Of Transportation
National Highway
Traffic Safety
Administration

Attention: Cynthia Glass, Cynthia.glass@dot.gov

In response to the Registered Letter received February 25, 2014, requesting information with respect to EQ 14-003.

Please note that the reported 12 defective printed circuit boards were purchased from A & M Systems during the suspected time frame on four different PO's and were purchased for use to support the replacement parts market.

Overland Custom Coach (2007) Inc. did not manufacturer vehicles with this part. We are a Distributor, and therefore, is not conducting a recall on this issue.

I trust this information provides the necessary information, if any further information is required please contact myself directly at 519-461-1140 x113 or via e-mail at mark@overlandcustomcoach.com.

Truly,

Mark Dries
President, Overland Custom Coach (2007) Inc.
