Dear MS Glass:

Subject: Safety Recalls 14V-313 and 14V-314

Upon further investigation, after I received your letter dated March 19<sup>th</sup> 2015, I found out that Cummins was in error, they did not sell us the 42 engines of the ISC07, ISC10 and ISL-G models as stated in the letter. Therefore, since we did not build, sell or deliver engines that are involved in this recall, there isn't anything that we can or plan to do.

Please call or e-mail with any additional questions or requirements,

Sincerely,

Al Fillman  
Director of Engineering
