Dear Ms. Glass,

In response to the information request for EQ 14-004, the 3,392 defective seat belt assemblies that Gramag Truck Interior Systems purchased from IMMI were assembled into seat assemblies and sold to a vehicle manufacturer (PACCAR Inc.), or quarantined and returned to IMMI for disposition.

Gramag Truck Interior Systems did not install the defective seat belt assemblies/seats directly into new vehicles. Gramag Truck Interior Systems is not a vehicle manufacturer; we are a supplier of assembled seats to vehicle manufacturers.

Therefore, Gramag Truck Interior Systems is not conducting a recall on this issue.

Sincerely,

Tony Velas
