Re: EQ 14-012

Dear Ms. Glass:

On behalf of PACCAR Parts Division, a division of PACCAR, Inc., this letter responds to the information request sent pursuant to EQ 14-012, in which you inquired about the throttle pedal spring assemblies that PACCAR Parts purchased from Williams Controls, Inc. PACCAR Parts Division is a reseller, not a vehicle manufacturer. Our records show that the spring assemblies in question were sold to dealers, not used to manufacture vehicles. Accordingly, PACCAR Parts does not intend to conduct a recall of these aftermarket parts.

Should you have any questions or wish to discuss this matter further, please do not hesitate to contact me.

Very truly yours,

Pamela S. Tonglao
