February 5, 2014

In response to the information request for EQ 14-002, the 32 defective units that Minnich Manufacturing Company purchased from Sure Power Inc. were used for power conversion on construction equipment that does not require a VIN.

We are not a vehicle manufacturer. We manufacture concrete vibrators and dowel pin drills to be used in road construction.

Therefore, we have determined that Minnich Manufacturing Company is not conducting a recall on this issue.

Sincerely,

Troy Kingan
Plant Manager
