February 12, 2014

This letter is in response to information requested for EQ 14-003

Bus Group, Premier Bus Parts, Lasseter and Arcola are companies merged together to create Alliance Bus Group, Inc.

The 41 defective printed circuit boards that were collectively purchased from A&M Systems, Inc. were sold as repair parts or used as repair parts of individual operated buses.

The fore mentioned companies creating Alliance Bus Group, Inc. did not manufacture vehicles with defective printed circuit boards, nor manufacture the defective printed circuit boards. Therefore, Alliance Bus Group, Inc. is not conducting a recall on this issue.

Thank You.

Sincerely,

Eugene Hotard
Executive Vice President

Along for the Whole Ride
