March 13, 2014

In response to the information request for EQ 14-002, the 5 defective battery equalizers and DC-DC converters that P&H Auto-Electric, Inc. purchased from Sure Power Inc. were used for resale.

The battery equalizers and DC-DC converters were not installed on a vehicle. We are not a vehicle manufacturer, we are a custom rebuilder of Alternators and Starters. We also are an electrical parts reseller.

Therefore, we have determined that P&H Auto Electric, Inc. Is not conducting a recall on this issue.

Lanny Hatfield
