Dear Ms. Glass,

In response to the information request for EQ 14-006, the 2 defective PTO pressure switches that Asplundh Tree Expert Company purchased from Muncie Power Products were used as service/replacement parts on our company owned trucks.

Asplundh Tree Expert Company is not a vehicle manufacturer. We are a vegetation management company or more commonly known as a "tree care company".

Therefore, Asplundh Tree Expert Company is not conducting a recall on this issue.

If you have any further questions please feel free to contact me directly.

Very truly yours,
