Dear Ms. Glass,

This letter is in response to the information request for EQ 14-015. Wheeled Coach Industries DBA US Ambulance Corporation purchased 29 suspension fluid tank systems from Liquid Spring, LLC. However, US Ambulance Corporation did not use this equipment to manufacture vehicles. US Ambulance Corporation is a vehicle modifier or upfitter.

Therefore, US Ambulance Corporation is not conducting a recall on this issue. This recall is being conducted by Liquid Springs via NHTSA recall # 14E-034. US Ambulance Corporation has forwarded Liquid Springs the customer contact information to aid them with their recall. We have also sent out the NHTSA approved Part 577 Owner Notification Letter.

If you require any further information, please contact me at 855-661-9232 ext. 317.

Sincerely,

Ruth Gabaud
