Notes:
Multiple incidents involving the same vehicle are counted separately. Multiple reports of the same incident are also counted separately.

For the number with crash, injury, or fatality Toyota counted the number of unique VINs that contained an allegation of a crash, injury, or fatality.

The number of property damage claims is also counted by the number of unique VINs that contained an allegation of property damage .

In many instances there are multiple reports in various report categories for the same VIN. For the unique VIN counts, Toyota has provided a count of unique VINs by only counting a VIN one time regardless of how many reports or categories of reports that VIN may appear in.
