Condition

Customer Complaint Customer states vehicle was overheating and customer dropped vehicle off and minutes later it engulfed in flames

Actual Condition There had been a fire in engine bay area

Analysis

Investigation Results

- Service Manager advised me of this vehicle during my visit to assist with another vehicle
- The vehicle was outside when I first saw it so I took pictures of it there before pushing it into the shop
- The battery was destroyed in the fire so I was unable to turn the ignition on
- The SM contacted the rental car company and asked them for the last known mileage...the mileage listed in this report was obtained from the rental car company not actually seen by me
- Pushed the vehicle into the shop and onto a lift to inspect the chassis and take pictures

Possible Cause

Unknown

Corrective Action

Advised them not to do anything to the vehicle until they have heard back from someone at Kia
