To: File PE19-012

This memo documents a request dated October 16, 2020 to Fiat Chrysler Automobiles (FCA) for additional information regarding the response to the February 6, 2020 Information Request letter. The list of questions submitted is attached to this memo. A follow up discussion with FCA and the frame supplier, Tower International, determined that Tower International would respond to the request.

On November 13, 2020 and November 20, 2020, Tower International provided their response with a request for confidentiality for the entirety of the submission.

Hello Erin and Cheryl,

On a 9/30 conference call FCA indicated the ability to request warranty related photos that are currently believed to be in possession of the frame supplier, Tower. Specifically, these are photos that were taken during the 18V675 inspection and then forwarded to customercare@trackbar.net, the email address indicated in the 18V675 repair TSB. We are seeking photos that were sent to the aforementioned email address for a list of specific VINs. The list is attached.

Please let us know if you believe you will have any issues with the above request, and a tentative date,

Thank you,

Daniel Pinero
