Subject: Safety Recall 14E-034, identification number EQ 14-015.

Dear Ms. Glass:

Crestline Coach will not be declaring a formal recall of our vehicles with the NHTSA in regards to safety recall number 14E-034.

As reported to NHTSA by LiquidSpring LLC, Crestline Coach did receive four suspension kits that contained the mounting brackets which are the subject of safety recall 14E-034. These parts were installed in four of our vehicles. Three of those vehicles are in Canada and are not subject to export. One affected vehicle is in the United States and is owned by Crestline Coach. We have quarantined that vehicle and have made arrangements to have the defective brackets replaced with the improved parts supplied to us by LiquidSpring. This work will be completed before the vehicle is sold.

Sincerely,

Lee Engemoen P. Eng
