In response to the information request for EQ 14-003, the 8 defective printed circuit boards that All Points Bus Supply purchased from A&M Systems, Inc. were used for wholesale replacement part sales.

All Points Bus Supply is not a vehicle manufacturer, we are a wholesale parts distributor. Therefore, All Points Bus Supply is not conducting a recall on this issue.

We did contact all of the companies that we sold this part to, and informed them of the recall. We also provided them with the contact name at A&M System if they had any questions or problems.

Sincerely,

Kenny Morris
President
