Subject: EQ 14-006

In response to the information request for EQ-14-006, the 37 defective PTO pressure switches that Southco purchased from Muncie Power Products were installed on Ford Superduty chassis from April 2010 to June 2013. These switches were a component of a PTO assembly and not purchased as a separate part.

Southco Industries, Inc. is not the vehicle manufacturer. We are the upfitter or body manufacturer for the Ford Manufactured Vehicle.

Therefore Southco is not conducting a recall on this issue.
