Subject: Grove U.S. L.L.C. Response to NHTSA Information Request EQ 14-002

Dear Ms. Glass:

Grove U.S. L.L.C. purchased a total of 86 of the Sure Power Inc. components identified in the NHTSA information request EQ14-002. Of those 86 units, 84 were installed on mobile hydraulic crane products, and two were returned to the supplier.

As noted above the components were installed on mobile hydraulic construction cranes that are not motor vehicles. Therefore, Grove U.S. L.L.C. will not be conducting a product recall in accordance with the NHTSA regulations. We are however, evaluating the issue and will resolve the concern with the component through our internal system.

Sincerely,

GROVE U.S. L.L.C.

Eric D. Fidler
Director, Product Safety
