TICO
TERMINAL INVESTMENT CORPORATION
Est. 1946

December 29, 2014

Cynthia Glass,

In response to the information request for EQ 14-014, Terminal Investment Corporation purchased 31 fuel filters from Cummins, Inc. These units were quarantined in our facility and repaired prior to installation, sale or use.

OF the 31 fuel filters, 23 were replaced by Cummins at their facility and 4 were replaced by Cummins technicians at the TICO manufacturing facility. The remaining 4 units were replaced during the course of the pre-delivery inspection process.

Therefore, Terminal Investment Corporation is not conducting a recall on this issue.

Sincerely,

Frank Tubbert
General Manager
TICO Manufacturing
