April 9, 2014

In response to the information request for EQ 14-003, the 4 defective printed circuit boards that Akron Metro Regional Transit Authority purchased from A&M Systems, Inc. were quarantined in our facility, returned to A&M Systems, Inc. and exchanged for new, non-defective printed circuit boards.

Akron Metro Regional Transit Authority is not a vehicle manufacturer; we are a transit authority. Therefore, Akron Metro Regional Transit Authority is not conducting a recall on this issue.
