Via email:

In response to the information request for EQ 14-003, the 10 defective printed circuit boards that Carolina Mobility Sales purchased from A&M Systems, Inc. were used as replacement parts. Our company runs a service department and from time to time we work on customer owned buses.

Carolina Mobility Sales is not a vehicle manufacturer; we are an independent dealer and a mobility distributor for BraunAbility wheelchair accessible vehicles & wheelchair lifts. Therefore, Carolina Mobility Sales is not conducting a recall on this issue.

We have included a list of the customers that we may have installed or sold the affected parts too in the second page of this letter. We are also sending this list to A&M via email for follow up. As the parts are not serialized we have included all recent history for that part number out of our service department.

If you should have any more questions for us please contact me.

Sincerely,

James Branning
President

CC: A&M Systems via email
