RE: EQ 14-010

Cynthia,

In regards to our phone conversation today, this letter is in response to the information request for EQ 14-010. The 20 suspension assemblies that Trail King Industries purchased from SAF-Holland, Inc. were quarantined in our facility and repaired prior to installation or use on any of Trail King's vehicles due to installation of a Posilift Air Lift Kit which requires the replacement of the pivot bolt in question.

This letter is in response to the information request for EQ 14-010.

Therefore, Trail King Industries is not conducting a recall on this issue.

Sincerely,

Rick Farris
VP of Sales and Marketing
Trail King Industries Inc.
