RE: Safety Recall EQ 14-015

Dear Cynthia Glass:

This letter is in response to the information request for EQ 14-015, pertaining to the 26 suspension fluid tank systems that Braun Industries, Inc. received that were installed by Utility Bodywerks of Elkhart, IN. and manufactured by LiquidSpring, LLC.

The vehicle owners of all 26 systems have already been notified directly by LiquidSpring, LLC. via recall letters sent on 9/9/2014 and on 10/27/14. Of the 26 systems in question, 20 of these vehicles have already been repaired and are back in service. The remaining 6 units have all been visually inspected by LiquidSpring, LLC. and have already been scheduled for repair.

Therefore, Braun Industries is not conducting an additional recall on this issue.

Sincerely,

Scott Braun
Owner/Vice-President of Quality Solutions
Braun Industries, Inc.
