Dear Cynthia,

In response to the information request for EQ 14-002, the 46 defective units that Navistar Defense/Miller Industries purchased from Sure Power Inc. were used for military vehicles for service in Afghanistan. These vehicles were shipped out of the country.

Navistar Defense/Miller Industries did not sell the defective units or sell vehicles with the defective units as they were replaced before shipment. Therefore, Navistar Defense/Miller Industries is not conducting a recall on this issue.
