Re: EQ14-012

Dear Ms. Glass:

This letter is in response to the letter dated October 16, 2014, by Jennifer Timian to Terry Loewen of Motor Coach Industries ("MCI"). Please direct any further communications you may have for MCI to my attention.

Please be advised that at this point MCI does not believe it is necessary or appropriate to conduct a recall of any MCI vehicles that may have the components referenced in Ms. Timian's letter. MCI's position is based on the lack of any reported failures of the subject components as described in Ms. Timian's letter to date, as well as the reasons provided by the component supplier's (Williams Controls) counsel's letters dated October 21, 2014, and November 4, 2014 to NHTSA. If circumstances change, MCI will, of course, re-evaluate its position.

Please let me know if you should have any questions.

Sincerely,
MOTOR COACH INDUSTRIES, INC.
