Dear Mr. [REDACTED]

This will further acknowledge contact to Fiat Chrysler Automobiles, regarding your 2014 JEEP GRAND CHEROKEE.

Mr. [REDACTED], naturally, we were sorry to learn of the incident described to us during the initial contact. However, we have had the opportunity to review the inspection report and must inform you that we are not led to believe that the incident was due to a manufacturing responsibility. Therefore, we must respectfully decline any assistance associated with this incident.

Based on this information, we can only suggest that you refer this matter to your insurance carrier. Should they feel a manufacturing responsibility exists, they have full subrogation rights under the terms of your policy.

Thank you for allowing us the opportunity in reviewing this matter with you.

Sincerely,

Mr. Kon

A close-up photograph showing a person's hand holding a small white rectangular label with the text "L- FRONT" printed on it. The label is positioned next to a black tire tread, which is the focus of the image. The background is a dimly lit garage or workshop, with a red hydraulic lift visible on the right side. The hand is in the foreground, and the tire tread is in the middle ground. The text "L- FRONT" is clearly legible on the white label.
