FUEL CONTROL

A close-up photograph of the interior floor area under a car seat. The seat is upholstered in grey fabric. To the right, a grey plastic vent is visible. In the center, a black plastic fuse block is mounted on a metal plate. A white label with the text "Left Front" is attached to the fuse block. To the left of the fuse block, a white fuse holder is visible with several colored wires (red, green, black) connected to it. The floor is covered in grey carpeting.

Left Front

A close-up photograph of the left front interior floor area of a vehicle. The image shows a black plastic component, possibly a footrest or part of the seat base, which is mounted to the floor. A metal bolt is visible, protruding from the floor plate. To the right, there is a black, textured plastic component, likely a seat cushion or another part of the seat assembly. The floor is covered with a grey carpet. A white label with the text "Left Front" is placed on the carpet in the foreground.

Left Front

Right Front

A close-up photograph of a vehicle's right front suspension assembly. The assembly is primarily black metal, featuring a control arm, a steering knuckle, and a lower ball joint. A white paper label with the text "Right Front" is attached to the control arm. The suspension is mounted on a grey carpeted floor. To the right, a portion of a white plastic interior trim piece is visible, secured with a screw. The background shows a light-colored wall.

Left Front

A close-up photograph of a vehicle's left front wheel hub and suspension assembly. The image shows the hub, a CV axle with a rubber boot, a brake disc, and various suspension arms and bolts. A white label with the text "Left Front" is placed over the hub area. The components are dark and show signs of wear and rust. The wheel rim is visible in the background.

DUNLOP

Right Rear

The image shows the underside of a vehicle, specifically the right rear suspension system. A black metal control arm is the central focus, with a white label attached to it that reads "Right Rear". The suspension components, including the coil spring and shock absorber, are visible. A black tire with a tread pattern is mounted on a metal wheel hub. The background shows a workshop environment with a concrete floor and a doorway leading to another area.

WARRANTY DISCLAIMER: ALL PARTS AND ACCESSORIES ARE SOLD AND ALL REPAIRS ARE PERFORMED BY THE DEALERSHIP "AS-IS". THE DEALERSHIP HEREBY DISCLAIMS ALL WARRANTIES, EXPRESS AND IMPLIED, INCLUDING ANY IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, AND NEITHER ASSUMES NOR AUTHORIZES ANY OTHER PERSON TO ASSUME FOR IT ANY LIABILITY IN CONNECTION WITH THE SALE OF PARTS OR ACCESSORIES OR ANY REPAIRS PERFORMED TO THE VEHICLE. THERE ARE NO WARRANTIES THAT EXTEND BEYOND THE DESCRIPTION ON THE FACE HEREOF. THE ONLY WARRANTIES ON PARTS AND ACCESSORIES OR REPAIRS ARE THOSE THAT THE MANUFACTURER OR DISTRIBUTOR MAY OFFER AND ONLY SUCH MANUFACTURER OR DISTRIBUTOR SHALL BE LIABLE FOR PERFORMANCE UNDER SUCH WARRANTIES. CUSTOMER SHALL NOT BE ENTITLED TO RECOVER FROM THE DEALERSHIP ANY CONSEQUENTIAL, SPECIAL, INCIDENTAL, AND EXEMPLARY OR PUNITIVE DAMAGES, OR DAMAGES TO PROPERTY OR FOR LOSS OF USE, TIME, PROFIT OR INCOME.

I understand that the Dealership is not responsible for any delays caused by unavailability of parts or shipping by the supplier or transporter. I hereby grant the Dealership permission to operate the vehicle on streets, highways or public roadways for the purpose of testing and/or inspecting the vehicle. The Dealership is not responsible for loss or damage to the vehicle, loss of personal belongings or articles left in the vehicle in case of any act of God, fire, theft, or any other cause beyond Dealership's control.

In the event that any dispute arising from or relating to the goods, services or labor provided herein results in litigation, the prevailing party, in addition to all other relief, will be awarded its reasonable costs and expenses, including any expert witness fee and reasonable attorney's fees up through and including any appellate proceeding.

* **SHOP SUPPLY COSTS:** We have added a charge equal to 14.9% of the total cost of labor and parts, not to exceed \$59.60, to the Repair Order. This charge represents costs and profits to the motor vehicle repair facility for miscellaneous shop supplies and waste disposal. The State of Florida requires a \$1.00 fee to be collected for each new tire sold in the state [s.403.718], and a \$1.50 fee to be collected for each new or remanufactured lead-acid battery sold in the state [s.403.7185].

By signing below, you acknowledge that you were notified of and authorized the Dealership to perform the services/repairs itemized in this invoice and that you received (or had the opportunity to inspect) any replaced parts as requested by you. The vehicle is being returned to you in exchange for your payment of the Amount Due.

Have Questions? Consumers, please visit our Help Center at www.carfax.com. Dealers or Subscribers, please visit our Help Center at www.carfaxonline.com.

Glossary

Accident / Damage Indicator

CARFAX receives information about accidents in all 50 states, the District of Columbia and Canada. Different information in a vehicle's history can indicate an accident or damage, such as: salvage auction, fire damage, police-reported accident, crash test vehicle, damage disclosure, collision repair facility and automotive recycler records. Not every accident or damage event is reported and not all reported are provided to CARFAX. Details about the accident or damage event when reported to CARFAX (e.g. severity, impact location, airbag deployment) are included on the Vehicle History Report. CARFAX recommends you obtain a vehicle inspection from your dealer or an independent mechanic.

- According to the National Safety Council, Injury Facts, 2007 edition, 7% of the 245 million registered vehicles in the U.S. were involved in an accident in 2005. Over 75% of these were considered minor or moderate.
- CARFAX depends on many sources for its accident / damage data. CARFAX can only report what is in our database on 5/21/14 at 9:47:25 AM (EDT). New data will result in a change to this report.

Florida Damage Reports:

- Provide an estimate of the extent of damage in its accident reports for the following:
 - **SEVERE/TOTALED:** The vehicle cannot be driven from the accident scene due to severe damage or an injury. This level of damage often results in a Salvage or Junk title.
 - **DISABLED:** The vehicle had to be towed or hauled away from the accident location.
 - **FUNCTIONAL:** The vehicle could be driven from the accident location.
 - **MODERATE:** The accident damage affects the operation of the vehicle and/or its parts. Examples include broken windows, trunk lids, doors, bumpers and tires

- **MINOR:** The accident damage does not affect the operation of the vehicle. Examples include dented bumpers, fenders, grills and body panels. This level of accident should not compromise vehicle safety.
 - **NO DAMAGE:** The vehicle was not damaged
- Are required if the estimated damage exceeds \$500

CARFAX Price Adjustment™

Accidents, service records, number of owners and many other history factors can affect a vehicle's value. The CARFAX Price Adjustment is a tool that analyzes millions of used car transactions to measure how the combination of all the information reported to CARFAX affects the value of a particular vehicle. The vehicle's retail book value plus the CARFAX Price Adjustment will give you a more accurate measure of the vehicle's value. Use this tool, along with a vehicle inspection and test drive, to make a better decision about your next used car.

Federal Odometer Act

The Federal Odometer Act requires a seller to disclose the vehicle's mileage on the title when ownership is transferred. Congress enacted this Act to prohibit odometer tampering and to protect consumers from mileage fraud. Under this act, sellers must disclose any issues with the vehicle's odometer. These disclosures translate into the Exceed Mechanical Limits and Not Actual Mileage titles.

First Owner

When the first owner(s) obtains a title from a Department of Motor Vehicles as proof of ownership.

New Owner Reported

When a vehicle is sold to a new owner, the Title must be transferred to the new owner(s) at a Department of Motor Vehicles.

Not Actual Mileage Title

When the seller certifies, under the Federal Odometer Act, that the odometer reading does not reflect the vehicle's actual mileage. This may occur because the odometer was tampered with, broken, or replaced.

Ownership History

CARFAX defines an owner as an individual or business that possesses and uses a vehicle. Not all title transactions represent changes in ownership. To provide estimated number of owners, CARFAX proprietary technology analyzes all the events in a vehicle history. Estimated ownership is available for vehicles manufactured after 1994 and titled solely in the US including Puerto Rico. Dealers sometimes opt to take ownership of a vehicle and are required to in the following states: Maine, Massachusetts, New Jersey, Ohio, Oklahoma, Pennsylvania and South Dakota. Please consider this as you review a vehicle's estimated ownership history.

Repossession

When a repossession occurs a vehicle owner fails to make loan payments, and the financial institution holding the title takes possession of the vehicle.

Title Issued

A state issues a title to provide a vehicle owner with proof of ownership. Each title has a unique number. Each title or registration record on a CARFAX report does not necessarily indicate a change in ownership. In Canada, a registration and bill of sale are used as proof of ownership.
