Washington, DC 20590

Dear Cynthia:

In response to the information request for EQ 14-003, the 4 defective printed circuit boards that Airline Transportation Company purchased from A&M Systems, Inc. were used for replacement of the failed original part.

Airline Transportation Company is not a vehicle manufacturer, it's a private ground transportation provider. Therefore, Airline Transportation Company is not conducting a recall on this issue.

Sincerely,

Brian Thomas
Supervisor/Shop Maintenance
