Subject: Safety Recall EQ 14-004, 13E-061

Dear Cynthia,

In response to the information request for EQ 14-004, the 7 seat belt assemblies that HO Bostrom purchased from IMMI were:

- Quarantined on 12 November 2013 and returned to IMMI (quantity 2);
- Installed on seat assemblies which shipped to Ferrara Fire and or Kovatch Mobile Equipment (quantity 5). On 13 November 2013, we notified Ferrara and Kovatch of the IMMI recall and provided them with the orders that possibly included recalled parts and the instructions from IMMI on how to inspect product and return to IMMI the recalled product.

H.O. Bostrom is not a vehicle manufacturer, we are a designer and manufacturer of seats and seating accessories for on- and off-road vehicles. Therefore, H.O. Bostrom is not conducting a recall on this issue.

Sincerely,

Erica Swain
