A close-up photograph of a car's gear shifter. The shifter is black with a silver-colored base and a silver-colored trim around the gear indicator. The gear indicator is illuminated with a blue light and displays the following text from top to bottom: P, R, N, and D/L. The shifter is mounted on a dark, textured surface, likely the center console. A silver-colored door handle is visible in the background, and a white and blue card is partially visible next to it.

front

Right Front

A close-up photograph of a car's front left wheel. The wheel features a silver, five-spoke alloy rim and a black tire. A hand is holding a small white rectangular label with the text "Left Front" printed in black. The background shows a blurred workshop environment with blue toolboxes and other vehicles.

Left Front

A close-up photograph of a silver alloy wheel on a vehicle. A hand is holding a white rectangular label with the text "Left Rear" printed in blue. The wheel is mounted on a black tire with "MICHELIN" visible on the sidewall. The background shows a garage or workshop with other vehicles and equipment.

Left Rear

A close-up photograph of a car's wheel in a garage. A hand is holding a small white rectangular label with the text "Right Rear" printed on it. The label is positioned to the left of the wheel. The wheel features a silver five-spoke alloy rim and a black tire with "MICHELIN" visible on the sidewall. The background shows a blue and yellow hydraulic lift and other garage equipment.

Right Front

Right Front

A close-up photograph of a person's hand holding a black seatbelt buckle. The buckle has a silver metal latch. A white rectangular label with the text "Right Front" is attached to the top of the buckle. The background is dark, showing parts of a car's interior.

Right Rear

A white rectangular label with the text "Right Rear" is placed on a dark-colored car seat. The label is slightly tilted. In the background, there is a white piece of paper with some faint, illegible text.

Left Front

A close-up photograph showing a person's hand holding a white rectangular label with the text "Left Front" printed in bold black font. The label is attached to a black seatbelt strap. The seatbelt buckle, which is a silver metal rectangular frame, is visible below the label. The background is dark and out of focus, showing parts of a car's interior.

Left Front

A close-up photograph of a person's hand holding a white rectangular label with the text "Left Front" printed in bold black font. The label is positioned in front of a black car seat belt buckle. The buckle is attached to a black seat belt strap. In the background, the interior of a car is visible, including a black dashboard with a red button, a white notepad with a green pen, and a black plastic door panel with a silver handle. The lighting is bright, and the focus is sharp on the label and buckle.

Left Front

A close-up photograph showing a person's hand holding a white rectangular label with the text "Left Rear" printed in bold black font. The label is being attached to a black car seatbelt buckle. The buckle is a standard metal and plastic assembly. In the background, a portion of a blue and white plaid shirt is visible. The lighting is bright, highlighting the textures of the hand, the label, and the seatbelt.

Left Rear

A close-up photograph showing a person's hand holding a green marker and a white rectangular label. The label is attached to a metal car seat clip. The text on the label reads "Left Rear". The clip has the number "5X3A12" stamped on it. The background is dark, likely the interior of a vehicle.

Left Rear

A close-up photograph of a person's hand holding a white rectangular label with the text "Left Rear" printed in bold black font. The label is positioned over a dark-colored car trunk. In the background, a green marker is visible, along with a red rectangular object and a silver metal latch mechanism. The trunk's interior surface is dark and textured.
