ENCLOSURE 04

CAIR Backup

A close-up photograph of a metal buckle component, likely from a seatbelt or harness. The buckle is made of polished metal and features a rectangular hole at the top. Below the hole, the number '5X2829' is stamped into the metal. The buckle is attached to a black plastic housing, which is secured to a dark fabric strap. A person's hand is visible on the left side, holding the buckle. The background is dark and out of focus.

5X2829

A close-up photograph of a red rectangular button with the word "PRESS" embossed on it. The button is set within a black, textured frame, possibly part of a control panel or a device. The background is dark and out of focus, showing some texture and shadows. The lighting highlights the red color of the button and the embossed text.
