Dear Ms Glass:

This letter is in response to the information request for EQ 14-006, concerning the 4 defective PTO pressure switches that Stellar Industries, Inc. purchased from Muncie Power Products.

Our records show corresponding Return Authorizations which all indicate they were not the correct PTO for the application intended. All four Return Authorizations are closed which indicate that they were either returned to Stellar Industries or else the distributor was credited without returning the PTO. Stellar Industries has three that still remain in stock and we have received authorization to return same to Muncie. We do not have any further records of shipments that correspond to the pertinent date range.

Therefore, Stellar Industries, Inc. is not conducting a recall on this issue.

Sincerely,

SMoran

Sean S. Moran
