Re: EQ 14-002

This letter is in response to the information request for EQ 14-002. Elgin Sweeper Company, Inc. purchased 77 of the subject battery equalizers, not 79 as indicated in the information request letter. The 77 defective units were used as follows: 60 were sold to the military (US Marine Corp); 9 were shipped out of the country to Bao Steel in China; and,8 were sold by our dealers as over the counter part sales to various end users, from 1-2008 to 8-2009.

Therefore, Elgin Sweeper Company, Inc. & Vactor Manufacturing are not conducting a recall on this issue.

Thank You,

Jim Holliday
