RE: Safety Recalls; EQ 14-002, 13E-050

To whom it may concern:

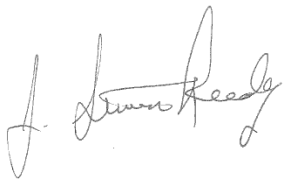

I am writing to acknowledge receipt of the email message dated April 02, 2014 from Ms. Brenda Garcia regarding the above referenced safety recall.

Rosenbauer Minnesota (AKA General Safety Equipment LLC) has purchased a quantity of battery equalizers part number SPW52210 (RMN part #81250) for installation into OFF-HIWAY Industrial trucks. All of the OFF-HIWAY trucks were sold to one customer located outside of the United States. The OFF-HIWAY Industrial trucks do not comply with Federal Motor Vehicle Safety Standards. Considering the information listed above it is our opinion that Rosenbauer Minnesota (AKA General Safety Equipment LLC) is not required to comply with NHTSA Safety Recall #EQ 14-002, 13E-050.

Please confirm that Rosenbauer Minnesota (AKA General Safety Equipment LLC) is not required to comply with NHTSA Safety Recall #EQ 14-002, 13E-050.

If you have any questions or need any additional information please feel free to contact me directly.

Sincerely,

J. Steven Reedy VP/GM
