customer received the recall notice for the N62 recall for the left outer tie rods. Customer would like to know if there is any certain time frame to have this completed. Writer advised that there is not a time frame however it is important for safety reasons to have the vehicle inspected for this recall. Customer states the vehicle is in storage in alaska until the summer time when he would have the recall completed.
Briefly summarize what the customer is expecting: Time-frame to have recall completed
Customer contacted Chrysler seeking recall information. Customer stated that his vehicle recall had not yet been completed due to his vehicle in storage in Alaska. Customer stated that as soon as he returns to Alaska, he will schedule appointment for recall completed. Writer advised customer that this will be documented.

Corporate - Reimbursement - Default - Default - Default	Customer has already completed the recall and wants reimbursement
Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Reimbursement	Customer received a recall letter

Briefly summarize why the customer is contacting Chrysler: Customer stated they received a recall letter. Customer stated they already had the recall completed and that they would like reimbursement.
Briefly summarize what the customer is expecting: Customer is expecting reimbursement. Agent advised the customer that she could mail or fax her receipt and work order in for reimbursement. Customer is faxing the information in. fax number provided was 877-768-5076
**********OUTBOUND CALL**********
Writer placed a call to MS [redacted] Writer was not able to leave a voice message. Writer noticed the fax number was provided to the customer. Writer will wait for documentation.
Customer would have to have a previous repair on the tie roads as the recall is for the Mopar replacement part. If customer has an invoice that shows he had previous repair on the tie rod.
IMPORTANT: This recall only applies to vehicles that had certain Mopar service parts steering components installed.
**********OUTBOUND CALL**********
Writer placed a call to MS [redacted] Writer was not able to leave a voice message.
Writer reviewed the file and noticed the customer had the H46 recall on the vehicle . the vehicle was only inspected no parts were replaced at the time of this completion. If customer can provided a previous invoice for repair on the steering linkage or Tie Rods than a possible Reimbursement can be considered.
Case closed as no response from customer.

Recall - N49: LEFT TIE ROD -	Customer wants recall completed before taking a trip
Corporate - CNA Change - Default - Default - Default	Updated customer information
Corporate - Survey By-Pass - No Diagnosis - Default - Default	

Customer contacted CAC stating that she has a concern regarding the N49 recall on her vehicle. Customer states that she is looking to get it completed before she leaves on a long trip for the 5th of January and that she would further like to get this recall completed. Customer further states that she has an appointment regarding this concern how ever customer is concerned that the part is simply not available. Customer further states that she is hoping that this recall can be completed soon for this concern. Customer further stated that she would await to hear from the dealership regarding this concern.
Customer is expecting to get N49 recall early.
Agent advised customer that her concern would be further looked into. Agent had advised customer that it cannot be guaranteed that this part will come in time for the customers concern and that her concern would be further looked into at the dealership level. Agent had further consulted LB546 who stated that the customer would need to further make an appointment and the dealership would further attempt to get parts. Agent further contacted dealer 59350 and spoke with SA Cheryl who stated that the customer already has an appointment for the 31st of December for an inspection regarding this recall and that they would further be in contact with the customer regarding the parts. Agent further spoke with customer and confirmed that her vehicle has the appointment and that her concern would further be handled by them and advised that there would be no guarantee that the parts would be able to make it in time.
Agent contacted 3 other dealerships for customer, but no one has any parts.

Recall - N49: LEFT TIE ROD - Information Request	part delay
Corporate - Survey By-Pass - No Repair - Default - Default	

Briefly summarize why the customer is contacting Chrysler:received recall letter and was told parts aren t available until April for recall N49.
Owner stated this is there only vehicle and she is going through medical treatments and they are pulling a trailor.
Briefly summarize what the customer is expecting:a rental until the parts are available to be repaired.
Agent spoke to SA Tammy and stated she was not aware of the part timeframe or about putting customers on a waiting list.
SA stated that she will put the customer on a waiting list for availability.
Agent advised owner that the vehicle will be put on list and will be notified.
No diagnosis.
Customer contacting Chrysler stating that he just got back from a 200 mile trip and went to dealership 60406Ù to check with service department on status of part, as he was leaving his tie rod snapped in half in the parking lot. Customer would like to know what to do. Agent contacted dealership and spoke to SA Bob who stated they order a part every Monday and was told that the supplier has 2087 parts in stock, just sending them 1 every week. Agent advised SA Bob should VOR the order and provide this customer with the first part because they are the only vehicle that is currently off road. SA Bob stated he will VOR it and get his DM involved to see if they can expedite the part. Agent let customer know the plan, he stated he was going to go and speak to SA Bob about the VOR process.

Dealer - Parts - Transaction - Parts N/A / Backordered - Default	customer seeking parts for N49 recall
Recall - N49: LEFT TIE ROD -	customer with N49 recall looking for parts

Briefly summarize why the customer is contacting Chrysler:Customer called because he received a letter for N49 recall and wanted to find out why it was taking so long to get the parts for the recall. Agent attempted to call the dealership YORK DODGE CHRYSLER JEEP RAM (60528) and speak with the SM Joe but had to leave a message including the phone number and case number for him to call back and advise the agent if the parts for the N49 recall are on back order or restrictions. Agent advised the customer that once she has that information she would call and let him know that status of this issue and whether she is sending the parts for expediting or if it is something he just has to wait for. Customer stated that he was going to be waiting to hear from the agent regarding this part.
Briefly summarize what the customer is expecting:to find out what is going on with the parts for the N49 recall.
Next agent please get the part number for the part that is needed and order number if possible plus if this is a back ordered part or on restriction.
Reason for Dealer Contact:part number and order number for the part needed for the n49 recall and see if the part is on restriction or back order.
Dealer Code:60528
Dealer Personnel Required:Joe Service Manager
Customer s Preferred Method of Contact:phone
Customer Phone Number (Morning) [redacted]
Customer Phone Number (Evening) [redacted]
Customer Email address:NA
Reason for assigning to Resolution Team:dealership did not call back during shift and not able to contact back during shift.
Assigned to 86T
Joe Oldman from 60528 contacted back after receiving the message from the previous agent. Joe states that the parts are still listed as new part, which means they cannot be ordered at this time. Joe states that he had spoken with his parts manager who had advised that there isn t an estimated arrival date yet, and that the customer would have to wait for the part to come in.
-
Please see TL for feedback.
Thank you.
Reassigned to: LB716 for next step.
-
Agent contacted customer but had to leave a message for the customer to advise him of lines 29-34.

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Reimbursement	LEFT OUTER TIE ROD ASSEMBLY
Recall - E17: OUT-OF-PARK ALARM SYSTEM - Advise Owner/Incomplete Recall	OUT-OF-PARK ALARM SYSTEM

Briefly summarize why the customer is contacting Chrysler: Customer inquiring about recall # N62. Customer states he already had this repair done and paid for it.
Briefly summarize what the customer is expecting: Customer would like to be reimbursed for the repairs.
Agent provided customer with address:
Chrysler Recall Assistance Center
P. O. Box 21-8007
Auburn Hills, MI 48321-8007
Agent advised customer to bring vehicle in to have it inspected regarding this recall. Agent informed customer about recall # E17 also.
Customer states he will make an appointment soon to have that looked at.
Customer thanked agent.
Customer called in for clarification on recall reimbursement. Agent stated AC ID 17420. Agent stated case number for customer to call back with if he had any further questions. Customer understood.
Briefly summarize why the customer is contacting Chrysler: Customer calling for updates on reimbursement request. Customer states that they mailed in all necessary documents three weeks ago now and have not heard anything. Agent advised that we have not received that information. Agent informed the customer they will re open the case and get it sent to the proper department. Agent advised the customer of what to mail in and advised to send it in again. Agent informed the customer it could take about thirty days to process but they will be contacted with more information once their documents are reviewed. Customer thanked the agent and disconnected the call.
Briefly summarize what the customer is expecting: Customer seeking updates on reimbursement.
Reassigned to: 86Y
Customer called stated that he mailed the receipts in and that they have not appeared yet.
Agent verified address for recall reimbursement.
Agent advised that he wanted to send the information in again he could and for him to make note on it that the reason this is a copy is because the original was lost in transit.
Customer called to verify the address he should send his recall reimbursement information. Customer states he has to send the information to Chrysler Customer Assistance at PO Box 21-8007 in Auburn Hills. Writer advised customer to send to Chrysler Recall Assistance Center and the PO Box is correct. Writer also advised customer of the 2 incomplete recalls on the vehicle. Customer states he is aware of both of the recalls.
Agent waiting for documentation.

Recall - N49: LEFT TIE ROD - Other	Customer seeking information about the N49 recall.
Corporate - Rental Vehicle - Default - Default - Default	Customer seeking rental vehicle
Corporate - Reimbursement - Default - Default - Default	N49 - Reimbursement

Escalation Override approved by CH1011 due to household loyalty (5 VINS in household). Approved due to recall N49- DLR does not have correct Mopar parts or aftermarket to put on customer s vehicle. Customer needs a vehicle for work.
Briefly summarize why the customer is contacting Chrysler: Customer seeking additional information about the N49 recall. Customer also seeking a rental vehicle.
Briefly summarize what the customer is expecting: Customer seeking a rental vehicle so that he can continue to attend work. Customer fears that without his Dodge Ram Laramie 3500 quad cab he would be unable to attend work and ultimately terminated. Agent explained in further detail that the N49 parts are unavailable until after January 6th. Agent contacted the dealership (44811) to further search for information regarding possible parts or possible aftermarket parts that could be placed into the Dodge Ram 3500. Dealership (44811) was unable to find any available parts for the 3500. Agent informed customer that a rental may be able to be supplied. Customer was adamant about his need for a 3500 quad cab dually, with a gooseneck ball hitch and fifth wheel rails. Customer was advised that due to the nature of their rental request a call back is required and will take place by close of business today.
Preferred Morning/Midday call back number is [redacted]
Preferred Afternoon/Evening call back number is 7[redacted]
Reassigned to 86R
DEALERSHIP CALL: TYLER AUTOMOTIVE @ 269-684-8200 SM Doug advised the tie rod broke, the vehicle was towed into the dealership and the parts are not available for the recall until January 6th. SM Doug advised they do not have any loaner vehicles and Enterprise does not have any 3500 s for rent. SM Doug advised they are trying to order the old part number and see if it comes in their shipment tomorrow. SM Doug advised the customer has agreed to pay out of pocket for the repairs if that is the case and seek reimbursement. SM Doug advised the shipment will be in tomorrow morning around 8:30 am and to callback then. SM Doug advised if the old part comes in tomorrow, the repairs will be completed tomorrow. Writer advised a callback will be made then.

CUSTOMER CALL[redacted] number no longer in service.
If the parts are not available tomorrow, the customer will have to find a rental vehicle and Chrysler will consider possible reimbursement. Case reviewed by JK671.
No valid contact information for the customer, reassigning CAIR to RR1378.
Please reassign back to JS1881 once contact information is obtained.
Writer pulled call. Customer called in from number: [redacted]
CUSTOMER CALL[redacted] Customer advised he has the issue resolved. Customer advised he found an aftermarket part that he has purchased and he will have his vehicle towed to an IRF as the dealership will not install aftermarket parts. Customer advised he would not be able to obtain a rental vehicle anyways due to his company s policies. Customer advised once the dealership has the recalled parts available, he will book an appointment for the repairs. Writer advised the case will be closed and to contact RAM with any further questions or concerns.
Reassigning CAIR to JK671 for Survey ByPass as the customer is bringing the vehicle to an IRF for repairs.

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Information Request	Customer seeking recall: N62 repair process

---

Briefly summarize why the customer is contacting Chrysler: seeking recall process
Briefly summarize what the customer is expecting: seeking recall process
The customer, [redacted] provided writer with his phone contact and stated that he received the recall: N62 notice in the mail and was calling to inquire if he has to take his vehicle to a Dodge dealership and if so, can it be any dealership.
Writer advised him that any dealership can perform the recall repair for him and consulted with ACDoc#24057 and explained the recall parameters to him and he fully understood stating that he was experiencing an issue with the components and wanted to know if they would be covered under this recall.
Writer advised him of the corresponding recall: H46 with the N62 recall and advised him that the Withnell dealership merely inspected the components at the time of the recall release due to the fact that this was the repair procedure at that time. Writer further advised him that the N62 recall is for Mopar replacement parts and not manufactured parts, and he understood.
However, he wanted to lodge a complaint against the Withnell dealer due to the fact that previously in the past they were unable to diagnose the issues with his injectors due to the fact that no codes were displaying.
Writer empathized with the customer and advised him that our dealerships rely on the error codes for the repairs on the vehicles and he understood. Writer assured him that his complaint will be fully documented on his case file and the fact that Corporate Chrysler does review all of our files and if needed will deal with the dealership, however, it is an internal process, which he understood and thanked writer for.
Writer advised him that should he encounter any issues to contact us back and he stated he would.

CLOSED LOOP UPDATE - customer referred to dealership for N62 recall repair.

Any open recalls: N62 LEFT OUTER TIE ROD ASSEMBLY
Name of person writing in:[redacted]
Does customer have an e-mail address:[redacted]
Concern: Customer is seeking recall reimbursement for N62 LEFT OUTER TIE ROD ASSEMBLY recall in the amount of 1657.78 repaired at an IRF.
Reviewed previous files: Yes

Reassigned to wl148
Customer Contact: [redacted]. Left message.
Next Agent - Please advise that the Recall applies to vehicles that have had a Mopar Steering Linkage Replacement installed. Please advise that if the Steering Linkage was OEM (Factory Installed/Stock/OEM) at the time of the repair then the recall would not apply.
If the Customer had a Steering Linkage replacement PRIOR TO THE TIE ROD REPAIR, Please have the Customer submit the invoice and Proof of Payment to the Chrysler Customer Assistance Center for review.
If the Steering Linkage was OEM (Factory Installed/Stock/OEM) at the time of the Tie Rod repair - Please advise that the recall does not apply to the vehicle at this time.
******
Please Document whether the Customer states that they had the Mopar Steering Linkage installed and whether they are mailing in the Docuemntation.
Briefly summarize why the customer is contacting Chrysler: calling to make sure the information is complete.
Briefly summarize what the customer is expecting: did the documents get received? Agent states yes they did they look complete and allow 30-60 days for reimbursement.
Customer Contact: [redacted] Customer states that after speaking with the Previous agent that she was informed all the Documents that were needed have been received.
Writer advised that the Previous agent was incorrect and that the Notes (Lines 34-47) state that more documentation is required.
Agent advised that the Customer have the Inspection completed at the DLR and then call back when the Inspection has been completed.
Closed CAIR. No diagnosis.
Reassigned to JK671 By-pass.

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Reimbursement	LEFT OUTER TIE ROD ASSEMBLY

Briefly summarize why the customer is contacting Chrysler:
Customer has a recall notice for the left outer tie rod assembly.
Customer has experienced the vehicle almost losing control and causing an accident due to the vehicles steering and front end assembly recall.
Briefly summarize what the customer is expecting:
The customer is expecting us to reimburse him for his repair. Customer goes through an IRF for repairs and has had repair completed prior to the recall being issued due to the near fatal experience he went through. Customer states that he was informed that this is a known issue with the vehicles and would like to see chrysler hold their weight and reimburse him for the repairs as he was almost killed due to poor manufacturing. Agent advised customer that we would need a diagnosis performed at a chrysler dealership to determine that the recall repairs were completed and done correctly before we can look into reimbursement for any repairs that would require the reimbursement. Agent advised customer that because he had the repairs done at a non chrysler dealership we would only be able to reimburse him for any parts associated with the recalls on his vehicle and unfortunately we would not be able to help with any labor fees that applied to the repairs he had completed. Agent advised customer to have diagnosis completed and have dealership look into the recall repairs and make sure they are in fact done and correctly repaired. Agent supplied customer with reimbursement mailing address and instructed customer to send in documentation after the diagnosis.

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Reimbursement	Customer seeking reimbursement for recall.
Recall - E17: OUT-OF-PARK ALARM SYSTEM - Advise Owner/Incomplete Recall	Writer advised customer of incomplete recall.
Corporate - Survey By-Pass - No Diagnosis - Default - Default	

Briefly summarize why the customer is contacting Chrysler: Customer states his tie rod end was on the floor while he was driving on the freeway his vehicle was going all over the place and the tie rod end was broken. Customer states he did not take it to the DLR because it was about $2500.00 as he had to replace everything and did not have warranty. Customer states he had it repaired at an IRF Protech Automotive. Customer states he could have been killed and he was lucky he was only driving 20 miles an hour.
Briefly summarize what the customer is expecting: to get reimbursement for a recall repair and document his complaint that Chyrsler did not provide a letter to have this issue fixed earlier as he finds he could have been seriously injured or killed when his tie rod ends broke.
Writer advised customer or recall e17 and transferred customer to 57081 Dealer Name : GALEANA S VAN DYKE DODGE to book an appointment. Writer advised SA Dee that the cusotmer has already experienced the tie rod end breaking and has had it repaired at an IRF and was advised per his letter to send his documentation for reimbursement request.
Writer advised customer as per N62 recall letter: If you have already experienced this condition and have paid to have it repaired, please send your original receipts and/or other adequate proof of payment to the following address for reimbursement: Chrysler Customer Assistance, P.O. Box 21-8007, Auburn Hills, MI 48321-8007, Attention: Reimbursement. Once we receive and verify the required documents, reimbursement will be sent to you within 60 days.
Customer will send in his documentation.
Writer transferred customer to SA Dee for an appointment at 57081 Dealer Name : GALEANA S VAN DYKE DODGE.

Recall - N49: LEFT TIE ROD - Information Request	Customer seeking clarification between recalls N49 and L16

Briefly summarize why the customer is contacting Chrysler: Customer states that they recently received a recall for the left tie rod assembly. Customer states that they had previously received a recall regarding the same thing earlier in the year. Customer sates they did not know if it is the same recall or what is going on with it.
Briefly summarize what the customer is expecting: Clarification on the two recall notices they stated they received.
Agent advised customer that the recall L16 was previously issued on the vehicle and involved did involve the same aspects as recall N49. Agent advised customer that though the recalls did involve the same aspects they are separate recalls and she should continue with booking an appointment with completing the recall N49. Agent offered assistance with booking a service appointment but customer stated she would do so.

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Information Request	Issue with the recall.
Product - Steering - Linkage - Other - Default	
Product - Steering - Unknown - Poor Handling - Default	

Briefly summarize why the customer is contacting Chrysler: Customer contacted ram about an issue with his vehicle. Customer states that while going down the road he has been issues with the vehicle. Customer states that he has been having control issues with one of his tires not working correctly. Customer states that he had brought it to the dealership who advised that he had the original linkage on the vehicle, which means he was not under the recall.
Agent contacted [redacted] and spoke with SA Casey. Casey states that the customer had come in with the new recall, and the vehicle had the old linkage set up. Casey states that the customer said that there was a bad wobble, and that once the diagnosis was done, the technician s would probably suggest changing out to the new steering linkage system. Customer called in stating he has diagnosis now. Customer is confused that his case was closed and writer advised that is not a problem, since he has the diagnosis we will reopen the case and send it up to be assigned to a CM. Customer diagnosis is that the steering system needs to be replaced and the damper needs to be replaced. Writer asked for the best phone number to be contacted at customer stated that it is [redacted] and email [redacted] Writer stated that there will be contact back on Monday.

****End structured narrative T2 - Beginning Narrative

CM called dealer 45471 and attempted to contact ASM Casey to confirm diagnosis information but no one was available. Email was sent to SM Darren to see if any information is available for this vehicle and what direction needs to be taken to resolve the concern.
CM attempted to contact dealer but call disconnected - no VM was left.
Agent attempted to contact dealer 45471 Service Manager (SM) Darren, however,
SM not available. Left message for a return call at extension 66093, customer last name, last 8 digits of VIN, case number, callback number - also email was sent with this information - is repairs related to open recall N62 on the vehicle.
CM attempted to contact dealer 45471 but call disconnected and no option to leave message was available on 2nd attempt.
CONTACT UPDATE - 1st Contact attempt, phone number dialed - 801-643-5692
CM spoke with customer to discuss steering concern. Customer alleges he has experience this issue since 23,000 miles and he has been really satisfied with the vehicle but would like some cost assistance as much as possible. CM advised review will need to be completed with ASM Casey and then, decision will be provided. Customer also stated that he had A/C concern that has been resolved but really does not want to leave vehicle there over another holiday.
Agent attempted to contact dealer 45471 Assistant Service Manager (ASM) Casey, however,
SM not available. Left message for a return call at extension 66093, customer last name, last 8 digits of VIN, callback number, case number with another call to be placed on Tuesday Dec. 31st, 2013.
CM called dealer 45471 and spoke with ASM Casey to discuss diagnosis information of this vehicle. ASM stated that customer alleges at higher speed, there is shaking in the front end and technician has recommended to install new updated linkage kit - the current mileage is 72,232, repairs would not be covered under new recall N62, parts are in stock, and repairs would completed by end of business today. Also, other repairs have been completed on front end and left tie rod end was replaced. Warranty pricing is as follows:
Parts -- $673.56
Labor -- $144.00
Total cost of repair -- $817.56
ASM suggests $150-$200 for customer participation so CM stated that customer will be instructed to contact the dealer to authorize repairs and his portion will be $150.00, case will be updated, RA will be submitted and case sent to dealer for updating when repairs are done.
As a one-time goodwill gesture, Chrysler is approving this out of warranty repair. According to the dealer, the warranty costs of the repair are as follows:
Parts = $673.56
Labor = $144.00
Total = $817.56
Co-pay = $150.00
########## DIRECT-TO-DEALER ##############
Customer Care is sending this case to because an out-of-warranty goodwill decision has been made. Remember ALL pre-authorization requirements for Digital Imaging and the Powertrain Service Center still apply. When submitting for pre-authorizations include this case number. When repairs are completed, submit your claim as you would normally and update this case and return it to Customer Care.
##################################
2nd call was made to contact customer. [redacted]
CM spoke with customer to confirm the offer being extended for the front end repair. Customer was provided the amount he will be responsible and also call will need to be placed to accept the offer. Customer stated that he just would like to make sure will correct the shaking in front end. CM advised of information when repairs will be completed and another call will be placed on Thursday Jan. 2nd 2014 to check on status of repairs.
REASSIGNED TO BC/DLR 70 45471 12/31/13 12:18 R [redacted]
CM attempted twice to contact dealer 45471 to obtain repair status on this vehicle but no option available to leave message.
CM attempted twice again to contact dealer 45471 but no available person to obtain information on status of vehicle repairs.
CM called dealer 45471 and spoke with SA Taylor since ASM Casey was not

available to verify status of repairs. SA was provided contact information to reach CM including customer last name, last 8 digits of VIN, case number and reason for contacting ASM - need status of repairs.
3rd call was made to contact customer. [redacted]
CM spoke with customer to confirm updates on repairs are needed. Customer alleges that he is waiting for shuttle to come and pick him up so he can pick up the vehicle since repairs are done. CM advised customer another call will be placed on Friday Jan. 3rd, 2014 to make sure he has picked up the vehicle and everything is fine. Customer stated that he would like case to remain opened until Monday Jan. 6th 2014 just to confirm that issues have been resolved. CM understood and can allow the case to remain opened until said suggested date but CM would just like to follow up tomorrow. Customer understood.
CM called dealer 45471 and spoke with SA Kevin to verify vehicle has been picked up. SA reviewed with ASM Casey to find that vehicle was picked up 01/02/2014 and customer paid his $150 portion toward the repair. ASM also stated that vehicle was test driven with owner and it seemed to be fine with customer.
4th call was made to contact customer. [redacted]
CM spoke with customer to verify repairs were completed to his satisfaction. Customer alleges he test drove vehicle and front end seems to be fine after the most recent repairs but he would still like case to remain open until Monday Jan. 6th 2014. CM advised customer that if any issues arise another review will be completed on said next follow up date but if not and no further contact is needed, case will be closed. Customer stated that he greatly appreciates CM working with him to resolve the issue which dealer had not been able to do so.
5th call was made to contact customer. [redacted]
CM attempted twice to contact customer so case will be closed at this time as explained to customer and noted on lines 135-136 but instruct customer to take vehicle back to dealer if any other issues arise.
CLOSED LOOP UPDATE - no need for additional follow-up.
CAIR RE-OPENED AND FOLLOWING REASON CODE(S) REMOVED
Dealer - By-Pass
Received message from customer stating that vehicle will be going back to dealer 45471 on Tuesday Jan. 7th 2014 since there is slight wiggle in front wheel. Call him back at [redacted]
CM received callback from customer to confirm that all repairs are done and technician today has corrected the evident concern when the repairs had been completed. Customer stated that mechanic went for 20 minutes test drive, went back and made the necessary corrections and now the vehicle is operating much better. CM advised customer information is permanent record on the file and case will be closed at this time.
CLOSED LOOP UPDATE - customer contacted today to confirm repairs.

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Information Request	Customer inquired about recall parts.
Corporate - CNA Change - Default - Default - Default	Writer updated customer phone number.
Corporate - Survey By-Pass - No Diagnosis - Default - Default	

Briefly summarize why the customer is contacting Chrysler: Customer is calling because she has a recall letter and phoned DLR 60314 FLETCHER DODGE CHRYSLER JEEP to schedule an appointment and was advised the part is unavailable and could take up to 7 months to come in.
Briefly summarize what the customer is expecting: Customer is expecting to have the recall N62 completed. Writer phoned DLR and spoke with SA J.T. SA states he the parts have not yet been released from the manufacturing plant and there is not ETA yet on when the part would be in. However SA also states the recall first requires an inspection per the recall. SA states that depending on the outcome of the inspection it is possible no repair is required. SA states the customer would not need an appointment for the inspection and she could come in anytime between 8am - 12pm or 1pm - 4pm. Writer advised customer that an inspection is required first to determine if parts are needed for the recall. Customer states she will bring the vehicle in for the inspection.

Recall - H46: STEERING LINKAGE - Reoccurance or Related Problem	Customer advised steering linkage is loose
Product - Engine - Intake/Exh Manifolds/Turbo - Other - Default	Customer having issues with turbo/tribble on diesel engine
Recall - N62: LEFT OUTER TIE ROD ASSEMBLY -	Customer seeking recall fulfillment

Briefly summarize why the customer is contacting Chrysler: Customer contacting about recalls on vehicle. Customer states he received notification for recall for the tie rod assembly. Customer does not recall having steering linkage recall completed. Agent advised on our notes it shows as being completed 03/03/2010. Customer states he brought the vehicle into the DLR who advised the steering linkage was loose but would be covered under an incomplete recall, but was then was advised that it did not apply. Customer is confused with conflicting information. Customer also states he had the tie rods replaced at the DLR at customer cost previously and wanted to know if it would be covered under the recall to look at reimbursement. Agent advised that if he has the documentation we can get him to submit for reimbursement. Customer states he will look for the documentation.
Briefly summarize what the customer is expecting: Customer seeking recall fulfillment. Customer is concerned that he is having a reoccurrence with the steering linkage recall. Customer wants to ensure he doesn t have any issues. Agent contacted DLR 44142 and spoke with SA Jeff, who advised they did not recall the customer speaking with any of the SA s. Agent advised SA Jeff of the customer s concerns for both the incomplete N62 recall and the H46 recall completed that he may be experiencing a reoccurrence of. SA Jeff stated when he brings the vehicle in they will be able to take care of the N62 recall and have a look to see if there is a reoccurrence of the H46. Agent advised customer of the contact, and stated he would contact and follow up with SA Jeff. Agent advised any concerns he can contact back in reference to CAIR # [redacted] Customer inquired about any recalls for the turbo on the diesel engines, as he has been having issues with the tribble, and is aware that the 2008 was the first year they had emissions standards that required the rerouting of the diesel through twice to cut down emissions but has been having issues and wanted to know if it was a common problem. Agent advised it is not an issue the agent had heard about, and checked NHTSA.GOV for any complaints, investigations and upcoming recalls, but advised there is

nothing yet. However the complaint would be documented and all of our information is reviewed internally as well as submitted regularly to the NHTSA. Customer thanked and disconnected.

Writer acknowledges assignment.
Customer has submitted invoice for replacen=ment of steering linkage at LARRY H MILLER CHRYSLER JEEP dated 08/27/2013.
N62 - Safety Recall - Left Outer Tie Rod Assembly / Dodge RAM
Answer ID 24057
Models:
2003 and 2004 model year (DR) Dodge Trucks (2500 series)
2005 through 2008 model year (DH) Dodge Trucks (2500 series)
2003 and 2004 model year (DR) Dodge Trucks (3500 series)
2005 model year (DH) Dodge Truck (3500 series)
2006 and 2008 model year (D1) Dodge Trucks (3500 series)
IMPORTANT: This recall only applies to vehicles that had certain Mopar service parts steering components installed.
Subject: A Mopar service parts steering linkage may have been installed on some of the 705,000 of the above vehicles during a prior service appointment. The left tie rod ball stud on the Mopar service parts steering linkage may fracture under certain driving conditions. This

could cause a loss of directional control and/or a crash without warning.
Repair: The steering linkage assembly must be inspected and replaced if required.
NOTE: The initial steering linkage inspection process can be done by write-up personnel in the write-up area (see Section A. of the service procedure). Vehicles found with original style steering linkage can be immediately returned to the customer.
Writer will contact with Dealer this afternoon.
DEALER CONTACT: Writer called LARRY H MILLER CHRYSLER JEEP 801-553-5900. Writer spoke to SA Brittany who advises steering linkage is not related to tie rod and Customer can come in to have inspected and replaced if necessary. Writer will contact Customer. Writer will NOT be reimbursing Customer for steering linkage replacement under recall parameters as they do not match.
CUSTOMER CONTACT: Writer called [redacted] Writer spoke to Customer directly to advise the replacement parts tie rod he had put on vehicle needs to be inspected, and if necessary Chrysler will replace under the recall N62. Customer was argumentative a bit, not accepting that his factory original parts were not recalled. Customer upset that the poorly designed factory crap they had on the Dodges is not totally replaced or Customer compensated for the upgrades they do themselves. Writer advised that would have to be reviewed under a cost assistance request, which is a separate concept. Writer was going to proceed with that but Customer hung up.
Yes - original owner
No - prior history with current issue
Yes - Customer has a prior repair history (08/27/2013)for current issue at Chrysler
Yes - Previous vehicle household(2)
No - MVP
Customer said he will take vehicle to dealership to have inspected and then call back to Customer Service to have cost assistance request put through.
Writer is closing case. Writer had informed that he will not be compensated for steering linkage replacement under the guise of a recall.
Please disregard Line 68/69, Writer is calling Customer back to advise his case will be escalated to Case Management for cost assistance review.
CUSTOMER CONTACT: Writer called [redacted]. Writer left message that Case will be escalated. Writer provided Case # and US CAC for contact.
Reassigning to 86H.
Note, the only steering service in event history shows pitman arm replaced under H46.
Writer called customer phone [redacted] time 16:14 ET. Customer [redacted] DINNING answered.
Writer advised N62 will not reimburse for factory parts, only Mopar replacement parts. Customer is upset and stated he will never buy another CDJ product.

Recall - N49: LEFT TIE ROD - Information Request	Customer wanted to know about the N49 recall
Corporate - Survey By-Pass - No Diagnosis - Default - Default	

Briefly summarize why the customer is contacting Chrysler: Customer called wanting to know about the N49 recall.
Briefly summarize what the customer is expecting: Customer expecting information on the N49 recall.
Customer contacted agent stating that he had received a letter regarding the left tie rod. Customer states that about a year ago the left tie rod had broken and that he had it replaced. Customer wants to know if with this recall if he has a defective part or not. Agent advised the customer that the customer would need to take his vehicle to the dealership for them to look at the tie rod to see if it would need to be replaced or not. Customer asked would it cost for the diagnosis. Agent advised the customer that if the diagnosis comes back and the problem is the tie rod, then there will not be a cost. Agent advised that if the dealership does not find anything wrong with the tie rod, there may be a diagnosis fee but not 100% sure. Customer states that he will just let the tie rod break and take it from there. Agent advised the customer that the agent would look into it further. Agent was looking up information for the customer when the customer hung up.
Reassigned to BR379 for survey bypass
Customer calling for information on how to handle this recall. Agent stated to customer to mail in his original receipt for reimbursement for tie rod repaired in April.
Agent provided part numbers CBUEN491AA and CBUEN492AA to customer and stated if his receipt shows those part numbers then his vehicle was repaired as per the recall. If the parts used where different then he should take the vehicle in the dealership and have the recall completed with correct parts. Customer understood.
Agent looked up dealership information and gave customer a different dealership to possible take vehicle. Dealership #68942 Cole Chrysler.
Customer stated he would contact dealership if necessary.

Writer will follow up with CAIR.
CUSTOMER CONTACT[redacted]: Agent attempted to call the customer to advise him that the recall is on MOPAR replacement parts. No answer unable to leave message
Status update provided via email to the following email address:
[redacted]
Good Afternoon,
I did receive your documents for your reimbursement request. However this recall is not on factory components it is on MOPAR replacement steering linkage parts.
At some time at a previous repair appointment if you had a MOPAR steering linkage replaced. Then at a separate repair appointment you had the tie rod end replaced, then that would make your repair qualify for this recall.
Please send in a prior repair invoice showing the steering linkage was also replaced. Or please contact me for further information at 1-855-675-9291, ext 4718211
Thank-you

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Reimbursement	Customer requesting recall reimbursement
Corporate - Survey By-Pass - No Response - Default - Default	

Briefly summarize why the customer is contacting Chrysler: Customer states that she received a recall notice for the Left Outer Tie Rod Assembly (N62). Customer states that she already had the whole front end of this truck replaced for this issue and the letter she received states she is eligible for recall reimbursement.
Briefly summarize what the customer is expecting: Customer is expecting recall reimbursement. Agent verified mailing address with customer and advised of case number. Agent advised that customer send in her repair order and proof of payment to the mailing address included on the recall letter she received. Customer states that she had recall repair done at IRF. Agent advised customer that she may only get reimbursed for the parts, but not labor. Customer understood.
Reassigned to 86Y for recall reimbursement.

Writer notes that the customer has contacted us in regards to receiving their N62 recall letter and will be submitting their corresponding repair invoices for reimbursement consideration.

As per GWA, claim [redacted], the H46 recall was completed by the Woodhouse dealer on 05/27/2010
Claim Total = $0.00
With the above information, there was no repairs completed with the H46 repair, thus the customer does not qualify for the N62 reimbursement.

Documents attached for review.
documents now attached.

Writer notes that the customer has submitted their repair invoices to reflect their repair to the inner tie-rods and upper & lower ball joints. Writer notes that the customer s are submitting for their N62 recall repair/reimbursement, however, under the N62 recall parameters the customer does not qualify for reimbursement.
As per Answer ID 24057 :
IMPORTANT: This recall only applies to vehicles that had certain Mopar service parts steering components installed.

Writer contacted the customer at [redacted]. at 3:35pm and reached their VM. Writer advised the customer that their documents have been received and reviewed, however, writer would like to further discuss the recall parameters with her and requested a return call. Writer provided all contact information with hours of availability and CAIR number for the return call.

Writer contacted the customer at [redacted] at 12:30pm and reached her VM. Writer left a detailed message advising her that her documents have been received and reviewed, however, writer has requested a return call. Writer provided all contact information with CAIR number and hours of availability.

Writer contacted the customer at [redacted] at 3:45pm and reached her VM. Writer left a detailed message advising the customer that their documents have been received, however, writer has a couple of questions

for the customer before writer can complete their reimbursement. Writer requested a return call and provided all contact information, with CAIR number and hours of availability for the return call.
Writer also advised Ms. [redacted] that should writer not receive any correspondence from her, her case will be closed within 2 business days. Once she is able to correspond with writer her case will be reopened.

Writer notes that the customer does not qualify for reimbursement under the N62 recall parameters and writer believes that the incorrect information was applied to the case as per lines: 102-105. Writer notes that the customer has been contacted, however, there has been no correspondence from the customer.

JK671 - NO Correspondence

Recall - N49: LEFT TIE ROD -	customer upset recall cannnot be completed.

Briefly summarize why the customer is contacting Chrysler: Customer states that the customer vehicle is a business vehicle. Customer states that the customer has to haul a trailer load home and then to another location. Customer states that the customer cannot use the vehicle for work purposes being that the tie rod could snap. Customer states that the dealership told the customer that the parts are limited and that the dealership can only order a certain amounts of parts for the recall every 2 Weeks time. Customer states that the customer wants to know what to do. Customer states that the customer is 28th on the list. Customer states the dealership stated the customers vehicle will not be repaired until 06/2014.
Briefly summarize what the customer is expecting: Customer is expecting to have the recall completed so the customer can use the vehicle for the purpose they bought the vehicle for.
Agent Advised: Agent stated that the dealerships can begin the recall process to complete the recalls. Agent stated that the process could be sped up. Agent stated that the agent does not have a tentative eta of when the customers vehicle will be able to be repaired. Agent stated the customer can have the vehicle looked at to make sure that everything is running in order with the tie rod. Agent stated that if the customer does look into a rental the customer should keep all of the receipts/invoices for possible reimbusment for the rental. Agent stated that the agent was not going to promise anything. Agent stated that the customer should hold off until the recall can be completed.

Recall - N49: LEFT TIE ROD - Other	Customer inquiring about N49 recall
Corporate - Survey By-Pass - No Diagnosis - Default - Default	

Briefly summarize why the customer is contacting Chrysler: Customer stated that they have the N49 recall on their vehicle and are wondering when they will be able to get the recall completed. Customer states that he spoke with his dealership and there is a long waiting list to get it completed and it won t be until sometime after February that he can get the recall completed. Customer is concerned about this because he is going to Arizona soon and the dealerships in Arizona have a long waiting list as well. Customer is worried because the dealership informed him that it is a safety concern while driving the vehicle. Agent advised the customer that there is a very slim chance of anything happening while driving. Customer asked agent if there is anything to look for to see if there will be any issues before driving to Arizona. Agent advised the customer that they are technically inclined but offered to make a call over to the dealership and inquire about that. Customer stated that they will call over to the dealership themselves.
Briefly summarize what the customer is expecting: Customer is expecting to get the recall completed.

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Information Request	Recall reimbursement

Customer states that his vehicle was in a wreck and he is having to rebuild it. Customer states that he received a recall letter and he believes that it was the left outer tie rods that caused the accident. Customer states that he bought the vehicle back and is fixing it himself. Writer advised that since the vehicle was not diagnosed through a DLR to determine if the tie rod assembly did cause the accident. Writer advised that if he is seeking possible reimbursement for the cause of the recall parts he would have to submit for that.

Recall - N49: LEFT TIE ROD - Information Request	parts available

Briefly summarize why the customer is contacting Chrysler: Customer calling for information on parts to complete recall
Briefly summarize what the customer is expecting: Customer states she contacted dealership #59564 to setup an appointment to complete recall. Customer was told the part is not available and is on back order. Customer is calling CAC for information and assistance as to why the part is not available.
Agent explained to customer that this recall has just been sent to customers and Chrysler is working on getting the parts into the dealership and to allow a bit more time.
Agent stated to customer that CAC would contact dealership to see if part has been ordered and let customer know.
Agent contacted dealership and could not reach a live SA. Agent left a voice message for a callback regarding the part to complete recall.
Agent contacted customer and left a message that CAC agent has contacted dealership and is awaiting a callback for information regarding part needed to complete recall.
Agent called customer and advised Linda to contact dealership after January 6th and advise them that the vehicle needs the recall N49 completed. Agent stated that the dealership can place an order for the part at that time.

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Information Request	N62 recall information call

Briefly summarize why the customer is contacting Chrysler: Customer states he received a notice about the N62 recall and that it is stated on the recall notice that appointments at the dealership can be made starting on January 06 2014. Customer will be going to Arizona before then and is looking to have recall work completed before January 06 2014.
Briefly summarize what the customer is expecting: Customer is seeking information on the N62 recall.
Agent advised customer that if the dealership has the parts available to complete the recall repair work then the dealership may be able to schedule customer in to have the repair completed. Agent advised customer that he would need to speak with the dealership in regards to have the recall work completed before January 06 2014.

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Reimbursement	LEFT OUTER TIE ROD ASSEMBLY

Briefly summarize why the customer is contacting Chrysler: Customer inquiring about recall # N62.
Briefly summarize what the customer is expecting: Customer wants to be reimbursed for the repairs he already had done.
Agent provided customer with address for recall reimbursement:
Chrysler Recall Assistance Center
P. O. Box 21-8007
Auburn Hills, MI 48321-8007
Agent advised customer to still follow through with the instructions he received in the recall letter. Customer agreed. Customer states he will call to schedule an appointment.
POSTMARK DATE: 123013; DATE RECEIVED: 010714
Documents attached for review
Agent reviewed documents submitted by customer and found customer had the H46 recall performed in July of 2013 and then had steering linkage components replaced shortly after that and paid out of pocket for the repairs. Agent found the customer submitted an invoice showing the repairs completed at CHAPMAN S LAS VEGAS DODGE.
Agent called customer and left a message asking that the customer contact CAC to discuss the request.
****
Next agent please advise customer unless they have documentation showing there was a previous repair completed on the steering linkage components listed in recall N62 the repair is not related to the recall and Chrysler is not willing to reimburse the customer for the cost of the repairs at this time.
Customer called back and stated that she did get a call from Greg however she missed it. Agent informed lines 22-26 and customer is not happy wit this. Customer states she has the recall inspected for H46 7/12/2013 and on 7/13/2013 they were on a trip and had to bring the vehicle and pay for parts that are listed under the recall replacement. Customer is seeking reimbursement on the H46 not the N62.
Customer states that she is seeking a call from the case manager GG467.
Agent called customer and advised him of the decline. Customer understood.

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Information Request	Customer seeking information on the N62 recall
Corporate - Survey By-Pass - No Diagnosis - Default - Default	

Briefly summarize why the customer is contacting Chrysler: Customer stated that he received notification of the N62 recall on his vehicle. Customer stated that he has never had the the steering linkage replaced with MOPAR service parts.
Briefly summarize what the customer is expecting: Customer is seeking as to whether the recall would be applicable to his vehicle as the steering linkage has never been replaced to his knowledge.
Agent advised the customer that the N62 Recall will only be applicable to vehicle whose steering linkage has replaced with MOPAR service parts. Agent advised the customer they should still visit a dealership for an inspection of the steering linkage to ensure that the recall would not be applicable. Agent advised the customer that this inspection will take approximately only 1/2 an hour. Agent offered to contact a dealership to assist the customer. Customer declined assistance with contacting a dealership.

Recall - N49: LEFT TIE ROD -	Customer is seeking to have the recall completed immediately.

Briefly summarize why the customer is contacting Chrysler: Customer is calling because she received a recall notice in the mail for the N49 recall for LEFT TIE ROD.
Briefly summarize what the customer is expecting: Customer is expecting to have the recall completed immediately as this is a safety recall. Customer states she phoned the DLR and they advised her there was a waiting list for the part and they can only get one every 14 days. Writer advised customer that as per the recall letter she received under the section 'What to do to ensure my safety' we advise not to phone the DLR until January 6, 2014 to schedule the appointment. Writer advised customer that this is due to limited parts availability. Customer inquired if she should stop driving the vehicle. Writer advised customer that the recall is a safety recall and we cannot advise one way or the other regarding the vehicle s drivability.

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Reimbursement	customer stated that he recently had his tie rods replaced at an IRF

Briefly summarize why the customer is contacting Chrysler:Customer stated that he recently had his tie rods replaced on his vehicle and wanted to know about being reimbursed for the repairs for his tie rods since that is what the recall was for. Agent advised the customer to send in his information and we would be able to determine according to his receipts and paperwork how much we would be able to reimburse him. Customer stated that he had the repairs performed at his IRF and not at a chrysler deaelrship and agent advised that she was not sure how much they would reimburse him until they received everything and it was looked into further. Customer stated he understood and had the information already to send in his paperwork.
Briefly summarize what the customer is expecting:to find out if he would be able to be reimbursed for the repairs to the tie rod assemblies on his vehicle and how much he would be getting back

Corporate - CNA Change - Default - Default - Default	updated customer information
Corporate - E-Reimbursement - Default - Default - Default	
Corporate - Reimbursement - Status Request - Default - Default	

Briefly summarize why the customer is contacting Chrysler: Customer stated his tie rod broke on Tuesday and had vehicle towed to an IRF. Customer has now received a letter advising of recall N62 and wanted to know what to do since vehicle has broken down.
Briefly summarize what the customer is expecting: Customer seeking recall information.
Agent advised that if vehicle could be seen by a CDJR dlr then recall related parts and labor would be covered. Customer states there may be other damage done to vehicle since he had to get it out of the road when it broke. Agent advised once a dlr can diagnose all the issues, we can review the file for cost assistance but need the diagnosis first.
Customer stated he will see if vehicle can be towed to dlr tomorrow from the IRF and his wife Pam will call back. Agent provided CAIR# for future reference.
Requesting survey bypass for undiagnosed with recall related issue.
Customer called back in about the issue with his vehicle. Customer states that the IRF advised that the vehicle would need new tie rods, new shock stabilizer bar, a new hub bearing and new ball joints. Agent advised customer that the tie rods are covered under the recall, but the hub bearing and ball joints would not be. Agent was uncertain if the shock stabilizer would be covered, and customer will contact his local dealership. Agent advised customer that recall repair part is not available until 01/06/2014, so if the customer were to get the repair done at the IRF, he could file for possible reimbursement.
Customer called and stated that the tie-rod snapped and cause other damage to the vehicle. Customer states that his stabilizer bar was bent as collateral damage to the recall. Customer stated that the vehicle was still not diagnosed by a CJDR DLR. Customer disconnected the call.

CAIR RE-OPENED AND FOLLOWING REASON CODE(S) REMOVED
Survey By Pass - No Diagnosis
Customer called back in again, trying to find out what would possibly be reimbursed. Customer states that she was advised she would need to have the vehicle towed to a Chrysler dealership then towed back to the IRF where it currently is, and did not think that was correct. Customer states that she and her husband have spoken to several different people since the part had gone out. Agent advised customer that it would be the parts covered under the recall which is the tie rod ends that would be considered for reimbursement. Agent advised customer that there were no open recalls showing on the VIN for the ball joints or the hub bearing for this vehicle. Customer was unhappy with that information and feels that since the tie rod going out caused all of the problems, the reimbursement should cover all of the broken parts.
Customer has requested Supervisor callback
Preferred daytime number: [redacted]
Preferred evening number: [redacted]
Reason for request: Unhappy with information that reimbursement for recall only covers the recall part and no other damage.
CAIR assigned to: KM788
CSR has informed customer a Supervisor callback request has been made, and the customer will receive a callback within 24 hours.

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Reimbursement	Caller seeking N62 reimbursement.

Briefly summarize why the customer is contacting Chrysler: Customer is contacting Ram because she is seeking reimbursement for a repair that she had completed on the vehicle regarding the N62 recall. Customer states she had the repair done in October 2013. Writer provided customer with the fax number as per answer ID 18891, and the information on what to include as per answer ID 19074. Customer understood. Writer provided case number as well. Customer understood.
Briefly summarize what the customer is expecting: Customer seeking reimbursement under N62 recall.
**********CASE MANAGER**********
Writer is waiting on documentation.
IMPORTANT: This recall only applies to vehicles that had certain Mopar service parts steering components installed. Customer would have to have a previous repair on the tie roads as the recall is for the Mopar replacement part. If customer has an invoice that shows he had previous repair on the tie rod writer submit for reimbursement.
This recall only applies to vehicles that had certain Mopar service parts steering components installed. Customer would have to have a previous repair on the tie roads as the recall is for the Mopar replacement part.
If customer has an invoice that shows he had previous repair on the tie rod writer submit for reimbursement.
This customer had an inspection done on the vehicle for the recall H46. no parts were put on the vehicle. So customer does not meet the requirement s for the mopar service parts. If customer had previous repair of the steering linkage or Tie rods and can provided an invoice than a possible reimbursement can be considered.
**********OUTBOUND CALL**********
Writer placed a call to MR [redacted] Writer advised the customer that the recall is related o a Mopar service repair. Customer would had to have a previous repair on the steering linkage or Tie rods. Writer advised the case is being closed this time.
Customer called to check status of his case, agent placed him on hold to review file.
When agent went back to customer the caller was gone.
** NEXT AGENT**
If customer calls back please advised of lines 17-21.

Recall - N49: LEFT TIE ROD - Other	customer seeking to get recall complete

Briefly summarize why the customer is contacting Chrysler: Customer states they received a recall notice in the mail. Customer sates he has to drive to California with a 1400 pound trailer. Customer states he called to two different dealerships 44812 SMITH HAVEN and 23171 HUNTINGTON JEEP. Customer states dealer 44812 stated he would have to wait for the second letter to come in to get the recall complete.
Customer states dealer 23171 stated they haven t started to receive the parts for the recall yet. Customer states he has to leave January 15.
Briefly summarize what the customer is expecting: Customer seeking to just get the recall complete.
Agent called dealership 44812 SMITH HAVEN CHRYSLER JEEP DODGE 631-863-2000 spoke with Nick stated they could get in him before he leaves.
Agent advised customer of the information. Agent offered to get customer transferred to the dealership to set up an appointment. Customer declined stated he would just go into the dealership himself.

Corporate - Goodwill Escalation Matrix - Escalated - Default - Default	Customer seeking reimbursement for deductible.
Recall - N49: LEFT TIE ROD - Information Request	Inquiring about recall N49
Product - Suspension - Tie Rods / Drag Link - Other - Front	customer seeking reimbursement under N49

Briefly summarize why the customer is contacting Chrysler: Customer contacting Chrysler stating that he already paid to have repair done for tie rod end in relation to recall N49, was wondering if he could be reimbursed the $100 deductible for the SC repair. Customer stated his insurance paid for the tow and SC paid for parts/labor. Agent noticed that recall L16 was completed 08/08/2012, Service contract repair was completed 10/18/2013. L16 and SC claim are both for tie rod end. Agent contacted dealership 23170Ù to speak to SA Chris, he was not available. Agent left voice mail for SA Chris to contact us back with further information.
Next agent please ask in regards to SC claim 644770-
-Is this claim related to L16 or possible repeat recall?
-Is customer eligible for reimbursement under new recall N49?
-Is this a separate component that may have failed due to recall N49?
Briefly summarize what the customer is expecting: Find out if he can be reimbursed for his $100 deductible since SC claim could have been covered under repeat recall.
Agent contacted dealership 23170Ù to speak to SA Chris, he was not available. Agent advised receptionist we would try calling back a little later.
Reason for Dealer Contact: Need to get diagnosis information to determine if it was supposed to be repeat recall or not.
Dealer Code: 23170
Dealer Personnel Required: SA Chris
Customer s Preferred Method of Contact: Phone
Customer Phone Number (Morning): [redacted]
Customer Phone Number (Evening): [redacted]
Customer Email address: N/A
Reason for assigning to Resolution Team: Cannot get a hold of SA Chris to determine if this can be deemed as repeat issue or if it had nothing to do with recall.

Writer acknowledges documents.
N62 - Safety Recall - Left Outer Tie Rod Assembly / Dodge RAM
Answer ID 24057
Models:
2003 and 2004 model year (DR) Dodge Trucks (2500 series)
2005 through 2008 model year (DH) Dodge Trucks (2500 series)
2003 and 2004 model year (DR) Dodge Trucks (3500 series)
2005 model year (DH) Dodge Truck (3500 series)
2006 and 2008 model year (D1) Dodge Trucks (3500 series)
IMPORTANT: This recall only applies to vehicles that had certain Mopar service parts steering components installed.
Subject: A Mopar service parts steering linkage may have been installed on some of the 705,000 of the above vehicles during a prior service appointment. The left tie rod ball stud on the Mopar service parts steering linkage may fracture under certain driving conditions. This could cause a loss of directional control and/or a crash without warning.
Repair: The steering linkage assembly must be inspected and replaced if required.
NOTE: The initial steering linkage inspection process can be done by write-up personnel in the write-up area (see Section A. of the service

procedure). Vehicles found with original style steering linkage can be immediately returned to the customer.
CUSTOMER CONTACT: Writer called [redacted]. Customer has submitted document for repair 07/01/2013. Writer provided US CAC for contact and case#.
***AGENTS - Customer has submitted a document for linkage repair from this summer. The N62 recall is for a replacement MOPAR part. Customers vehicle was inspected (H46) 08/10/2009 and found to have original factory equipment, so the Customer would have had to had a repair/replacemnt between that date of 08/10/2009 until the repair 07/01/2013 in order to qualify for the recall. N62 is for a REPLACEMENT part only. If it was a replacement that broke then we can cover the invoice. Customer must also be advised to have all recalls and warranty work performed at Chrysler.
No contact. Writer will call to Customer Jan 2nd.
Customer should have the vehicle inspected, repairs done at IRF. Writer unsure of make of replacement parts.
Customer calling in due to the fact that he recently received a voice mail from CW653. Customer is returning as he states in the voice mail the agent needed more information from him. Agent advised customer of the information in line 50. Agent also advised customer that he will be receiving a call back on January 2nd as per line 49. Agent also advised that the contact the customer has made will be documented in order for the agent to be notified that the customer returned the call.
CUSTOMER CONTACT: Writer called [redacted]. Writer called back as Customer had called in. Voice mail that Writer will try again January 2nd.
Agents can you please read and relay 41-62********
*
Writer called customer at [redacted]. Customer was not available. Writer left a message for a call back.
Next Agent: Please advise customer of lines 41-62.
Customer called in stating he was looking for information about his case. Agent reviewed lines 41-62. Agent advised customer he will need to bring his vehicle in to a Chrysler dealer to have the replacement part inspected to confirm that it is a Mopar part. Agent advised customer that if the IRF who did the repair did not use a Mopar part, the replacement of this part would not be covered. Customer advised he will look to bring the vehicle to a Ram dealer to inspect to make sure that a Mopar part was used. Customer was just unsure why it mattered what part was put in as a recall is a recall and he did have the work done. Customer thanked agent for the information.
Customer called back in and wanted it documented that he spoke with a Chrysler dealership in his area this morning and was advised by the SA that it was OK to use any brand of tie rod/steering linkage to get the truck up and running.
Agent advised customer that his information would be documented.
Writer acknowledges update. Writer will review as soon as posssible.
Will review as soon as possible.
No time today to review.
CUSTOMER CONTACT: Writer called [redacted]. Writer provided case # and US CAC for contact.
********AGENTS PLEASE< LETS NOT GET CONFUSED: N 62 IS FOR A REPLACEMENT MOPAR PART, NOT ORIGINAL FACTORY EQUIPMENT. CUSTOMER HAD ORIGINAL EQUIPMENT STILL ON VEHICLE WHEN IT WAS INSPECTED FOR H46 - 08/10/2009. IF THIS IS THE FIRST AND ONLY REPAIR CISTOMER HAS HAD DONE THEN THE VEHICLE DOES NOT QUALIFY FOR N62 REIMBURSEMENT. CUSTOMER NEEDS TO HAVE VEHICLE INSPECTED AT CDJR AS IT NOW HAS REPLACEMENT PARTS AND CHRYSLER WILL REPLACE PARTS AGAIN AS REQUIRED.
Briefly summarize why the customer is contacting Chrysler: Customer wants to know about the recall on his vehicle. Customer wants an update on the case. Customer wants to be reimbursed for the recall.
Briefly summarize what the customer is expecting: Customer expects to be reimbursed for the repair on the recall.
Agent advised that for the H46 had the original parts and did not have a MOPAR part put on the vehicle. Agent advised that a dealership needs to look at the vehicle to see if a new parts is needed or if the repair will complete the recall. Agent advised that if the dealership states that the vehicle does not need the part then he can submit the receipts for possible reimbursement on the repair. Agent advised that if the repair does not pass the recall the dealership would have to order the part for

the customer and do the repair which then there would be no reimbursement.
Agent acknowledges the update.
CUSTOMER CONTACT: Writer called [redacted]. Agent left message that she will call back after 5 PM. Customer is getting a lot of convoluted confusing information that is just not correct.
CUSTOMER CONTACT: Writer called [redacted]. Writer spoke to Customer directly. Writer advised of the N62 recall in as simple terms as possible. Chrysler is looking for replacement parts NOT factory original equipment. Customer did have original equipment repaired at IRF so he needs to have vehicle inspected. Chrysler will NOT be reimbursing for the repair, but we will replace as deemed necessary and align the vehicle compliments of Chrysler. Customer understands, and accepts. Writer is closing.
SM Chris from the AUTONATION CHRYSLER 45188 dealership contacted Chrysler to advised that an inspection for the H46 recall and the N62 recall has taken place.
SM Chris stated that as far as the 45188 dealership is concerned this case is closed.

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Reimbursement	Customer seeking reimbursement.
Product - Suspension - Tie Rods / Drag Link - Broken - Unknown	Customer states that this was repaired already.

Briefly summarize why the customer is contacting Chrysler: Customer states that he received 4 recall notices for his Ram trucks but this one had already had the tie rod replaced he believes. Customer states that he does not have the invoice for the repair and cannot say that it was this exact repair that was done but would like to be reimbursed for this.
Briefly summarize what the customer is expecting: Customer is seeking reimbursement for the N62 recall.
Agent advised the customer that in order for us to look into reimbursement he would need to have the repair order and proof of payment as well. Agent advised the customer that if he can obtain this information and it is the tie rod that was replaced then he can submit for reimbursement but we cannot guarantee that he will be reimbursed.
Agent provided the customer with the Chrysler Recall Assistance Center mailing address and advised the customer what he needs to send in for reimbursement request.
Customer understood.

Recall - L16: LEFT TIE ROD END - Reimbursement	Customer seeking reimbursement.
Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Reimbursement	Customer seeking reimbursement.

Briefly summarize why the customer is contacting Chrysler: Customer states he has received a new letter for a recall for his tie rod ends. Customer states he has already experienced this issue and had the vehicle repaired and paid out of pocket. Customer states he has already sent in his receipt previously but was advised it was not covered and now there is a new recall letter that he has received.
Briefly summarize what the customer is expecting:reimbursement for out of pocket expense for recall repair.
Writer advised customer that the recall letters are mandatory to advised a customer of a recall.
Writer advised customer that his information would be sent for reimbursement review and will take up to 60 days to process.
Customer states he has already sent in documentation which can be found on Case [redacted].
Reassinged to 86Y.
Writer acknowledges assignment.
Writer has reviewed Case #[redacted], and the document Customer submitted.
Invoice dated 2/5/2012 very clearly indicates that each piece of replacement part is manufactured by 'Moog'. No Mopar. Customer has already been advised did not qualify for L16 as that was a recall of a replacement part and up until the repair Customers vehicle had factory equipment.

Answer ID 24057
Models:
2003 and 2004 model year (DR) Dodge Trucks (2500 series)
2005 through 2008 model year (DH) Dodge Trucks (2500 series)
2003 and 2004 model year (DR) Dodge Trucks (3500 series)
2005 model year (DH) Dodge Truck (3500 series)
2006 and 2008 model year (D1) Dodge Trucks (3500 series)
IMPORTANT: This recall only applies to vehicles that had certain Mopar service parts steering components installed.
Subject: A Mopar service parts steering linkage may have been installed on some of the 705,000 of the above vehicles during a prior service appointment. The left tie rod ball stud on the Mopar service parts

steering linkage may fracture under certain driving conditions. This could cause a loss of directional control and/or a crash without warning. Repair: The steering linkage assembly must be inspected and replaced if required.
Writer will have to contact Customer to advise N62 will not be any format for reimbursement either as Customer had Moog parts installed not MOPAR.
CUSTOMER CONTACT: Writer called [redacted]. Writer spoke to Mr. [redacted] directly to advise the repair he had completed on the vehicle does not qualify for reimbursement under N62. Customer was not happy. Writer closing Case.
Brad stated that he was told that the vehicle didn t qualify for the L16 or N62 recall as he used Moog parts instead of Mopar parts to repair the issue.
Writer advised the customer that the reason that the the vehicle didn t qualify for the recall was because, per lines 20-22 and 33-35, the recall only applied to a replacement part that wasn t used on this vehicle.

Recall - N49: LEFT TIE ROD -	Customer wondering about repair

Briefly summarize why the customer is contacting Chrysler: Customer called in looking to see if recall was for inner or outer tierod and whether or not there would be an alignment done on vehicle after it was completed. Agent advised that it was for outer tie rod and that repair did not mention the alignment.
Briefly summarize what the customer is expecting: To know if alignment was included in the recall repair. Agent advised as per repair order only steering link pacgage was being replaced but no word on alignment.

Product - Brakes - Unknown - Other - Front	Customer states also having issues with brakes
Recall - N49: LEFT TIE ROD - Information Request	Customer would like to know why rental is not covered under recall
Corporate - Rental Vehicle - Default - Default - Default	customer requesting rental vehicle

Briefly summarize why the customer is contacting Chrysler: Customer states that they received a recall notice in the mail for the left outer tie rods and took it into the dealership. Customer states found out they didn t need an appointment for it and it just needed to be inspected and then order the parts which would take awhile to come in. Customer states they were also having an issue with the vehicle where as the brake pedals weren t working properly and they were advised by the dealership that they needed to keep the vehicle for 3 days. Customer states they would not provide the customer with a rental vehicle and customer wasn t sure why. Writer advised would like to contact the dealership for further information on the situation. Writer spoke with Jeremy - Service Advisor - Fowlers Chrysler (45086). Service Advisor states that with the workload we have the vehicle usually needs to stay for 3 days. Service Advisor states the parts needed for repair are on restriction so we are currently waiting on parts but the vehicle is driveable. Service Advisor would like to know what the customers concern is. Writer asked to speak with Service Manager regarding a rental. Service Advisor states that the Service Manager is not available but he is able to make decisions while he is gone. Writer informed Service Advisor that the dealership is able to provide the customer with a rental vehicle under Warranty Bulletin D-11-53 if the vehicle needs to be kept for an extended period of time. Service Advisor states that as soon as the parts come in (Part #: cbuen491AA & cbuen492AA), we will have the customers vehicle in for repair and provide him with a rental vehicle. Writer advised Service Advisor of Case number if he needs to refer back to this documentation. Writer advised customer that the dealership will notify him once the parts have arrived to have the recall performed and once he is able to bring it into the dealership they will provide a rental for the customer. Customer understood and thanked.
Briefly summarize what the customer is expecting: Rental vehicle for the time their vehicle is in for repair.

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Reimbursement	Customer is seeking reimbursement.
Product - Suspension - Unknown - Other - Unknown	Customer states that dealer replaced suspension components.
Corporate - Product Information - Default - Default - Default	Parts replaced do not fall under recall.

Briefly summarize why the customer is contacting Chrysler: Customer states that he just received the recall notice for the N62 recall and states that he has already had a repair done on his suspension but the invoice he has does not show the tie rod being replaced. Customer states that he contacted BAXTER CHRYSLER JEEP DODGE to see if the tie rod was replaced but they cannot tell as it is not on the invoice. Customer states that he would like to be reimbursed for this repair that he had completed.
Briefly summarize what the customer is expecting: Customer is seeking reimbursement for the N62 recall.
Agent advised the customer that he would need an invoice showing that the repair completed was for a recall related repair before we can look into reimbursement. Agent advised the customer that he would need to take the vehicle in to have the steering linkage assembly inspected and replaced if required. Customer understood.

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Reimbursement	Customer seeking recall reimbursement.
Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Information Request	Open recall

Briefly summarize why the customer is contacting Chrysler:The customer had her LEFT OUTER TIE ROD ASSEMBLY repair in 2011.
Briefly summarize what the customer is expecting:Agent advised to submit for a reimbursement for the parts. The labor was done by her husband.
POSTMARK DATE: 122713; DATE RECEIVED: 010314
Confirm name and address matches COIN & HPIMS: Customer s address matches HPIMS.
Any open recalls: N62 LEFT OUTER TIE ROD ASSEMBLY, already completed.
Name of person writing in: [redacted]
Does customer have an e-mail address: [redacted]
Concern: Customer is seeking reimbursement for repairs done to his tie rod ends that were completed before the recall came out in the amount of 1034.20.
Reviewed previous files: Yes
Reassigned to 86Y
Called Customer at [redacted]. Left Message.
Please advise that the Recall applies to vehicles that have had a Mopar Steering Linkage Replacement installed. Please advise that if the Steering Linkage was OEM at the time of the repair then the recall would not apply.
Please advise that the Customer should take the vehicle to the DLR to have an inspection to ensure which steering linkage is installed on the vehicle.
Mrs. [redacted] called seeking a case update. Agent advised customer of lines 17-23. Customer states that she already had the steering linkage and other components replaced, she does not want it done again as there are no present issues. Customet states the invoice shows the steering linkage is a Mopar components that should ve been covered. Customer is seeking to have WL148 call her back tomorrow at [redacted] to discuss the reimbursement further.
Called Customer at [redacted]. Line was busy.
Called Customer at [redacted] Left Message.
Next Agent - Please Advise that the vehicle needs to be inspected to make sure that the Correct Tie Rod Ends are being used with the Correct Steering Linkage. Please advise that the Invoice shows that there was several components replaced but that the recall is for vehicles that had the Steering Linkage replaced with a Mopar Steering Linkage on a Previous Visit (Previous Visit meaning before the Steering Linkage and Tie Rods

were replaced as per invoice Dated 24 Jan 11).
Please advise that if the Steering Linkage as of 24 Jan 11 was the Factory (Stock or OEM) that the recall does not apply and that Chrysler will not be able to reimburse for the repairs at this time.
If the Customer has an Invoice Showing that the Steering Linkage was replaced before 24 Jan 11 please ask the Customer to send in the Documentation for review.
Called Customer at [redacted] Left Message.
Please See Lines 32-45. (Steering Linkage Does Not need to be replaced - Tie Rods need to be inspected by DLR) Disregard Lines 24-30.
Customer calling in due to the fact that they received a call from WL148 and missed it, therefore they are returning the call. Agent advised customer of the information in lines 33-45. Customer was very upset.
Customer has been informed of the decision Closed CAIR.

Product - Steering - Linkage - Other - Default	Customer had repairs performed a year ago for steering linkage.
Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Reimbursement	Customer seeking reimbursement for past related repairs.
Corporate - Survey By-Pass - No Documentation - Default - Default	

Briefly summarize why the customer is contacting Chrysler:
Customer called inquiring about the possibility of being reimbursed for repairs relating to the recall N62 he just received a letter for.
Customer stated a year ago his truck broke down in the steering linkage area and had it serviced at an IRF because it was a Saturday and needed it repaired as soon as possible.
Briefly summarize what the customer is expecting:
Agent informed that he can certainly submit his repair order and proof of purchase for reimbursement by mailing or faxing it to Chrysler. Customer requested the fax number. Agent provided 1-877-768-5076 with instructions that he send attention to CAIR #[redacted] . Agent informed of up to 60 days processing time.

Status update provided via email to the following email address:
[redacted]
Dear Mr. [redacted]
Could you please contact Dodge Customer Service at 1-800-992-1997 quoting Case # [redacted] . This request is in regards to your request for recall reimbursement.

Thank you,
Charlene
Customer Service Representative
End of Status Update
********Agents - Customer has not yet submitted documents for N62, but before inconveniencing the Customer could you please explain what the N62 recall actually is.
Customer had H46 and tie rods were inspected 07/23/2009, vehicle had original equipment.
Chrysler is looking for replacement parts, so if the Customer has had vehicle repaired it NOW has replacement parts that need to be inspected at CDJR and if they need replaced Chrysler will do so. There is no reimbursement for repair unless the Customer has had more than one repair to steering linkage.
CUSTOMER CONTACT: Writer called [redacted]. Writer provided case # and US CAC for contact. Writer advised case will close in two days.
*****AGENTS - Please explain the N62 recall to Customer. Chrysler is looking for replacement parts, not factory original equipment. If Customer has had repair, and this is the first and only repair to the steering linkage then we cannot reimburse, but the Customer still should take the vehicle to CDJR for inspection of replacement parts, and to close the recall. If the Customer has had multiple repairs to steering linkage we will consider reimbursement, but we require his documents be sent in for review.
No documents, no contact from Customer, can I get a by pass please.
Reassigning to JK671.

Corporate - Dealer Information - Default - Default - Default	Contacted dealer for more information.
Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Information Request	Customer inquiring when parts will be available.
Corporate - Rental Vehicle - Default - Default - Default	Customer is seeking a rental vehicle.
Product - Suspension - Tie Rods / Drag Link - Broken - Unknown	Customer states that the tie rod broke.

Briefly summarize why the customer is contacting Chrysler: Customer states that the tie rod on his vehicle broke and has been at the dealership for a few days now but they will not provide him with a rental vehicle. Customer states that the dealer does not have an ETA on when the parts will be in and would like Chrysler to provide him with a rental vehicle.
Briefly summarize what the customer is expecting: Customer is seeking a rental vehicle from Chrysler until the recall can be completed on his vehicle.
Agent contacted HALL CHRYSLER DODGE JEEP RAM and spoke to SA Joe. Joe states that the vehicle is in for the recall concern as the tie rod did separate like the recall states. Agent informed Joe of warranty bulletin D-11-53 and advised that since this is a recall repair then they can offer rental for up to 5 days. Joe understood and will have this set up for the customer right away. Agent advised the customer that the dealership will be putting him in a rental vehicle that will be covered for him. Agent advised the customer to contact the dealership to have this set up for him. Customer understood and was thankful for assistance.
Joe from 26769 contacted Ram about a customer s vehicle. Joe states that the vehicle had the tie rod fail on it and came into the dealership at the end of Dec 2013. Joe states that he was advised to put the customer into a rental vehicle under the D-11-53 for up to 5 days and was told that if it required more days to contact Ram again for extensions. Joe states that the customer has been in a rental for 21 days and the rental cost is over $700. Joe states that this is the first time the vehicle has been at the dealership. Joe states that the vehicle is well maintained, and seems like it has had regular maintenance done.
Escalation Override approved by NC603 due to the recall.
Who has possession of the vehicle? Dealership but repair is done and being returned to the customer.
Has an authorized dealer diagnosed the vehicle? Yes
If a CDJR dealer has diagnosed, what is the dealer name and code? Hall

Chrysler 26769

Writer contacted dealer, writer left voicemail for Service Manager (SM).
Writer spoke to the customer who states he is satisfied with repairs, but he would like to see if his steering wheel gets aligned. Customer stated he will bring that up to SM Joe who has been helping him. Customer stated he has a concern about the towing bill. Customer stated he was supposed to pay that out of pocket and get reimburse by Chrysler. Customer states it has been 30 days and he has not seen the towing bill, and he would like to get more information.
Writer spoke to SM who stated they have on their notes that the customer arrived at the dealer on 12/18/2013 and received the vehicle on 01/18/2014. SM states he provided rental at $35 a day, for 30 days. SM states 5 first days are provided by dealer. Writer will authorize 25 days of rental by CAC, for RO [redacted], left side tie rod recall (N62). Writer verified current mileage on the vehicle of 151662 miles.
Writer spoke to SM Keith about rental provided, total cost and total days, and customers toeing concern. SM stated the good news of the towing is that the customer had the towing covered by his auto insurance, and for rental vehicle there only 21 days have to be reimburse to the dealer at $31.53 a day, for grand total of 662.13.
Customer seeking rental assistance because recall (N62) . Contacted Service Manager, Keith at DLR HALL CHRYSLER DODGE JEEP RAM 26769 to discuss the customer s request for rental assistance. Confirmer customer s concern and with Service Manager concurrence, authorized 21 days of rental per guidelines in Warranty Bulletin D-11-53.
Rental authorization will be processed by CAC.
Writer spoke to the customer who was wondering about towing expenses, and wrtiter informed that his insurance covered for his towing expenses.
Writer will now close case with customers permission.
CLOSED LOOP UPDATE - no need for additional follow-up.

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Information Request	LEFT OUTER TIE ROD ASSEMBLY
Corporate - Survey By-Pass - No Repair - Default - Default	Recall unavailable until January 6 2014
Corporate - Complaint Contact - Default - Default - Default	Updated phone number

Briefly summarize why the customer is contacting Chrysler: Josh states he replace the outer tie rods last year himself and used Dodge parts, and now he has a recall letter.
Briefly summarize what the customer is expecting: Recall
Agent advised Josh that the dealership will need to inspect the tie rods as the parts for that recall are not available to the dealership until after January 6, 2014. Agetn advised Josh that if the dealership tells him the tie rods meet the standards then he can send in for reimbursement review.
Reassigned to JT962, for Survey Bypass No Repair (due to recall not available until January 6)

Recall - N49: LEFT TIE ROD - Information Request	Inquiring about recall N49
Corporate - Survey By-Pass - No Repair - Default - Default	

Briefly summarize why the customer is contacting Chrysler: Customer contacting Chrysler stating that she has recall N49 and needs the part because she s driving her son to college on January 2nd. Agent advised that the parts will not be available until January 6th, 2014. Customer stated that is unacceptable she needs the part. Agent advised that unfortunately we do not have the parts available for this recall and no one will be able to get the part for her sooner. Customer stated basically Chrysler is telling her to drive her vehicle and get killed. Agent advised that yes to drive the vehicle is risky, however there is nothing that can be done. Customer request supervisor because this is unacceptable from Chrysler. Agent advised supervisor will inform her of the same thing, parts are not available. Customer persistant, agent advised call back will be Monday, advise of same thing.
Briefly summarize what the customer is expecting: Wants part that is not available.
Customer has requested Supervisor callback
Preferred daytime number: [redacted]
Reason for request: Believes this is not acceptable, needs part that is not available.
CAIR assigned to: KM788
CSR has informed customer a Supervisor callback request has been made, and the customer will receive a callback within 24 hours.
*** Supervisor Callback ***
Supervisor called customer to discuss her situation. Customer upset that she is driving 3,000 miles on January 2nd and she is afraid of her safety with the open recall. Supervisor apologized for the situation she is in and advised that it has been documented at Chrysler.

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY -	Customer alleges recall N62 was done improperly.
Recall - H46: STEERING LINKAGE -	Customer alleges recall was never completed.

Briefly summarize why the customer is contacting Chrysler:The customer states that Oxendale Chrysler dealership did not put the correct part on his vehicle when they did the recall for the Left Outer Tie Rod Assembly. He states they are telling him that the recall for the STEERING LINKAGE was completed in the past but the customer states that nobody has ever touched his vehicle other than himself and alleges that Oxendale Chrysler Dodge Jeep is lying to him and insisted that the agent call them to get this straightened out and to call him back with information of what recalls were done and what parts they had replaced. The customer states he does not want the agent to mention his name when talking to the dealership.
Briefly summarize what the customer is expecting:To have recalls performed and the right parts put on.
Agent advised the customer that she cannot discuss the customer s concern about the recalls without mentioning his name and advised him that if he is not willing to have his name mentioned that we cannot assist him with his inquiry.
The customer states to go ahead and use his name but to call him back once the agent finds out what is going on.
Agent advised the customer she will call him back but advised she could not give him an exact time of call back.
The customer states he understands and stated he wants to be called back on [redacted]
Agent called OXENDALE CHRY-DODGE-JEEP,Dealer Code: 70- 43417 and spoke with SA, Barbara and explained that the customer alleges that he does not believe the H46 recall for the Steering Linkage was ever done on his vehicle and had stated that he has never been to the dealership for anything other than an oil change before going in this month for the N46 recall. SA, Barbara states that back on 09/11/2009 they performed the H46 Steering Linkage recall on this customer s vehicle and again on 12/23/2013 they performed the N62 recall and states they did an inspection and there was is no further action required.She also states that they do not just pull the customer s name out of a hat to do a recall.
Agent called the customer back and advised him of what SA, Barbara

stated.
The customer states he talked to the manufacturer and alleges that they have told him that Chrysler is providing the wrong information to customers and states he also called Oxendale Chrysler and spoke with the SM whom the customer alleges has told him that the left tie rod ball joint is cracked and that Chrylser is providing the wrong information.
The customer then started using vulgar language with the agent and stated he will contact a lawyer and sue Chrysler if anyone gets hurt or killed.
Agent then advised the customer to please keep the call professional and refrain from using that type of language and warned the customer that the call would end if he continued.The customer then disconnected the call.

N62 - Safety Recall - Left Outer Tie Rod Assembly / Dodge RAM
Answer ID 24057
Models:
2003 and 2004 model year (DR) Dodge Trucks (2500 series)
2005 through 2008 model year (DH) Dodge Trucks (2500 series)
2003 and 2004 model year (DR) Dodge Trucks (3500 series)
2005 model year (DH) Dodge Truck (3500 series)
2006 and 2008 model year (D1) Dodge Trucks (3500 series)
IMPORTANT: This recall only applies to vehicles that had certain Mopar service parts steering components installed.
Subject: A Mopar service parts steering linkage may have been installed on some of the 705,000 of the above vehicles during a prior service appointment. The left tie rod ball stud on the Mopar service parts steering linkage may fracture under certain driving conditions. This could cause a loss of directional control and/or a crash without warning.
Repair: The steering linkage assembly must be inspected and replaced if required.
Writer acknowledges assignment.
Writer will follow process, no documents yet.
No documents.
No documents.
*
No documents, call Customer advise case will close in two days.
No documents. Writer will call Customer as soon as possible.
No time today to review.

CUSTOMER CONTACT: Writer called [redacted]. Writer acknowledges that H46 recall was completed 10/31/2013 and it must have been deemed original factory equipment - inspection as no parts were required.
CUSTOMER CONTACT: Writer provided case # and US CAC for contact.
**********AGENTS - Please explain the N62 recall to Customer. Customer had H46 completed 10/31/13 - Vehicle still had factory equipment. Chrysler is looking for replacement/MOPAR parts only, so if this is the first and only repair that Customer has had on vehicle involving the steering linkage, we cannot reimburse. The vehicle now has replacement parts so Chrysler would like to have those inspected and will replace again as needed. Customer should be advised to have all recalls and extended warranties completed at CDJR as per the owners Manual. Customer can still send in documents if he wishes.
CUSTOMER CONTACT: Writer called [redacted]. Writer explained the H46/N62. Customer advised he upgraded to the new style of steering linkage just the once. Writer advised that needs to be inspected by CDJR, and dealership will replace parts as they deem necessary under the recall compliments of Chrysler. Customer understands, and we will not need his documents. Customer will take vehicle to CDJR as soon as he goes to town. Writer is closing case.

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Information Request	Customer called in regarding the N62 recall
Product - Suspension - Tie Rods / Drag Link - Broken - Unknown	Customer called in stating that the tie rods on his vehicle had broken

Briefly summarize why the customer is contacting Chrysler:
Customer called in to request reimbursement for a repair he had done to his car a year ago. Customer states he was driving and the tie rod had snapped and vehicle had lost control and went into the ditch. Customer had taken vehicle to Performance Chrysler Jeep Dodge. Customer stated repairs had cost around $1,200. Customer has just received the recall notice for the tie rods in the mail and would like reimbursement for the repair he had on his truck due to the prior accident. Agent provided Fax number for customer as well as standard reimbursement verbiage. Customer is going to have dealership fax a copy of the repair order.
Briefly summarize what the customer is expecting:
Customer is expecting reimbursement for repair on his truck due to a tie rod breaking prior to the recall being released.
POSTMARK DATE: 122713; DATE RECEIVED: 122713
IMPORTANT: This recall only applies to vehicles that had certain Mopar service parts steering components installed.
This recall only applies to vehicles that had certain Mopar service parts steering components installed. Customer would have to have a previous repair on the tie roads as the recall is for the Mopar replacement part.
If customer has an invoice that shows he had previous repair on the tie rod writer submit for reimbursement.
Writer reviewed the file and customer will have to provided an invoice for previous repair on the tie rods.

Recall - N49: LEFT TIE ROD - Other	Left tie rod broke
Dealer - By-Pass - Default - Default - Default	

Briefly summarize why the customer is contacting Chrysler: Customer states he has the recall N49 on the vehicle and his left tie rod broke. Customer states the vehicle is at the DLR right now.
Briefly summarize what the customer is expecting: Customer seeking part for repair.
Agent confirmed customer information.
Agent contacted DLR and spoke to SA Ryan.
SA states the vehicle is at the DLR and the left tie rod did break.
SA transferred agent to PA Darrin.
Darrin states the part number as follows:
cbuen491aa
cbuen492aa
Agent advised customer of a CM being assigned to his case.
Customer states he would need a rental vehicle next week as his friend will need his vehicle back on Tuesday.
Customer advised a call back is required and will take place within one business day by COB their time
Preferred Morning/Midday call back number is [redacted]
Preferred Afternoon/Evening call back number is 7[redacted]
Customer email address for case updates: XXXXX@XXXXX.com
Who has possession of the vehicle? (Owner/Dealer/IRF) DLR
Has the vehicle been diagnosed by a CDJ dealer? (Yes/No) Yes
If a CDJ dealer has diagnosed, what is the dealer name or code? 45518 FREMONT MOTOR CASPER, INC
Reassigned to 88F
* * * * * CASE MANAGER TEAM - District P * * * * * *
Writer contacted SA Ryan. SA stated that the tie rod did brake due to the recall. SA stated that there are no parts available at the moment. SA asked if it would be alright if they took the parts from the L16 recall until the N49 parts are available. Writer stated that more research will be required and that there will be a call back later.
Customer calling in due to the fact that they requested to speak with their CM because they need to request a rental as soon as possible. Agent advised customer that a note would be left in his CAIR in order to notify the CM to contact customer. Agent also advised that their CM is working as hard as possible to provide a rental; customer stated he needs one as soon as possible.
Writer contacted Parts Advisor Dave. PA stated that the part isn t even created and that there is no part to order. PA asked if they can use the L16 parts for the N49 recall since there are no parts even created. Writer stated to contact the AM.

CONTACT UPDATE - 1st Contact attempt, phone number dialed, [redacted]. Writer stated that the customer could get a rental and that the writer could look into reimbursing the customer. Writer stated that the part isn t available at the moment and that the dealership doesn t know when the part will be in. Writer stated that there will be a call back no later then Thursday 01/02.
Dealer 44136 (Sales Person) William calls to speak with their Case Manager.
While the writer was trying to locate the CM,the dealer disconnected the call.
Writer advised the CM the detail of the conversation with the dealer.
Sales Manager William from Bob Ruwart Motors contacted writer. Sales manager stated that CHRYLSER should put the customer in the rental for the open recall. Writer advised the Sales Manger that the writer stated that the customer could get into a rental and that the writer would look into reimbursing the customer. Sales Manager stated that if the writer couldn t help the customer and the sales Manager that the Sales Manger would like to speak to a supervisor. Writer stated that the writer would look into reimbursing the customer for the rental and that is all that the writer could do for the customer. Sales Manager asked for a supervisor.
Supervisor Call: [redacted]
Writer received call from Sales Manager William at BOB RUWART MOTORS INC, 44136, 307-322-3146. William states that he feels that Chrysler should put the customer in a rental. William states that the customer needs a rental vehicle. Writer advised William that at this time Chrysler Customer Care had no information on the part. Writer advised that per the information in the case, the part is not being manufactured yet. Writer advised William that the customer is able to rent a vehicle and Chrysler could look into possible reimbursement once there is more information on the part. Writer advised William that the case manager will contact the customer once there is information about the part. Writer advised that the case manager has reached out to Parts Specifying for help with the part information.

Writer noting this is a campaign part. CAIR will be transferred to CM-KC523 to advise customer the dealer will be the point of contact for this part.
**********END OF TRIAGE**********
Writer contacted SM Jamie. SM stated that they contact the AM and the AM stated to put the L16 parts on until the N49 parts come in. SM stated that once they put the parts on the vehicle it damaged the wheel. SM stated that the wheel is not made anymore. SM stated that SA Ryan is working with the AM to see where to go next. SM stated that yesterday they put the customer in a rental.
Writer contacted customer. Customer stated that he is going to pick up the rental right now. Writer stated that there will be a contact on Tuesday with some more information. Call back 01/07.
Customer s son called in. Customer stated that ever since the customer bought the vehicle there has been battery issues. Customer stated that when they were doing the test drive they had to jump start the vehicle as well. Customer stated that his lawyer is going to be calling DODGE tomorrow. Customer stated that he want to take the vehicle back since the vehicle is not working properly. Writer stated that it is not and potion that Chrysler is pursuing at this time, and we would like to look at getting your vehicle repaired as soon as possible. Please feel free to review at your state s Lemon Law guidelines online at bbb.org or you can contact your states officials for more information. Writer stated that the writer would look into getting the customer a service contact and will also call the dealership as well to see when the tech is going to be coming in. Call back tomorrow 01/07.
DISREGUARD LINES 98-110.
Customer called in stating that the dealership will not release the

vehicle to the customer since there is a crack in the rim. Writer stated that there writer will call the dealership then call the customer back tomorrow 01/07.
Ryan dealer code 45518 called for an update on his customers case. Ryan said that the rim does have a crack in it and is unsafe to drive. Agent transferred call to the Case Management line 800-763-8422, x66067.
Writer called SM Jamie. SM stated that he isn t really familiar with the case and that SA Ryan is not available at the moment. Writer stated that there will be a call back later if no call back.
Writer left a message for the SA Ryan.
Writer contacted customer. Writer stated that the writer is playing phone tag with the SA Ryan. Customer stated that after today the customer will not have the rental vehicle anymore. Writer stated that there will be a call back by end of business.
Writer contacted SA Ryan. SA stated that the rim is cracked due to the rim. SA stated that the wheels are bigger and that they will have to look in to see what size the customer would want. Writer stated that Chrysler would be able to do the one rim but not the other 3.
Writer contacted customer. Writer stated that the writer would be able to assist with the one rim but not the other three rims. Customer stated that he has to pay for the other 3. Customer stated that he doesn t want to use the stock rims because he doesn t like the stock rims. Customer stated that he will look at rims tonight. Writer stated that there will be a call back on Thursday 01/09.
Writer contacted customer. Writer stated that the writer would only be able to cover the one rim if it is a MOPAR rim not an aftermarket part. Customer stated that he doesn t have the money to get the rims at the moment and that he needs to figure out a way to tow his vehicle to his shop. Writer stated that there will be a call back tomorrow.
Customer called in. Customer stated that he does want CHRYSLER to pay for an aftermarket rim and that he would like CHRYSLER to send the customer a check. Writer stated that that the writer would only be able to if the customer were to get MOPAR rims and not aftermarket rims. Customer stated that the customer went to the service department and that the service department stated that CHRYSLER would be able to send a check to the customer. Writer stated that the only way that would happen is if the customer were to get a MOPAR rim. Customer stated that he would like to talk to a supervisor. Writer stated that the writer s supervisor would be telling the customer the same thing. Customer stated that he has the right to talk to a supervisor and that he will be taking this case to court. Writer transferred call.
***Supervisor Call
Customer stated that he would like to be reimbursed for the rims that were damaged. Customer stated that he will not put factory rims on his vehicle. Customer stated that he had to order 4 new rims because the rims that were on the vehicle Customer stated that the rims that were on it were aftermarket rims. Customer stated that he understands where Chrysler is coming from on the rest of the rims however he would like to see if he can be reimbursed for the rim that was damaged. Writer informed the customer that we may be able to reimburse for the one rim that was damaged however he would need to have access to the documents from the time of purchase. Customer stated that he may be able to get them. Writer informed the customer that a call back will be made by the end of today with a final decision.
Writer contacted customer. Writer stated that the writer would be able to reimburse for the one rim that is damaged but does need to get documentation Customer stated that the customer did call the 3rd party to get the documents. Writer stated that there will be a call back on Monday 01/13.
Writer contacted customer. Customer stated that he did get the documents. Customer stated that the customer got them on Sunday. Writer gave the customer the fax number and stated that there will be a call back when the writer gets the documents.
****** Below Customer Contacted for Documentation Request ******
as1371@chrysler.com on 2014-01-13 @ 15:06
***** Customer Document Received *****
Customer Document Reviewed.
Writer contacted customer. Customer stated that the documents are at work. Customer stated that the customer will call the writer back in 45 minutes.

Customer called in. Customer stated that he couldn t find the documents. Customer stated that he paid a little over $500 for the one wheel. Writer looked up and the total for the wheel is $540.02. Customer stated that he would like an extended warranty. Writer stated that DODGE doesn t do extended warranties but can look into a service contract. Writer stated that there will be a call back on Thursday 01/23.
Writer called the customer and left message informed customer that the offer remains for the reimbursement. Customer was informed again by message that there are no extended warranties and that CM would like to discuss the finalized offer with the customer
Customer called in and informed agent that he does not need an extended warranty as customer is in the process of selling the truck. Customer was informed that the CM offer of reimbursment still stands.. Agent verified address and informed customer that the case will be closed at this time
Writer left message for customer to return call.
Writer attempted to contact customer. Writer left message requesting a call back.
Writer left message for customer to return call.
CM Needs to speak to Kc523 to see what the offer was made to the customer.
Writer contacted customer, writer advised customer all documentation has been reviewed and writer offered the reimbursement amount of $540.02 that was previously offered. Customer states for several weeks now he has gotten calls from different agents offering the amount and nothing is getting done. Writer inquired about address update. Call then was disconnected.
Writer attempted to call back customer and no response. Writer left voicemail requesting a call back to make sure everything was to satisfaction and verify the mailing address.

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Information Request	Customer requesting information regarding N62

Briefly summarize why the customer is contacting Chrysler: Customer requesting information on N62 recall.
Briefly summarize what the customer is expecting: Customer expecting advice on driving safety of vehicle.
Customer stated the DLR had no information on this recall on December 23, 2013, or delivery date of required parts.
Customer stated he was planning a 1000 mile trip and was concerned about the safety of driving this vehicle with repair.
Writer stated to Customer that DLRs were late in receiving this recall information. Writer apologized to Customer.
Writer stated to Customer that there was not a No Drive comment on the Safety Recall (referred to Answer ID 24057)
Writer stated to Customer that it was important to contact Dealer and be placed on waiting list as soon as possible. Customer declined transfer and indicated that he would see DLR in the near future.
Writer reinforced that Customer should be placed on waiting list as soon as possible in order to avoid any kind of delay in installation when part become available.
Customer agreed and thanked Writer for advice.

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY -	Customer is seeking recall information

Briefly summarize why the customer is contacting Chrysler:
Customer stated she is contacting CAC on behalf of her Son who received a letter in the mail notifying him of an incomplete recall he has on his truck.
Customer stated the letter advised they cannot contact the DLR for service appointments until January 6, 2014.
Customer stated the letter advised this is a big safety concern if this were to happen to his vehicle.
Briefly summarize what the customer is expecting:
Customer is seeking to have recall completed on Monday.
-
Agent advised customer of N62 incomplete recall.
Agent advised customer there is a special part needed for the recall and Chrysler is releasing it 01/06/2014, however some DLR s may already have the part.
Agent advised customer she would need to get in contact with her Certified Chrysler DLR for further assistance in booking an appointment as the DLR is the one who performs the recall repairs.
Agent offered to contact the DLR to see if they are able to get customer in sooner to have the recall completed.
Customer stated she would contact them herself and disconnected the call.

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Reimbursement	Customer states they repaired N62 recall already
Corporate - CNA Change - Default - Default - Default	Updated customer information
Recall - E17: OUT-OF-PARK ALARM SYSTEM - Advise Owner/Incomplete Recall	advised of recall

Customer contacted CAC stating that they just received the N62 recall notification in the mail. Customer further stated that they purchased the part at an auto parts store and that her husband had made the repair her self. Customer further stated that she wants to know if she could be reimbursed for this concern. Customer further stated that she would not like to be transferred to a dealership because her husband only drives the vehicle and that it would be up to him to make an appointment for this. Customer further stated that she does not need any dealership contact information.
Customer is expecting reimbursement for recall N62.
Agent advised customer that she would be able to apply for reimbursement and provided information from answer I.D 17420 and advised customer to send all information from that I.D. Agent further advised customer that it would not be guaranteed that reimbursement could be provided for this concern. Agent further stated that there is recalls E17 and H46 as well and that there are parts available for those recalls as well. Agent further offered assistance by connecting customer to the dealership how ever the customer stated that she did not need assistance with that. Agent advised customer to please allow 60 days for handling of this request.

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Information Request	LEFT OUTER TIE ROD ASSEMBLY
Product - Suspension - Tie Rods / Drag Link - Broken - Unknown	broken tie rod

Customer states his tie rod broke 2 weeks ago. Customer states dealer told him they could not help him so he did the repair himself. Customer states he just received the N62 recall notice and wants to know if he can be reimbursed.
Agent referred to Answer ID 24057 for the N62 recall bulletin. Agent informed customer that this recall only applies to vehicles that had certain Mopar service parts steering components installed during a prior service appointment.
Agent informed customer that it is not for the original parts.
Customer states he still has the parts and will have dealer check to see if they were Mopar replacement parts.

Product - Suspension - Upper Control Arms/Ball Jnts - Worn - Unknown	Customer advised ball joints were worn
Recall - N49: LEFT TIE ROD - Information Request	Customer requesting recall information
Corporate - CNA Change - Default - Default - Default	Writer updated customers contact telephone number

Briefly summarize why the customer is contacting Chrysler: Customer states that he recently received a recall notice for the N49 recall for the Left Outer Tie Rod. Customer states that a few months back he was experiencing an issue where he was driving the vehicle and every bump he hit there was an extreme shimmy in the vehicle. Customer states he was afraid the vehicle was going to break down so he took it to a facility close in the area. Customer states the mechanic at that point said the ball joint were worn as a result of the lack of lubrication from the tie rods. Customer states he paid out of pocket approximately $400.00 to have this repaired. Customer states now there is a recall on the tie rods. Customer states he called the dealership in Waco - Allen Samuels (45456) and they said the parts aren t available yet. Writer advised customer that parts are restricted so the dealership is only receiving so many at a time. Writer advised customer would like to contact over to dealership to ensure that he is on a list to receive a part once they come in so that his vehicle can be repaired. Customer agreed. Writer spoke with Parts Counter - James - Allen Samuels (45456) and confirmed customer is on the list for the part and will be contact once the part is in. Writer advised customer that the dealership will contact him to let him know when the part has arrived so we can make an appointment. Customer would like to know if at all possible the ball joints had to be replaced as a result of this recall. Writer advised that would be something best determined by a Chrysler Dealership, we are not technically inclined. Customer states he would like to know if he could be considered for reimbursement of the previous repairs if they were caused by the recall. Writer advised if the Chrysler dealership can determine that the repair was necessary due to the recall then we could look further into the possibility at that time. Customer advised he will wait until the parts are in and if he needs further assistance will call back then.

Briefly summarize what the customer is expecting: Cost assistance/Recall completion

Recall - N49: LEFT TIE ROD -	Customer seeks to have N49 recall for the left tie rod performed.
Corporate - Survey By-Pass - No Diagnosis - Default - Default	

Briefly summarize why the customer is contacting Chrysler:The customer states they received a recall in the mail for the left tie rod. She states it s a work vehicle used to haul horses and contacted the dealership and they told her that the parts are not available.
Briefly summarize what the customer is expecting:To locate the parts to have the left tie rod recall performed.
Agent called Mancari s Chrysler Jeep Dodge and spoke with John in the parts department to find out if they have the parts available for recall number N49 for the LEFT TIE ROD and to ask them to place an order for the parts for this customer. Parts advisor, John states an order has been placed for this customer and stated they are expected to be available around 01/06/2014.
Agent advised the customer that the parts to perform recall number are currently unavailable and advised her to that her dealership has placed an order for the parts and that they are estimated to be come available around January 6, 2014. Agent advised the customer that the issue lies with the parts supplier and to continue working with her dealership.
The customer states they will sell the truck and not buy another one.

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Other	Customer had to pay for this recall repair
Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Reimbursement	Customer seeking recall reimbursement

Briefly summarize why the customer is contacting Chrysler: Customer called about the one part on his vehicle fell off on december 22/13 and then the customer received the letter in the mail the day after pertaining to the N62 recall.
Briefly summarize what the customer is expecting: Agent verified with the customer that the address for the customer to submit his receipts was on the letter he received in the mail. Agent let the customer know that the procedure takes approximately 4-6 weeks. Agent also said that she did not know if all the costs involved would be reimbursed (towing, all the labor, etc) but said the customer would receive documentation in the mail regarding what reimbursements would pay out
POSTMARK DATE: 010314; DATE RECEIVED: 010814
Confirm name and address matches COIN & HPIMS: Customer s information matches HPIMS
Any open recalls: N62 LEFT OUTER TIE ROD ASSEMBLY
Name of person writing in: [redacted]
Does customer have an e-mail address: Not on file
Concern:Customer is seeking recall reimbursement for N62 LEFT OUTER TIE ROD ASSEMBLY recall in the amount of 300.00
Reviewed previous files Yes
Reassigned to 86Y
Agent has reviewed file and there is no indication that the tie rod ends were replaced with Mopar parts prior to the recall. Customer is requesting reimbursement for repairs done at an IRF. Agent will advise customer to go to a certified Chrysler dealer for inspection.
Agent contacted the customer @ [redacted] and informed of decision.
Customer is seeking reimbursement under the N62 Left Outer Tie Rod Assembly Recall.
This recall is for a MOPAR 'replacement part'.
The vehicle had to have been in for a prior service and had the steering linkage replaced with MOPAR service parts.
Unless customer can provide a repair invoice showing prior service the recall does not apply to their vehicle and reimbursement will be denied.
REIMBURSEMENT DECLINED

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Information Request	Customer seeking recall repair/reimbursement process

---

Briefly summarize why the customer is contacting Chrysler: seeking recall reimbursement process
Briefly summarize what the customer is expecting: seeking recall reimbursement process.
The customer, Jonathan provided writer with his VIN and was inquiring about the recall notice he received: N62 and stated that the recall was about 1 year too late due to the fact that this component failed on him a year ago on the highway and he stated that when the tie-rod failed it sent the vehicle across 4 lanes of traffic ending him in a small ditch on the side of the highway. He stated that he could have been killed or cause an accident so he was inquiring about his steps moving forward.
Writer consulted with ACDoc#24057 and explained the parameters of this recall: Mopar Replacement parts and further advised him of the H46 recall and the fact that at the time of the recall, the components were only inspected, thus he would not qualify for reimbursement on the N62 recall.
The customer, Jonathan stated that we can only see the work performed at a dealership and that is all, and stated that he believes this is the second repair on the component. He advised writer that if he can produce an invoice showing that the repair was previously completed, would he be reimbursed.
Writer advised him that if he can locate both invoices with proper proof of payment, he can definitely submit the information for reimbursement review.
Writer advised him of his case number and stated that once he locates the information he can mail it or contact us back and he can obtain the fax number and submit at that time.
He thanked writer for the added information on the N62 recall parameters and the assistance today.

CLOSED LOOP UPDATE - customer provided with reimbursement documents needed for N62 recall.

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Reimbursement	customer requesting reimbursement for past repairs
Product - Suspension - Tie Rods / Drag Link - Worn - Front	customer supplied his own tie rods.

****** Below Customer Contacted for Documentation Request ******
[redacted] on 2013-12-27 @ 13:13
Briefly summarize why the customer is contacting Chrysler: Customer states that he recently received the notice for recall N62. Customer states that a couple of years ago the tie rod assembly fractured as described in the recall and he had it repaired at his cost. Customer inquired if he is able to be reimbursed for this past repair.
Briefly summarize what the customer is expecting: Reimbursement for the past repairs on the tie rod assembly.
Agent advised customer of document requirements as per ID: 19074. Agent sent document request link at customer s request and advised of the time limit for this link.
Reassigned to 86Y

N62 - Safety Recall - Left Outer Tie Rod Assembly / Dodge RAM
Answer ID 24057
Models:
2003 and 2004 model year (DR) Dodge Trucks (2500 series)
2005 through 2008 model year (DH) Dodge Trucks (2500 series)
2003 and 2004 model year (DR) Dodge Trucks (3500 series)
2005 model year (DH) Dodge Truck (3500 series)
2006 and 2008 model year (D1) Dodge Trucks (3500 series)
IMPORTANT: This recall only applies to vehicles that had certain Mopar service parts steering components installed.
Subject: A Mopar service parts steering linkage may have been installed on some of the 705,000 of the above vehicles during a prior service appointment. The left tie rod ball stud on the Mopar service parts steering linkage may fracture under certain driving conditions. This could cause a loss of directional control and/or a crash without warning.
Repair: The steering linkage assembly must be inspected and replaced if required.
No documents.
No documents.

*
No documents, call cx as asoon as possible, advise case will close in two days, get by pass then.
No documents. Writer will call Customer as soon as possible.
No time today to review.
No time today to review.
Writer acknowledges that H46 was completed 09/02/2009- bracket installed - but factory original equipment present.
CUSTOMER CONTACT: Writer called [redacted]. Writer spoke directly with Customer. Writer asked if he only had one repair on his tie rods. Customer states he has had several repairs on the vehicles front end. Writer advised documents are not yet in may be in backlog in queue, but documents will be reviewed when they get attached to case. Writer advised Case will close for now. Writer did encourage Customer to have vehicle inspected by CDJR. Customer said he would do that when he got back home.
No documents. by pass please.
CAIR RE-OPENED AND FOLLOWING REASON CODE(S) REMOVED
Survey By Pass - No Documentation
POSTMARK DATE: 010914; DATE RECEIVED: 011414
Documents attached for review.
Writer acknowledges that documents have been attached.
IRF CONTACT: Writer called Pinks Automotive and spoke to SA Jeff. SA Jeff advised Customer brought in his own tie rod (manufacture unknown) so invoice is labor only for the tie rods. SA Jeff advised they did supply the steering damper. Invoice was created 01/03/2013.
Customer has ordered the MOPAR steering linkage upgrade kit from Avondale Automotive, but no confirmation item is received or on vehicle.
CUSTOMER CONTACT: Writer called [redacted]. Writer understands that the MOPAR steering upgrade kit that Customer ordered was last year, and was the one he provided to Pinks to put on his vehicle.
As this is the only documented repair Customer was able to submit, Writer cannot reimburse for original factory equipment failure as Chrysler is looking for replacement parts, which Customer NOW has on his vehicle.
Customer is in Decatur GA and his truck is in the airport parking lot in Iowa, Customer cannot get his truck inspected at CDJR until he gets back home, possibly next week.
Writer is closing case, Customer has been advised of decison directly.
* * * * GOODWILL ASSISTANCE HAS BEEN DECLINED * * * *
Informed customer that Chrysler will not participate in the repair.
The vehicle warranty has expired by time and/or mileage.
Unless the customer offers new information, decision remains unchanged.

Status update provided via email to the following email address:
[redacted]
Good Morning
My name is Jenna and I have been assigned to your case as your case manager.
I have reviewed your file for your request for reimbursement for the recall N62. The N62 Recall is on Mopar Replacement parts not Factory components. At this time I am needing an invoice showing a Mopar Steering linkage was replaced prior to this repair.
If you could please contact me back at your earliest convenience to discuss your reimbursement request at 855-675-9291 ext 4718558.
Thank-you
Jenna

Documents are from a medical center for a client, nothing to do with Customer or Chrysler.

CUSTOMER CONTACT: Writer called [redacted]. Customer had H46 completed 11/09/2010 - still factory original equipment. Writer advised we received medical information. Writer advised Case will close in two days, but can be accessed or re-opened as needed.
*****AGENTS - Please explain the N62 recall to Customer. Chrysler is looking for replacement/MOPAR parts only, so if this is the first and only repair that Customer has had on vehicle involving the steering linkage, we cannot reimburse. The vehicle now has replacement parts so Chrysler should inspect those. Customer should be advised to have all recalls and extended warranties completed at CDJR as per the owners Manual.
****** Below Customer Contacted for Documentation Request ******
[redacted] on 2014-01-10 @ 20:49
***** Customer Document Received *****
Writer acknowledges document. Customer had steering linkage replaced.
CUSTOMER CONTACT: Writer called [redacted]
**********Agent s please explain the N62 recall to Customer. Chrysler is not necessarily reimbursing for steering linkagerepair/replacement. Chrysler is looking for replacement parts, NOT factory original equipment repairs. Customer has now had a steering linkage repair completed so that needs to be inspected at any CDJR Dealer and if deemed necessary Chrysler will replace the affected recall part(s). See lines 47-53.
Writer will close case in two days but can be accessed or reopened as needed.
Customer called in. States they are returning a voicemail. Agent informed customer of lines 47-53 as per previous notes. Customer states that they currently have their vehicle at a CDJR DLR for an oil change. Customer states that when they pick up the vehicle they will arrange an inspection to verify they don t need any further repairs.
Writer acknowledges update. Customer has been of the outline for the N62 recall. Writer is closing case.
Customer wants to speak to supervisor regarding this issue. Tried to explain what was said in line 47-50. Will send to JR1305.

Recall - N49: LEFT TIE ROD - Information Request	N49 recall information call

Briefly summarize why the customer is contacting Chrysler: Customer states he received a notice for the N49 recall.
Briefly summarize what the customer is expecting: Customer is under the impression that he already had this recall completed earlier in the year. Agent advised customer that the recall that was completed in April 2013 was the L16 recall and that the recall notice customer has now is for the N49 recall which is a separate recall that customer still needs to have completed.
Briefly summarize why the customer is contacting Chrysler: Customer states he is very upset that he has another recall on his vehicle. Customer states he feels Chrysler does not compensate him for the gas or rental vehicle he has had to put out. Customer states he was advised that he will have to wait until April for the completion of his recall.
-
Agent contacted dealership DLR code 64302 and spoke with service department whom advised that she can only order 1 part every 7 days and that she has just started a list for the customers. Service department stated the customer is now on the list. Customer states that the parts being ordered will have the customer id number on it along with their names so that the part is not given to another customer. Agent advised customer he is now on the list and to when it comes time for his vehicle to go in for completion of the recall contact CAC back to see if a rental is a possibility. Agent advised no guarantees but we would be happy to look into.
-
Customer states his turbo went out in October. Customer states he was advised he can not have it replaced until it stops working. Agent advised customer there is a certain protocol that our Chrysler dealership must follow. Customer states what if he is out of warranty by the time the part completely fails. Agent advised if this were to happen at that time he could contact CAC to look into. Agent advised I will document his concern and complaints, that all files are reviewed by Chrysler.
-
Briefly summarize what the customer is expecting: Customer would like Chrysler to compensate him. Customer would like complaint known.

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Reimbursement	Customer seeking reinbursement

****** Below Customer Contacted for Documentation Request ******
[redacted] on 2013-12-27 @ 13:35
Briefly summarize why the customer is contacting Chrysler: Customer stated that he has received the recall notice for the N62. Customer stated that about six months ago he had the tie rod assembly repaired because the vehicle was shaking badly once it got up to 65 mph. Customer stated that he had the repair done at an IRF but they did use Mopar parts. Customer stated that he is seeking reinbursement.
Briefly summarize what the customer is expecting: Agent advised customer to send his repair order and proof of purchase and his case can be escalated to the reinbursement department for review. Agent advised customer that if he is reinbursed then he will be reinbursed for the part and not the labor because the repair was done at an IRF. Customer understood.

N62 - Safety Recall - Left Outer Tie Rod Assembly / Dodge RAM
Answer ID 24057
Models:
2003 and 2004 model year (DR) Dodge Trucks (2500 series)
2005 through 2008 model year (DH) Dodge Trucks (2500 series)
2003 and 2004 model year (DR) Dodge Trucks (3500 series)
2005 model year (DH) Dodge Truck (3500 series)
2006 and 2008 model year (D1) Dodge Trucks (3500 series)
IMPORTANT: This recall only applies to vehicles that had certain Mopar service parts steering components installed.
Subject: A Mopar service parts steering linkage may have been installed on some of the 705,000 of the above vehicles during a prior service appointment. The left tie rod ball stud on the Mopar service parts steering linkage may fracture under certain driving conditions. This could cause a loss of directional control and/or a crash without warning.
Repair: The steering linkage assembly must be inspected and replaced if required.
Writer has discussed with CM. CM advised H46 was inspection so at that point Customer still had original factory parts. Customer in his own words opted to replace steering due to the vibration. Writer cannot reimburse the Customer for his decision to change steering, but he can have the vehicle inspected, and if MOPAR parts need to be replaced or fail in the future the N62 recall will cover it.
CUSTOMER CONTACT: Writer called [redacted]. Writer

advised that we cannot reimburse for the replacement of his steering linkage, but he should take his vehicle into any CDJR where it will be inspected for free under the recall, and if any or all of his steering linkage needs to be replaced under recall N62 technicians will determine that, and proceed with no charges to Customer. Customer understands. Writer is closing Case. Customer has been advised directly.

Recall - L16: LEFT TIE ROD END - Advise Owner/Incomplete Recall	STEERING LINKAGE
Corporate - CNA Change - Default - Default - Default	Updated number

Briefly summarize why the customer is contacting Chrysler: [redacted] states he had tie rod work completed on 12-27-2011, and was charged over $1000.00.
Briefly summarize what the customer is expecting: Recalls
Agent spoke with Shon, SA.
Shon, SA, states 12-27-2011, shifter cable is broken, replace shifter cable as per customer request and replaced valve body binding. The customer was in 07-27-2011. Agent spoke with Robert, SM, to look into the issue to see if the shifter cable had anything to do with the recall E17
Robert, SM, state he has was not working at the dealership in 2011.
Robert states that their system is not showing the recalls from 2006 and 2011 for this customer.
Agent spoke with [redacted].
[redacted] states invoice # chcs205448: replaced left front U-joints, left upper and lower ball joints, and the left outer tie rod end.
Agent called Robert, SM to look into the invoice chcs205448 related to the tie rod. Robert, SM, states that he will have someone pull the customers paper file and call CAC back to advise if the repair is the same as the recall. Agent advised Roy and will contact him back once the information has been obtained.
Agent advised [redacted] of the recall N62 LEFT OUTER TIE ROD ASSEMBLY , for which he has not received the letter yet. Agent advised that he will need to contact he dealership after January 6, 2014 for an appointment.
Agent left a message for Robert SM related to lines 13-19,and left the CAIR number, VIN and the CAC call back number. Dealers number 864-580-2400

PLEASE REFER to CAIR[redacted], for the customer s issue with the repair to the tie-rod, and the subsequent recalls.
Writer will follow up with the dealership accordingly, so this case can be closed.
Please see TL for feedback, if needed.

Recall - N49: LEFT TIE ROD -	Recall inquiry
Product - Suspension - Tie Rods / Drag Link - Broken - Unknown	Tie rod broke

Briefly summarize why the customer is contacting Chrysler: Customer called for recall information. Customer stated his vehicle was brought to DLR 43860 due to something broken in the steering. Customer stated he was advised by David at the dealership they did have the parts to repair the vehicle but the SA stated there was a recall for the component and they didn t know what repairs were required under the recall.
Agent called the dealer to speak with SA David who was out to lunch. Agent left a message for SA David to verify if the dealership has the part to complete the repair and if so why he is advising the customer he can t complete the repair due to the recall information.
Briefly summarize what the customer is expecting: Customer seeking recall information.
SA Bob from 63- 43860 called back and advised that he had advised customer that there is the N49 Left Tie rod recall on vehicle. SA Bob advised customer that Chrysler has not yet released the part numbers for this recall. SA Bob stated that they do have one package available (for regular repair not recall) but the adjuster to install parts which would not arrive until Monday. SA Bob states that he told customer that currently his SM is trying to get approval from Chrysler to use different parts, and be covered under recall because the recall parts are not available. SA Bob advised they are waiting to hear back from Chrysler to see if they can use these parts.
Dealer contact
Agent called the dealer and spoke with SM David who stated they are at a stand still at this point due the vehicle being out of warranty. SM stated adjuster mentioned in line 17 was not ordered due to waiting to here from Chrysler for the goodwill. SM stated he is not assisting in this situation.
Customer contact
Agent attemped to contact the customer but the contact number on file has been changed or disconnected next agent is customer calls please verify the correct contact number and forward the file to 88F for goodwill.

Recall - N49: LEFT TIE ROD - Reimbursement	Customer seeking reimbursement.
Product - Suspension - Tie Rods / Drag Link - Broken - Unknown	Customer states that the tie rod was already replaced.

Briefly summarize why the customer is contacting Chrysler: Customer states that on 05/28/2013 he had the left tie rod replaced at an IRF and would like Chrysler to reimburse him for this repair. Customer states that he would also like to be reimbursed for the cost of the tow truck. Customer states that the invoice he has does not have the correct VIN on it.
Briefly summarize what the customer is expecting: Customer is seeking reimbursement for the N49 recall.
Agent advised the customer that on the recall letter it does state that if this repair was already completed then it gives you an address to submit your paperwork to for possible reimbursement. Agent advised the customer that if the invoice does not show the proper VIN then there may be an issue getting reimbursed. Agent advised the customer that he may want to get an invoice that shows the work was done on his VIN. Agent advised the customer that we do not normally reimburse for towing but he can include this invoice as well to see if they will. Customer understood.

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Information Request	Customer seeks validation of recall parts replacement.
Corporate - Service Promotions - Default - Default - Default	Inquiry of service lube oil filter promotions contract.

Briefly summarize why the customer is contacting Chrysler:The customer states he received a recall notice about the left tie rod and would like to verify exactly what the recall entails. He also states that when he purchased his vehicle the dealership at the time was in the hands of different owners and states they had given him a lifetime service contract for lube oil and filter changes and states that they have since lost the business and it has changed hands. He states the new owner is refusing to honor the incentives for service and would like to know if they can do this.
Briefly summarize what the customer is expecting:Explanation of recall N62 and incentives information.
Agent advised the customer of the information found in Answer ID 24057 in regards to the N62 left tie rod recall. Agent advised the customer that in regards to his question on the current dealership not honoring the liftime service incentives contract for lube oil and filter changes that he received at the time of purchase, unfortunately the incentives he had received were specific to the original dealership business and not the current one.
The customer thanked the customer for information and assistance.

Recall - H46: STEERING LINKAGE - Advise Owner/Incomplete Recall	agent informed customer of open recall
Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Information Request	customer seeking information on tie rod recall

Briefly summarize why the customer is contacting Chrysler: Customer states he received a letter for the N62 recall and when he tried to make an appointment to get the vehicle inspected for 01/07/2014 was told that the DLR could not order the part until the 6th. Customer stated he was going on vacation shortly after and was concerned about the vehicle malfunctioning while he was traveling.
Briefly summarize what the customer is expecting: Customer seeking information on recall.
Agent stated that the DLR could not order the part or do the repair until the 01/06/2014. Customer stated that he was just unsure about the repair as he stated it sounded more complicated than it had to be. Agent advised customer that there were 2 recalls on the vehicle, the H46-steering linkage and the N62- left tie rod assembly. Customer stated he had the H46 recall done but the DLR he used to go too closed. Agent stated that it might not have been recorded on file so the reason for the complicity of it may be due to the DLR pulling that recall up. Customer stated he would wait for the repair and call back in if the part will not arrive before he leaves for his trip.

Recall - N49: LEFT TIE ROD -	customer seeking to complete recall N49

Briefly summarize why the customer is contacting Chrysler: Customer seeking to complete recall N49. Customer hearing a clunking noise and stopped at dealership, Firkins Chrysler (23955). Customer was advised he definitely needs recall completed but no parts available. Agent called dealership and spoke with Carrol in Parts. Carrol has placed customer on list and will try to order parts. Agent provided Parts with customer s phone number and VIN number. If dealership get parts early, Carrol will call customer. Agent provided customer with CAIR number and information.
Briefly summarize what the customer is expecting: Customer looking to complete recall.
Customer called in to find out if there is a definite date for when the parts will be coming in. Agent advised customer that at this point there is not an ETA. Agent advised customer of the previous notes, which states the dealership will contact the customer once the part does come in.

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Information Request	Customer has inquiries regarding the n62 recall.
Corporate - CNA Change - Default - Default - Default	Updated coin.
Corporate - Survey By-Pass - No Diagnosis - Default - Default	

Briefly summarize why the customer is contacting Chrysler: Customer states he received a recall letter for n62. Customer states in 11/2013 the tie rod broke and he had to pay $2700.00 out of pocket to have it repaired which he completed at BENNY BOYD CHRYSLER DODGE JEEP. Customer wants to know if he would still need the inspection as he states when he had the work done he was advised that there was an issue with the original parts and they were no longer being supplied.
Briefly summarize what the customer is expecting: recall information and reimbursement for repairs.
Writer spoke to SA Mahlen at 45097 Dealer Name : BENNY BOYD CHRYSLER DODGE JEEP. SA Mahlen advised that the customer did have repairs completed but should still come in for the inspection to determine if he needs the recall completed and to have the customer call back on 01/06/2014 or after to book an appointment.
Writer advised customer as per N62 - Safety Recall - Left Outer Tie Rod Assembly / Dodge RAM
Answer ID 24057: If you have already experienced this condition and have paid to have it repaired, please send your original receipts and/or other adequate proof of payment to the following address for reimbursement: Chrysler Customer Assistance, P.O. Box 21-8007, Auburn Hills, MI 48321-8007, Attention: Reimbursement. Once we receive and verify the required documents, reimbursement will be sent to you within 60 days.
Writer offered contact number to the DLR but customer states he already has the number and advised to have him follow with an appointment on or after 01/06/2014 to have the vehicle inspected.
SA Mahlen states the customer has 165000 miles as per his last RO.
Reassigned to lb546 for survey by pass.

Recall - N49: LEFT TIE ROD -	Recall N49

Briefly summarize why the customer is contacting Chrysler: Customer called for recall N49.
Briefly summarize what the customer is expecting: Customer is expecting to find out about recall N49. Customer called to say that he received his notification of recall N49 letter and when he contacted the dealership the dealership did not know anything about the recall. Customer read the letter to the dealership. Dealership then advised customer to call back after January 6 2014 to schedule an appointment and that they (the dealership) would put the customers name on the parts and reserve them for the customer. Agent looked up recall N49 and seen that customers were to call and schedule appointments after January 6 2014. Agent offered to call dealership to verify that they did have the customer name on the parts but the customer stated that it was not necessary. Agent advised customer to make appointment as soon as possible after January 6 2014 Agent advised customer that if he had anymore issue to please contact us back.

Recall - N49: LEFT TIE ROD - Information Request	customer seeking information on open recall

Briefly summarize why the customer is contacting Chrysler: Customer states he received a letter about a new tie rod recall and was wondering if it was the same as a previous tie rod recall that was on the vehicle. Customer states at 26,000 miles the front left tie rod snapped. Customer stated he had taken the vehicle in, and everything was fine until about 10,000 miles later the same piece snapped again. Customer inquired if any other customer s had the same issue with the recall repair breaking and if that was what this recall was pertaining too.
Briefly summarize what the customer is expecting: Customer seeking information on recall N49.
Agent advised the customer that there was no way to view the records showing anyone has had issue with the recall repair, but that the current recall was pertaining to both the left and right tie rod. Agent advised the customer to take the vehicle in to the DLR for the recall repair. Agent also advised the customer to give us a call back if the issue does arise again. Customer stated he had an appointment to take the vehicle in and besides the tie rod issue he does enjoy his truck.

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Reimbursement	Customer seeking recall reimbursement
Recall - N62: LEFT OUTER TIE ROD ASSEMBLY -	

Briefly summarize why the customer is contacting Chrysler: Customer states that the recall has been completed several times at cost.
Briefly summarize what the customer is expecting: Customer would like reimbursment for the repairs. Writer informed the customer of the mailing address to file for reimburmsent. Customer understood.
POSTMARK DATE: 010814; DATE RECEIVED: 011414
Confirm name and address matches COIN & HPIMS: Customer s information on envelope matches HPIMS
Any open recalls: N62 LEFT OUTER TIE ROD ASSEMBLY
Name of person writing in: [redacted]
Does customer have an e-mail address: Not on file
Concern: Customer is seeking reimbursement for N62 LEFT OUTER TIE ROD ASSEMBLY recall repairs on several occasions at Performance Plus in the amounts of:
697.00
535.64
928.89
2588.93
984.62
Review previous files: Yes
Reassigned to 86y
Agent reviewed documents submitted by customer and found the customer had 3 repairs completed at the same IRF and found on 05/22/2009 the customer had repairs completed with Moog parts, on 06/18/2010 the customer had repairs completed with AC Delco parts and on 10/14/2013 the repairs were completed using Moog parts again.
Agent called customer and left a message asking that the customer contact CAC to discuss the request.
****
Next agent please advise customer that the documentation has been reviewed and unless they have documentation showing there was a second repair completed on the steering linkage components listed in recall N62, then the repair is not related to the recall because they were not Mopar parts that were replaced and Chrysler is not willing to reimburse the customer for the cost of the repairs at this time.
Agent called customer and advised that the repairs don t qualify for reimbursement and that the parts installed on the vehicle may need to be replaced due to the N62 recall. Customer understood.

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Information Request	customer inquiring about recall letter
Product - Suspension - Tie Rods / Drag Link - Other - Front	customer states had front end replaced due to 'wobble'
Corporate - Survey By-Pass - No Documentation - Default - Default	

Briefly summarize why the customer is contacting Chrysler: customer states he has gotten a letter for the tie rod recall and states he was experiencing the 'death wobble' and had parts replaced a while ago. Customer states he did purchase the parts at an auto shop and had an IRF install them
Briefly summarize what the customer is expecting: customer seeking possible reimbursement
Agent advised: Customer may only be reimbursed for parts we will not reimburse for IRF labor. Customer stated that if he has documents of parts that have been replaced that are exact ally for the recall then we can see if it meets the merits of possible refund. Agent informed we need receipts showing paid and parts purchased agent advised customer of fax number to submit information in. Agent informed customer that he does have the recall H46 for the steering linkage and the N62 recall states 'if the steering linkage has been replaced 'may meet merits of recall however customer never got that recall completed and since its been replaced may be null and void for the recall to be completed. Informed customer to visit a dlr and get an inspect completed and see if it meets the merits of the recall if it does parts are not available until after January 6th 2014.
Waiting for documentation
Waiting for documentation
CUSTOMER CONTACT [redacted] Agent called the customer (steve) and left message wishing him to send in the documents. Agent stated to ensure that they sending in all invoices as it is a mopar replacement recall. Agent stated that she will keep the case open for 2 business days and it will be closed at that point to see if it applies to the recall.
Reassign to JK671- No documents

Writer located information for the N62 recall Answer Connect ID: 24057
A Mopar service parts steering linkage may have been installed on some of the 705,000 of the above vehicles during a prior service appointment. The left tie rod ball stud on the Mopar service parts steering linkage may fracture under certain driving conditions. This could cause a loss of directional control and/or a crash without warning.
Repair:
The steering linkage assembly must be inspected and replaced if required.
******
Writer located in claims the H46 recall completed showing an inspection only with no parts replaced.
Writer will wait for documents to see if there had been a previous repair for the steering linkage.
******

Writer received a call from the customer. Writer advised the recall is for a replacement part. Writer asked if there had been a repair prior to the repair the customer is seeking reimbursement for. Customer stated no the recall is for a tie rod.
Writer advised the recall is not for a tie rod it is on a replacement part. Writer advised the customer would not have to send in the documents as reimbursement will not be provided unless there had been a previous repair. Customer understood.

Recall - H46: STEERING LINKAGE - Dealer Delayed/Refused Appointment	Dealership stated recall not applicable
Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Dealer Delayed/Refused Appointment	Dealership stated recall not applicable
Corporate - Survey By-Pass - No Diagnosis - Default - Default	

Briefly summarize why the customer is contacting Chrysler: Customer stated that he was in to the dealership on 12/10/2013 for the N62 and H46 recall repair. Customer stated that Dick Hannah kept his vehicle for 2 days and then told him the recall repair was not needed on his vehicle.
Briefly summarize what the customer is expecting: Customer is seeking a second opinion from a dealership to ensure his safety. Customer is seeking to have the recalls removed from his vehicle if they are indeed not applicable.
Agent searched by zip and provided customer with the contact information to the next closest dealership. Agent offered to contact NORTHWEST CHRYSLER JEEP DODGE #24154 for further assistance. Customer declined dealership call, stating he would call them on his own.
Reassigned to LB546 for survey bypass- Incomplete recall

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY -

Briefly summarize why the customer is contacting Chrysler: Customer states that the ball joints failed on his vehicle and he replaced them himself. Customer states that he would like the recall to be completed properly at the DLR.
Briefly summarize what the customer is expecting: Writer advised the customer that the DLR will complete an inspection and that having the recall completed can be discussed with the DLR at that point. Customer understood.

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Information Request	customer seeking information on recall
Product - Drivability - Unknown - Other - Default	customer states vehicle pulls to the left while driving

Briefly summarize why the customer is contacting Chrysler: Customer states she received a letter for the N62 recall that stated the appointment could not be made until Jan 6th. Customer stated she was having issues with the steering in the vehicle. Customer stated the vehicle pulls to the left and she is going on a trip and does not want this to cause a problem.
Briefly summarize what the customer is expecting: Customer seeking information on recall date.
Agent stated the parts would not be available till the 6th, therefore DLRs cannot make a repair until the parts are available. Agent advised the customer to take the vehicle in to the DLR sooner, to make sure the problem is not pertaining to the recall, and to make sure the vehicle is safe. Customer stated she would call the DLR in the morning.

Recall - E17: OUT-OF-PARK ALARM SYSTEM - Advise Owner/Incomplete Recall	out of park alarm system
Corporate - CNA Change - Default - Default - Default	updated customer information
Corporate - Survey By-Pass - No Diagnosis - Default - Default	

Briefly summarize why the customer is contacting Chrysler: Customer stated they just recently purchased the vehicle and wanted to know how to get the N62 recall on the vehicle as it is experiencing a wobble that may be caused by this recall.
Briefly summarize what the customer is expecting: Customer seeking recall information on vehicle.
Agent advised customer of incomplete recall E17 for out of park alarm and that the N62 recall is in place on vehicle, both requiring completion.
Agent advised that parts and labor for the recall would be covered if inspection indicates it is required. Agent offered contact information for local dlr, customer declined at this time.
Requesting survey bypass for undiagnosed under recall with related issue.

Product - Suspension - Tie Rods / Drag Link - Other - Front	Customer is seeking reimbursement for past repairs
Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Information Request	Customer seeking reimbursement because he now has recall
Corporate - Survey By-Pass - No Diagnosis - Default - Default	

Briefly summarize why the customer is contacting Chrysler:Customer stated that he had replaced all parts under he truck and now he has a recall for the tie rods N62. Customer started out by saying he wanted reimbursement for the parts he replaced two years ago, customer then stated he was going to take the vehicle to the dealership with all his receipts and have them reimbursement.
Briefly summarize what the customer is expecting: Customer is seeking his money back for past repairs to the tie rods on his vehicle.
Writer gave the customer the instructions on how to apply for reimbursement as per AC ID 17420. When writer starter giving the customer the list of information he needed to supply, the customer stated he would just take the old parts to the dealership with the receipts and have them do it. Writer explained to the customer that the dealership probably will not do this for him and that there are processes that need to be followed for possible reimbursement. Customer felt that he did not have to follow these procedures because of the amount of vehicle he has purchased. Writer advised the customer to take his vehicle to the dealership and have them complete the recall on his vehicle.
Reassigned to PG725 for survey bypass-undiagnosed under recall with a concern.

Recall - N49: LEFT TIE ROD - Information Request	Customer called unhappy with the wait for the repair

Briefly summarize why the customer is contacting Chrysler: Customer calling due to the wait for the recall repair for the vehicle.
Briefly summarize what the customer is expecting: Customer seeking resolution to the recall repair required for the N49 recall, customer states that the dealer informed him that we were holding the parts and not letting the dealers have the parts. Agent advised the customer that the parts are on hold due to the special tool required to do the recall repair. Customer grew upset so the agent requested the dealerships number, agent called the parts manager Ken and advised Ken that the parts are on hold due to the special tool required for the recall repair. Ken stated that he is going to talk to the service mechanic and see if they have the toll and advised to have the customer call him later. Agent advised the customer that Ken advised for the customer to call him later, Customer understood.

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Other	vehicle off road do to recall

Briefly summarize why the customer is contacting Chrysler: Customer contacted stating his vehicle is in a ditch because of the n62 recall. Customer stated he needs to get the vehicle to Shields Motor Company in Chanute, KS 66720.
Briefly summarize what the customer is expecting: Customer seeking towing and recall repair.
Agent assured customer is in a safe place with the vehicle. Agent advised customer that a contact will be made to the dlr to assure the dlr is open and can work on the vehicle, and that a call to road side will also be made. Agent advised the customer that the cost of the tow will be to the customer at the moment because of time and mileage of the vehicle. Agent advised the customer as per Answer ID 18806, Question 4 - Towing, and sometimes other incidental and consequential damages, are decided on a case by case basis given the merits of the case. Customer stated he was not going to put any more money into this vehicle, customer stated if we ; Ram, wanted our vehicle back where it was located. Customer stated he is having a friend pick him up and leaving the truck in the ditch because he is not going to sit out with the truck all day. Customer stated he was going to go to the sheriffs department to make a claim to Chrysler and taking legal action for this matter. Agent stated she apologizes for the issues the customer is encountering with the vehicle. Agent advised the customer that the call to road side will only take a few moments. Agent contacted road side and transferred the call.

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Reimbursement	Customer seeking reimbursement
Corporate - Consequential Expenses - Default - Default - Default	
Corporate - Reimbursement - Default - Default - Default	

Briefly summarize why the customer is contacting Chrysler: Customer s wife[redacted] calling in seeking reimbursement. Customer states that three weeks ago their tie rod blew. Customer states that they paid $400 for the parts and her husband had installed them. Customer states that the parts department at their local DLR advised there was no recall for this issue three weeks ago. Customer states the DLR may not have known but because they were advised there was no recall they paid $400. Customer states that they needed this vehicle in working order as it is a work vehicle. Customer states that they would like reimbursement for the parts and their husband s time. Customer states that they are very upset the DLR did not know there was a recall for this issue. Agent advised customer of the reimbursement information as per AC ID 17420. Customer wanted a documentation request link sent to them. Agent advised they will send that email right away. Customer thanked the agent and disconnected the call.
Briefly summarize what the customer is expecting: Customer would like to be reimbursed for recall repairs.
****** Below Customer Contacted for Documentation Request ******

Begin Customer Message reviewed:
[redacted]
I sent two links to you with two documents each. There is a document R/O # 309925/1 from dodge that lists a line item 'installed updated front end package and set toe in' at the bottom of the description. This is the linkage replacement done in 2005. There is also a photo that shows the upgraded linkage that was installed in 2005 removed from our truck. Not to mention the fact that there was a charge of $100 to our extended warranty deductible which is also owed to us as this was prior to the first recall. Thank you for your prompt response any further questions please call. My husband doubts that you will make this situation right, I hope you honor you reputation.
End of Reviewed Customer message
Status update provided via email to the following email address:
[redacted]
Good Morning,
I have full intension of reimbursing you the work that was done to your vehicle once I am able to validate the steering linkage was replaced in 2005 from an invoice.
I need the invoice from 2005. Unfortunately a picture of the parts will not work for auditing purposes. Once I have the invoice from 2005 showing the parts that were replaced I will be able to continue with the reimbursement.
I will be able to send you another document link. I do have the one for 2010.
I will be calling you this afternoon to discuss the case further.
If you need to contact me sooner you may at 855-675-9291 ext 4718558.
Thank-you
Jenna.

[redacted]
Good Afternoon,
I also wanted to send another email making you aware of more information on this recall.
N62 recall is a recall on Mopar Replacement Parts. Chrysler has been made aware at sometime if a Customer replaced a Steering linkage with Mopar replacement part and then had the tie rods fail after the replacement the customer is entitled to reimbursement.
Due to this recall being a Mopar Replacement part recall. That is the reason why I am needing the First invoice.
Thank-you
Jenna.
End of Status Update
CUSTOMER CONTACT[redacted]: Agent called the customer. Customer stated that she made a mistake and stated it wasnt 2005 it was 2010. Customer stated she was looking at the wrong dates. Customer stated that in 2010 they had the new linkage replaced. Customer stated that the Tie rod broke off just before the holidays in a parking lot and no place could get him the parts. Customer stated that they ordered the parts off of amazon and replaced the parts themselves. Agent apologized for the confusion on everything and she now sees everything there. Agent stated she is able to reimburse the $100.00 towing as well as the amazon part information. Agent stated that normally it is only about a 7-10 business days but to allow up to 30 days. AGent confirmed the mailing address.
CUSTOMER CONTACT[redacted]: Line rang busy.
Status update provided via email to the following email address:
[redacted]
Good morning,

After getting off the phone and looking for the confirmation code on the amazon bill I was not able to find it. Did you happen to get another confirmation email from amazon or some sort of confirmation.
As well as I will need some sort of an invoice for the towing. It is great that I had the check but I will need an invoice showing his business name or name and the amount charged and it stating that it was for towing.
I m sorry I didn t catch this information while I was on the phone with you. I need this information to be attached to the file prior to the check approval.
Even if you have a screen shot again of the confirmation that would be great and the invoice for towing.
I m so sorry for all of this inconvenience. I attempted to call you back but the line rang busy.
If there is any questions please don t hesitate to call me.
Jenna.

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Information Request	Open recall.
Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Reimbursement	Seeking reimbursement

Briefly summarize why the customer is contacting Chrysler:The customer said he had the steering linkage replaced 2 years ago but does not have a receipt for the parts and he did the work himself, then he took it to an IRF to have the alignment done. Agent advised we can only reimburse him for the parts, we cannot reimburse the alignment done at an IRF. He said Chrysler did not tell him any of this 2 years ago when he purchased that parts. Agent advised they was no recall 2 years ago this just came out.
Briefly summarize what the customer is expecting:Customer wanted to know if the parts he put on 2 years ago were the recalled parts. Agent advised he can go into the DLR to have the vehicle inspected to make sure the parts are good. Agent offered to contact the DLR but he wanted to contact them on his own.
POSTMARK DATE: 010214; DATE RECEIVED: 010814
Confirm name and address matches COIN & HPIMS: Yes
Any open recalls: Yes, N62
Name of person writing in: [redacted]
Does customer have an e-mail address: Yes, [redacted]
Concern: Customer is looking to be reimbursed for recall related repairs.
Reviewed previous files: N/A
Agent reviewed documents submitted by customer and found customer had repairs completed at an IRF as well as an alignment at an IRF. Agent found customer had the H46 recall completed in 2010 and no parts were replaced at that time.
Agent called customer and advised that the repairs don t qualify for reimbursement and that the parts installed on the vehicle may need to be replaced due to the N62 recall. Customer understood and states they will contact a Chrysler dealer to have the recall performed.

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Reimbursement	LEFT OUTER TIE ROD ASSEMBLY
Recall - H46: STEERING LINKAGE - Advise Owner/Incomplete Recall	STEERING LINKAGE

Briefly summarize why the customer is contacting Chrysler: Customer called because he just had work done on his tie rod and ball joints and then he got the N62 recall in the mail.
Briefly summarize what the customer is expecting: Reimbursement.
Writer advised customer that reimbursement is decided on a case by case basis so there is no guarantee to the approval of the request or the amount reimbursed if it is, but we can start the process today, and the customer will have to complete the recall as soon as he is able too, which in this case will start January 6th, as the recall has to be completed before the reimbursement can be issued.
Customer chose to fax in the paperwork.
Writer provided the fax number and advised customer to include his VIN, the case number, recall number, contact info on a header page and to include the work order and proof of payment.
Customer contact number is [redacted]
Waiting for documentation
CUSTOMER CONTACT [redacted]: Agent called the customer and asked if he has sent in his documents as of yet. Agent stated to the customer that this recall is on MOPAR replacement parts and not the factory parts. Agent stated he would of needed to have a linkage replaced then the tie rods to qualify. customer stated then he doesn t qualify. Agent stated to the customer that he needs to get into the dealership to ensure that he doesn t have the defective parts on his vehicle. Customer thanked agent.

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Information Request	Customer seeking information on recall
Product - Steering - Linkage - Other - Default	customer states vehicle is drifting to the right

Briefly summarize why the customer is contacting Chrysler: Customer states while driving the vehicle will drift. Customer was informed by the DLR when he took the vehicle in for a tire alignment, that the vehicle needs a new steering linkage or box. Customer states he just received the recall letter and was wondering if the issue had anything to do with the recall.
Briefly summarize what the customer is expecting: Customer seeking recall information.
Agent informed the customer that we are not technically trained so she was not sure if the two issues were attached. Agent informed the customer that the letter states that the recall states 'The left tie rod ball stud on the Mopar service parts steering linkage may fracture under certain driving conditions. This could cause a loss of directional control.'
Agent advised the customer to take the vehicle back in to the DLR to see if the issue was attached to the recall. Customer stated he would make the appointment to take the vehicle in himself.

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Information Request	customer concerned about safety driving to dealer
Corporate - Survey By-Pass - No Diagnosis - Default - Default	

Customer called and is very upset that he received a recall notice:
N62 LEFT OUTER TIE ROD ASSEMBLY SAFETY 12/13/2013 INCOMPLETE
Customer states that since Chrysler cannot make the safety recall repair until January 6th, he is demanding that Chrysler flatbed tow the vehicle to the dealership which is 4 miles away. Agent advised customer that unless the vehicle is making a noise from underneath the vehicle should be alright to drive. Customer states that he cannot hear any noise because it is a diesel engine. Customer states that he cannot drive the vehicle because it is not safe. Customer states that if Chrysler is willing to put in writing that he will be safe driving it to the dealership then he will drive it there. Customer expects to receive this in writing from Chrysler within two days or we will hear from him again.

Recall - N49: LEFT TIE ROD - Reoccurance or Related Problem	tie rod broken
Corporate - CNA Change - Default - Default - Default	updated customer information
Corporate - Survey By-Pass - No Diagnosis - Default - Default	

Briefly summarize why the customer is contacting Chrysler: Customer stated tie rod broke last week and has purchased the part to replace it but was wondering what parts were covered and if both left and right side are covered by the recall.
Briefly summarize what the customer is expecting: Customer seeking recall information on N49.
Agent advised that recall covers replacement of both the left and right side (AC ID# 24054). Agent advised that a CDJR dlr can do the repair if he wishes to return the part and have them diagnose the issue. Customer inquired about towing to dlr, agent advised that it would be an out of pocket expense but he could submit for review of reimbursement. Customer stated he will replace the one he has and have the dlr do the other side. Agent advised he can submit his receipts for review of reimbursement for the part he has purchased already. Customer will callback for address when the total repair is completed.
Requesting survey bypass for undiagnosed recall related issue N49.

Briefly summarize why the customer is contacting Chrysler: Customer is contacting RAM with regards to the N49 recall. Customer states the dealership 43942 advised him that the recall will not be able to be completed until March, and he s wondering if there is a major cause for concern with this recall. Writer advised that all recalls are a cautious measure we take, identifying that there has been an issue with these vehicles, and in response, we fix the vehicles of the issues. Writer advised that not all of the vehicles included will experience symptoms of the recall. Customer understood.
Writer asked if the vehicles are experiencing any symptoms of the recall; customer stated no. Writer advised that to be safe and for peace of mind he could always have the vehicles inspected for premature wear at a certified RAM dealership; customer understood.
Customer stated he already has an appointment set for recall completion.

Recall - N49: LEFT TIE ROD - Information Request	LEFT TIE ROD

Briefly summarize why the customer is contacting Chrysler:[redacted] asked if an alignment was included in the recall repair for the left tie rod.
Briefly summarize what the customer is expecting: Recall information.
Agent advised as per Answer ID 24054,N49 combo.pdf:
20. Set the toe-in and center the steering wheel following the wheel alignment machine manufacturer's instructions.
Agent advised Joyce to check with the dealership, as agent is not training is the mechanical aspect of the repair and what an alignment entails.
Briefly summarize why the customer is contacting Chrysler: Customer called in stating she contacted 2 dealerships today and both of them said it would be about 3-4 months before the parts come in. Customer states this vehicle is a work truck and she cannot be without it. Customer is looking for more information.
Briefly summarize what the customer is expecting: parts for recall
Agent advised customer we will have to speak with the dealership.
**Agent contacted 54012 SHIVELY MOTORS INC at 717-264-7134 and spoke with Dean in parts. Dean states there is a block on the part and we are not yet able to order them. Dean states there are some but they are not releasing them. Agent asked if Dean could put the customer on the list as they do use the vehicle as a work truck and has a free day on January 17 and was hoping to get this done then. Dean states they will put her on the list. Agent thanked Dean for the assistance.
**Agent advised customer that there currently is a block on the parts and we did put you on the list at this dealership. Customer wants to know when the parts will be released. Agent advised customer we do not have access to the part supplier and do not have that information. Customer wants this done now. Customer wanted to speak with someone higher up to see about getting this completed. Agent advised there is no one here who would have a different answer for her. Customer very upset and feels that if a recall comes out Chrysler should have parts available to do it. Customer states she wants to have answers by the end of the day or the vehicle will be in a dealerships showroom. Customer disconnected the call.
***Customer calls seeking recall information. Agent advised the customer

of incomplete recall N49 for this vehicle. Customer was advised to contact a Ram dealer to schedule an appointment to complete recall repair.
***The AnswerCONNECT article that was referenced to provide the answer to the customer was #24054.
Customer called to confirm when the parts will be available to complete the recall. Agent advised as per lines 17-23 that her name has been added to a list.

Recall - N49: LEFT TIE ROD - Information Request	recall N49
Corporate - Survey By-Pass - No Repair - Default - Default	

Briefly summarize why the customer is contacting Chrysler:Recall N49 information
Briefly summarize what the customer is expecting:Customer called and said he received the recall notice for the tie rod end and he went to his dealership and they told him they did not know anything more than he did as to when these parts would be available. Customer is upset that the dealership did not help him. Writer checked the recall and advised customer as the notice stated that he should contact the dealership after January 6th, 2014 to make an appointment. Writer offered to call the dealership for the customer to get him on the list. Customer said he is at the dealership right now.
Writer spoke to Joey, sa at dealership - 979-543-2778 and asked him to put customer on his list as soon as he could order the parts for this recall. Joey said that he would put the customer on the list but wanted to make sure the customer knew they could not even start to order the parts until January 6th. Writer told Joey she had already advised customer of this and Joey said they did not even have the list of the parts. Writer advised Joey the information with the parts numbers has been released now and he said he would check on it but that there was already a list started of between 10 and 15 vehicles on it.
Writer advised customer that Joey at the dealership promised to make sure his vehicle was on their list and would call him as soon as they received the part for this recall.

Recall - N49: LEFT TIE ROD - Information Request	LEFT TIE ROD
Recall - N40: REPROGRAM POWERTRAIN CONTROL MODULE - Information Request	REPROGRAM POWERTRAIN CONTROL MODULE

Customer states that she has two open recalls. Customer states that the vehicle broke down in her driveway. Customer states that they can not turn the wheel. Customer states that the letter for the N49 states not to contact dealership to make an appointment until January 6/14. Writer advised that vehicle will need to be taken into the dealership for a diagnostic. Writer offered to contact dealership for customer. Customer declined and states that she has already spoken with them. Dealership informed her to contact customer assistance before bringing the vehicle into the dealership. Writer provided customer with case number if further assistance is needed.
ATTEN: JK671 Please add survey by pass-no diagnostic.
Briefly summarize why the customer is contacting Chrysler: SM David Bush from DLR 43860 stated the customer called him stating that they were advised that the DLR could get her into a rental vehicle. SM David stating they are willing to provide rental if we provide them with rental assistance as the last time they gave rental they did not get reimbursed.
Briefly summarize what the customer is expecting: SM David is expecting rental assistance. Writer advised SM David if you are concerned about getting reimbursed for the rental we would recommend to talk to your area manager at the business center. Writer advised your area manager can assist you with filing the paperwork to ensure you are properly reimbursed.
SM David called as he is attempting to assist customer with the Tie Rod issue. Writer transferred caller to the Ram specialist line for further assistance.
David SM from DLR 43860 had called in stating he is very frustrated. David had wanted to know if Chrysler authorizes rental vehicle for recalls. David stated he had done that before and he had to pay for the rental himself and he stated he is not going to do get burnt again.
Agent advised David that Chryasler does not authorize rental vehicle for recalls.
Briefly summarize why the customer is contacting Chrysler:custoemr states that the dealer will not authorize a rental
Briefly summarize what the customer is expecting:told me to call you to

get authroization
Agent escalated to 86R

Product - Suspension - Upper Control Arms/Ball Jnts - Other - Unknown	Ball joint replaced previously.
Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Reimbursement	Customer seeking N62 recall reimbursement.
Corporate - Survey By-Pass - No Diagnosis - Default - Default	

Briefly summarize why the customer is contacting Chrysler: Customer is seeking reimbursment on a repair for the upper and lower ball joints that were previously replaced, under the N62 recall. Writer advised that the recall covers the steering linkage and the left tie rod ball stud. Customer understood. Writer advised that she is not technically trained; however, the part that was replaced does not sound as though it would be covered within the warranty. Customer understood.
Writer advised the customer to bring the vehicle to a certified dealership to have the vehicle inspected in order to know whether or not the part was replaced that would fall within the recall. Customer understood. Writer provided information for 45639. Customer understood.
Writer transferred to SA Scott to set up an appointment for inspection.
Briefly summarize what the customer is expecting: Customer seeking reimbursement.

Recall - N49: LEFT TIE ROD -	Customer wants her vehicle repaired.

Briefly summarize why the customer is contacting Chrysler: Customer contacted Chrysler saying she called the DLR for an appointment for the N49 recall and was told the parts will not be in until April. Customer states this is a safety recall and if the parts aren t available until April she will call her attorney. Agent called the DLR and spoke with SM Aaron who stated the computer is saying the part is not available until April. Agent called Griffin Chrysler 910-582-1200 and was told the part is on national backorder and would not be available until March. Customer said this is not acceptable as her vehicle is of no use to her as this is a safety recall. Customer said she should not be paying on a vehicle that she can t use for safety reasons. Customer again said she is calling her attorney for advice.
Briefly summarize what the customer is expecting: Customer wants her vehicle repaired now as it is a safety issue.
The part required to provide a permanent remedy for recall N49 is currently not available.

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Information Request	Customer is inquiring about the recall
Recall - H46: STEERING LINKAGE - Information Request	Customer is inquiring about this recall

Briefly summarize why the customer is contacting Chrysler: Customer is calling to state that he got a recall notice in the mail and is looking for direction. Customer states he had his left-tire rod replaced 4-5 months previous to getting the recall notice for the same part. Customer states he is the third owner and the vehicle has had a lot of repairs to it. Customer states he is a mechanic. Customer states he has already spoken to the dealership and they advised him to contact CAC.
Briefly summarize what the customer is expecting: Customer is seeking direction on whether he needs to bring his car in for the recall even though he got the same part replaced. Agent advised customer to bring the vehicle in for inspection to diagnose whether the vehicle will need to get the recall part on it. Agent advised the customer that is up to what they are comfortable with. Agent advised customer of the recall H46. Agent asked customer if they would like to transfer them to a dealership to book an appointment. Customer declined and said he would call the dealership himself.

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Information Request	seeking possible reimbursement, replaced tie rod a couple years ago

Briefly summarize why the customer is contacting Chrysler: Customer called stating a couple years ago he had to replace the front tie rod. Customer states that the front tire went sideways and he had to replace the tie rod himself. Customer is seeking reimbursement. Agent advised the recall is for the entire tie rod assembly not just the one tie rod. Agent advised he can send in his receipts and all the necessary information to us but made no promises for reimbursement. Agent advised he can have the recall done at a dealership after January 6th 2014. Agent advised to contact his dealership then and make an appointment. Customer states he will do that.
Briefly summarize what the customer is expecting: Recall reimbursement information

Product - Suspension - Tie Rods / Drag Link - Broken - Unknown	Tie rod broke
Recall - N49: LEFT TIE ROD - Reimbursement	Towing reimbursement requested
Corporate - CNA Change - Default - Default - Default	Updated phone number

Briefly summarize why the customer is contacting Chrysler: Customer states he is calling to request reimbursement for the cost of towing and possibly rental vehicle cost because his vehicle s tie rod broke while driving on 12/25/2013. Customer states there were no dealers open and he had a difficult time locating a tow truck to tow the vehicle because of the holiday. Customer states he had his vehicle towed to the IRF and then to SUPERIOR DODGE CHRYSLER JEEP and the vehicle is still at the dealer having the tie rod recall and repair completed and he is requesting to be reimbursed for the cost he has incurred due to the recall. Customer states he has not paid the towing bills yet and that he will speak with the dealer to determine if they can cover the towing costs under the recall or not. Agent advised customer that if the dealer is unable to cover the towing costs he can submit his invoices along with proof of payment for reimbursement consideration.
Briefly summarize what the customer is expecting: Customer seeking reimbursement for towing and rental vehicle cost due to a recall.
****** Below Customer Contacted for Documentation Request ******
[redacted] on 2013-12-30 @ 11:11
Waiting for Documentation.
Documents have not been received.
As per Case # [redacted]6
Agent called the DLR 45182 and spoke with the SM Sean. SM advised that the DLR had covered the repair and that the Customer did not need to pay out of pocket. Agent advised that the DLR that the AM has submitted a check for the DLR in the amount of the repair.
Called Customer at [redacted]. Left message.
Agent advised that the Customer to call back.
Next agent Please confirm with the Customer if he was charged for the repair or if the repair was covered by the DLR.
If the Customer states that he had Paid out of pocket for the repair please advise that he will need to send in an Invoice with a Proof of Payment for further review.
If DLR covered the cost please note and Writer will close CASE.
Customer is returning the call from case manager. Agent advised that

since the customer has not paid anything for the repair then the case
will be closed.
Closed CAIR.

Corporate - Recall - Default - Default - Default	Agent advised customer of all other incomplete recalls.
Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Information Request	Customer seeking reimbursement information regarding recall N62.

Briefly summarize why the customer is contacting Chrysler: Customer inquired about reimbursement for recall N62. Customer has had related repairs completed at an IRF.
Briefly summarize what the customer is expecting: Agent advised customer that he would have to have a DLR inspect the vehicle to determine whether or not Chrysler authorized parts have been installed in the vehicle and to ensure the vehicle is in safe and proper working condition. Agent advised customer that we would consider reimbursing for recall related parts but not labor. Agent advised customer of all incomplete recalls on his vehicle. Line was disconnected while agent was locating recall documents. Agent attempted to call back twice but customer did not answer. Agent left a message advising customer to call back for assistance from the next agent.
customer called back in to verify that the older recalls could still be completed by the dealership
Agent advised they could be completed however since they were older recalls the dealership may have to order parts
Customer inquired on the possibility of being provided with a loaner vehicle if the repairs were going to take awhile
Agent advised that the dealership may be able to provide a loaner vehicle but it would depend on the dealership and on the length of time vehicle is off road
Customer also inquired as to if he could bring the vehicle to any authorized dealership
Agent advised any authorized dealership could complete the recalls

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Information Request	Inquiring about the recall status.
Corporate - Technical Assistance - Default - Default - Default	
Dealer - By-Pass - Default - Default - Default	

Briefly summarize why the customer is contacting Chrysler: Customer contacted Ram to find out what just what needs to be done for the N62 recall. Customer states that the dealership advised him that it was suppose to be something about the steering dampner.
Briefly summarize what the customer is expecting: Agent advised customer that the recall repair will be done the left and right tie rod. Agent advised customer that the recall repair part will be available after 01/06/2014. Agent advised customer that if he requires any further assistance, he can contact Ram once again.
Briefly summarize why the customer is contacting Chrysler:
Caller wanted to ensure that his dealership performed the proper action in relation to this recall.
Caller states that the dealership reviewed the type of steering linkage and told him no further action was required.
Briefly summarize what the customer is expecting:
Caller is seeking technical support.
Writer reviewed N62 Dealer Service Instructions and found that the first step is to review the steering linkage at the steering damper mounting point. If the steering damper mounts to the tie rod tube with a bolt, there is no replacement required.
Customer does not understand how the steering damper relates to the tie rod ball studs.
Customer would like to know if on the Mopar service parts steering linkage, whether the tie rod ball studs are replaced.
Customer would then understand that as his vehicle does not have the Mopar service parts he would not require a repair.
Writer advised that we would reach out to our Technical Support group for an answer to lines 23-24 and we would follow up with him as soon as a response is received.
1/14/14 According to available information, Mopar service parts steering linkage replacement tie rods come equipped with tie rod ball studs. If additional assistance/information is needed, the customer will need to refer to their servicing dealership.
Reassigned file back to HC651 for proper handling.

OUTBOUND CALL TO CUSTOMER:
Writer contacted [redacted] to advise of lines 30-33.
Customer understood.

Agent waiting for documentation.
POSTMARK DATE: 123113; DATE RECEIVED: 123113
Agent reviewed documents submitted by customer and found customer had the parts replaced and then received the recall notice the next day. Agent will contact the dealer to determine if it was factory parts that were replaced on the vehicle.
Agent called AUBURN CHRYSLER DODGE JEEP RAM and spoke with SA Jacob about the customer s request. Jacob states the parts that were replaced were factory parts and that there is no record of the customer having any previous repairs to the steering linkage before this repair was completed at the dealer.
Agent called customer and left a message asking that the customer contact CAC to discuss the request.
****
Next agent please advise customer that because the factory parts were replaced on the vehicle and the recall is for aftermarket Mopar parts and not factory parts the customer is not eligible for reimbursement under the N62 recall. Please also advise the customer that after January 6, 2014 he can contact an authorized dealer to have the recall completed and possibly some of the parts changed or upgraded at that time depending on

the outcome of the recall at that time.
Status update provided via email to the following email address:
[redacted]
My name is Greg and I am contacting you from the Chrysler Reimbursement Team. I have reviewed your request for reimbursement. Please contact us at 1-800-853-1403 and refer to the case number 24368356 so that we can discuss your request with you, thank you.
End of Status Update
****
Next agent please advise customer of lines 30-36.
Mr.[redacted] called in as he had received an email from GG467.
Agent attempted to reach GG467 extension 4718114 has no voicemail.
Agent advise Mr. [redacted] of lines 30-36 and that GG467 was not available to answer the phone and has not voicemail.
Mr. [redacted] would still like to speak with GG467.
Please call Mr. [redacted]
Agent will attempt to reach customer later this week.
Agent called customer and advised him that the parts installed on his vehicle are subject to the recall and that there is no reimbursement that Chrysler is willing to provide the customer at this time because the parts replaced were the factory parts and are covered by a 3 year 36,000 mile factory warranty. Customer understood.

Product - Suspension - Lower Control Arms/Ball Jnts - Worn - Unknown	Ball joints replaced
Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Reimbursement	Customer is looking for reimbursement due to the N62 recall.
Recall - L16: LEFT TIE ROD END - Advise Owner/Incomplete Recall	Customer was advised of recall.
Product - Suspension - Torsion / Sway Bars - Other - Unknown	Shake in front end

Briefly summarize why the customer is contacting Chrysler: Customer contacted Chrysler stating he received the N62 recall letter. Customer stated that in 2010 he was having problems and had this repair then. Customer wanted to know about reimbursement. Agent told him on his letter it states the address information to send his receipts for reimbursement. Agent advised of both recalls and customer said that is what was replaced in 2010.
Briefly summarize what the customer is expecting: Customer wanted to know about reimbursement for work done on a current recall.
POSTMARK DATE: 123013; DATE RECEIVED: 010714
Customer sent in document in regards to reimbursement consideration for the N62.
Agent will review.
Claim 04621 DealerÙ 41906 COMMONWEALTH DODGE INC
H46 Inspected 06/03/2009 at 32501 M - no parts replaced
Customer is seeking reimbursement under the N62 Left Outer Tie Rod Assembly Recall.
This recall is for a MOPAR 'replacement part'.
The vehicle had to have been in for a prior service and had the steering linkage replaced with MOPAR service parts.
Unless customer can provide a repair invoice showing prior service the recall does not apply to their vehicle and reimbursement will be denied.
Inform customer that he still has the incomplete Recall N62 LEFT OUTER TIE ROD ASSEMBLY and the L16 LEFT TIE ROD END, contact CDJ to have previous repair inspected so they can update file.
Documents submitted were for the replacement of Stabilizer Bar, Power steering pressure line, stabilizer kit, upper and lower ball joints, heavy duty steering linkage, damper and pitman arm.
Tie rods were not replaced, agent is denying claim.

NEXT AGENT: WHEN CUSTOMER CALLS IN PLEASE ADVISE AS PER LINES 18-29. LAST
REPAIR MAY BE THE PART THAT HAS BEEN RECALLED, PLEASE HAVE CUSTOMER
CONTACT CDJ TO SCHEDULE APPOINTMENT TO HAVE PREVIOUS REPAIRS INSPECTED
UNDER THE RECALL L16 AND N62 AT NO COST TO CUSTOMER .
Letter sent 1/24/14.
Briefly summarize why the customer is contacting Chrysler: Customer
contacted Chrysler regarding recall reimbursement
Briefly summarize what the customer is expecting: Customer is seeking
reimbursement
Agent advised customer as per lines 58-61 customer is recommended to have
previous inspected
Customer called in stating the DLR code 61116 was supposed to send in the
proper information for the reimbursement.
Customer states that Bales Motor Company Inc. did in fact put the right
parts on the vehicle.
Agent advised customer that we have not received any more information
than what he has provided to us.
Agent contacted DLR code 61116 and spoke to SA Sunny.
SA Sunny stated that the vehicle was repaired at another DLR.
SA states the parts that are replaced on the vehicle are the new
components.
Agent advised customer the case would be sent back and reviewed.
Reassigned to 86Y

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Other	Customer already got this recall replaced
Corporate - CNA Change - Default - Default - Default	Updated email address

Briefly summarize why the customer is contacting Chrysler: Customer already got this recall repaired and the agent advised the customer to submit his original documentation to reimbursements. Agent advised the customer it would take approximately 4-6 weeks.
Briefly summarize what the customer is expecting:
POSTMARK DATE: 123013; DATE RECEIVED: 010714
Documents attached for review
Agent reviewed documents submitted by customer and found the customer had repairs completed at an IRF and submitted invoice showing the repair and proof of payment.
Agent called customer and left a message asking that the customer contact CAC to discuss the request.
****
Next agent please advise customer unless they have documentation showing there was a previous repair completed on the steering linkage components listed in recall N62 the repair is not related to the recall and Chrysler is not willing to reimburse the customer for the cost of the repairs at this time.
Status update provided via email to the following email address:
[redacted]
My name is Greg and I am contacting you from the Chrysler Reimbursement Team. I have reviewed your request for reimbursement. Please contact us at 1-800-853-1403 and refer to the case numbe[redacted] so that we can discuss your request with you, thank you.
End of Status Update
Next agent please advise customer unless they have documentation showing there was a previous repair completed on the steering linkage components listed in recall N62 the repair is not related to the recall and Chrysler is not willing to reimburse the customer for the cost of the repairs at this time.
Customer called for decision on his request for reimbursement under recall. Agent provided customer with the information on lines 26-30.
-
Customer stated the recall has to do with the tie rods. Agent opened up the recall letter and advised the customer that it states that: the dealer will inspect the steering linkage on your truck and replace steering linkage components if required. Agent advised customer again of lines 26-30.
-
Customer stated he would look into this some more.

Customer calling to find out why the denial. Agent advised customer that they would need documentation proving that the parts had been previously replaced with MOPAR parts in order to get reimbursed for the recall. Customer called in again stating he believes the documentation submitted does fulfill the requirements for reimbursement,

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Information Request	Customer seeking recall information.

Briefly summarize why the customer is contacting Chrysler: Customer seeking part information.
Briefly summarize what the customer is expecting: Customer states that she was advised that the dealership may not have the parts available to complete the recall on January 6th, 2014. Customer states that she is going to Florida on January 18 until April. Customer states that she does not want to cancel her plans to Florida because parts were not available. Customer states she has an appointment made for January 7th at 8am for the inspection.
Agent advised customer that her concern is understood. Agent advised customer that parts are to be shipped out on January 6, 2014.
Agent contacted PAUL BROWN MOTORS INC and spoke with Service Manager Matt. SM stated she is able to come in earlier for the inspection if she likes.
Customer states that she will keep her appointment and if parts are not available and she needs a repair, that she will contact us back.
Customer states that the dlr advised the customer that the part requires replacement
Chris states that the customer vehicle diagnosis requires replacement
Customer calling due to the plans the customer has made for a trip, customer took the vehicle in for inspection today and was advised that the vehicle requires the replacement for the recall. Customer states that she should not have to wait for the part in order to go on her trip.
Agent called the dealer and spoke with Chris in service and advised that the inspection shows that the part requires replacement, states that the part has been ordered and that the customer is at the top of the list.
Agent advised the customer that the service Chris advised that he will call as soon as the part comes in.

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY -	Customer wants to get recall completed.

Briefly summarize why the customer is contacting Chrysler: Customer seeking recall information on her vehicle. Customer called dealership, they informed her she needs a letter. Customer states they were on family trip and they were going 80 MPH and experienced trouble steering from now on she has had issues with the recall. Customer states she has had issues and got the repair completed herself. Customer stated she bought the parts online and had her son-in-law install the parts. Customer stated she would like to be reimbursed for the cost of the parts as well as the labor.
Briefly summarize what the customer is expecting: Customer seeking recall reimbursement.
Agent advised customer that we will not be able to send any reimbursement for the labor portion as the repair was not completed by a certified Chrysler dealership. Agent advised customer of the information required to submit for reimbursement via answer connect documents 16910 & 17064. Agent informed customer that the reimbursment may not be completed as there is no repair order. Agent provided address regardless to submit for possible reimbursment.

N62 - Safety Recall - Left Outer Tie Rod Assembly / Dodge RAM
Answer ID 24057 | Published 12/12/2013 08:38 AM | Updated 12/13/2013 08:10 AM | Access Level All Agents
What are the details of this recall?Owner letters are scheduled to be mailed the week of December 16, 2013.
Models:
2003 and 2004 model year (DR) Dodge Trucks (2500 series)
2005 through 2008 model year (DH) Dodge Trucks (2500 series)
2003 and 2004 model year (DR) Dodge Trucks (3500 series)
2005 model year (DH) Dodge Truck (3500 series)
2006 and 2008 model year (D1) Dodge Trucks (3500 series)
IMPORTANT: This recall only applies to vehicles that had certain Mopar service parts steering components installed.
Subject:
A Mopar service parts steering linkage may have been installed on some of the 705,000 of the above vehicles during a prior service appointment. The left tie rod ball stud on the Mopar service parts steering linkage may fracture under certain driving conditions. This could cause a loss of directional control and/or a crash without warning.

Repair:
The steering linkage assembly must be inspected and replaced if required.
NOTE: The initial steering linkage inspection process can be done by write-up personnel in the write-up area (see Section A. of the service procedure). Vehicles found with original style steering linkage can be immediately returned to the customer.
Customer had H46 completed 07/29/2010 - inspection only, so it must have still been factory equipment on vehicle. Customer would have had to had a repair /replacement between 07/29/2010 and today s date. The repair would be the item that failed that we are looking for; if it is a repair replacement of original equipment then vehicle will not qualify for N62.
No documents.
***** Customer Document Received *****

documents in will review as soon as possible.
Will review as soon as possible.
No time today to review.
Caller [redacted] seeking update on case. Agent informed caller lines 51 and 52 above.
Caller satisfied with information provided by agent.
Writer acknowledges update.
No time today to review.
Customer has opted to change steering linkage 11/12/13. Customer has purchased MOPAR parts.
CUSTOMER CONTACT: Writer called [redacted] Writer acknowledging the H46 was completed 07/29/2010 - so it was still factory original equipment.
Writer provided Case # and US CAC for contact. Writer advised Case will close in two days, but can be accessed or re-opened as needed.
*****AGENTS - Please explain the N62 recall to Customer. Chrysler is looking for replacement/MOPAR parts only, so if this is the first and only repair that Customer has had on vehicle involving the steering linkage, we cannot reimburse. The vehicle now has replacement parts so Chrysler should inspect those. Customer should be advised to have all recalls and extended warranties completed at CDJR as per the owners Manual.
Customer called and stated he got a message that Charlene called regarding his case. Customer stated he was waiting to hear about reimbursement. Writer advised customer according to last narrative note and emphasized that customer needed to go for inspection. Customer stated he feels he should get reimbursement. Writer advised either she or Charlene will contact him on Monday.
Writer acknowledges update.
Writer took a call from customer and writer advised customer that the information will be noted and his case manager will contact him. Customer advised writer that she was calling him in the other line. Writer disconnected the call.
CUSTOMER CONTACT: Writer called [redacted]. Writer spoke to Customer directly. Writer had to explain the recall a few times but Customer now understands that Chrysler is looking for the replacement parts, not the factory original. Customer will take his vehicle to CDJR and if parts need replaced again we will do that complimentary. Writer is closing case.

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Information Request	Custoemer wanted information on N62 recall
Product - Suspension - Lower Control Arms/Ball Jnts - Broken - Unknown	Customer called in stating that the lower control arms had broken
Product - Suspension - Tie Rods / Drag Link - Poor Handling - Unknown	Customer called in with multiple issues with vehicle's front end
Product - Suspension - Upper Control Arms/Ball Jnts - Broken - Unknown	Customer called in with multiple issues with vehicle's front end

Briefly summarize why the customer is contacting Chrysler:
Customer called in regarding the notice for the N62 recall he had received in the mail. Customer has had the vehicle in at multiple dealerships in the past for repairs regarding issues with the front end. Customer states the vehicle used to have an issue known as the 'duck wobble' in which if the vehicle hit a bump, the tires would bounce, causing loss of control. This issue had damaged many of the front end parts including tie rods, control arms, wheel bearings. Customer has had the parts all replaced and is looking for possible reimbursement. Agent advised that customer should take vehicle to a dealership for a inspection which is covered by the recall and to insure all the parts are still good. Agent provided customer with Fax number for reimbursement request as well as CAIR number to add on it. Customer will be faxing information within the next few days.
Briefly summarize what the customer is expecting:
Customer is expecting reimbursement for the past repairs that would have been covered under the recent recall.
No documents.
Confirm name and address matches COIN & HPIMS: yes
Any open recalls:N62

N62 - Safety Recall - Left Outer Tie Rod Assembly / Dodge RAM
Answer ID 24057
Models:
2003 and 2004 model year (DR) Dodge Trucks (2500 series)
2005 through 2008 model year (DH) Dodge Trucks (2500 series)

2003 and 2004 model year (DR) Dodge Trucks (3500 series)
2005 model year (DH) Dodge Truck (3500 series)
2006 and 2008 model year (D1) Dodge Trucks (3500 series)
IMPORTANT: This recall only applies to vehicles that had certain Mopar service parts steering components installed.
Subject: A Mopar service parts steering linkage may have been installed on some of the 705,000 of the above vehicles during a prior service appointment. The left tie rod ball stud on the Mopar service parts steering linkage may fracture under certain driving conditions. This could cause a loss of directional control and/or a crash without warning.
Repair: The steering linkage assembly must be inspected and replaced if required.
NOTE: The initial steering linkage inspection process can be done by write-up personnel in the write-up area (see Section A. of the service procedure). Vehicles found with original style steering linkage can be immediately returned to the customer.
H46 was inspected 02/24/2010 and closed - so vehicle must have still had factory equipment at that point as H46 was looking for replacement parts. Customer will have had to have replacement parts from 02/24/2010 until present and to determine that we will need to review his documents, and send him into dealer for inspection.

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Reimbursement	customer looking for mailing address reimbursement

Briefly summarize why the customer is contacting Chrysler: Customer seeking mailing address for reimbursement for completed recall 09/26/11 at 96,000 miles. Agent provided information from AC 17420 and gave customer CAIR number. Agent advised will take up to 60 days for review and process.
Briefly summarize what the customer is expecting: Customer looking to receive reimbursement of completed recall N62.
POSTMARK DATE: 123013; DATE RECEIVED: 011414
Agent reviewed documents submitted by customer and found customer had repairs completed at an IRF and had the H46 recall completed in 2009 and no parts were replaced at that time.
Agent called customer and advised that the repairs don t qualify for reimbursement and that the parts installed on the vehicle may need to be replaced due to the N62 recall. Customer understood and states they will contact a Chrysler dealer to have the recall performed.

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Information Request	LEFT OUTER TIE ROD ASSEMBLY
Recall - H46: STEERING LINKAGE - Advise Owner/Incomplete Recall	STEERING LINKAGE

Briefly summarize why the customer is contacting Chrysler: Customer called because he had the right TIE ROD ASSEMBLY replaced and is wondering if this is what recall #N62 or recall #H46 is for.
Briefly summarize what the customer is expecting: I advised the customer that he would need to take his receipts to a Chrysler dealership to see if the repairs he had completed are what the recalls are for. I advised the customer that if the repair is what the recalls are for then he can submit his receipts and see about getting a reimbursement.

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Information Request	Customer inquired about the recall.

Briefly summarize why the customer is contacting Chrysler: Customer is calling to state that they had received the recall letter for the N62 recall. The customer stated that his son now owns the vehicle and wants to know if his son can get the recall booked himself.
Briefly summarize what the customer is expecting: Customer is seeking clarification if his son is able to handle the recall on the vehicle.
Agent advised customer that the ownership information can be changed to the son s name and then he would be able to fulfill the recall. The customer provided the agent with the right information the change the ownership of the vehicle. Agent verified to the customer that the son is now able to fulfill the recall himself. Customer was satisfied.

[redacted] on 2013-12-30 @ 13:20
Briefly summarize why the customer is contacting Chrysler: Customer is calling in today to seek a reimbursement. Customer states that about a year ago the steering linkage broke and he had to pay to have the front end replaced. Customer states that he received a recall notice and wants to be reimbursed. Customer states that he brought the vehicle to an IRF to have the front end repaired.
Briefly summarize what the customer is expecting: Customer is expecting a reimbursement on the front end. Agent sent customer a documentation request to have the invoice and receipt sent. Agent advised customer that once it is received we will review it and when there is an update someone in the reimbursement department will contact customer with an update on this case.
***** Customer Document Received *****
Customer will have to provide previous work order on the Tie Rods before the Chrysler will reimburse for the invoice he submitted.

****End structured narrative T2 - Beginning Narrative
Briefly summarize why the customer is contacting Chrysler: Customer called in regards to reimbursment for a repair he previously completed and now has the recall. Customer stated that his left tie rod broke and he completed the repairs at an IRF. Customer states when the tie rod broke it made a large hole in the tire and destroyed the rim of the vehicle as well.
Briefly summarize what the customer is expecting: Customer seeking reimbursment for recall related repair.
Agent advised that she will escalate this concern for possible reimbursement. Agent advised that the tire and rim will most likely not be covered as that is considered consequential damages. Agent advised the Customer needs to send in the invoice for the repair and the proof of payment. Agent provided fax number as well. Customer thanked Agent.

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Reimbursement	customer called in regarding recall N62 paid out of pocket

Briefly summarize why the customer is contacting Chrysler: Customer called in regarding recall N62 on his 2004 Dodge Ram. Mr. [redacted] had vechicle repaired at the dealer which he paid for out of pocket. Agent gave customer the Chrysler Recall Assistance Address in Auburn, Michigan. Agent also told Mr. [redacted] to send in original documentation, but to photo copy his receipts for himself.
Briefly summarize what the customer is expecting: Customer was happy with the address given by the agent
POSTMARK DATE: 123113; DATE RECEIVED: 010814
Documents attached for review
Agent reviewed documents submitted by customer and found customer had repairs completed at TOM S COUNTRY COM and had recall H46 completed in 2009 and had no parts replaced at that time.
Agent called customer and advised that the repairs don t qualify for reimbursement and that the parts installed on the vehicle may need to be replaced due to the N62 recall. Customer understood and states they will contact a Chrysler dealer to have the recall performed.

Recall - N49: LEFT TIE ROD - Information Request	incomplete.

Briefly summarize why the customer is contacting Chrysler: Customer states that the customer is wondering if the N49 recall is the same recall as the L16 that the customer had the completed on the vehicle on 10/19/2011.
Briefly summarize what the customer is expecting: Customer is expecting to find out if the recalls are the same.
Agent Advised: Agent stated that the recalls are not the same. Agent stated that there were two parts to the tierod recall. Agent stated that the l16 recall was the first part of the recall completion. Agent stated that for the first recall the stud ball was replaced, agent stated for the N49 recall the tie rod its self will be replaced. Agent stated to the customer that the agent is not technically trained. Agent stated that the dealership could follow a different procedure, but from the agents understanding is that the L16 had the ball stud replaced and the N49 recall the tie rod its self is being replaced. Agent stated that on 01/06/2014 to book an appointment to have the recall completed.

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Information Request	repair already completed

Briefly summarize why the customer is contacting Chrysler: Customer calling for information on recall
Briefly summarize what the customer is expecting: Customer states he received the recall N62 and has already had that repair completed. Agent stated to customer he would still need to have his vehicle inspected by dealership and repaired if required. Agent stated to customer that he could send in orginal repair receipt for possible reimbursement if the repair was the same as the recall. Customer understood and stated he would have the dealership inspected vehicle first and check the first receipt to see if it relates to the recall issue. Customer states if the first repair is the same as the recall he will call back for information on reimbursement.
Customer calls seeking recall information. Advised the customer of incomplete recall recall N62Ù for this vehicle. Customer was advised to contact a Chrysler, Dodge, or Jeep dealer to schedule an appointment to complete recall repair.

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Other	N62 recall inquiry

Briefly summarize why the customer is contacting Chrysler: Customer wanted to know if they were subject to the N62 recall.
Briefly summarize what the customer is expecting: Agent advised customer that they are under the N62 recall, and to not contact their DLR until after the date listed on their recall letter (01/06/2014) to book repairs. Customer also inquired in regards to the H46 recall they had done in May 2010. The customer stated that the DLR looked at the issue at that time and stated that no repairs were needed. Agent advised that if the DLR stated that they didn t need repairs than the issue should be fine.

Good Morning,
My name is Jenna and I have been assigned as your case manager. I have reviewd the documents that have been sent in.
This recall is on MOPAR replacement parts.
I will need an invoice showing that the Steering linkage was replaced with MOPAR replacement parts then a second invoice showing that the tie rods were replaced.
Jenna

855-675-9291 ext 4718558
End of Status Update
CUSTOMER UPDATE: Customer stated that the dealership did a bunch of front end work to it for the recall. Agent confirmed that the dealership replaced several parts in 2009 under the H46 recall. Agent stated that means she is able to go ahead and reimburse him for the work he had done. Customer stated he paid cash for the repair. Agent stated she will call him and confirm the proof of payment and the joint and the adjustment sleave. Agent stated she will send him an email with the totals.
IRF CONTACT M and M Auto Service 570-785-4444: Agent called and spoke to Mike Owner, who stated that the adjustment sleeve and universal joint were replaced because of the tie rod end breaking and digging into the ground. Agent asked if the labor was for the parts only or including the oil change. Mike stated that labor was only for the tie rods and repairs not for oil change. Tax is parts and labor. Mike confirmed it was paid in full.
Date 09/13/13
Invoice 2052
Right Tie Rod end- $156.32
Left tie rod end- $92.96
Adjustment Sleeve- $75.62
Universal Joint -$45.62
Labor: $67.50
Total: 438.02
Tax: 6% $26.28
Total: $64.30

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Reimbursement	seeking reimbursement

Briefly summarize why the customer is contacting Chrysler: Customer called stating he got a recall notice for the tie rods. Customer states he replaced every part on the front end a year ago. Customer states he ordered the parts and paid someone else to install them. Agent advised he can send in the original receipts to the address on the letter. Customer states he needs the originals and will send us copies. Agent did not make any guarantees of reimbursement. Agent advised he will be contacted if he is able to get reimbursement. Customer states he will send the information in.
Briefly summarize what the customer is expecting: Reimbursement information
POSTMARK DATE: 010214; DATE RECEIVED: 010814
Agent has reviewed file and the customer does not have any history of having the part replaced by a Mopar part as the recall is for a Mopar part. Please call the customer and deny any reimbursement unless more information is forth coming
Customer is seeking reimbursement under the N62 Left Outer Tie Rod Assembly Recall.
This recall is for a MOPAR 'replacement part'.
The vehicle had to have been in for a prior service and had the steering linkage replaced with MOPAR service parts.
Unless customer can provide a repair invoice showing prior service the recall does not apply to their vehicle and reimbursement will be denied.
Agent contacted the customer @ [redacted] and informed of the decision to deny the reimbursement request and customer is unhappy but understands.
REIMBURSEMENT DECLINED

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY -	Customer vehicle not operable
Corporate - CNA Change - Default - Default - Default	Update phone number and email
Corporate - Survey By-Pass - No Diagnosis - Default - Default	

Briefly summarize why the customer is contacting Chrysler: Customer called regarding recall N62 as he received a letter same time as his car experienced an inoperable left front tie rod. Customer vehicle located at IRF for repair as there is no Dealer in his town. Customer is inquiring if he has to get his vehicle towed to Dealer FERRARIO AUTO CENTER INC TOWANDA 20 miles away for a certified technician.
Briefly summarize what the customer is expecting: Customer requires confirmation if he has to get his vehicle towed to Dealer FERRARIO AUTO CENTER INC., TOWANDA 20 miles away for a certified technician. Agent advised customer he should get his vehicle diagnosed at a Chrysler Dealer so the repair can be made at no cost. Agent advised customer the Mopar part is not available till after January 6th as per AC 24057. Customer cannot wait as he requires his vehicle as soon as possible. Agent advised customer he can get repair done at IRF and submit application for reimbursement by contacting us with documents after his repair. Agent advised customer reimbursement is not guaranteed but will be reviewed. Agent advised customer of recall H46 that is still incomplete. Customer drives by Dealer Ferrario on his way to work and will drop by at a later date to diagnose H46 as per Dealer Connect recall letter.
****
Diagnosed by an IRF. Undiagnosed with a concern - inoperable.

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Reimbursement	Customer seeking reimbursement.

Briefly summarize why the customer is contacting Chrysler: Customer requesting reimbursment for N62 recall.
Briefly summarize what the customer is expecting: Customer informed writer that in 2009 he had the entire front end of his 2005 DODGE RAM SLT 2500 REG. CAB PICKUP replaced. Customer informed writer that he sent in all paper work in 2009. Writer located documentation- CAIR [redacted]
Writer informed customer that he would not need to send information.
Writer informed customer that someone would contact him in 3-5 business days and also to allow up to 60 days to process.
Confirm name and address matches COIN & HPIMS: yes
Any open recalls:H46,N62
Name of person writing in:[redacted]
Does customer have an e-mail address: none present
Concern:N62 reimbursement
Reviewed previous files yes
Customer went to a Dealer in 2009 and was declined cost assistance for ball joint repair. Customer was in an accident and had a all tie rods , ball joints and drag link repaired, wanted Chrysler to assist with that and he was declined, and again was declined under the H46 as that involved replacement MOPAR parts. Customer has now had a lot of the steering replaced at an IRF but the codes for tie rods DS 1463 & 1464, MOG ES 3624 and 3625, do not look similar to MOPAR. Writer will see if IRF can verify parts used back in 2009.
IRF CONTACT: Writer called Cox Automotive 302 633 9888.
Writer googled part codes and these are Moog parts now, so they definitely will NOT qualify for the N62 recall.
CUSTOMER CONTACT: Writer called [redacted]. Writer advised the N62 cannot be reimbursed as Customer has replaced parts with MOOG parts. Customer and his whole family have stopped purchasing Dodge vehicles. Customer accepts.
* * * * GOODWILL ASSISTANCE HAS BEEN DECLINED * * * *
Informed customer that Chrysler will not participate in the repair.
The vehicle warranty has expired by time and/or mileage.
Unless the customer offers new information, decision remains unchanged.

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Information Request	Customer seeking recall information
Product - Suspension - Tie Rods / Drag Link - Worn - Front	Customer states tie rod worn.
Corporate - Survey By-Pass - No Diagnosis - Default - Default	

Briefly summarize why the customer is contacting Chrysler: Customer called in stating that he received a recall letter stating that customer has an incomplete N62 recall. Customer would like to know if he could make a service appointment to have this recall repaired. Agent states that this recall currently doesn t have parts but can bring this vehicle to the dealership for the inspection portion of this recall. Agent transferred customer to Kevin in service.
Briefly summarize what the customer is expecting: To have this recall repaired.
Customer calling back regarding recall n62.
Customer states the front end has been shimming on him and a mechanic advised him it was the tie rods.
Customer states he spoke to a DLR and was advised there are no parts.
Writer advised customer he needs to go to the DLR to have the initial inspection completed then the parts ordered that he requires. Customer contacted the DLR to inquire as per the customer he wants to stop by in 1 hour if that would be okay of they would be busy.
Writer spoke to SA at 07263 Dealer Name : TOWN & COUNTRY CHRYSLER DODGE INC who stated he can just stop by anytime for the initial inspection.
Writer advised customer to stop by service for the inspection.
Writer updated DLR to 07263 Town and Country (304) 823-1831.
Customer inquired if his break while waiting for parts what he should do.
Writer advised to contact the DLR or Chrysler as it would be looked at on a case by case basis.

****** Below Customer Contacted for Documentation Request ******

[redacted]

Briefly summarize why the customer is contacting Chrysler: Customer is calling in today to seek a reimbursement for the tie rod that was replaced 2 weeks ago. Customer states that 2 weeks ago he was pulling out of his driveway and the front end broke down the street. Customer states that he has the repairs done at an IRF and there were 4 ball joints and the tie rods were replaced. Customer states that he received the recall notice for the left outer tie rod.
Briefly summarize what the customer is expecting: Customer is expecting a reimbursement for the tie rod. Agent advised customer that customer has to send in the invoice and receipt for the repair. Agent advised customer that the labor is not reimbursable as it was done at an IRF. Agent advised customer that we may consider the left tie rod. Agent provided customer with information on the recalls for the OUT-OF-PARK ALARM SYSTEM, STEERING LINKAGE, and the LEFT OUTER TIE ROD ASSEMBLY.
Writer acknowledges assignment. No documents present.
Customer has never taken vehicle in to have any recalls completed.
E17
2003 2004 (DR) Dodge Ram Pickup Truck
2005 (DH) Dodge Ram Pickup Truck
NOTE: This recall applies only to the above vehicles equipped with a 5.9L diesel engine (6 or C in the 8th VIN Position) and an automatic transmission (sales code DGP or DG8). In certain circumstances when a driver has not placed the shifter lever fully into the Park position and leaves the engine running, the vehicle may unexpectedly move rearward after seeming to be stable. Unintended rearward movement of a vehicle could injure those in and/or near the vehicle. An Out-of-Park alarm system must be installed on the vehicle. The alarm system will beep the horn and flash the headlamps and shift indicator if a driver tries to exit a running vehicle without fully placing the shifter into the Park position.
Safety Recall H46 - Mopar Steering Linkage
2003-2004 (DR) Dodge Truck 4x4 (2500/3500 series)
2005 (DH) Dodge Truck 4x4 (2500/3500 series)

2006-2009 (DH) Dodge Truck 4x4 (2500/3500 series or 1500 Mega Cab)
2006-2009 (D1) Dodge Truck 4x4 (3500 series)
2007-2009 (DC) Dodge Truck (3500 series cab chassis)
IMPORTANT: This recall only applies to vehicles that had certain Mopar service parts steering components installed.
During a prior service appointment, a Mopar service parts steering linkage was installed on about 19,400 of the above vehicles. The drag link inner joint may fracture under certain driving conditions. This could result in a loss of steering control and cause a crash without warning. Also, the steering damper bracket at the tie rod tube may loosen. This could allow the bracket to slide on the tube and may cause increased vehicle turning radius.
Safety Recall H46 Mopar Steering Linkage Page 2
The steering linkage must be inspected and some steering linkage components may need to be replaced.
NOTE: The initial steering linkage inspection process can be done by write up personnel in the write up area (see Step 1 of the service procedure). Vehicles found with original style steering linkage can be immediately returned to the customer.
N62 - Safety Recall - Left Outer Tie Rod Assembly / Dodge RAM
Answer ID 24057
Models:
2003 and 2004 model year (DR) Dodge Trucks (2500 series)
2005 through 2008 model year (DH) Dodge Trucks (2500 series)
2003 and 2004 model year (DR) Dodge Trucks (3500 series)
2005 model year (DH) Dodge Truck (3500 series)
2006 and 2008 model year (D1) Dodge Trucks (3500 series)
IMPORTANT: This recall only applies to vehicles that had certain Mopar service parts steering components installed.
Subject: A Mopar service parts steering linkage may have been installed on some of the 705,000 of the above vehicles during a prior service appointment. The left tie rod ball stud on the Mopar service parts steering linkage may fracture under certain driving conditions. This could cause a loss of directional control and/or a crash without warning.
Repair: The steering linkage assembly must be inspected and replaced if required.
NOTE: The initial steering linkage inspection process can be done by write-up personnel in the write-up area (see Section A. of the service procedure). Vehicles found with original style steering linkage can be immediately returned to the customer.

Recall - H46: STEERING LINKAGE - Advise Owner/Incomplete Recall	STEERING LINKAGE

Briefly summarize why the customer is contacting Chrysler: Customer stated he received a recall notice on his vehicle for the tie rod. Customer stated he took it to the dealership and they took his information and stated they would contact him when the parts are available. Customer stated he has had a problem with steering wobble on the vehicle and had replaced the tie rod ends just recently.
-
Briefly summarize what the customer is expecting: Customer seeking technical information about the recall.
Customer calls seeking recall information.
-
Agent advised customer the dealership would be able to assist him with the answers to his technical questions. Agent advised the customer of incomplete recall H46Ù for this vehicle. Customer was advised to contact a Chrysler, Dodge, or Jeep dealer to schedule an appointment to complete recall repair.
****** Below Customer Contacted for Documentation Request ******
[redacted] on 2013-12-30 @ 16:26
Customer states that he spoke with the DLR but they cannot advised on whether they would be able to reimburse for the repair. Writer advised that he would need to send in for possible reimbursement.
Waiting for Documentation.
***** Customer Document Received *****
Called Customer at[redacted] Left message.
Agent advised that we need to review the File with the Customer further.
Next agent Please advise that the N62 Recall only applies to vehicles that have had the Steering Linkage replaced with a Mopar Steering Linkage prior to the Tie Rod repair.
If the Customer has had the Steering Linkage replaced - Please send in the R/O so that we can review the matter further.
If the Customer has NOT had the Steering Linkage repaired please advise that the Recall does not apply to the vehicle.
Customer states that he received a message from an agent and wanted to know what information he needed to send back in.
Agent advised customer of lines 25-32. Customer states that he believes that it was a Mopar part that was replaced but will check his paper work and fax the information in that shows it was a Mopar part.
Waiting for Documentation.
Customer called in seeking an update on the case. Customer stated that he had faxed in additional information this morning.
Agent reviewed the file and advised the customer that at the time, the fax had not been attached to the case. Agent informed the customer that once the additional information had been received and reviewed, he would be contacted.

Waiting for Documentation.
Waiting for Documentation.
Called Customer at [redacted]. Spoke with Mr. [redacted]
Agent advised that the Recall applies to vehicles that have a Mopar Steering Upgrade on previous repair.
Customer states that the vehicle had Original Parts in the vehicle before having the Steering Linkage Upgrade installed. Customer states that his Vehicle had a Certain Vibration Issue and that was why he had the Steering Linkage installed.
Agent advised that Chrysler will not be able to assist with the Reimbursement at this time.
Agent advised that the Complaint with the Certain Vibration Issue would be Documented.
Closed CAIR.

Recall - H46: STEERING LINKAGE - Advise Owner/Incomplete Recall	Advised owner of incomplete recall
Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Reimbursement	Customer requesting reimbursement for recall repair

Briefly summarize why the customer is contacting Chrysler: Customer states that they took their vehicle to an IRF and had the upper ball joint, lower ball joint, and the outer tire rod replaced and paid for the repair. Customer states they believe they paid for a recall repair. Agent provided the customer with the recall reimbursement mailing address to submit a request, but advised the customer that because they went to an IRF there are no guarantees. Customer wanted to know if there was a way the agent could know if it was a recall they had completed. Agent advised the customer that it is showing that she has 2 incomplete recalls, the H46 and N62 recall, however, they are not technically trained so there is no way in being able to tell if it was in fact a recall they had completed at the IRF. Customer understood.
Briefly summarize what the customer is expecting: Customer is expecting to get reimbursed for what they believe is a recall repair.
POSTMARK DATE: 010714; DATE RECEIVED: 010714
CAIR RE-OPENED AND FOLLOWING REASON CODE(S) REMOVED
Survey By Pass - No Diagnosis
Documents attached for review.
Agent reviewed documents submitted by customer and found customer submitted invoice with no proof of payment for repairs completed to the ball joints and tie rod end. Agent found customer has not had either the H46 or N62 recall completed yet and did not submit documentation showing there were prior Mopar service parts installed on the vehicle.
Agent called customer and advised that the repairs don t qualify for reimbursement and that the parts installed on the vehicle may need to be replaced due to the N62 recall. Customer understood and states they will contact a Chrysler dealer to have the recall performed.

[redacted]
Good Afternoon,
I have attempted to contact you by phone but have not been able to discuss the recall.
This recall is on Mopar Replacement Service parts not on factory parts.
At this time I am still needing an invoice showing that you had a Mopar replacement steering linkage put into the vehicle prior to this repair.
If you could please send in the documents or contact me directly at your earliest convenience at 855-675-9291 ext 4718211.
Thanks
Nancy

Recall - N49: LEFT TIE ROD - Information Request	LEFT TIE ROD

Briefly summarize why the customer is contacting Chrysler: Customer stated that the recall #N49 is not available until after January 6th 2014 and he is going on a trip and the dealership stated that this vehicle might not be safe. Customer stated that he checked other dealerships and they only get a few parts and they have waiting lists for the parts.
Briefly summarize what the customer is expecting: Customer wants to know if it is safe to drive his vehicle.
Customer stated that the dealership stated that he has a lot of play in the area of left tie rod and they would not recommend pulling a trailer.
Agent advised the customer that the parts will not be available until after January 6th 2014 and advised the customer to have the dealership put him on the list for a part for when it does become available.
Briefly summarize why the customer is contacting Chrysler: Customer stated his dealership has a waiting list and he wants to know how he gets his part faster for recall N49.
Briefly summarize what the customer is expecting: to get his Recall part for N49 faster. Agent advised customer that we are sending the parts as quickly as possible however the dealerships only get one part a week.
Customer called and states he is on lists ranging #35-400 with local dealerships
Agent advised customer that the restriction is now at 3 in 7 days
Agent advised customer that Chrysler is working diligently with our dealerships to have parts available for this repair. Dealerships are able to order a certain amount of parts, per week, to ensure that every dealership is able to order their fair share.
Agent advised customer we appreciate his patience
Customer understood but does state that there should be a faster way to obtain these parts

Recall - H46: STEERING LINKAGE - Advise Owner/Incomplete Recall	Agent advised of open recall
Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Information Request	Customer seeking recall information

Briefly summarize why the customer is contacting Chrysler: Customer seeking recall information. Customer states that they just received a notice in the mail for the N62 recall and they just wanted some clarification. Customer states that the notice states their may be an issue due to vehicles that were changed with a new part. Customer states that their vehicle has the original part so they were not sure if this still applies to them. Agent informed that the DLR has to do an inspection first and then replace parts if needed. Agent advised that they have an open recall on the vehicle as well for the steering linkage. Agent read both recall notices to the customer and they sound related. Customer stats that they will just have the DLR perform both at the same time as both require an inspection and repair to pretty much the same parts. Customer thanked the agent and disconnected the call.
Briefly summarize what the customer is expecting: Customer seeking recall information

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Reimbursement	seeking reimbursement
Corporate - CNA Change - Default - Default - Default	updated customer information

Briefly summarize why the customer is contacting Chrysler: Customer stated he received the recall letter for N62 and had the repair completed in the summer because he did indeed break down on the road. Customer wondering if there is a way to get reimbursed for the work done on vehicle.
Briefly summarize what the customer is expecting: Customer seeking recall reimbursement information.
Agent advised customer could submit his information and receipts for review of reimbursement. Agent provided mailing address and submission requirements.
****** Below Customer Contacted for Documentation Request ******
[redacted]
Customer states that he mailed in his documentation already, but agent is not sure if we have received it. Customer wanted to know if he can email in the documents. Agent sent him a documentation request link. Agent informed him that he can only open it once. Customer is going to scan his documents and send them in.
Reassign to 86y.
Agent waiting for documentation.
Customer called because there are cookies in the document link and he does not feel comfortable emailing the information. Agent provided customer with fax number 1-877-768-5076. Customer thanked agent.
POSTMARK DATE: 010214; DATE RECEIVED: 010814
Documents attached for review.
Agent reviewed documents submitted by customer and found customer had repairs completed at an IRF and had recall H46 completed in 2009 and no parts replaced at that time.
Agent called customer and left a message asking that the customer contact CAC to discuss the request.
****
Next agent please advise customer unless they have documentation showing there was a second repair completed on the steering linkage components listed in recall N62 the repair is not related to the recall if the factory parts were replaced and Chrysler is not willing to reimburse the customer for the cost of the repairs at this time.
Status update provided via email to the following email address:
[redacted]
My name is Greg and I am contacting you from the Chrysler Reimbursement Team. I have reviewed your request for reimbursement. Please contact us at 1-800-853-1403 and refer to the case number 24370974 so that we can

discuss your request with you, thank you.

-
Customer called in stating they were advised to call 1-800-853-1403 and inquire about their CAIR [redacted].Customer states they do not have the repair records with them during this call.
Agent advised customer of lines 31-35. Agent advised customer that the component that is part of the H46 and N62 recall, is the Steering Linkage component with the 2 U-Bolts. Agent advised customer that the H46 and N62 is determined by a visual inspection. Agent advised customer if their vehicle was built with the single bolt steering linkage their vehicle is not part of the recalls. Agent advised customer to get in touch with their dealership to have the aftermarket repair inspected.

H46 STEERING LINKAGE SAFETY 04/27/2009 01/21/2010 COMPLETE
******
Writer located information for the N62 recall Answer connect ID: 24057
Subject:
A Mopar service parts steering linkage may have been installed on some of the 705,000 of the above vehicles during a prior service appointment. The left tie rod ball stud on the Mopar service parts steering linkage may fracture under certain driving conditions. This could cause a loss of directional control and/or a crash without warning.

Repair:
The steering linkage assembly must be inspected and replaced if required.
*****
Writer will contact the customer to advise reimbursement will not be provided as the repair is for a replacement part not the tie rod on this vehicle.

Recall - H46: STEERING LINKAGE -	Recall inquiry
Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Reimbursement	Recall inquiry
Corporate - Reimbursement - Default - Default - Default	Recall reimbursement
Product - Suspension - Tie Rods / Drag Link - Broken - Unknown	Tie rod broke

Briefly summarize why the customer is contacting Chrysler: Customer called for reimbursement for a recall she paid for out of pocket and now received a recall notice. Customer stated her husband was turning a corner and the tie rod broke. Customer stated she had the vehicle repaired at an IRF who advised there was a recall for the concern and the customer shouldn t have to pay. Customer stated her husband called her local Chrysler dealer and was advised the vehicle had no recalls for the concern. Customer requested reimbursement now that she received the notice for the N62 LEFT OUTER TIE ROD ASSEMBLY. Agent offered the mailing address to send in the documents to have the concern review for possible reimbursement. Agent advised of the other open recall for the Steering Linkage.
Briefly summarize what the customer is expecting: Customer seeking reimbursement information.

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY -	Customer seeking reimbursement
Corporate - CNA Change - Default - Default - Default	Updated email address

Briefly summarize why the customer is contacting Chrysler: Customer had N62 replaced and wants to know if he can get reimbursed.
Briefly summarize what the customer is expecting: Customer expects to be reimbursed for car repair.
Agent: Gave customer mailing address and Cair [redacted] and told him to send in original receipts for reimbursement.
Agent waiting for documentation.
Agent waiting for documentation.
Agent waiting for documentation.
Agent waiting for documentation.
Agent called customer and left a message advising the documentation has not arrived at this time and the case would be closed if the documents have not arrived by January 13, 2014 and that the case would be reopened and processed as normal once the documentation arrives.
Customer called in for update.
Customer states he did send the documentation in the mail.
Agent advised customer that his concerns would be documented but the documents have not been received yet.
Agent has not received documents and is closing case at this time.
Case reassigned for survey by-pass.
CAIR RE-OPENED AND FOLLOWING REASON CODE(S) REMOVED
Survey By Pass - No Documentation
POSTMARK DATE: 010214; DATE RECEIVED: 011014
Agent reviewed documents submitted by customer and found customer had repairs completed at an IRF and had the H46 recall completed in 2010 and no parts were replaced at that time.
Agent called customer and left a message asking that the customer contact CAC to discuss the request.
****
Next agent please advise customer that the documentation has been reviewed and unless they have documentation showing there was a second repair completed on the steering linkage components listed in recall N62, then the repair is not related to the recall because they were not Mopar parts that were replaced and Chrysler is not willing to reimburse the customer for the cost of the repairs at this time.

Status update provided via email to the following email address:
[redacted]
My name is Greg and I am contacting you from the Chrysler Reimbursement Team. I have reviewed your request for reimbursement. Please contact us at 1-800-853-1403 and refer to the case number 24371083 so that we can discuss your request with you, thank you.
End of Status Update
Next agent please advise customer that the documentation has been reviewed and unless they have documentation showing there was a second repair completed on the steering linkage components listed in recall N62, then the repair is not related to the recall because they were not Mopar parts that were replaced and Chrysler is not willing to reimburse the customer for the cost of the repairs at this time.
Customer called about email sent about reimbursement. Agent reviewed notes in narrative above and specifically lines 44 to 48. Agent advised accordingly that the repair work customer had done was not related to the N62 recall and that recall is still showing as incomplete. Customer accepts what agent said and also informed agent that this vehicle has now been sold.

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Information Request	Customer is inquiring about N62 recall.

Briefly summarize why the customer is contacting Chrysler: Customer is calling to inquire about the recall on their vehicle. Customer states that he has been in the automotive industry and wants to know if just the part is going to be replaced or if the frame of the vehicle will be aligned as well. The customer states that when you only replace the tire rod and not align the frame, the car will break down quicker. Customer stated that that he had been to his normal servicing dealer to ask these questions but the dealership stated they would not be dealing with the recall till January 6, 2014. The Customer states the employees at the dealership didn t know didley. The customer wants to get the vehicle fixed; the customer states the vehicle is used for business.
Briefly summarize what the customer is expecting: Customer is seeking technical confirmation on the repair process for the N62 recall. Agent advised the customer that finding the next closest dealership and inquiring about the recall would be the best plan of action. The customer agreed. Agent found Steve Landers Chrysler Dodge Jeep to be the next closest dealership. Agent talked to Ted Knickles in the Service Department and stated that he was able to help if the customer came in for an inspection. Agent advised the customer they would be transferred over to the service department and Ted would take care of his questions and concerns. Customer understood and was satisfied.

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Information Request	Customer seeking information
Product - Steering - Linkage - Defective - Default	Problems with the steering linkages
Corporate - Recall - Default - Default - Default	Recall information

Briefly summarize why the customer is contacting Chrysler: Customer seeking recall information. Customer states that the vehicle was in an accident able 3 years ago due to the steering linkage and the tie rod. Customer states that the vehicle sits in a heated garage and does not get used. Customer states that when the accident occurred the insurance company paid $7000.00 and the customer had to pay $750.00 for the repairs. Customer stated that he has be making complaints on the steering linkage and tie rod for the past couple years. Writer advised the customer that the tie rod recall was completed already. Customer states that it has not been completed. Customer states that the dealership has not done any work in the vehicle and that the dealership refuses to do work on the vehicle since the vehicle was not purchased at the dealership. Writer advised at this time there is nothing further can be done.
Briefly summarize what the customer is expecting: Customer seeking information.

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Information Request	Customer seeking recall information

Briefly summarize why the customer is contacting Chrysler: Customer seeking recall information. Customer seeking information on the notice they just received in the mail for he N62. Customer states that they remember having a recall completed a few years ago that sounds the same to the notice they received. Agent informed the customer they did have a recall completed in 2009 for the steering linkage. Agent informed the customer when going over both recalls notices they sound very familiar however advised the customer they should still go to the DLR for the inspection and repair if necessary as it is a safety concern. Customer states they just wanted to make sure before they took the trip to the DLR. Agent advised they will be getting a second notice in the mail which will give them the go a head to go into the DLR. Customer thanked the agent and disconnected the call.
Briefly summarize what the customer is expecting: Customer seeking recall information.

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Other	Customer had already replaced the right side tie rod

Briefly summarize why the customer is contacting Chrysler: Customer called in about having to replace the right side tie rod 2 years ago. Customer wanted to know if he replaced the left side tie rod at the place where he got the right side fixed, would Chrysler pay for it.
Briefly summarize what the customer is expecting: Agent said the customer could submit his receipt for the right side only due to the fact that the recall had not been issued at that time (2 years ago). If the customer wanted to fix the left side at the same place to match the other side, the customer would not be reimbursed for the left side, since Chrysler was aware of the problem presently.

****** Below Customer Contacted for Documentation Request ******
[redacted] net on 2013-12-30 @ 17:45
Briefly summarize why the customer is contacting Chrysler: Customer is calling in today to seek a recall reimbursement. Customer states that on October 5th 2013 he was driving with his wife when the steering broke and the vehicle lost control. Customer states that he was driving on a 4 lane highway on the right lane when the steering broke. Customer states that the vehicle was towed to an IRF called Karrs .
Briefly summarize what the customer is expecting: Customer is expecting a reimbursement. Agent advised customer to send the receipts and invoice for a possible reimbursement. Agent advised customer that once the documentation is sent than someone in the reimbursement team will review it and contact the customer back.
Customer states that the parts that were replaced were ball joints, tie rods, outer arm, adjustment sleeve and an alignment.
***** Customer Document Received *****

Writer notes that the customer has submitted their repair invoices to reflect their repairs to the following components at the IRF; Kars:
-outer arm with end steering adjusting sleeve
-U joint, out front axle
-alignment

Writer also notes that the customer s vehicle shows the following open recalls:
-H46
-N62

Writer also notes that the customer s are currently the original owner of this 1 of 3 new & 1 used vehicle.

[redacted]

This vehicle currently has a WCC of 704: 7/70,000 and the current mileage shows to be 250,000.

Writer also notes that the repair invoice does not show any mileage for the customer s repairs.
Customer Document Reviewed.

Writer notes that the customer s repair invoice shows the following part numbers:
-DS1463
-2691123
As per Google;
-DS1463 - MOOG-DS1463 Details - Front Outer Tie Rod End - Passenger Side
-2691123 NAPA auto parts page: Tie Rod Adjusting Sleeve - Front Susp
Part Number: NCP 2691123 Drag Link Adjusting Sleeve - Front Susp
Part Number: NCP 2691123Ù

As per ACDoc#24057 the recall N62 shows the following parameters:
IMPORTANT: This recall only applies to vehicles that had certain Mopar service parts steering components installed.
Repair:
The steering linkage assembly must be inspected and replaced if required.

Due to the fact that the customer only shows this one repair to the above components, they do not qualify for reimbursement under the N62 recall parameters.

Writer contacted the customer at [redacted] at 11:35am and reached their VM. Writer left a detailed message advising them that their documents have been received and reviewed, however, writer would like to further discuss the recall parameters with them and requested a return call. Writer provided all contact information with CAIR number and hours of availability for the return call.

Writer received a message from the customer @ 2:51pm returning writer s call and requested a return call at [redacted]

Writer contacted the customer at [redacted] at 3:20pm and spoke with Mr. [redacted]. Writer advised him of the recall parameters and the fact that the recall only covers the Mopar replacement parts, and with this information, writer is unable to reimburse him for the costs incurred. Writer also apologized and empathized with him due to the frightening experience that he had when the component failed on the highway. Writer also advised him that out of warranty cost assistance was also taken into consideration, but due to the fact that the vehicle has over 200,000 miles on it, out of warranty cost assistance cannot be granted. The customer, Mr. [redacted] understood writer s explanation, however, is very disappointed with the fact that he cannot get any type of compensation for the experience had, and stated that he has been a Dodge consumer for some time now, and is very disappointed with the lack of reimbursement. Writer understood his position and stated that his frustration will be noted on the case file and apologized again for the experience that he and his family had when the tie-rod failed. He stated that he was only looking for what was fair to him in this situation, but understands that writer cannot extend any refunds to him and thanked writer for the time today.
* * * * GOODWILL ASSISTANCE HAS BEEN DECLINED * * * *
Informed customer that Chrysler will not participate in the repair.
The vehicle warranty has expired by time and/or mileage.
Unless the customer offers new information, decision remains unchanged.
* *
CLOSED LOOP UPDATE - customer contacted today.

Due to the fact that the customer has over 200,000 miles on their vehicle and they did not qualify for the recall reimbursement, writer would like to extend this recognition to the customer.
The customer is the original owner of this vehicle with the following VIN:
3D3KU28D64G[redacted]
As per ACDoc#19065, writer is sending the case to SMM25 for the customer to be recognized for the high mileage on their vehicle.
***DICTATED LETTER AND SENDING OUT A 200,000 MILE LICENSE PLATE BRACKET.

Corporate - CNA Change - Default - Default - Default	Agent confirmed/updated customer contact information
Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Information Request	Customer seeking information on recall N62
Recall - H46: STEERING LINKAGE - Information Request	Customer states he had recall N46 completed 2 years ago
Corporate - Reimbursement - Default - Default - Default	Customer states he had recalls N62 completed 2 years ago

Briefly summarize why the customer is contacting Chrysler: Customer states he had recall N62 and H46 completed 2 years ago. Customer states he is not sure if repair facility is an authorized Chrysler dealer. Customer states he is not sure if Mopar parts were used.
Briefly summarize what the customer is expecting: Customer seeking reimbursement for completed repairs. Agent advised reimbursement could be considered if customer can supply information that Mopar parts where used and that part number match recall requirements. Agent advised if repair facility is not a Chrysler dealership, only cost of parts can be applied for, providing they are Mopar replacement parts. Agent advised customer that since recalls are showing as incomplete, customer could still have recalls completed by an authorized Chrysler dealer at no charge to him. Customer states he will call back in once he can determine if Mopar parts where used in repair.

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Reimbursement	reimbursement inquiry

Briefly summarize why the customer is contacting Chrysler: Adam stated that he purchased this vehicle from an individual on Craig s List. Customer stated that the previous owner advised the customer that the vehicle had a new front end. Customer stated that he had to replace the tie rods after they failed. Customer stated that he didn t use MOPAR parts for the repair. Customer stated that he never has his vehicle repaired at a dealership.
Briefly summarize what the customer is expecting: Customer would like to see if he can get reimbursement under the N62 recall.
Writer advised the customer that the N62 recall only applied to Mopar service parts steering linkage.
Customer stated he is not sure if the vehicle had a Mopar service parts steering linkage installed. Customer stated that he would contact the previous owner to see if a work order is available showing that a Mopar service parts steering linkage was installed on the vehicle.
Customer calls seeking recall information. Advised the customer of incomplete recall N62 for this vehicle. Customer was advised to contact a Chrysler, Dodge, or Jeep dealer to schedule an appointment to complete recall repair.

Recall - H46: STEERING LINKAGE - Reimbursement	parts reimbursement
Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Reimbursement	parts reimbursement

Briefly summarize why the customer is contacting Chrysler: Customer stated he replaced the parts for the whole steering linkage and the tie rods.
Briefly summarize what the customer is expecting: Customer seeking reimbursement
agent provided mailing address but advised the customer because he put 2009 parts in a 2008 vehicle he may not get the reimbursement.
POSTMARK DATE: 123113; DATE RECEIVED: 010814
Documents attached for review.
Agent reviewed documents submitted by customer and found customer had repairs completed at an IRF and had recall H46 completed in 2010 and no parts were replaced at that time.
Agent called customer and left a message asking that the customer contact CAC to discuss the request.
****
Next agent please advise customer unless they have documentation showing there was a previous repair completed on the steering linkage components listed in recall N62 the repair is not related to the recall and Chrysler is not willing to reimburse the customer for the cost of the repairs at this time.
Customer has called back. Writer advised the customer of lines 16-20.
Writer advised the customer of mailing address as per answer id: 17420 and informed the customer to attach the CAIR [redacted] onto the submitted documentation.
Agent waiting for documentation.
Agent waiting for documentation.
Agent waiting for documentation.
Status update provided via email to the following email address:
[redacted]
My name is Greg and I am contacting you from the Chrysler Reimbursement Team. I have been waiting for your additional documents but they have not arrived yet. I will keep this file open for two more days and then will close it. When the documents arrive the case can be reopened and processed as normal. If you have any questions please feel free to contact 1-800-853-1403 and refer to the case number [redacted]

End of Status Update
Briefly summarize why the customer is contacting Chrysler: Customer stated that he sent in documentation for the reimbursement and that he hasn t heard anything back about if he will be receiving reimbursement . Customer stated he went to the dealership and got more documentation to send in saying that he had an inspection done and that verifies that he did have the parts replaced. Customer stated that he has no documentation for the labor of getting this part replaced because he did the labor himself because it is what he went to school for. Customer stated that the bill for the parts is the only documentation he has other then what the dealership gave him today. 01/24/2014.
-
Briefly summarize what the customer is expecting: To find out if we have received all the proper documentation. Customer states he is sending more in.
-
Agent advised customer of the mailing address to make sure he was sending all documentation to the right address. Agent stated to customer that he could send in the documentation that he received from the dealership if he thinks it is the documentation that we are also needing to process the reimbursement request.
Agent called dealer and spoke with SA Cory Johnson who confirmed the recall was completed yesterday.
Agent called customer and advised that the repairs don t qualify for reimbursement and that the parts installed on the vehicle may need to be replaced due to the N62 recall. Customer understood.

****** Below Customer Contacted for Documentation Request ******
[redacted]
Briefly summarize why the customer is contacting Chrysler: Customer is contacting Chrysler for information on recall reimbursement.
Briefly summarize what the customer is expecting: Customer is expecting information on recall reimbursement. Customer stated that he has already had the N62 recall completed 1 to 2 months ago. Agent informed Customer of required information and sent a documentation request link to Customers email address. reassigning cair to 86Y
Waiting for Documentation.
Documents have not been received.
Customer called in stating that he could attach the documents to this link. Customer asked for a fax number that he could send the documents in to. Agent gave FAX: 877-768-5076 to customer. Customer also asked to send the link again.
****** Below Customer Contacted for Documentation Request ******
[redacted] on 2014-01-06 @ 14:11
Called Customer at [redacted]2. Spoke with customer and advised that we have not received the Documents. Agent advised that the recall applies to vehicles that have had the Steering linkage repaired before the tie rods and that if the Customer could to send in anything to show that the steering linkage was replaced.
Customer did not understand and states that they replaced the steering linkage and the tie rods and several other things.
Agent advised that the Customer would need to show that the steering linkage was replaced before - Customer still did not understand and states that he will send in the Documents and let CAC review.
Closed CAIR. Documents not received.
Reassigned to JK671 By-pass.
Customer called back.
Customer stated he has not heard back regarding his reimbursement and wants to know what is going on.
Agent advised customer that they we need the documents showing that they had the steering linkage replaced prior to the tie rods , in order to review for reimbursement.

Agent advised customer that the previous agent was waiting to receive documents and did not receive anything.
Customer stated he obtained a copy of the requested documented and would fax them in.

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Information Request	Customer seeking recall information

Briefly summarize why the customer is contacting Chrysler: Customer seeking information on the tie rod assembly recall notice they just received. Customer states that they have had numerous issues with the vehicle so they wanted to verify what recalls have been done in the past as they believe they already had this completed. Agent advised that this is a new recall it was just launched that is why they received the notice. Agent advised the customer of the other previous recalls that were already completed as well. Customer thanked the agent and disconnected the call.

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Reimbursement	Customer seeking reimbursement

Briefly summarize why the customer is contacting Chrysler: Customer states he got the tie rod replaced yesterday and would like reimbursement.
Briefly summarize what the customer is expecting: customer seeking reimbursement
Agent advised to send in receipts to address at the bottom of his recall letter.
POSTMARK DATE: 011514; DATE RECEIVED: 011514
Documents attached for review.
Agent reviewed documents submitted by customer and found customer had repairs completed at an IRF and submitted documentation showing only 1 repair.
Agent was unable to find a phone number to contact customer.
Status update provided via email to the following email address:
[redacted]
My name is Greg and I am contacting you from the Chrysler Reimbursement Team. I have reviewed your request for reimbursement. Please contact us at 1-800-853-1403 and refer to the case number[redacted] so that we can discuss your request with you, thank you.
End of Status Update
Next agent please advise customer that the documentation has been reviewed and unless they have documentation showing there was a second repair completed on the steering linkage components or the tie rods listed in recall N62, then the repair is not related to the recall because they were not Mopar parts that were replaced and Chrysler is not willing to reimburse the customer for the cost of the repairs at this time. Please also advise the customer to contact an authorized Chrysler dealer to have the recall completed.
Customer called back.
Agent advised customer of lines 21-28.
Customer wants to know exactly what documents to submit.
Agent contacted GG467.
GG467 states the customer would have to submit prior service repair invoice stating the tie rod was replaced.
Agent advised customer of this.
Customer states the vehicle has never been to the DLR for a recall repair

and he has done everything himself.
Agent advised customer that we have it on file that the recall was completed on the vehicle.
Customer states this is going no where it was never completed so I guess it will not be reimbursed.
Customer disconnected call.

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Other	Customer already had to pay for this recall repair

Briefly summarize why the customer is contacting Chrysler: Customer said he had to repair his vehicle 2 separate times. The first time was the one side of the tie rod. The second time was the whole tie rod assembly.
Briefly summarize what the customer is expecting: Agent let the customer know he could submit all of his receipts and that reimbursements usually takes 4-6 weeks to process.
POSTMARK DATE: 010814; DATE RECEIVED: 010814
Documents attached for review
Agent reviewed documents submitted by customer and found customer had 2 repairs completed at the same IRF and used Moog parts, not Mopar parts.
Agent called customer and left a message asking that the customer contact CAC to discuss the request.
****
Next agent please advise customer due to the repairs the customer submitted being completed with Moog parts and not Mopar parts the customer is not eligible for reimbursement at this time. Please advise customer the recall still needs to be completed and the vehicle must be inspected at an authorized Chrysler dealer in order to perform the recall.
Customer called to find out about the phone message he was left and the case number. Agent pulled up the case and advised the customer of information on lines 14-19. Customer became upset and began to advise the agent of new information to be considered. Customer called stating that there is no chrysler dealership in this town that he lives in.
Customer could not take the truck to the next dealership which is Sport 44943 in Fort Bragg because customer is a police officer and was involved as the lead investigator of a case researching the mechanic at the dealership and he was being investigated as a pedofile. Customer is a police officer in UKIAH , CA he was a concern the mechanic would tamper with his vehicle. Agent advised that she would add the new information to the case file and let the other agent know.
Agent called customer and advised that the repairs don t qualify for reimbursement and that the parts installed on the vehicle may need to be replaced due to the N62 recall. Customer understood and was unhappy with the decision.

Recall - N49: LEFT TIE ROD - Information Request	Customer states that his tie rod fell off

Briefly summarize why the customer is contacting Chrysler: customer states that he has no steering because the tie rod broke off. customer states that he is wondering if he can get a rental car because his vehicle broke down.
Briefly summarize what the customer is expecting: customer seeking goodwill and information.
Agent advised customer that the dealership Jim Cogdill Dodge Chrysler jeep
Contact number: 865-960-1611 is current closed and they will be there at 8am
Agent advised customer that he should get a call back tomorrow.
Re-assigned 86T
Customer contacted Ram regarding his vehicle because he states the tie rod broke off. Customer is seeking a rental vehicle. Customer does not fall within our parameters to assist with a rental, and when contacting the SM Rodger from the dealership, SM stated he would not offer a rental. Writer advised the customer, customer understood.
Customer called in seeking information on receiving a rental and receiving the part as fast as possible. Agent advised Customer that we where unable to provide a rental. Agent contacted Jim Cogdill Dodge Chrysler jeep and spoke with a parts advisor. Agent was informed that they are unable to order these parts as of yet they should be able to order them January 6th. Agent informed Customer of this and stated once the part is ordered January 6th to get an eta on the part if it is a long period of time give us a call back and we can look into expediting this part.
*****Issue has been resolved, reassign to JC2188, return for next step.*****
Customer states that they are seeking reimbursement for towing. Writer advised that the mailing address is provided on the recall letter. Customer understood.
SA Wendy called on behalf of the customer inquiring about rental. SA stated the customer advised that CAC had approved rental for the customer. Agent advised SA Wendy the customer was advised by both CAC and the SM from the dealership as per lines 13-20 that rental was not being offered; customer does not fit the parameters to assist with a rental.

Customer was calling in to get a rental vehicle approved. Agent advised the customer that on 12/31/2013 the dealer declined to put him in a rental vehicle and advised the customer that today the dealership contacted us to see if we could approve a rental vehicle but we are not able to. Agent explained to the customer that a rental vehicle is a consequential expense that is not covered by Chrysler unless you purchase a service contract that offers rental coverage. Customer requested a supervisor. Agent informed the customer that we are empowered to make these decisions. Customer understood and stated that he will contact his lawyer and disconnected the call.

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Information Request	N62 recall
Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Reimbursement	Possible reimbursment.

Briefly summarize why the customer is contacting Chrysler: Customer called for recall N62.
Briefly summarize what the customer is expecting: Customer is expecting to find out if work done on customer vehicle had anything to do with the recall.
Customer called to say that he just received a recall notice for the N62 and he has already had some repairs done to the front end. Customer was wondering if the work he had done was that of the recall and if it was could he be reimburse for the work that was already done. Agent advised customer to schedule an appointment with his Chrysler dealership and have the dealership look at the vehicle. If the dealership deems that the repairs done to the vehicle is the right repair for the N62 then customer may fax all documentation to Chrysler for possible reimbursement. Agent advised customer that if the work done to the customer s vehicle was not the recall repair then the dealership will do the recall at no cost to customer.

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Information Request	Inquiring about N62 Recall
Corporate - Reimbursement - Default - Default - Default	Inquiring about steps to take for reimbursement

Briefly summarize why the customer is contacting Chrysler: Customer is contacting Chrysler for the steps needed for a reimbursement request.
Briefly summarize what the customer is expecting: Customer states that she has already fixed the left tie rod assembly on her vehicle and needed the address and information to send a reimbursement request. Agent provided customer with the information as per AC 17420.
POSTMARK DATE: 010314; DATE RECEIVED: 011014
Documents attached for review.
Agent reviewed documents submitted by customer and found customer had repairs completed at an IRF and submitted proof of payment. Agent found customer had recall H46 completed in 2012 and no parts were replaced at that time.
Agent called customer and advised that the repairs don t qualify for reimbursement and that the parts installed on the vehicle may need to be replaced due to the N62 recall. Customer understood and states she had Moog parts installed.

Recall - N49: LEFT TIE ROD - Information Request	Customer called to advise no parts on recall

Briefly summarize why the customer is contacting Chrysler: Customer called about recall N49
Briefly summarize what the customer is expecting: Customer called and advised that the parts were not available for this recall. Agent looked at the recall on Answer Connect Answer ID 24054 and Agent advised the Customer that the notice advises the Customer to contact the Dealer after January 6, 2014 and arrange to have the work done. Customer was unhappy with this that the notice has gone out but not parts available. Agent advised that the parts are coming out staggered but the Customer was still upset with this.

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Other	Customer received letter and finds it doesn't make sense

Briefly summarize why the customer is contacting Chrysler: Customer called to voice his opinion about the N62 recall letter he received. Briefly summarize what the customer is expecting: Customer seeking to voice his opinion about his disapproval of the letter. Customer states the letter should be worded differently as it creates a sense of doubt on the safety of his vehicle. Customer states the letter contradicts itself by asking the customer to call the Dealer to order the part then it says it may not be necessary to repair if inspected. The customer states the letter doesn t make sense to the average person. Customer will call the Dealer at his convenience and will ask more questions about the diagnosis procedure.

Recall - N49: LEFT TIE ROD - Information Request	Customer seeking recall information.
Corporate - Survey By-Pass - No Diagnosis - Default - Default	

Briefly summarize why the customer is contacting Chrysler: Customer states vehicle tie rod has broke and vehicle is at dealer (68428).
Customer states he contacted dealer at beginning of December about recall N49 and was advised recall was not on vehicle. Customer states dealer advised parts to repair recall are not 01-06-14. Customer states dealer advised customer vehicle can be repaired with aftermarket parts and customer can submit for reimbursement. Agent advised vehicle is used to work and he needs vehicle repaired to avoid loss of income.
Briefly summarize what the customer is expecting: Customer seeking information on recall.
Agent advised customer dealer N49 was applied to vehicle 12-20-13. Agent advised customer Chrysler recommends all recall issues be repaired with Mopar parts. Agent advised customer at this time it is his decision how to proceed. Agent advised customer he is able to submit for reimbursement but reimbursement is not guaranteed.
Survey Bypass, No Repair. Reassigned SG893

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Information Request	Customer seeking recall information.
Product - Suspension - Tie Rods / Drag Link - Other - Front	Front left tie rod end inquiry.
Recall - H46: STEERING LINKAGE - Reimbursement	Recall related reimbursement inquiry.
Corporate - CNA Change - Default - Default - Default	Updated coin.
Corporate - Survey By-Pass - No Diagnosis - Default - Default	

Briefly summarize why the customer is contacting Chrysler: Customer (Angela/spouse) seeking information related to the current recall n62 and past recall h46. Customer states 01/31/2013 she was backing out of driveway and the tie rod end broke off. Customer states her husband brought it to the DLR to have it repaired and paid out of pocket $488.13 for the repair. Customer states she was not aware she had any recall but her husband usually takes care of things. Customer states she now got a letter for the tie rod ends and wants to know if she needs to fix it as the DLR looked at the vehicle and already ordered the parts for the recall. Customer states she was advised to submit her receipts to Chyrsler for reimbursement.
Briefly summarize what the customer is expecting: recall information and reimbursement inquiry.
Writer advised customer of recall n62 and h46.
Writer advised of reimbursement address as per letter If you have already experienced this condition and have paid to have it repaired, please send your original receipts and/or other adequate proof of payment to the following address for reimbursement: Chrysler Customer Assistance, P.O. Box 21-8007, Auburn Hills, MI 48321-8007, Attention: Reimbursement. Once we receive and verify the required documents, reimbursement will be sent to you within 60 days.
Writer spoke to SA Matt at 44764 Dealer Name : ASHEVILLE DODGE INC who stated the customer came in January with the original concern was a broken tie rod and replaced the inner tie rod and alignment was done. SA Matt states the customer was just in for an inspection and the parts for the recall n62 has already been ordered. SA Matt states he advised the customer to send in her past receipts for reimbursement review for a related recall repair as she paid out of pocket $488.13.
Writer advised customer to continue to send in the receipts for reimbursement review with a 60 day process and to continue with the recall repair as suggested by the DLR.
Reassigned to lb546 for survey by pass.

FARMINGTON , NH-[redacted]5
Reference #[redacted]
Dear [redacted]:
Thank you for your recent letter regarding your 2006 DODGE RAM 2500 SLT QUAD CAB 4X4.
I have attempted to contact you by phone but have been unable to do so. Please contact me at
1-800-992-1997 to discuss your letter. Please refer to the reference number
above or have your Vehicle Identification Number (VIN) 6G140793 available when you call.
Sincerely,
William,
Customer Service Representative
Letter sent 1/13/14.
Briefly summarize why the customer is contacting Chrysler: The customer states he had a recall on his 2006 truck and he had it completed and then he was informed to send in his receipts and he could be refunded. The customer states he just received a letter telling him to contact Chrysler.
Briefly summarize what the customer is expecting: The customer is seeking

further information about the letter that was sent out to him on 1/13/2014. The writer tried to contact WL148 to seek further direction but was not able to reach him directly. The writer was not able to provide the customer with a clear explanation on what the letter was for so the writer has reopened the cair as directed by TL JE779 to forward back to WL148 to advise the customer further.
Customer Contact [redacted] Advised that the Documentation has not been received. Agent advised that the Case would Close temporarily in 2 days but would re-open when the Documents were received.
Closed CAIR. Documents not received.
Reassigned to JK671 By-pass.
POSTMARK DATE: 010614; DATE RECEIVED: 011414
Documents attached for review
Customer Contact [redacted] Spoke with [redacted] - Agent advised that the Recall applies to vehicles that have had the Steering Linkage replaced with a Mopar Upgrade Steering Linkage before having another repair.
Agent advised that with the information provided that Chrysler will not be able to reimburse for the repair.
Customer states that he was unsure of the repairs and recommended that the Agent call his Mom ([redacted] .
Customer Contact - Customer s Mom - Lori Levesque at [redacted] 0[redacted] Left message.
Next Agent - Please advise that the Recall applies to vehicles that had a Previous Steering Linkage Upgrade with a Mopar Steering Linkage. Please advise that the Invoice shows that the Mopar Upgrade Part was installed on 12/27/13 but in order to considered for reimbursement we would need Documentation that shows that the Mopar Upgrade Steering Linkage was also replaced before.
The Recall is for the Replacement Performance (Upgrade) Parts and not the Factory installed Parts.
If the Customer is unable to provide proof of the Steering Linkage that was in the vehicle at the time of the repair then advise that we will not be able provide a reimbursement.
Customer called because she received the message from WL148. Agent attempted to advised customer of the notes on file but found them to be confusing. Agent advised customer based on the recall notice, that the previous agent was likely trying to confirm what the steering linage that was replaced was, whether it was factory or already replacement parts. As the recall calls for recall of replacement parts that were themselves replacing factory steering linkage.
Closed CAIR.
Agent called for an update on file. Agent transferred customer to extension 4718140.
Agent advised that the Customer would need to provide Documentation to show that the Steering Linkage was a Mopar Steering Linkage.
Customer states that they do not have the Documentation as they had purchased the vehicle used.
Agent advised that without the documentation that there would be no way of showing that the Part came from the DLR.
Customer states that this was not explained to her when she called.
Agent advised that the Parts that are installed on the vehicle now (as per invoice sent in by the Customer) may be part of the Recall.
Agent advised that the Customer take the vehicle to the DLR to have the vehicle inspected.
Agent advised that if the Customer is able to find evidence that the Part That was replaced was a Mopar Part - then to submit for Further research.
Customer calling seeking to get a supervisor. Customer stated she is trying to get reimbursement on the part for the recall. Agent read over the file while customer was on hold. Agent went back to the customer.

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Information Request	Customer inquiry on the N62 recall
Corporate - Survey By-Pass - No Diagnosis - Default - Default	

Briefly summarize why the customer is contacting Chrysler: Customer stated that they have received notification on the N62 recall repair. Customer stated that he has never had the original steering linkage replaced on the vehicle. Customer stated he lives 30 miles from his closest dealership and is not able to get in for a couple weeks.
Briefly summarize what the customer is expecting: Customer seeking as to whether he is needing to bring his vehicle in for the diagnosis immediately.
Agent advised the customer that it does not appear as though the steering linkage has been replaced on the vehicle. Agent advised that a quick diagnosis is needed to determine whether the recall would be applicable to the vehicle. Agent advised the customer that the diagnosis is completed in the write up bay and would not be lengthy. Agent advised the customer that there is no immediate danger to him yet we would still like him to get in for the diagnosis at his earliest convenience.

***** Customer Document Received *****
Customer Document Reviewed.
4th attempt made to contact customer. Left message.
5th attempt made to contact customer. Left message.
Customer contacted writer and informed she was given a rental vehicle the day that her vehicle broke down. Customer informed she was too tired to make the 3 hour drive back to her house. Customer advised the rental vehicle was not a Chrysler vehicle. Writer informed CAC will get more information and contact her on Tuesday
Agent called the customer [redacted] Customer said a follow up Thursday will be fine.
Writer attempted to contact the customer. Writer left a message.
Writer received a voicemail form the customer requesting a call back.
Writer will contact the customer.
Writer attempted to contact the customer. Writer left a message.
The next step is to inform the customer CAC will goodwill $250.00 dollars of the rental.
Writer attempted to contact the customer. Writer left a message.
Customer contacted writer in regards to her case and inquired if CAC has come to a decision. Writer advised CAC is able to reimburse $250.00 dollars of the rental cost due to the vehicle being out of warranty and her being the second owner. Customer advised she feels that is unfair and would like to speak with a supervisor. Writer put the customer on hold and spoke with supervisor LV162 who advised writer to cover the full cost of rental at $419.97. Writer took the customer off hold and informed her of the new information. Writer asked customer to verify her information. Customer advised the address on file is her husband s boss and he is the owner of the vehicle. Writer informed CAC will need to look into the case to see if writer is able to reimburse since CAC usually works with the owner of the vehicle. Writer advised the customer of a call back on Monday.
Customer contacted writer requesting an update on her case. Writer informed customer since she is not the owner of the vehicle CAC is not able to assist with cost. Customer informed writer she is a customer but this is not her vehicle. Customer feels like she should be assisted with cost. Customer is upset because she did not receive a call from writer on Monday. Writer apologized and informed CAC put the wrong date for the follow up. Customer requested a supervisor. Writer advised there is not a supervisor available at this time. Writer advised a supervisor will contact her back.
**********SUPERVISOR CALL**********
Writer contacted customer [redacted] on phone number [redacted]
Customer stated that customer and husband was in the process of purchasing the vehicle from husbands boss. Customer stated the repair was due to a recall on the tie rod. Customer stated that customer had to pay for the rental vehicle for 3 weeks, the tow bill and the hotel bill.
Writer explained that with customer not owning the vehicle there would be no reimbursement from Chrysler. Customer stated that customer was told last week that customer would be reimbursed for half of the rental and then the decision was changed to full rental reimbursement. Customer stated that customer will blog the treatment and will go to FORD.
Customer disconnected the call.

Briefly summarize why the customer is contacting Chrysler: Customer states that the vehicle received the recall notification for the tie rod assembly. Customer states that Black Chrysler does not have parts available and does not have an ETA. Customer states this is a work truck and he needs the repair
Briefly summarize what the customer is expecting: Customer seeking recall repair
Agent advised customer that we are waiting for parts to remedy the recalls in most cases
Agent advised customer we can contact another local dealer to see if the parts are available
Agent contacted Steve White Motors Phone: 828-464-3458 and spoke with Broke SA
Brooke SA states they cannot begin to order parts or have available parts status until after January 6th, 2014
Agent advised customer of the information from Brooke SA
Agent advised customer to contact Steve White after January 6th to hopefully be able to order the recall parts
Customer understood and will call in the new year

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Information Request	LEFT OUTER TIE ROD ASSEMBLY
Corporate - CNA Change - Default - Default - Default	added primary phone number
Corporate - Survey By-Pass - No Documentation - Default - Default	

Briefly summarize why the customer is contacting Chrysler:
Part broke a month ago, had whole steering linkage replaced with 2010 steering linkage
Ball stud that broke is still weak, only had 45 000 miles on the new linkage. Customer stated that he fixed it himself. He replaced the tie rod end and also stated that the incident scrapped the rim: tie rod went right into the rim. Customer did not buy Chrysler part, customer bought MOD parts.
4 injector line rubbed a hole in engine, replaced it near Thanksgiving in Canada. Customer stated that this is a common problem, and did cost $85.00 for injector line.
Briefly summarize what the customer is expecting:
Possible reimbursement for the repairs completed to the tie rod assembly.

Recall - H46: STEERING LINKAGE - Information Request	customer is calling in for information about his H46 recall
Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Information Request	customer is calling in for information about his N62 recall

Briefly summarize why the customer is contacting Chrysler: customer is contacting Chrysler because he got a letter in the mail stating he had a recall on the left tie rod. Agent advised customer that he has 3 recalls, customer was unaware of the recalls. Customer states that he had the tie rod replaced and is looking for reimbursement. Customer told agent that he doesn t go to a dealer he goes to a mechanic, Agent asked customer if he wanted us to get in contact with a dealership, customer states that there was a dealership near him called Sleepy Hollow (608) 637-3482, agent asked customer if he wanted us to call to call his dealership, customer states that it will be okay and he will call himself. No further assistance was needed.
Briefly summarize what the customer is expecting: Customer was expecting information about the left tie rod that he already had replaced 6 months to a year ago.

CAIR RE-OPENED AND FOLLOWING REASON CODE(S) REMOVED
Survey By Pass - No Documentation
Agent reviewed documents submitted by customer and found customer submitted an invoice for repairs completed at an IRF. Agent found customer has open recalls on the vehicle and the customer did not submit any documentation showing any other repairs relating to the N62 recall.
Agent called customer and left a message asking that the customer contact CAC to discuss the request.
****

Next agent please advise customer unless they have documentation showing there was a previous repair completed on the steering linkage components listed in recall N62 the repair is not related to the recall and Chrysler is not willing to reimburse the customer for the cost of the repairs at this time.
Agent advised customer of lines 39 - 43 and customer stated he thought that was the proper documentation for that recall.
Agent mentioned that it is best he try and get the incomplete recalls repaired and agent can certainly assist him with locating a dealer closest to his home address.
Customer asked agent to contact closest dealer to him and that was Sleepy Hollow CDJR in Viroqua, WI Tel: 608-637-3482 and agent spoke to Ryan in parts and he has the E17 (flash) and H46 recall (part repair) and they can do the inspection for the N62 at that time but they do not have the part as of yet but can inspect customer s vehicle to see if it is needed.
Agent asked to be transferred to the service department but Ryan stated he can book those appointments for our customer and agent transferred and connected customer with Ryan at Sleepy Hollow CDJR.

Writer received a call from the customer. Writer apologized writer and customer have not been able to connect until now. Writer advised the recall attached to this vehicle is not from the manufacture this recall is for a Mopar service part. Writer asked the customer if there had been a repair prior to this one. Customer stated they purchased the vehicle used and this is the first repair for them. Writer advised there is information showing the vehicle had been inspected in 2011, at that time the linkage had not been replaced. Writer advised reimbursement will not be provided as the vehicle did not have the recalled parts at the time of the repair.
Writer advised the dealership will inspect the connection at the tie rod and replace the part if necessary at no cost to the customer.
Customer understood.

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Information Request	Customer seeking to confirm some information regarding recall

Briefly summarize why the customer is contacting Chrysler: Customer states that he recently received the notice for recall N62. Customer states he would like to clarify as to whether or not this recall only applies to vehicles that had specific parts installed. Customer also inquired as to if there is a deadline to complete the recall.
Briefly summarize what the customer is expecting: To be told as to if he should complete the recall even if he did not have any parts installed on the recall and to know if there is a deadline to complete the recall.
Agent advised customer that, even if the customer did not replace any parts on the vehicle, it is recommended to follow through with the recall or at least the inspection. Agent advised customer that there is no deadline to complete the vehicle.

Recall - N49: LEFT TIE ROD -	customer seeking recall repair
Corporate - Rental Vehicle - Default - Default - Default	customer seeking rental vehicle

Briefly summarize why the customer is contacting Chrysler: Customer states her husband was driving the vehicle with their three small children and the truck broke down. Customer states the vehicle has been at the dealer for over a week, it does have an open recall, but the dealer has given no ETA for the repair. Customer states she cannot be without a vehicle.
Briefly summarize what the customer is expecting: Customer seeking rental vehicle while the vehicle is down for the repair
Agent contacted 60326 Dealer Name : DICK MYERS CHRYSLER DODGE JEEP, Dealer Phone : 540-433-1600 and spoke with service
Terry SA states that there is a broken tie rod end, and they are working on locating a part from other dealers but do not know when the release of these parts are available
Terry SA states that no rental would be available, especially because this is a recall issue
Agent advised customer of the information from Terry SA
Agent advised customer that she is welcome to get a rental vehicle while they are waiting for the parts, but it would out of customer pocket
Customer states she purchased an extended warranty
Agent advised that a third party company must be providing the coverage and a contact would have to be contacted to see whether or not they would release a rental under that warranty in this case
Agent advised customer that in most cases rentals are not provided when it is a recall issue
Agent advised customer that we are still waiting for parts and there is no status update available until the 6th of January
Customer states they need a vehicle
Agent advised that in this case a call to the extended warranty company may make an exception and provide a rental vehicle. Otherwise a rental could be purchased by the customer out of pocket
Customer disconnected
Agent attempted a call back that went to voicemail
Agent is closing case

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Information Request	Customer seeking information on recalls.
Corporate - Survey By-Pass - No Diagnosis - Default - Default	

Briefly summarize why the customer is contacting Chrysler: Customer seeking information on recalls.
Briefly summarize what the customer is expecting: Customer seeking after inspection for the recall, if the linkage needs to be replaced, if it is covered. Customer states that he is experiencing issues with his steering linkage. Customer states he is experiencing the death wobble where his whole front end comes up and shakes violently. Customer seeking if there has ever been a recall for the steering linkage.
Agent advised customer a steering linkage recall was completed in 2009. Customer states he did not purchase his vehicle until 2011.
Agent contacted TAYLOR CHRYSLER JEEP DODGE 44372 about if there were any repairs. Agent spoke with Service Advisor Jim. SA states the inspection was completed but there were no parts installed or replaced.
Agent advised customer there was only an inspection completed. Agent advised customer if he brings his vehicle to the dealership they can inspect it to see if the issue he is experiencing is due to the recall.
Agent advised customer if it is not due to the recall, the diagnosis and repair cost would be cost to him.

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Information Request	Customer called in seeking recall information.
Corporate - Survey By-Pass - No Repair - Default - Default	

Briefly summarize why the customer is contacting Chrysler: Customer called in stating they received a recall notice in the mail and a few Weeks ago their right tie rod snapped and almost caused an accident. Customer would like to know if she can get reimbursed for this. Agent advised that the customer go to the dealer after January 6th 2014, to have her vehicle inspected to see if she has the steering linkage in the recall. Agent advised if she does that she can submit her documentation for possible reimbursement.
Briefly summarize what the customer is expecting: Customer is expecting agent to provide the requested information.
Reassign recall parts unavailable.
Customer called in stating that she has her receipt from when she had this replaced but the VIN is incorrect on the receipt. Agent advised that she needs to go back and have them correct the mistake on the receipt.
SM Jason called in on behalf of the customer regarding the issue with getting her reimbursed. The dealership made a mistake on her vin number, 3d7ks28a88[redacted] is correct and 3d7ks29a98g[redacted] is incorrect. Agent advised the SM that he would have to make a new repair order with the correct vin number printed on it, in order for chrysler to reimburse the customer.

Recall - H46: STEERING LINKAGE - Advise Owner/Incomplete Recall	Advised of recall
Product - Suspension - Tie Rods / Drag Link - Broken - Unknown	Tie rod defective
Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Reoccurance or Related Problem	Tie rod issue

Briefly summarize why the customer is contacting Chrysler: Customer calling in due to the fact that he recently got into an accident because his tie rod assembly failed.
Briefly summarize what the customer is expecting: Customer is expecting to receive assistance due to the fact that he believes the reason why he got into the accident was because the recall, as he received the notification regaurding his vehicle a few days after the accident. Customer also states that the dealership advised that his vehicle was not affected by the recall.
Agent advised: Agent contacted the dealership and spoke with Bo Gray in service and he advised that the reason why he stated to the customer that he wasn t affected was because in the information he received regaurding the action to take in order to complete the customers recall stated if the customer had a certain assembly, which the customer had, the vehicle was not affected. Agent then inquired about the issue that caused the customer to get into an accident. Bo stated that the part that failed was the right outer tie rod, which was not in relation to the recall. Agent advised Bo to contact his business centre to confirm that the issue that caused the accident was not in relation to the recall, as he seemed unsure. Agent also advised dealership to inquire about if the assembly the customer had confirmed that the customer wasn t affected in order to complete the two recalls that are still open on the customers VIN. Bo agreed that he would to confirm the information. Agent advised customer of this information and he was satisfied.

N62 - Safety Recall - Left Outer Tie Rod Assembly / Dodge RAM
Answer ID 24057
What are the details of this recall? Owner letters are scheduled to be mailed the week of December 16, 2013.
Models:
2003 and 2004 model year (DR) Dodge Trucks (2500 series)
2005 through 2008 model year (DH) Dodge Trucks (2500 series)
2003 and 2004 model year (DR) Dodge Trucks (3500 series)
2005 model year (DH) Dodge Truck (3500 series)
2006 and 2008 model year (D1) Dodge Trucks (3500 series)
IMPORTANT: This recall only applies to vehicles that had certain Mopar service parts steering components installed.
Subject: A Mopar service parts steering linkage may have been installed on some of the 705,000 of the above vehicles during a prior service

appointment. The left tie rod ball stud on the Mopar service parts steering linkage may fracture under certain driving conditions. This could cause a loss of directional control and/or a crash without warning. Repair: The steering linkage assembly must be inspected and replaced if required.
H46 completed 06/03/2010. Inspection only so at that point vehicle had original equipment.
Not the original owner.
Five(5) vehicles household, four(4) they are still current owners.
No MVP.

Product - Suspension - Tie Rods / Drag Link - Other - Unknown	LEFT OUTER TIE ROD ASSEMBLY
Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Information Request	LEFT OUTER TIE ROD ASSEMBLY

Briefly summarize why the customer is contacting Chrysler: Customer stated he received a recall on his Dodge Ram. Customer stated that the right tie rod failed in the summer and they replaced all of the steering linkage underneath.
-
Briefly summarize what the customer is expecting: Customer seeking technical and reimbursement information about the recall.
-
Agent advised customer he could have his vehicle inspected now to see if the steering linkage assembly must be replaced as specified in the recall. Agent informed customer starting January 6, 2014 he could contact a Chrysler, Jeep, or Dodge dealer to schedule a service appointment to have the repair completed if required.
Agent advised customer he could submit his repair order and proof of payment for recall reimbursement consideration. Agent offered to provide the customer where and how to submit his documentation. Customer stated he would mail it in to the address on the recall notice.

Recall - N49: LEFT TIE ROD - Information Request	Customer stated great concerns re: safety of driving vehicle
Corporate - CNA Change - Default - Default - Default	Telephone update

Briefly summarize why the customer is contacting Chrysler:
Briefly summarize why the customer is contacting Chrysler: Customer concerned about the safety and delay in Recall N49
Briefly summarize what the customer is expecting: Customer expecting means of accelerating delivery of parts.
Customer stated that he wanted it noted that he has great concerns regarding the safety of driving vehicle with outstanding recall.
Customer stated hesitancy in driving vehicle with such a life risking hazard.
Customer stated that he want Chrysler to note the unsatisfactory manner of recall.
Customer stated that his Dealer has placed him on a waiting list of 700 customers with no real ETA of resolution.
Writer apologized for the necessity for the recall and for the Customers sense of risk.
Writer stated to Customer that Dealers will be in a better position to suggest an estimated date once the required parts begin shipping.
Writer proposed course of action that Customer sees dealer Jan 6 and discuss an expected delivery date once Dealer has a count of the number of parts received.
Customer accepted this course of action.
Writer confirmed that Customers concerns were noted for Chrysler.
Writer advised Customer of his CAIR number and to please call back if he considers the proposed installation date unreasonable.
Customer thanked Writer and indicated his concerns had been met.

Corporate - Reimbursement - Default - Default - Default	Customer Seeking Reimbursement for Recall Repair
Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Reimbursement	Customer seeking recall reimbursement

Briefly summarize why the customer is contacting Chrysler: Customer is contacting Chrysler because they previously paid for a repair covered under the N62 recall and are now seeking reimbursement.
Briefly summarize what the customer is expecting: Customer is expecting to know how to apply for reimbursement for a recall repair.
Agent informed Customer how to apply for recall reimbursement as per AC ID 17420.
POSTMARK DATE: 010314; DATE RECEIVED: 011014
Confirm name and address matches COIN & HPIMS: Customer s information matches HPIMS
Any open recalls: N62 LEFT OUTER TIE ROD ASSEMBLY
Name of person writing in: [redacted]
Does customer have an e-mail address: [redacted]
Concern: Customer is seeking recall reimbursement for N62 LEFT OUTER TIE ROD ASSEMBLY recall in the amount of 1939.74.
Reviewed previous files: Yes
Reassigned to 86Y
Agent reviewed documents submitted by customer and found customer had repairs completed at an IRF and had the recall H46 completed in 2010 and had no parts replaced at that time.
Agent called customer and left a message asking that the customer contact CAC to discuss the request.
****
Next agent please advise customer that the documentation has been reviewed and unless they have documentation showing there was a second repair completed on the steering linkage components listed in recall N62, then the repair is not related to the recall because they were not Mopar parts that were replaced and Chrysler is not willing to reimburse the customer for the cost of the repairs at this time.
Customer called back stating she had received a call from GG467 and was returning it.
Agent advised customer of lines25-29.
Customer very upset because no one ever told her that she had to repair vehicle with MOPAR parts in order to be reimbursed for anything, she was just trying to keep her family and business safe when she went to an IRF.
Agent inquired if the IRF gave her the option of using MOPAR or other brand parts, she said they didn t but also didn t realize it would matter when it came to recall parts that broke from the factory.

Customer stated she will never buy Chrysler again and called agent pathetic and hung up.

Case ready for closure.

Recall - N49: LEFT TIE ROD - Information Request	Customer requesting part information regarding N49 recall
Corporate - CNA Change - Default - Default - Default	Unable to update contact information - Fleet Vehicle

Briefly summarize why the customer is contacting Chrysler: Customer states that he received the communication for the recall N49 for the Left Tie Rod. Customer states that he contacted the dealership and they informed him that the parts to complete this recall would not be available until April of this year. Customer would like to know if there is any documentation saying that this vehicle is not driveable due to the recall. Writer informed customer there is no documentation saying that the vehicle is undriveable. Customer would like to know if there is an idea of when parts are available. Writer spoke with Chris - Parts Manager - Black Chrysler (45489). Parts Manager advised that there are two parts required for the recall 1st part - CBUEN491AA & 2nd part - CBUEN492AA, which are not available yet. Parts Manager advised that when they put the order in it comes back cancelled because the parts arent available yet. Writer spoke with TL Julie regarding concern, and was advised that its cancelled because the parts arent available until January 6th. Writer advised customer to contact the dealership back on or after January 6th to have the order for the part put in, if the part is on Backorder at that time then we can follow proper process to see about getting that part earlier. Customer understood.
Briefly summarize what the customer is expecting: ETA of part availability on recall.

Recall - H46: STEERING LINKAGE - Reimbursement	Customer seeking reimbursement .
Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Reimbursement	Customer seeking reimbursement.

Briefly summarize why the customer is contacting Chrysler: Customer seeking reimbursement for the H46 recall and the N62 recall. Customer stated that he had the recalls already performed at an independent dealership.
Briefly summarize what the customer is expecting: Agent verified the file and began the case, but customer disconnected before the reimbursement mailing address and information could be given. Agent will attempt to call back. [redacted])
Briefly summarize why the customer is contacting Chrysler: Customer called in regards to posible reimbursment. Customer states that he had H46 and N62 recall completed and an IRF. Customer also states that he was told by the IRF that these recalls can also damage the steering box and wanted to know if he could get reimbursed for that as well.
Briefly summarize what the customer is expecting: Customer seeking reimbursment.
Agent advised Customer of the fax number for reimbursment and advised the Customer to add the RO s and proof of payment. Agent also provided the case number. Agent advised that the only we could look at possible reimbursment for the steering box is if the Customer had it looked at a CJDR DLR and it was determined that the recalls caused the steering box to go bad. Agent explained once the decision is made on reimbursment the Customer will be notified. Customer thanked Agent.
The customer wanted to know if he could e-mail us his request for reimbursement, agent advised he could not, he would have to either fax it to us, or mail it in we cannot process a reimbursement via e-mail.
POSTMARK DATE: 010314; DATE RECEIVED: 010314
Customer has submitted documentation by fax. As per process writer is assigning to 86Y for further review.
Customer called for a status update of his recall reimbursement. Agent advised the documents were received on January 3 2014 and the case was sent to the department for reimbursement review. Customer states that is all he wanted to know and thanked the Agent.
Agent has reviewed documentation and the customer does not have any history of having the part replaced by a Mopar part as the recall is for a Mopar part. Please call the customer and deny any reimbursement unless more information is forth coming. The recall H46 is also for Mopar parts and the customer has no indication of prior replacement
Agent contacted Customer and stated lines 33-37.

****** Below Customer Contacted for Documentation Request ******
[redacted] on 2014-01-10 @ 12:19
Caller: Ms[redacted]
Agent made no promises or commitments.
Briefly summarize why the customer is contacting Chrysler:
Customer called in as she is seeking to be reimbursed for the towing fees.
The dealership has confirmed that the vehicle broke down and had to be towed as a result of the tie rod breaking, which is under recall N49.
Agent sent document request link and advised her documents will be reviewed for reimbursement consideration.
Agent called to the dealership and spoke to SM Keith. He confirmed that the tie rod broke on the vehicle, which is under open recall. He said that they got some parts in stock today, that are the old style, not the new updated parts. They will put those on the vehicle to get the vehicle

back up and running. When the new updated parts become available they will have them bring back the vehicle to have the recall done properly. This saves the vehicle from being down for a long period of time while waiting for the new parts.
Agent explained to [redacted] that someone will be in touch with her once the documents have been received and reviewed.
Agent waiting for documentation.
Agent waiting for documentation.
Agent waiting for documentation.
Status update provided via email to the following email address:
[redacted]
My name is Greg and I am contacting you from the Chrysler Reimbursement Team. I have been waiting for your documents but they have not arrived yet. I will keep this file open for two more days and then will close it. When the documents arrive the case can be reopened and processed as normal. If you have any questions please feel free to contact 1-800-853-1403 and refer to the case number[redacted]
End of Status Update
[redacted] calling to because she received an email from her case manager Greg advising that her case will be closed if she does not send in documentation in the next two days.[redacted] states that she is waiting for the paperwork from her accounting department and cannot guarantee that she will get it from them on time, as it is a long process and not just as simple as getting the papers and scanning them. Writer wants to advise Greg that she is still going to send in her documentation as soon as possible and requesting that the case stay open.
Agent has not received documents and is closing case at this time.
Case reassigned for survey by-pass.

Product - Steering - Unknown - Other - Default	Drive link needs to be replaced
Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Other	Vehicle inspected and part is fine

Briefly summarize why the customer is contacting Chrysler: Customer states vehicle was into DLR for a brake job and the recall was inspected on the vehicle. Customer states the DLR told him components of his steering linkage need to be replaced. Customer states he thinks this should be covered under the recall. Customer states the vehicle needs a wheel alignment, and new sway bars.
Briefly summarize what the customer is expecting: Customer seeking information of coverage of recall.
Agent confirmed and updated customer information.
Agent contacted DLR code 44454 and spoke to SA Robert.
SA states the vehicle needs an updated drive link which includes steering dampener, and then wheel alignment.
SA states he tried to explain this to the customer twice now that the parts that need to be replaced are not covered under the recall.
Agent advised customer of what the SA stated.
Customer states he does not understand why it is not covered.
Agent advised customer that unfortunately it is not covered under the recall and the repairs would be at cost to him.

Writer called dealer, spoke with SM Jimmy. SM states that the recall was repaired in January and the customer has had his vehicle for a while since they sealed the leak in the differential pan. SM states the only thing they are waiting on is the cover set and the ETA has been set back until May. Writer asked SM if the damage to the tires was because of the broken tie rod. SM confirmed it was but advised that the AM declined assistance for new tires due to the fact that they were aftermarket and not from the dealership. Writer thanked SM and advised that we will update the customer with any new information we have.
Writer called customer, left message with contact information.

Writer contacted dealer 254-772-1000, SM Brandon no answer left message stating writer was calling to get part information on recall part and to see if an RA for rental extension for the customer is ok with SM.
CONTACT UPDATE - 1st Contact attempt, phone number dialed, [redacted]7 customer stated that he had to wait for hours for the rental and then did not get it until 2 days after waiting. Customer advised that his expectations are to have a vehicle that the front end does not continue to drop off. Customer stated that this is the 3rd time that the vehicle has been at the shop for this issue and he does not want the vehicle anymore. Writer advised that she can work with the dealership to get the recall completed. Writer advised that she will need to speak with the SM to get the part information and send to parts expediting to get part as soon as possible. Writer advised that she will need to speak with SM about extending rental also if needed. Customer understood. Follow up set for no later than 1/8/2014.
ASM approved reimbursement of CP tie rod repair. Amount of 304.05 dollars. ASM declined to participate on any trade assistance.
Writer contacted dealer 254-772-1000, SM stated that he has been trying to order parts and when he tries the order gets kicked off and gets a message saying its a new model. SM asked if there is anything writer can do to assist SM with getting part ordered. Writer advised that she will look into that. SM advised that he does not want to do an RA fro rental. SM gave writer mileage of 92232.
Voicemail from customer left number s [redacted].
Jimmy from 45456 calling to find out the decision regarding rental for this customer. Jimmy is looking to speak to the case manager. Writer connected him to the case managers voicemail.
Voicemail from customer left number [redacted].
Voicemail from Jimmy and dealership left number 254-300-4366.
Writer contacted dealer 254-772-1000, writer stated lines 68-73 to SA Jimmy. SA stated that they are still having an issue with getting the part ordered and that if the SM had said no RA for rental that he will stick with that. writer advised that SA will have to keep trying to order that part and maybe reach out to his AM to see if there is anything the Am can do about getting part ordered. Writer advised customer can get rental on his own and writer can look into reimbursement for rental.
Writer contacted customer at [redacted] No answer left message stating that the dealership is still trying to order part. Writer advised that she will be contacting Corporate Resources about getting part ordered. Writer stated that if customer needs rental may have to get rental on his own and wrier can look into rental reimbursement. Follow up set for 1/13/2014.
** Contact Update ** Writer md1276 took customer s call. Customer is not happy with customer s vehicle. Customer stated customer does not feel safe driving customer s vehicle and customer wants out of customer s vehicle. Customer is requesting for a trade-in or some kind of cost assistance with the trade-in. Customer stated that the Service Dept at Allen Samuels is great to work with but not the Sales Dept. Writer advised customer writer will notate customer s concerns and the original CM Kim will contact customer within the next 2 business days.
Writer contacted dealer 254-772-1000, Steven in parts stated that he has contacted expediting to try to get the part. Steven stated that he was told that this is a new model block and waiting for Chrysler to release the part.
sent AM email.

Briefly summarize why the customer is contacting Chrysler: Customer states that he recently purchased this vehicle 2 weeks ago from a Used Car lot. Customer states that this vehicle has the recall for the N49 Left Outier Tie Rod Assembly. Customer states he was driving the vehicle and the tie rod broke, causing the steering link to bend. Customer states he had to turn his steering wheel afterwards in order to get the vehicle off the road. Customer states he had the vehicle towed to Hudson Motor Co (44680) for diagnosis. Customer states that the dealership said the Tie Rod would be replaced under the warranty but the Steering Link would not bed. Customer feels that this is a consequential repair needed because of the recall part failing. Writer advised customer would like to look into this further. Writer spoke with Chris - Service Manager - Hudson Motor (44680). Service Manager advised that the vehicle came in with a broken left tie rod. Service Manager advised the Tie rod will be covered by the recall however the vehicles steering link is also damaged. Service Manager advised that this was not caused by the Tie Rod but rather looks like something had pulled on it, whether they used it to try and tow something, it doesnt appear to be caused by the recall. Service Manager states that this cost to repair is about $230.00. Writer asked dealership if they would be willing to assist in the cost of repair as it is within dealership parameters, dealership declined. Service Manager states he purchased the vehicle from a used car lot, still has the tags on it, and i cannot determine that it was caused by the recall as it seems to be damaged by an outside source. Writer thanked Service Manager and advised will relay information.
Writer advised customer that through further diagnosis information and research that the Tie Rod repair will be covered under the N49 Recall however the repairs for the Steering Linkage will be customer responsibility as we cannot determine that it is caused by the recall but rather an outside source. Customer is upset as he feels that it was caused by the recall. Writer advised customer that he is the third owner

of the vehicle and we cannot determine the way the previous owners had treated the vehicle and at this time these repairs will be customer responsibility.
Briefly summarize what the customer is expecting: Cost assistance/Recall coverage on repairs to the Steering Link
* * * * GOODWILL ASSISTANCE HAS BEEN DECLINED * * * *
Informed customer that Chrysler will not participate in the repair.
The vehicle warranty has expired by time and/or mileage.
Unless the customer offers new information, decision remains unchanged.
* *

Recall - N49: LEFT TIE ROD -	Customer is looking to get the recall repairs done immediately.

Briefly summarize why the customer is contacting Chrysler: Customer is calling to state that they have received the recall notification letter for the N49 recall. Customer states that they had talked to their original dealer at Lakeshore and was told the part for the recall wouldn t be in till after April. Customer states that they cannot wait this long as the car won t be safe for their children for so long.
Briefly summarize what the customer is expecting: Customer is seeking an avenue wherein they can repair their vehicle as soon as possible. Agent asked customer if they were comfortable in going to another dealership to have their vehicle repaired. Customer said yes. Agent called over to Rainbow Chrysler Dodge Jeep and spoke to SM Mike. Mike said the parts would arrive within 3-5 days of the customer making an appointment. Agent transferred customer over to Mike to book an appointment to get the repair done. Customer was satisfied.

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Reimbursement	Customer seeking reimbursement on N62 and H46 recalls

Briefly summarize why the customer is contacting Chrysler: Customer is contacting Chrysler seeking possible reimbursement for recall related repairs for the N62 left tie rod assembly as well as the H46 for the steering linkage. Customer states they were both repaired at the same time and the total repair cost was $2250.04. Agent provided mailing address as well as fax number 1-877-768-5076. Customer states he had repairs completed roughly 1 month before he received the N62 recall notice in the mail.
Briefly summarize what the customer is expecting: Customer is expecting to be considered for reimbursement.
Agent has reviewed documentation and the customer does not have any history of having the part replaced by a Mopar part as the recall is for a Mopar part. Please call the customer and deny any reimbursement unless more information is forth coming. The H46 recall is also for Mopar parts
Agent contacted customer back at [redacted] to advise lines 11-14 in narrative. No voicemail is set up. Agent will attempt to contact the customer at another time.

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Reoccurance or Related Problem	Caller seeking reimbursement for N62 and the damages it caused

****** Below Customer Contacted for Documentation Request ******
[redacted] on 2014-01-02 @ 11:40
Briefly summarize why the customer is contacting Chrysler: Caller contacting Chrysler seeking reimbursement for N62. Caller states the recall caused extensive front end damages and needed a tow as well and would like reimbursement for that too. Agent advised caller that it would be noted on the case and the agents who handle the reimbursement requests would have the final say on what can/can t be reimbursed. Caller understood. Agent sent document request link to customer.
***** Customer Document Received *****
Customer called to find out if his documents were received. Agent advised customer his documentation is attached to his case.
Customer submitted documents seeking reimbursement under recall N62. In order for customer to be eligible for reimbursement he will need to submit documentation showing a prior steering linkage repair that was completed with Mopar parts.
No milage listed on invoice, last known mileage from CAIR [redacted] is 180,703. This was the mileage on February 25, 2013.
Called customer at 5:07 ([redacted]) spoke to customer and agent explained the parameters of the recall. Customer stated the previous owner has steering linkage repair completed but he can t get the invoice. Agent advised customer that with this documentation, Chrysler would not be able to reimburse for this repair. Customer was not happy with this information but understood.
Briefly summarize why the customer is contacting Chrysler: Customer is calling Chrysler regarding the reimbursement for the N62 recall. They stated that they wanted to speak to a manager regarding the reimbursement getting denied since they dont have the invoice for the original repair.
Briefly summarize what the customer is expecting: Customer is expecting a call back from a manager regarding the issue. Agent advised that they did speak to a case manager before and we would still need that invoice to get a reimbursement. Agent advised customer that if they would like someone to call back it that would take a business day to do so.
Customer has requested Supervisor callback
Preferred daytime number: [redacted]
Preferred evening number: [redacted]
Reason for request: Customer disagrees with decision and requested a supervisor call back several days ago
CAIR assigned to: (Supervisor NIC)
CSR has informed customer a Supervisor callback request has been made,

and the customer will receive a callback within 24 hours.
******
****
RESEARCH: H46 completed 02/01/2010 - inspection only. Vehicle had the original/early build equipment and did not require replacement. If there are other invoices to demonstrate that the vehicle had a Mopar replacement steering linkage, we must have that invoice in order to review for N62 recall reimbursement.
****
****SUPERVISOR CONTACT****
Customer contacted at phone number [redacted]. Customer was advised that when the H46 recall was completed, it was only an inspection; the customer would have had the correct part and not the Mopar replacement part in the vehicle. Customer states that the original owner had front end work done after that. Customer asks if we are denying because original invoice is not available. He cannot get a receipt and don t have the parts that failed. Supervisor advised that because everything we reimburse is auditable, we must have the receipt to show that the Mopar replacement was in the vehicle at the time of failure.
AN381 - please close CAIR

My name is Michelle and I have been assigned as your Case Manager. Here is some information that will be helpful for you to have:
Your Case number:[redacted]
Chrysler Case Management number: 855-675-9291
My direct extension: 4718097
My work hours: 9am-5pm EST
I wanted to advise you that I have received your documents in regards to the repairs to the tie-rod components and I am able to reimburse you for the costs incurred under your N49 recall. However, I noticed that on your repair invoice that there were some towing costs also incurred, and in order for me to reimburse you for those costs, I will need to have a separate towing invoice submitted. If you have any questions, please contact me directly at the number above, or you may respond to this email correspondence. Thank you for your attention to this matter,
Sincerely, Michelle

Status update provided via email to the following email address:
[redacted]
Dear Mr. [redacted]: This is Michelle your Case Manager, and I wanted to take a moment to thank you for the towing invoice, I can now reimburse you for all costs incurred which are related to the recall parameters. So, just for your information, I did have to remove the costs incurred for the fuel filler repair reflected on the invoice. In order for me to complete and issue your reimbursement check, I do need to have your address verified. So if you could respond to this email with your updated address for the check submission, or contact me by phone and leave a message, this would be greatly appreciated. Once this information is obtained, your check will be submitted. Thank you for your patience regarding this reimbursement,
Sincerely, Michelle

Agent reviewed documents submitted by customer and found customer had repairs completed at an IRF and only submitted documentation showing 1 repair.
Agent called customer and left a message asking that the customer contact CAC to discuss the request.
****
Next agent please advise customer that the documentation has been reviewed and unless they have documentation showing there was a second repair completed on the steering linkage components listed in recall N62, then the repair is not related to the recall because they were not Mopar parts that were replaced and Chrysler is not willing to reimburse the customer for the cost of the repairs at this time.
Status update provided via email to the following email address:
[redacted]
My name is Greg and I am contacting you from the Chrysler Reimbursement Team. I have reviewed your request for reimbursement. Please contact us at 1-800-853-1403 and refer to the case number [redacted] so that we can discuss your request with you, thank you.

Recall - N49: LEFT TIE ROD - Information Request	seeking rental while waiting for recall part

***** EMAIL BRIEF DESCRIPTION CONTENT *****
Recall N 49
***** END EMAIL BRIEF DESCRIPTION CONTENT *****
I took my vehicle to the dealer for repairs on this recall going on 2 weeks now. The service dept. tells me that Chrysler is releasing one set of parts every 7 days which makes no sense to me. Based on this information my truck could be there a month just waiting on parts. I asked about a loaner vehicle and was told to contact Chrysler customer service , which I did and was told that they could not help me. So, I have no transportation after purchasing a 50k truck and no help from Chrysler due to no fault of mine. This is very unfair to the consumer in my opinion. You should stand behind your product. I sure would appreciate some assistance in this matter.
*****END OF CUSTOMER EMAIL*****
Dear[redacted]
Thank you for contacting the Ram Assistance Center.
We are very sorry to learn of the problem you have encountered and have documented your concern.
We apologize we are unable to offer a rental vehicle.
We apologzie for the inconvenience.
Thanks again for your email.
Sincerely,
Crystal

Recall - N49: LEFT TIE ROD - Information Request	Seeking more information on recall

Briefly summarize why the customer is contacting Chrysler: Customer contacting Chrysler stating that she has recall N49 LEFT TIE ROD, and read that it can cause a crash. Customer stated this is her only vehicle so she contacted dealership 68991Ù and spoke to SA Jake who stated that they probably will not get the parts until middle/end of January. Customer wanted to know what she should do from here. Agent advised on the letter it states that she cannot make an appointment until after January 6th, 2014 and after that the dealership should have the part. Agent contacted dealership and spoke to SA Jake, he stated he said that because he doesn t know when Chrysler will actually provide the part. Agent advised dealership should be provided more information close to January 6th. Agent let customer know, she stated she will contact dealership around that time.
Briefly summarize what the customer is expecting: Find out more information about parts for this recall.

Recall - N49: LEFT TIE ROD - Information Request	customer calling in regarding recall
Product - Suspension - Tie Rods / Drag Link - Broken - Unknown	customer states tie rod broke-no diagnosis

Briefly summarize why the customer is contacting Chrysler: customer called in stating that she was in Roseburg, OR and the tie rod snapped on her truck. The vehicle is still there and she lives in Cottage Grove, OR about 40 miles away and customer is wondering what to do. As per letter it states that not able to due anything until after Jan 6th so customer is wondering how to get it to the nearest dlr and who is going to pay for that.
Briefly summarize what the customer is expecting: customer seeking assistance
Agent advised: customer will need to get it to the dlr closest to Roseburg, OR showing would be
Lithia Chrysler Jeep Dodge of Roseburg and customer would pay for the tow however then can submit for reimbursement. Agent provided customer mailing address and fax number and it can see if it meets the merits for reimbursement. Customer states that she may be covered under her insurance also.

Recall - N49: LEFT TIE ROD - Information Request	Customer seeking repair options for recall: N49
Corporate - Survey By-Pass - No Repair - Default - Default	

Briefly summarize why the customer is contacting Chrysler: seeking recall assistance
Briefly summarize what the customer is expecting: seeking recall repair assistance
The customer, [redacted] provided writer with his VIN and stated that he contacted the dealership and they cannot get any parts for this recall, and the customer wants to take a trip up north about 1,000 miles away and he is just trying to be proactive, rather than have the component fail on him.
Writer apologized to the customer and advised him that unfortunately the recall parts are not available currently and all he can do is take the repair matters into his own hands. The customer stated to writer that he is willing to pay to have the part shipped to him over night, but he just wants to repair his vehicle.
Writer again stated that the parts are not available until after Jan. 6th, and unfortunately we cannot provide any repair assistance, unless the component has failed. He understood and stated that if Chrysler is not going to help him, what is he to do, and disconnected the call.

JK671- NO parts for N49 recall.

The customer said the previous agent disconnected the call. The customer said he had the vehicle inspected and they said it was not up to specs.
Agent advised there are no way to get him the parts any sooner as we do not have any parts as of yet.
by pass added.
Customer calling seeking if he can get the work done at an IRF to get this issue taken care of. Agent informed him he can but there is not a guarantee or reimbursement . Customer understood.

CLOSED LOOP UPDATE - customer advised to work with dealership after Jan. 6th for recall parts.

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Information Request	customer seeking recall information
Corporate - Survey By-Pass - No Repair - Default - Default	

Briefly summarize why the customer is contacting Chrysler: Customer called stating he received a recall notice (N62) and it states he can be reimbursed for previous repairs. Customer stated he had to replace the whole front end in June (ball joints, tie rods and ends). Agent advised customer that the recall is not on the factory parts but is on a Mopar replacement part. Agent advised customer in order to be eligible for reimbursement he would need to submit documentation showing a previous repair prior to the repair in June where a Mopar steering linkage was placed on the vehicle . Customer does not know what work was done before he purchased the vehicle. Agent advised without this documentation Chrysler would not be able to look into a reimbursement. Customer understood. Customer asked why he would be sent a recall notice if he is not eligible. Agent advised customer that Chrysler sends out a recall notice to all vehicle that may have had recall parts placed on so an inspection can be done. Customer understood.
Briefly summarize what the customer is expecting: Customer seeking recall information.
Reassigning case to JK671 for bypass - no repair.
by pass added.

Recall - N49: LEFT TIE ROD - Reimbursement	LEFT TIE ROD
Corporate - Reimbursement - Default - Default - Default	Reimbursement for tie-rod repairs-recall: N49
Product - Suspension - Tie Rods / Drag Link - Broken - Unknown	broken tie rod

****** Below Customer Contacted for Documentation Request ******
[redacted] on 2014-01-02 @ 12:34
Customer is previous owner.
Customer states before they traded vehicle in the tie rod broke and had to be repaired.
Agent advised customer to submit repair order & proof of payment.
Agent verified customers address and phone number is correct in Primary CAIR Detail.
Reassign to 86Y
***** Customer Document Received *****

Writer notes that the customer has submitted their repair invoices to reflect their repair to the tie-rod component and requested reimbursement.
Writer notes that the customer is the second owner and does not currently own the vehicle.Ù of this vehicle having owned it from 07/25/2011-11/15/2013: [redacted]

As per GWA, writer notes the following information:
-claim #508008 South Point Dodge, H36: completed on 03/06/2009 in the amount of $84.63.
CBFAH362 PACKAGE X 1 Ù
-claim #349385 AutoNation, L16: completed on 03/09/2012; inspection only, with the components and the track bar bolts were tightened, in the amount of $29.52.

Writer notes that the above part number is as follows as per Google:
-#CBBFAH362- link goes directly to the PDF file of the H46 recall, and the parts are reflected as such:
CBFAH362 Drag Link Inner Joint Package

Writer notes that the components for the H36 & H46 recalls are identical, and therefore, would be considered as an original repair for reimbursement purposes on the N62 recall.

CORRECTION: LINE 35 SHOULD READ; RECALL: N49
Therefore, writer can reimburse the customer for the repairs to the tie-rod components.

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Reimbursement	Reimbursement for recall repair
Recall - H46: STEERING LINKAGE - Advise Owner/Incomplete Recall	
Recall - N62: LEFT OUTER TIE ROD ASSEMBLY -	

Briefly summarize why the customer is contacting Chrysler: Customer states that he had work done at an IRF in regards to the recall N62.
Briefly summarize what the customer is expecting: Customer would like to be reimbursed for the repairs. Writer informed the customer of the mailing address for reimbursement consideration. Writer informed the customer of all open recall on the VIN. Customer understood.
POSTMARK DATE: 011414; DATE RECEIVED: 012214
Confirm name and address matches COIN & HPIMS:Yes
Any open recalls: H46 N62
Name of person writing in:[redacted]
Does customer have an e-mail address:No
Concern:Customer wrote in seeking reimbursement for a repair completed under the N62 recall
Reviewed previous files:Yes, No concerns
Agent reviewed documents submitted by customer and found customer had repairs completed at an IRF and submitted documentation showing only 1 repair.
Agent called customer and left a message asking that the customer contact CAC to discuss the request.
****
Next agent please advise customer that the documentation has been reviewed and unless they have documentation showing there was a second repair completed on the steering linkage components or the tie rods listed in recall N62, then the repair is not related to the recall because they were not Mopar service parts that were replaced and Chrysler is not willing to reimburse the customer for the cost of the repairs at this time. Please also advise the customer to contact an authorized Chrysler dealer to have the recall completed.
Agent called [redacted] but was unable to reach anyone or leave a message.
Agent called [redacted] and spoke with customer and advised that the repairs don t qualify for reimbursement and that the parts installed on the vehicle may need to be replaced due to the N62 recall. Customer understood and states they will contact a Chrysler dealer to have the recall performed.

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Information Request	Customer wanted more information on recall.

Briefly summarize why the customer is contacting Chrysler: Customer is calling because he states he had his vehicle into the dealership and they told him he needed to have his tie rod end replaced. Customer states he got home got the recall notice and when he took his vehicle in they told him that he did not have to have anything replaced. Customer was also upset because he was told he needed a software upgrade and the mechanic could not tell him what was needed.
Briefly summarize what the customer is expecting: issues with the software upgrade. Writer called over to the dealership and spoke to SA William who states that the dealership misinformed the customer because they had gotten confused between the two recalls and the customer does not need to have anything replaced. SA William states that they use a computer and find a software upgrade when they finish the upgrade it tells what is done on the repair order. Writer advised the customer of that. Writer advised that his complaints will be documented. Customer states that they need to inform what was needed.

****** Below Customer Contacted for Documentation Request ******
[redacted] on 2014-01-02 @ 13:56
Briefly summarize why the customer is contacting Chrysler:
Customer stated he had the recall work completed for the left outer tie rod assembly back in June of 2013, fortunately not hurt. Customer stated he hit a bump and tie rod came apart. $1300.00 he paid out of pocket customer has this done at dealership (Lithia dealership).
Upgraded parts were put on the whole steering at that time. Customer just got back from deployment overseas.
Briefly summarize what the customer is expecting:
Cost reimbursement for the N62 recall for the left outer tie rod assembly.
Reviewed - documents not received yet.
Customer calling in due to the fact that he had called in previously and given the agent an email address in order to receive documentation via email. However customer is calling back due to the fact that he gave the agent the incorrect email address therefore he did not receive the link that he was supposed to. Customer stated his correct email address is [redacted]
Please send out the documentation to the customers correct and updated email address.
Agent has reviewed file and the customer does not have any history of having the part replaced by a Mopar part as the recall is for a Mopar part. Please call the customer and deny any reimbursement unless more information is forth coming
Reviewed
Customer has not sent in documentation, case closed for reimbursement.
Briefly summarize why the customer is contacting Chrysler: The customer states she received a recall letter. The customer states they had the happen to the vehicle and they submitted for reimbursement.
Briefly summarize what the customer is expecting: The customer is looking

for a status update on the reimbursement. The writer informed the customer that her documents have not been received. The writer provided the customer with the reimbursement information from Answer ID 17420. The writer provided the customer with the cair number.

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Reimbursement	Cusmtomer seeking recall reimbursment

Briefly summarize why the customer is contacting Chrysler: Customer stated he received a recall notice in the mail a few days ago. Customer stated he already had his tie rods replaced and would like to get reimbursed for the cost.
Briefly summarize what the customer is expecting: Customer seeking recall reimbursement.
Agent advised customer that they will have to send in their documents. Customer requested to send in documents by mail. Agent advised customer of the process to submit for possible reimbursement found in answerconnect ID 17420.
POSTMARK DATE: 010714; DATE RECEIVED: 011414
Customer has submitted documentation requesting reimbursement for the N62 recall.
The documentation the customer submitted is for the inner left drag link and the inner right tie rod (invoice #641).
Invoice #21359 is for Sway Bar Link - front suspension.
Invoice #16630 is for Gear Power Steering.
The N62 recall is for the LEFT OUTER TIE ROD ASSEMBLY.
The customer is not eligible for reimbursement.
The repair was also done at an IRF, so we have no way of know if the parts used were MOPAR parts. The recall is for replacement MOPAR parts.
CUSTOMER CONTACT: [redacted] Informed customer that we will not be able to reimburse him for the N62 recall, as the invoice he submitted is for the right INNER tie rod and INNER drag link, and the recall is for the LEFT OUTER tie rod. Customer requested agent speak with Harold at HK Auto/Truck Service to see what exactly was done. Agent informed customer that I will speak with Harold and then contact him back. Customer thanked agent.
Agent contacted HK AUTO/TRUCK SERVICE at 812-375-9335 Spoke with Owner Harold, who confirmed that the Right Inner tie rod and Inner drag link was replaced on the vehicle. Agent inquired if the parts used were MOPAR parts. Harold states the parts were NON MOPAR parts.
Agent thanked Harold for his assistance.
CUSTOMER CONTACT: [redacted] Informed customer that Harold at HK Auto/Truck Service confirmed that the parts that were replaced were the right inner tie rod and inner drag link, and also that

the parts used were NON MOPAR parts. Informed customer that we would not be able to reimburse for the repair. Customer was disappointed, but was ok with this information.
Customer calling due to the message on the voicemail pertaining to the reimbursement information. Agent called the IRF and spoke with Harold states that he repaired the steering linkage and states that he informed the customer that the parts were related to the recall states that the recall was completed at his IRF shop but the agent looked into this further and the customer was advised by the agent that the decline is due to NON MOPAR parts being used.
Customer called back due to he does not agree with the decision for the decline of the reimbursement, agent stated to the customer that Chrysler has made the decision that due to NON MOPAR parts being used to complete the repair the reimbursement that was submitted for has been declined. Customer stated that it shouldn t matter whether it was MOPAR or NON MOPAR that Chrysler should reimburse the cost the customer paid out of pocket. Agent advised that when a recall is performed that Chrysler replaces MOPAR parts with MOPAR parts. Customer is not happy with this decision, agent apologized and advised that Chrysler s decision remains the same the reimbursement is declined.

Corporate - Recall - Default - Default - Default	customer seeking recall information

Briefly summarize why the customer is contacting Chrysler: The customer is calling for recall information. Customer states he received a letter in the mail stating parts for the N62 recall are not in stock until January,6 /2014. Agent confirmed that parts for that recall are on backorder. Agent advised the customer to please call over to a Chrysler dealership after January, 6 /2014 to book an appointment. Customer understood.
Briefly summarize what the customer is expecting: The customer is expecting recall information.
Customer contacted Chrysler RAM seeking information. The customer states they called their dealership and were advised that there is a hold until Feb 10th, 2014. Agent advised customer that this is due to the dealership requiring a special tool in order to service the vehicles the way we require. Customer understood. Agent advised customer that they can have their vehicle inspected. Customer states they will be having the vehicle looked at and will set up an appointment on their own time.

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Information Request	Customer called in stating that he has replaced these parts
Corporate - Survey By-Pass - No Documentation - Default - Default	

Briefly summarize why the customer is contacting Chrysler: Customer called in stating when he first purchased this vehicle it had the 'Death Wobble' (answer ID 23391). Customer states he had the previous recall completed on the vehicle. Customer states recently he replaced the steering linkage, tie rods, ball studs and other front end parts to help correct this issue. Customer would like reimbursement for these repairs. Agent advised customer that this recall only covers him if he had a mopar steering linkage put on the vehicle at a prior service appointment. Agent advised that his best bet is to bring the vehicle to the dealer and have them inspect it. AGent also advised that if he replaced parts he believes are related to this recall he can submit them for review for possible reimbursement. Agent stated Chrysler is unable to look into it until after January 6th, 2014 as stated in the recall notice.
Briefly summarize what the customer is expecting: Customer is expecting reimbursement for parts he put onto his vehicle.
Agent advised the documents needed are the entire repair order and proof of payment. Agent advised if he mails in the documents we require the originals. Agent provided the customer the mailing address and fax number.

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Other	LEFT OUTER TIE ROD ASSEMBLY
Dealer - Service/Body Shop - Transaction - Other - Default	SM calling back left voicemail

SM calling back to speak to agent that left message about customers case. SM stated if it is about the recall N62 and that the owner claims he had the repair done previously he needs to provide proof of purchasing the parts.
Agent advised will have the agent contact SM again what he was calling for.
Briefly summarize why the customer is contacting Chrysler: Customer called because he spoke to his dealer and was advised his vehicle should have recall N62 preformed but the parts would need to be ordered. Customer stated he spoke to a tech at the dealer who advised him to call CAC about whether or not he could get reimbursed for the recall in regards to upgraded tie rods be paid out of pocket for and had installed a year ago. Customer stated he voluntarily purchased the parts and that there was no repair concern with the parts that were replaced. Customer wanted to know if he could still be reimbursed under the recall for the parts that he paid for. Customer stated when he spoke to SA Tom he wasn t able to advise of that information as well.
*
Agent contacted the dealer looking to speak to SA Tom but was advised he was unavailable, agent left message requesting he call to speak to us in regards to the upgraded tie rods with a wider diameter that the customer voluntarily had installed. This was before the customer advised he didn t have the required documentation to submit for reimbursement.
*
Agent advised the customer that he had been unable to speak to SA Tom and advised he was trying to confirm with him as to whether or not the replacement parts installed would have been replaced under the recall if they had been factory installed. If the parts would have been replaced under the recall regardless if they were replacement parts or not then the customer could submit with adequate proof of payment for the replacement parts. Customer stated he doesn t have the receipt from purchasing the parts or any documentation that they were installed. Agent advised without that documentation he would be unable to submit for reimbursement. Customer stated he would see what he could do and is aware of the reimbursement address listed on the recall notice

**

Briefly summarize what the customer is expecting: reimbursement for upgraded tie rods installed with a wider diameter.

**

Should SA Tom call back still document if the replacment tie rods the customer purchased and had installed would have bee replaced as part of the recall even if they were factory parts. This is incase customer can locate the documents he needs to submit

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Information Request	Customer seeking reimbursement information
Corporate - Survey By-Pass - No Repair - Default - Default	

Briefly summarize why the customer is contacting Chrysler: Customer called stating that she received a recall notice for the tie rods. Customer stated before the recall came out the left tie rod broke and it was repair by an IRF. Customer was inquiring if she could get reimbursed for the repair. Agent advised customer that the recall is not on the factory part but the recall is for a mopar replacement part. Agent asked customer if there had been another steering linkage repair. Customer stated she thinks there may have been another one but she is not sure and she would need to speak with her husband. Agent advised customer the only way the recalled part would be on the vehicle is if there was a prior steering linkage repair completed with a mopar part. Agent advised customer if there was not a prior repair completed with a mopar part, no reimbursement could be considered. Customer stated she would check with her husband and then callback.
Briefly summarize what the customer is expecting: Customer seeking reimbursement information
Reassigning case to JK671 for bypass - no repair.

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Other	Customer inquired about recalls
Corporate - Reimbursement - Default - Default - Default	Customer is seeking reimbursement.

Briefly summarize why the customer is contacting Chrysler: Customer is calling to state that they had gotten the part for the recall N62 fixed before the letters were out. Customer states that they payed half and Chrysler paid the other half. Customer states that they would like to get reimbursed for the half of the repair they paid.
Briefly summarize what the customer is expecting: Customer states they want to get reimbursed. Agent advised the customer of the reimbursement process. Customer stated that this was unecessary and that we should be able to do this without any work on the part of the customer. Agent advised the customer that filing for reimbursement was the necessary process they need to do in order to get reimbursed for the repair. Customer states that we sound like a broken record and asked agents age. Customer stated agent is very young. Customer is expecting to speak to a suprvisor regarding the reimbursement process.
Briefly summarize why the customer is contacting Chrysler: Customer is calling because he wishes to speak to a supervisor. Customer stated that he is seeking reimbursement for the tie rod assembly. Customer stated that he has done a 50% co-pay previously and he is seeking the 50% that he had paid.
Briefly summarize what the customer is expecting: Agent advised customer that his case can be escalated to the reimbursement department for further review. Customer stated that a supervisor callback will not be needed.
Please see case [redacted] customers documents have been sent in previously
Reassign to 86Y
Briefly summarize why the customer is contacting Chrysler: Customer is contacting Chrysler regarding their reimbursement. They stated that they were still waiting on a call back from the reimbursement department.
Briefly summarize what the customer is expecting: Customer is expecting their reimbursement sent to them. Agent advised customer that they will be getting a call back within 60 days from 01/02/2014.
Waiting for Documentation.
Waiting for Documentation.
Customer Contact: [redacted]. Left message.
Advised that the File will close in 2 days if the Documents have not arrived but will re-open when we receive the Documentation.
Customer was returning a message he received from Bill. Customer states that he would like to know what documents we are requesting him to send in. Agent transferred the customer over to WL148 at extension 4718140.
Customer seeking Reimbursement for the Steering Linkage that was replaced in February 2013. Customer was reimbursed 50% of the cost for the repair then. Agent explained that the Recall is not for the Steering Linkage

that was installed but may need to have the Tie Rod Ends replaced on the new Steering Linkage.
Agent advised that Chrysler is not reimbursing for the Steering Linkage - Just the Tie Rod Ends on some of the the Steering Linkages.
Agent advised that Chrysler will not reimburse for the Repair in February 2013 but recommended having the vehicle inspected.

****** Below Customer Contacted for Documentation Request ******
[redacted] 2014-01-02 @ 15:55
Briefly summarize why the customer is contacting Chrysler: Customer is calling in today to seek a reimbursement for the tie rod repairs that was performed at an authorized dealership called BYRDS CHRYSLER PRODUCTS. Customer states that he received a recall notice for the LEFT OUTER TIE ROD ASSEMBLY.
Briefly summarize what the customer is expecting: Customer is expecting a reimbursement. Agent sent customer an email so customer could send us the invoice and receipt. Agent advised customer that there are 2 recalls on this vehicle one for the steering linkage and the other one is for the left outer tie rod assembly. Agent advised customer that once we receive the documents than someone in the reimbursement team will review the case.
***** Customer Document Received *****
Agent has reviewed file and the customer does not have any history of having the part replaced by a Mopar part as the recall is for a Mopar part. Please call the customer and deny any reimbursement unless more information is forth coming
Agent called [redacted] no one is answering phone and there is no voicemail. Agent will try calling back again. If the customer calls back please advised customer with information from lines 16-19.
Briefly summarize why the customer is contacting Chrysler: Customer states he has not heard anything regarding the reimbursement request so he would like an update on what is going on.
Briefly summarize what the customer is expecting: To know if there will be reimbursement issued after sending the documentation.
Agent advised customer as per lines 16-19. Agent advised customer that if the tie rods were replaced with Mopar service parts and there is documentation to support it then reimbursement could be reconsidered but until that time there will be no reimbursement issued.

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Reimbursement	Reimbursement

Briefly summarize why the customer is contacting Chrysler: Customer states they already had issue repaired for N62 recall
Briefly summarize what the customer is expecting: Customer was seeking reimbursement for repairs that they had done prior to the N62 recall being released. Agent advised the customer to follow the recall reimbursement policy as dictated in their recall notice to have their costs possibly reimbursed.
POSTMARK DATE: 010314; DATE RECEIVED: 010814
Documents attached for review.
Customer is seeking reimbursement under the N62 Left Outer Tie Rod Assembly Recall.
This recall is for a MOPAR 'replacement part'.
The vehicle had to have been in for a prior service and had the steering linkage replaced with MOPAR service parts.
Unless customer can provide a repair invoice showing prior service the recall does not apply to their vehicle and reimbursement will be denied.
****
Agent called customer at [redacted] to advised the work completed is not related to recall N62. Agent is unable to make contact with customer as their phone will not accept the call.

Customer Assistance Representative
Letter sent 1/24/14.
Agent was trying to transfer customer to Debbie so agent provided other agent with Answer ID 23321.
Briefly summarize why the customer is contacting Chrysler: Customer called in for Debbie. Agent transferred customer to Debbie.
Briefly summarize what the customer is expecting:Customer is expecting to have call transferred.
CAC agent tried to transfer customer to agent and dropped the customer. Agent tried calling customer back, but her phone number does not accept calls from 800 numbers.
****
**********Next Agent**********
If customer does call back, please advise customer that the repairs completed on vehicle are not related to the recall. Customer had ball joints, ujoints and hub berrings replaced, not tie rods.
Customer called back in and was cold transferred to agent. Agent advised that the parts that were replaced are not part of the recall. Customer was upset but understood. Customer also states she called last year about a fuel pump repair. Agent advised there is no record of this and advised customer can send in her documents with a letter of explanation.

RECALL - N49 - tie rods
****
Customer submitted request for reimbursement for recall tie rods.
Recall applies to customer s vehicle: yes
Customer s proof of payment is: see below
Date of Repair:07/09/2013
Invoice #:37597
Labor $141.30
Parts $186.98
Misc. Charges $55.00
Tax $11.21 (6%)
Total $394.49
Writer is submitting check for approval in the amount of $394.49
Called customer at 11:40 (231.676.0438) customer could not hear agent.
Reassigning case to 82B. Please rescan dealer invoice as the information

can not be seen through the business card. Thank you.
1/24 Pulled documentation owner mailed in for review. Documentation from Bill Marsh Automotive Group is only the top of the invoice which is a copy. Owner had copied the invoice with the business card covering part of the information then cut the invoice and mailed in only the top.
Reassigned file back to BS711 for handling.
Called customer at 10:58 (231.676.0438) spoke to customer and advised that proof of payment is needed. Customer stated he paid by credit card and he can provide his credit card statement. Customer stated he would not be able to provide this information for a few weeks as he is out of town. Agent provided customer with CAC number and case number to call back to reopen his file once he can get the documents.
Reassigning case to JK671 for bypass.

Recall - N49: LEFT TIE ROD - Information Request	Customer calling in about recall N49

Briefly summarize why the customer is contacting Chrysler: Customer stated he is calling about the recall N49 and how the dealer doesn t have the part and don t know when they will get part.
Briefly summarize what the customer is expecting: Customer seeking assistance in getting part.
Agent advised customer that agent can contact Lithia CDJR DC# 60170 Tel: 406-442-9994 and speak to the parts department but customer stated he is already on the waiting list.
Agent referred to the AC 24054 letter on the N49 Left Tie Rod recall and advised customer that the dealers should be able to service vehicles starting the week of January 6th but that is not a guarantee or promise but that is what the letter has stated.
Customer called to follow up on the case. Customer stated he spoke with the dealership today and was advised he is 15 on the list. Customer stated at 1/7 days it will take forever. Customer stated he pulls a trailer and needs this recall completed.
Agent called the dealer and spoke with parts to confirm the customer is on the list. Agent notice while discussing the procedure with parts that the process has changed and does require the inspection. Agent spoke with SM Horry who stated he was aware of the change in process but advised has no OR showing this customer has had the inspection.
Agent advised if his vehicle has not had the inspection to bring the vehicle over to his local Chrysler dealer to have the inspection completed.

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Information Request	Agent confirmed open recall

Briefly summarize why the customer is contacting Chrysler:customer called to find out if the steering linkage recall was serviced, agent advised yes in 2009 so the N62 recall needs to be fixed.
Briefly summarize what the customer is expecting:Customer thanked agent customer called and feels like she is having the recall go out on her vehicle again and would like to get it looked at.
Agent advised that agent will get the customer righ tover to the dlr and we will help the customer.
6185 S Saginaw St Grand Blanc, MI 48439 (888) 221-4417 agent got the customer over to the dlr for more help.
Customer called in stating her vehicle is at the dealership. Customer stated she is having problems with the recalls that are completed. Agent contacted the service department who stated the vehicle is currently being looked at and as of right now the problems with the vehicle have nothing to do with the recalls. SA stated the aftermarket equipment on the vehicle will cause things to have play in them. SA stated they are still looking for the cause of what is wrong. Customer stated she was going to call the DLR to see what the aftermarket parts are.

[redacted] on 2014-01-22 @ 17:47
Customer called stating he has not recieved the email yet, agent confirmed email and sent new link as email was incorrect.
***** Customer Document Received *****
Customer Contact: [redacted]. Left Message.
Next Agent Recall applies to Mopar Replacement Parts Failure not Factory Parts Failure.
Please advise that the Recall applies to vehicles that have had a Mopar Upgrade Steering Linkage installed on a Previous Service Appointment and then needed to have the Tie Rod Ends Repaired. Please advise that if the

Steering Linkage was OEM (Factory Installed/Stock/OEM) at the time of the repair then the recall would not apply.
*****
If the Customer states that they had a Mopar Steering Linkage installed in the vehicle Before the Repair Please advise that the Customer needs to send in that Documentation as well.
*****
If the Customer is unsure or does not have the Documentation then advise the Customer that we will not be able to reimburse for the repair at this time.
Please Document Customer s Response to the Recall issue below.
Customer Contact: [redacted]. Left Message.
Agent reviewed the Documents that were sent in. Agent Found that the parts used in the Invoice were OEM (Factory Style) Replacement/Upgrades.
The N62 Recall applies only to Certain MOPAR Steering Linkage Upgrade Kits and does not apply to Factory replacements or Factory Style (Steering Linkage) Upgrades.
Chrysler will not be able to reimburse for the repairs at this time.
Please See Answer ID 24057
Customer contacting Chrysler to see if they were approved for reimbursement. Agent advised customer of lines 27-50. Customer upset and wants Chrysler to pay him back for the repairs. Agent advised customer that we would need documentation stating that he had the Mopar Steering Linkage Upgrade Kit installed. Customer said that was back in 2009 and he does not have the documentation. Agent advised customer of lines 39-41 again. Customer requesting Supervisor callback. WL148, please reassign case to TL. Customer wishes to be called back at [redacted]
Reassigned to JK671 as per previous notes.
Customer has requested Supervisor callback
Preferred daytime number: [redacted]
Preferred evening number: 000-000-0000

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Information Request	Information regarding recall repairs.

Briefly summarize why the customer is contacting Chrysler. [redacted] calling about his 2003 Ram 250. He received a letter in the mail in regards to the recall for the tie rods.
Briefly summarize what the customer is expecting. Customer had ball joint repairs completed and wants to know if they would have checked the recall concerns at the same time. Customer call was disconnected, called him back. Advised customer the recall calls for an inspection before repairs are completed. Advised him to have the vehicle inspected to see if the repairs have already been completed. Advised if he already had the repairs completed, he could submit at that time for reimbursement.

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Information Request	Customer seeking assistance through the recall.
Recall - H46: STEERING LINKAGE - Advise Owner/Incomplete Recall	Writer advised customer of incomplete recall.

Briefly summarize why the customer is contacting Chrysler: Customer is calling because he received a recall notice for recall N62. Customer states the vehicle was in an accident and was written off as totaled. Briefly summarize what the customer is expecting: Customer is expecting to find out if there is anything Dodge will do as there was a recall on the vehicle. Writer advised customer of the second open recall for the steering linkage H46. Writer advised that both recall N62 and H46 were not completed. Writer advised customer that as the insurance company has written off the vehicle they now hold all rights to the vehicle. Writer advised customer contact his insurance company for further information as they can contact Dodge through a process called subrogation.

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Reimbursement	Customer seeking reimbursement for prior work conducted.
Product - Steering - Linkage - Defective - Default	replace tie rods, damper and pitman arm

Briefly summarize why the customer is contacting Chrysler:
Customer outlines their Husband was driving on the freeway earlier this year when he lost control of the vehicle due to the tierod failure. Customer was advised by CAC if a recall does take place due to this condition they may submit for reimbursement. Customer is now seeking reimbursement under recall N62.
Briefly summarize what the customer is expecting:
Customer states there are some concerns with their documentation they wished to go over. Customer states the Mastercard invoice is worn so they had to write in most of the total amount paid. Customer wished to verify if this may cause difficulties. Agent reviewed that we commonly will require a legible proof of payment. Advised Customer they may wish to seek a duplicate copy through the company that conducted the repairs. Agent advised if the information submitted was insufficient, an Agent would be in contact with Customer to review the matter further. Customer additionally wanted it noted they will be moving in February and wanted to verify what might happen if their reimbursement is not processed by then. Agent recommended Customer recontact our offices if possible to update their address. Agent also mentioned once request has been processed, we would call to confirm the information regardless. Customer appreciated information, will submit documents shortly.
Reassigned 86Y - Waiting on documentation.
Waiting for documentation
POSTMARK DATE: 010314; DATE RECEIVED: 010814
Agent has researched the file and found that when the H46 was repaired it was an inspection only and no parts were replaced. Customers file shows no indication of having Mopar parts installed on the vehicle prior to having the current repair completed.
**********GOODWILL DENIED**********
When time permits agent will call and inform customer of decision
Agent contacted the customer @[redacted]@ 12:05 PM and informed customer of the decision to deny any reimbursement for the N62 recall. Agent pointed out that the recall was for Mopar replacement parts and not for the original equipment parts that customer had replaced on invoice

number [redacted]. Customer was somewhat disappointed and will possibly pen a letter to complain and seek cost assistance. Agent suggested that the customer take his vehicle to a CJD dealer for inspection on the N62 recall
REIMBURSEMENT DECLINED
******CLOSED LOOP******
Briefly summarize why the customer is contacting Chrysler: Customer Marie states her husband was in an accident and the entire steering linkage had to be replaced.
Briefly summarize what the customer is expecting: Customer seeks to understand reimbursement denial.
Agent advised customer the H46 recall was an inspection only and was verified that the vehicle did not have parts added onto the vehicle.
Agent advised if the vehicle would have had parts added to the steering linkage then those parts would have been recalled, however there where no recalled components added onto her vehicle.
Agent advised that the customer still take the vehicle into the dealership to have the N62 inspection done.
Customer was satisfied with the explanation.
Customer wishes to documents her concern with the vehicles steering components causing a huge accident that caused a lot of grief for other drivers.
Agent advised Chrysler reviews all files internally and her concerns have been documented.

Customer history -
One (1) vehicle - used
Purchased in 2011 with 87000+ miles
CONTACT UPDATE - 1st Contact attempt, phone number dialed - [redacted]

CM left message for customer to confirm island where the vehicle is located so customer can be directed to correct location to have recall completed and provided callback number, case number, extension 66093 with another call to be placed on Monday Jan. 6th 2014.
CM received call from customer to discuss the recall that needs to be completed and where the vehicle can be taken. Customer alleges that transporting the vehicle will cost about $1,000 to send to the closest island and they do not want to cover this cost so expectations are to help cover these charges. CM advised customer that recall will be completed at no charge if taken to certified CDJR dealer but no transportation charges will be reimbursed and also CM will follow up on Friday Jan. 10th 2014 to verify where the vehicle will be sent.
Customer was provided information on dealers located in HI so she can make decision on where the vehicle should be taken since she is not on the same island as the vehicle.
Begin Customer Message reviewed:
Hi Suzie,
I just called Jim Falk Motors and was told by a lady named [redacted] that they don t do Dodge trucks. Please confirm. Their phone no. is (866) 308-9512.
Thanks,
L[redacted]
End of Reviewed Customer message
Status update provided via email to the following email address:
[redacted]
Good Day -
Please contact Jim Falk back and speak with Daniel in Service Dept.
Sorry.
End of Status Update
Begin Customer Message reviewed:
Suzie,
Would you cover the cost of labor and materials if we hire a certified mechanic to fly to that island to replace the tie rod? If that would be covered, do you have a list of certified mechanics that we can contact?
Thanks,
[redacted]
End of Reviewed Customer message
Status update provided via email to the following email address:
[redacted]
good Day -
Thank you for your efforts in having the recall completed. I would not have a list of certified mechanics to supply but you can order the parts for the recall from one of our dealerships.
End of Status Update
Begin Customer Message reviewed:
Would the labor be covered?
End of Reviewed Customer message
2nd call was made to contact customer[redacted]
CM spoke with customer to discuss what needs to be done for having the recall completed on this vehicle. Customer alleges that the company is investigating the idea of flying a mechanic over to the vehicle and would like to see if any of his plane ticket will be covered. CM advised that more research needs to be completed but an answer will be available by Tuesday Jan. 14th 2014. CM also explained to customer that the recall N62 starts with inspection and then, if it is needed the parts for steering linkage would need to be replaced and purchased from certified CDJR dealership. Another call will be placed Tuesday Jan. 14th 2014 with the decision.
Agent attempted to contact dealer 43064 Service Manager (SM) Jerry, however,
SM not available. Left message for a return call at extension 66093, last 8 digits of VIN, callback number, case number and reason for the call - need labor ops charge for completing recall.
Begin Customer Message reviewed:
Hi Suzie,
Were you able to get the labor cost from Chrysler? Please call me and let me know.
Thanks,
[redacted]
End of Reviewed Customer message

CM called customer at [redacted] to discuss the concern with recall inspection. Customer alleges that the plane ticket will be $144 round trip and then, $90 for inspection on the front area of the vehicle so inspection would need to be completed. CM advised customer that CAC would not be able to cover plane ticket at this time and advised that parts can be obtained from the dealership and labor will be covered once documents are received. Customer inquired what she should do now. CM instructed customer to have inspection completed but the case will be closed today until diagnosis information is provided and also the parts are not available so to contact dealer once inspection has been completed so they can be ordered.
CLOSED LOOP UPDATE - no need for additional follow-up.

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Information Request	Whole assembly on the recall broke

Briefly summarize why the customer is contacting Chrysler: Customer contacted stating the whole tie rod assembly broke on the vehicle. Customer stated when she spoke to the dlr they advised her that Chrysler would be covering the cost of the towing.
Briefly summarize what the customer is expecting: Custstomer seeking recall information, and towing cost.
Agent advised the customer that the recall does apply to this vehicle, and stated if there are any other damages done to the vehicle because of the recall that will as well be worked on at the dealership. agent advied the customer that there is no towing on the warranty but if the customer would like to send in the invoice for a reimbursement it will be a case to case review(as per AC ID 18806). Customer stated she does not believe that they should have to pay for towing cost.

Recall - N49: LEFT TIE ROD -	Customer seeking to have recall completed

Briefly summarize why the customer is contacting Chrysler: Customer called because she is trying to get the left tie rod recall completed but when she had called the dealership they had told her that she has to bring the vehicle in for an inspection and then bring the vehicle in again to have the recall completed. Customer stated that this is no where on the recall letter and she does not want to drive the vehicle to the dealership twice on tie rods that need to be replaced.
Briefly summarize what the customer is expecting: Agent called dealer 68680 and spoke to SA Jim. SA Jim stated that the recall does not involve an inspection, the customer just comes in and have the recall completed. SA Jim stated that he is going to call the customer an inform her of the proper procedure and make the appointment for the recall. Agent relayed information to the customer.

Recall - N49: LEFT TIE ROD - Information Request	customer seeking recall repair information

Briefly summarize why the customer is contacting Chrysler: Customer states he is aware there is a recall on the vehicle. Customer states he already had a recall for the tie rod and wondered whether this is relevant or whether this is old news.
Briefly summarize what the customer is expecting: Customer seeking recall information
Agent advised customer we do see the previous recall for the tie rod
Agent advised customer this is a new recall for the left tie rod
Agent advised customer we are waiting on a status update on parts availability for the recall as of Jan 6th, 2014
Agent advised customer to either contact us back after the 6th, or get in contact with the dealer directly as to how to move forward
Customer understood and thanked agent

Recall - N62: LEFT OUTER TIE ROD ASSEMBLY - Reimbursement	LEFT OUTER TIE ROD ASSEMBLY

****** Below Customer Contacted for Documentation Request ******
[redacted] on 2014-01-03 @ 09:21
Briefly summarize why the customer is contacting Chrysler:
Customer called to discuss that he has already paid for the Mopar kit to have the left outer tie rod assembly. He purchased the Mopar parts at Long Johns (IRF) and he put the parts on himself. Customer stated he purchased the whole upgrade kit (front end) and also did an alignment as well.
Agent sent in document link for customer to scan in the documents for the $300.00 he paid for the kit.
Briefly summarize what the customer is expecting:
Reimbursement.
***** Customer Document Received *****
Agent reviewed documents submitted by customer and found customer submitted documents showing that he purchased Mopar steering linkage kit and installed it himself and also had an alignment performed at an IRF.
Agent found customer had the H46 recall completed and no parts replaced at that time.
Ben called CAC hoping to get a status update on his reimbursement request. Writer advised customer of the response by GG467 on lines 14-18 and that the recall is only on the parts 'replaced' which his were not, so the reimbursement would not apply. Customer very confused and wants to speak to GG467. Writer advised that he is probably busy and will be in touch when he has time.
Agent called customer and advised him that he does not qualify for reimbursement and that the parts that were installed on his vehicle may need to be replaced due to the N62 recall. Customer understood and states he will contact a dealer to have the recall completed.
