Subject: Re: RQ17-009 Clock Spring Recall Query
Date: Friday, January 12, 2018 12:44:30 PM

Good Afternoon Ms. Yukevich;

Thank you for your time this morning to discuss the recall query - RQ17-009.

I am requesting an extension to the RQ17-009 response until February 09, 2018. The request is due to the scope of translation required of German language documents which are responsive to RQ17-009.

For the original response due date of January 16, 2018, Volkswagen proposes to provide a partial response to NHTSA, covering Requests 1-7, Request 11 and a partial response to Request 12. Additionally, the exemplar parts of Request 10 will be shipped under separate cover.

Would you please consider our extension request and provide a written response?

Regards,
Bob
