Re: Message or Request ID: [REDACTED]
Last Name: [REDACTED]
Email: [REDACTED]

2016 Kia Optima SX Limited
VIN: 5XXGV4L20GG [REDACTED]

Dear Ms. [REDACTED]

This letter is being written pursuant to the BBB Auto Line Arbitration hearing. Per the arbitrator's decision Kia Motors America (KMA) will repurchase your 2016 Kia Optima (VIN: 5XXGV4L20GG [REDACTED]). Please review the details of your repurchase below:

Net Trade-In Allowance	\$3,500.00
20 Payments of \$310.01 Each	\$6,200.20 <i>subject to verification</i>
<i>Subtotal</i>	<i>\$9,700.20</i>
<u>Less</u> Sales/Use Tax on Capital Cost Reduction	(\$350.00)
<u>Less</u> prorated Sales/Use Tax	(\$415.68)
<u>Less</u> Initial License, Title and Registration Fees	(\$368.50)
<u>Less</u> Mileage Deduction (based on 20,157 miles)	(\$7,015.64)
Total Settlement Amount for Option #2	\$1,550.38*

**In addition, Kia Motors America will pay off the underlying vehicle lease. You may be entitled to a refund for any unused portion of an extended service contract or insurance product, if applicable. See your Kia dealer for cancellation information.*

The vehicle will be subject to a physical inspection for damage and/or excessive wear and tear at the surrender appointment. A cashier's check made payable to Kia Motors America, Inc., for any damages beyond normal wear and tear will be required prior to Kia's fulfillment of the terms contained in this settlement.

Sincerely,
Kaan Gurocak

Re: [REDACTED] vs Kia Motors America 5XXGV4L20GG [REDACTED]

Dear Ms [REDACTED]:

Enclosed is the arbitrator's *Decision* and *Reasons for Decision* for your case.

We have also enclosed an *Acceptance/Rejection Form* that must be used to accept or reject the decision. Please complete the form and return it to BBB AUTO LINE so that we receive it in our office **within 14 days** from the date of this letter. We recommend that you call to confirm receipt of this form a few days after you send it to us.

Please note, that according to the terms of the Decision, the manufacturer will provide you with a statement of amounts that will be paid, if you accept the Decision. **Upon receipt of the manufacturer's statement of amounts, you should review and compare it to the manufacturer's Program Summary and/or lemon law remedies, if applicable. If you dispute any of the amounts outlined on the manufacturer's statement, you must submit a written request to our office within 10 days after your receipt of the statement. Your request will be forwarded to the manufacturer for comment and then both positions will be sent to the arbitrator for resolution.** If you believe you are entitled to reimbursement for any amounts (including any attorney fees, if your manufacturer's program summary allows for them) that you have not already submitted to the manufacturer as part of this case, please include documentation for those expenses when you return the enclosed *Acceptance/Rejection* form.

Should you accept the decision, please be aware that a current vehicle registration (valid until the date of the transaction) is required.

Please do not make any changes or additions to the *Acceptance/Rejection Form* as we will consider that a rejection of the decision.

If you have any questions about the decision or the amounts, please feel free to call me at 800.955.5100. You may also fax the signed form to me at 703.247.9700.

Sincerely,

Todd Eikenberry at Extension 241

Council of Better Business Bureaus, Inc.

Reasons for Decision

Submitted Date: 07/09/18

VIN: 5XXGV4L20GG

Customer: Ms - Hearing Date: 06/13/18

Arbitrator: Frances S Bulloff

Question 1

It is determined that a { Please list below } decision is a fair resolution of this dispute.

Repurchase

- b For the following reasons, the decision listed above is a fair resolution of this dispute. (If relevant, explain how lemon law standards apply to the facts in this case)

Consumer leased her 2016 Kia Optima from Mentor Kia November 10, 2016. In the Agreement to Arbitrate she listed: Blower Motor and Heater. At the hearing she clarified that "heater" means "heating" and "cooling". She began experiencing problems with the HVAC system in April, 2017 and took the vehicle to Mentor Kia 4/27/17 at 6008 miles complaining that the air conditioning was not blowing out cold air. [R.O.]

The dealer found that the a/c compressor was not powering on and that there was a buzzing noise that may increase in conjunction with the HVAC fan speed. They replaced the a/c compressor, performed EVAC and recharged the system. The vehicle was out of service 1 day.

The consumer testified that the same problems continued regardless of the season. In winter, the defroster would fail and in summer the seats were burning hot. She returned to Mentor Kia 7/31/17 at 9,777 miles with the same noise complaints as before. [R.O.] Consumer complained when pressing the gas pedal there is a wind tunnel noise. The dealer found that the intake hose melted which connects to the throttle and replaced it. The vehicle was out of service for 2 days. These are the only repair attempts within the first 12 months of service.

The consumer returned to the dealer 2/13/18 at 16,088 miles complaining that the blower was not working and there was no air flow plus there was a burning smell. [R.O.] The dealer replaced the air intake hose and ordered a blower motor part. The vehicle was out of service 1 day. Consumer returned 2/19/18 at 16,307 when the part came in. [R.O.] The dealer replaced the blower motor assembly. The vehicle was out of service 1 day. Consumer returned to the dealer 3/1/18 with 16,689 miles. [R.O.] stating that the blower was not working. The dealer found a poor connection and repaired it. The vehicle was out of service 5 days. Consumer returned 3/12/18 with 16,956 miles [R.O.] complaining again that the blower motor was not working. Dealer contacted technical assistance and tried cleaning connections, but could not duplicate the problem. The vehicle was out of service for 8 days. Consumer returned 3/29/18 with 17,371 miles and said that the blower would work and then shut off, stopped working for five days and then came back on plus there was a loud "saucer" noise from the blower when there was no air flow. The dealer removed some debris in the cage of the blower motor but was unable to duplicate the complaints. The vehicle was out of service for 20 days.

At the hearing the consumer was noticeably frustrated and angry with the dealer and manufacturer for not being able to figure out what is wrong with her car. At one point the dealer claimed to the consumer they called for an electrical engineer, but that inspection did not in fact ever happen. The mfr representative confirmed that an electrical engineer never came to see the car. Consumer maintains that the same problems have been recurring to date despite the various repair attempts including blower working and then not working to send out hot or cold air flow, noises from the HVAC system variously described as grinding, buzzing, clicking, saucer turning,

and hissing. At the hearing she submitted a recent repair order dated 5/16/18 at 19,337 miles with the same complaints of no air coming through the a/c, hissing noise, and a burning smell.[R.O. [REDACTED]] The dealer removed the blower, checked for burning smell, found no smell or problems. The vehicle was out of service 14 days.

A non driving inspection was performed at the BBB hearing with 20,157 miles on the vehicle. We were unable to replicate noise or problems with air flow of the a/c in 5-10 minutes of running the car while sitting in the parking lot. Consumer also offered into evidence a video recording which revealed some whirring noise and she offered a written statement from Courtney Criswell who personally experienced the problems with the HVAC system as a passenger in consumer's vehicle. The manufacturer requested a field inspection by its own specialist which was allowed. The BBB also arranged for its own technical adviser to inspect and report.

The BBB technical expert, Dave Pesta, submitted his report dated 6/20/18. With respect to the problem of the HVAC blower, he said the problem does not currently exist. The blower motor operated flawlessly on all fan speeds in all HVAC modes with no unusual noises, malfunctions, or irregularities. With respect to the air from vents not flowing consistently in warm and cold modes, he found the problem currently does exist. He suspected a low refrigerant charge, leak, or some other problem in the ac system. He was unable to achieve a/c temperature below 78 degrees F on a hot day and the left vents always shot out 10-20 degrees warmer air than the right vents.

Sometime after the BBB technical inspection (between 6/20 and 6/22/18 per the KIA field technical specialist's report), Kia's expert inspected the vehicle and confirmed buzzing and grinding noises while the a/c was on coming from the evaporator and high vent temperatures while operating the a/c. He also found low charge of freon and some oil leakage from the suction tube area of the a/c line. Although KIA was not authorized to repair the vehicle during this inspection, the mfr replaced the faulty suction tube, added dye and recharged the a/c. The mfr asks that the case be closed.

While the evidence does not meet the requirements of the Ohio Lemon Law, consumer's vehicle is eligible for Repurchase under Kia's Program Summary . While there were only two attempts to repair during the first twelve months and only two days of service lost, there were six more attempts within the next twelve months[2 years/24,000 miles] totalling another 49 days out of service. Furthermore, her complaints were verified by both the BBB technical expert and the Kia field technical specialist after the hearing.

Question 2

If awarding a repurchase/replacement, identify the problem(s) upon which the award is based and the number of repair attempts for each problem.

HVAC blower motor: 8

Heater: This is essentially the same as the HVAC problem for a/c and heat which saw 8 repair attempts prior to the hearing.

Question 3

Please indicate the cumulative number of days the vehicle was out of service for all problems

51

Question 4

Was final notice given? (Yes / No / Not Applicable)

n/a

Question 5

Please identify the mileage on the vehicle at the time of the hearing/inspection:

20,157

CASE: [REDACTED]
Arbitrator: Frances S Bulloff

Customer: [REDACTED]
Date: 07/09/18

REPURCHASE DECISION

Submitted Date: 07/09/18

VIN: 5XXGV4L20GG

Customer: Ms - Hearing Date: 06/13/18

Arbitrator: Frances S Bulloff

Question 1

Vehicle (Year, Make, Model):

2016 Kia Optima

Question 2

The manufacturer shall repurchase the above ("vehicle") owned by the customer within 30 days after the manufacturer's receipt of the customer's acceptance of this decision, in accordance with the provisions of the applicable manufacturer *Program Summary* that set out the remedies to be included in a repurchase award: (Indicate with an "X")

a Under the lemon law

- OR -

b Not under the lemon law

x

Question 3

The following shall be deducted from the amounts paid by the manufacturer:

a If any amount is to be paid by the consumer for the consumer's use of the vehicle, please provide a dollar amount or formula (being certain to reference the mileage used) for the Reasonable Allowance for Use:

20, 157 miles at date of hearing

The Manufacturer may deduct for any damage beyond normal wear and tear that is not caused by a vehicle nonconformity and that is not repaired by the customer prior to the completion of this transaction.

The manufacturer shall provide the customer with a written statement of all amounts that will be paid under this decision. If there is a dispute as to any amounts that should be paid by the manufacturer, the customer may submit a written request to BBB AUTO LINE asking that the arbitrator resolve the dispute. BBB AUTO LINE must receive the customer's request no later than 10 days after the customer receives the manufacturer's statement of amounts that will be paid.

The arbitrator's resolution of the dispute will be provided to the parties in the form of a decision that the customer may accept or reject, and a rejection will be considered to be a rejection of this repurchase decision. The manufacturer's time for performance under this decision shall be extended by the number of days it takes to resolve the dispute submitted by the customer as to any amounts that should be paid by the manufacturer. .

At the time of repurchase, the customer will be responsible for turning over the vehicle and providing clear title to the manufacturer. The vehicle shall have a current registration and be in a similar condition as it was at the time of the hearing, allowing for normal usage. The customer must also comply with all additional requirements in the section of the manufacturer *Program Summary* that sets out customer responsibilities if a repurchase is awarded.

If there is a lienholder, payment of any amounts due shall be made by the manufacturer to the customer and the lienholder as their respective interests appear on the records of ownership.

The manufacturer shall contact the customer to arrange a mutually agreeable location for the repurchase transaction.

Reminders to Technical Expert:

Do not deviate from below reference procedures! If malfunction, noise or condition is not evident during road test - make sure you have driven the vehicle at least 10 miles to give subject component(s) a sufficient window of opportunity to malfunction.

IMPORTANT:

1. It is critically important that you have no communication with the customer, manufacturer or dealer other than scheduling an appointment and obtaining the keys from the customer at the time of the inspection.
2. The customer, manufacturer or dealer is **NOT** to accompany you on the test drive.
3. If the customer, manufacturer or dealer tries to engage you in conversation, please advise them that you are not permitted to discuss the case with them. You may refer them to call their **BBB AUTO LINE** case specialist if they have any questions.

Technical Inspection Request

Problem:	HVAC system. Blower does not work properly (intermittent).
Does Problem Exist:	No
Probable Cause(s):	N/A
Test, Evaluation and Basis for Conclusion(s):	The inspector verified that the blower motor operated flawlessly on all fan speeds, in all HVAC modes with the outside air, air conditioning or heater engaged, with no unusual noises, malfunctions or irregularities apparent at any time during the road test or inspection. The inspector noted the blower speed was appropriate to the settings and fan speeds selected at all times.
Problem:	Air from vents is not consistent (warm and cold).
Does Problem Exist:	Yes
Probable Cause(s):	Suspect a low refrigerant charge, a refrigerant leak and/or another problem in the AC system that will require additional testing and diagnosis to pinpoint the root cause of the problem.
Test, Evaluation and Basis for Conclusion(s):	The ambient temperature was approximately 104 degrees at the time of this inspection. The inspector used a thermometer and verified the air temperature emanating from the left-center

	and left-outer vents was always 10 to 20 degrees warmer than the air blowing out of the right air circulation vents with the air conditioning engaged, suggesting a low refrigerant charge and/or a refrigerant leak. The air emanating from the vents never achieved a temperature below 78 degrees, further evidence of a low refrigerant charge and/or another problem that needed.

To Whom this may concern, (Frances Bulloff)
(Arbitrator)

I ask you to please take into consideration the length of time the problem with the HVAC System has occurred. Scott Williams (at KIA of Mentor) himself has heard and seen the HVAC System Intermittently not work. I have taken this car to KIA of Mentor every time I have had a problem with the HVAC System, to have them try to find a resolution. I have been told from Scott Williams (Service Director) that he knows and has witnessed the faulty System and stated, "They can't figure it out". I am asking you to take into consideration the danger my children and I have been in due to this Faulty HVAC System Intermittently not working from the Initial Complaint reported.

Thank You

KIA'S COMMENTS REGARDING TECHNICAL EXPERT FINDINGS AND FINAL REPAIR OPPORTUNITY

On 06/13/2018, the arbitrator, Ms. Frances Bulloff, gave KMA a final repair attempt to be completed within 10 business days of the arbitration date.

On 06/18/2018, an independent Technical Expert, prior to KMA completing this final repair attempt, confirmed the following:

The HVAC Blower Motor operated flawlessly on all fan speeds, in all HVAC modes with the outside air, air condition or heater engaged, with no unusual noises, malfunctions or irregularities apparent at any time during the road test or inspection. The inspector noted the blower speed was appropriate to the settings and fan speeds selected at all times.

Please note that an inoperative blow motor was the main concern Ms. [REDACTED] outlined in her case for a replacement vehicle.

The Technical Expert also confirmed the following outstanding problem:

Air temperature from vents is not consistent. With an ambient temperature of approximately 104 degrees at the time of inspection, the inspector used a thermometer and verified the air temperature emanating from the left-center and left-outer vents was always 10 to 20 degrees warmer than the air blowing out of the right air circulation vents with the air conditioning engaged. This, along with the air emanating from the vents never achieving a temperature below 78 degrees, suggested a low refrigerant charge and/or leak.

Between 06/20/2018 and 06/22/2018, our Field Technical Specialist (FTS) inspected vehicle and confirmed "buzzing/grinding noise" in the vehicle while the A/C was on. The noise that was heard (actually hissing) is typical of the expansion valve when the system is low on charge. FTS noted noise from the evaporator area during A/C operation and high vent temperatures while operating. Upon further inspection, noted signs of leakage (oil residue) from the suction tube area of the A/C line. 0.22 LBS of Freon were recovered from the system confirming low charge in the system. Replaced affected suction tube, added dye to system and re-charged A/C to specifications. Vehicle was test driven extensively with no further noise and proper vent temperatures were present.

Note: Fan operation was fully functional on all fan speeds, in all HVAC modes with the outside air, A/C or heater engaged during all testing before and after line replacement.

On 06/25/2018, our Senior District Parts and Services Manager (SDPSM), Jack Sparling, test drove the vehicle for 1.2 hours under a variety of conditions. All functional modes of the HVAC system were set and confirmed to be fully functional. All blower motor settings and speeds were initiated and were fully functional. The A/C outlet temperature varied as settings were selected and were functioning normally. SDPSM is satisfied that the system is fully functional at this time. SDPSM filled customer's fuel tank after test drive was completed.

Note: Low A/C charge may cause evaporator icing that would block air flow thru the system. Blower motor function would be unaffected

We (KMA) contend that the concerns Ms. [REDACTED] was having with her vehicle are now resolved, per the final repair attempt granted by the arbitrator.

Therefore, at this time, we request the BBB case be closed.

I. Base Monthly Payment	\$ <u>310.01</u>
J. Monthly Sales/Use Tax	\$ <u>N/A</u>
K. Other (specify): <u>N/A</u>	\$ <u>N/A</u>
L. Total Monthly Payment	\$ <u>310.01</u>

EARLY TERMINATION. You may have to pay a substantial charge if you end this Lease early. The charge may be up to several thousand dollars. The actual charge will depend on when the Lease is terminated. The earlier you end this Lease, the greater this charge is likely to be.

You may be charged for excess wear based on our standards for normal use and for mileage in excess of 12000 miles per year (prorated based on the number of months in the Lease Term) at the rate of 20 ¢ per mile. No rebate or credit will be paid to you if the mileage is less than the specified amount.

☐ If this box is checked, you have purchased an additional 15 ¢ per mile (prorated based on the number of months in the Lease Term) at 15 ¢ per mile, which is included in your Monthly Payment. No rebate or credit will be paid to you if the end of term mileage is less than the specified amount.

You have an option to purchase the Vehicle from us at the scheduled end of the Lease Term, **AS IS**, WHERE IS, from us or a party we designate (See Section 23) for the Residual Value on the 2D above ("Purchase Price") plus a Purchase Option Fee of \$ 0.00. If you purchase the Vehicle through the originating Dealer (named in Section 1 above), instead of the Purchase Option Fee, you will pay a fee to such Dealer in the amount of \$ N/A. You are also responsible for any official fees, such as those for taxes, tags, license and registration. Please see Section 23 on the back of this Lease for additional terms and conditions.

See both sides of this Lease for additional information on early termination, purchase options, maintenance responsibilities, warranties, late and default charges, insurance, and any security interest, if applicable.

Notice: If you do not meet your Lease obligations, you may lose the Vehicle.

AK, OR and SD Notice: If this Lease is for a consumer purpose, then this Lease is CONSUMER PAPER.

A. Agreed Upon Value of Vehicle	\$ <u>34805.00</u>
B. Sales/Use Tax	\$ <u>789.79</u>
C. License, Title and Registration Fees	\$ <u>N/A</u>
D. Outstanding Prior Credit or Lease Balance	\$ <u>N/A</u>
E. Dealer Documentation/Service Fee	\$ <u>N/A</u>
F. Optional Vehicle Service Contract	\$ <u>N/A</u>
G. Optional Excess Wear & Use Waiver	\$ <u>N/A</u>
H. <u>N/A</u>	\$ <u>N/A</u>
I. <u>N/A</u>	\$ <u>N/A</u>
J. Acquisition Fee	\$ <u>545.00</u>
K. Total = Gross Capitalized Cost	\$ <u>36189.79</u>

The total estimated amount you will pay for official and license fees, registration, title and taxes (including personal property taxes) over the Lease Term, whether included with your Monthly Payment or assessed otherwise, is \$ 1733.79. The actual total of fees and taxes may be higher or lower than this estimate depending on the tax rates in effect or the value of the Vehicle at the time a fee or tax is assessed.

If the Vehicle is new, the Vehicle is covered by the manufacturer's standard new car warranty. If the Vehicle is not new, there is no express warranty on the Vehicle unless indicated below:

- ☐ Used vehicle limited warranty provided by the manufacturer
- ☐ Remainder of standard new vehicle limited warranty provided by the manufacturer

LESSOR LEASES THE VEHICLE TO YOU "AS IS," EXCEPT AS PROVIDED IN THIS LEASE (AND UNLESS PROHIBITED BY LAW), WE MAKE NO EXPRESS OR IMPLIED WARRANTIES OR REPRESENTATIONS AS TO THE VEHICLE'S (OR ANY OF ITS PARTS OR ACCESSORIES) CONDITION, MERCHANTABILITY, SUITABILITY OR FITNESS FOR ANY PARTICULAR PURPOSE AND WE MAKE NO OTHER REPRESENTATIONS OR WARRANTIES WHATSOEVER. If this Lease is entered into in Kansas, Maine, Massachusetts, Mississippi, Vermont (if the Vehicle is new) or West Virginia, Lessor does not disclaim any implied warranty of merchantability or fitness for any particular purpose.

**** NOTICE TO MISSISSIPPI LESSEES: A DOCUMENT/SERVICE FEE IS NOT AN OFFICIAL FEE AND IS NOT REQUIRED BY LAW. HOWEVER, IT MAY BE CHARGED TO A BUYER/LESSEE FOR THE HANDLING OF DOCUMENTS AND THE PERFORMING OF SERVICES RELATED TO THE SALE OR LEASE AND MAY INCLUDE DEALER PROFIT. THIS NOTICE IS REQUIRED BY REGULATION OF THE MISSISSIPPI MOTOR VEHICLE COMMISSION.**

The Lease Term is 36 months ("Lease Term").

The Scheduled Maturity Date: 02/15/2020

Hyundai Lease Filing Trust
PO Box 20809
Fountain Valley, CA 92728-0809

NOTICE TO MICHIGAN LESSEES: The Adjusted Lease Balance upon early termination (see Section 22) may be different than the actual cash value of the Vehicle as determined by your automobile insurer. Unless we agree to waive your liability upon a Total Loss of the Vehicle (see Section 25B, below), then you will be responsible for the difference between the Adjusted Lease Balance and the Vehicle's actual cash value as determined by the insurer.

Lessee's Initials N/A / Co-Lessee's Initials N/A

NOTICE TO FLORIDA LESSEES: The valid and collectible liability insurance and personal injury protection insurance of any authorized rental or leasing driver is primary for the limits of liability and personal injury protection coverage required by Sections 324.024(7) and 627.736, Florida Statutes.

Any change to this Lease must be in a writing signed by us and you, except that (a) we may agree to requests for extensions, deferrals and due date changes if offered by us by phone and confirmed by us in writing, unless the law requires a signed written agreement; and (b) we may, in our sole discretion, modify any term(s) of this Lease without your signature upon written notice to you of the modified term(s). If the modified term(s) are at least as favorable to you as the existing terms of this Lease, your failure to object within 10 days after we send you a modification notice shall be deemed your consent to the modified term(s). No other oral changes are binding.

Authorized Signature X Name: GRET WOFFELA Title: BUSS MGR

AutoPay Authorization

I authorize Hyundai Capital America dba Kia Motors Finance ("KMF") to initiate monthly Automated Clearing House (ACH) debit entries (and, if necessary, other debit or credit entries to correct errors) to the deposit account listed below (the "Account") on the payment due date specified in my motor vehicle lease (the "Lease"), each in the amount of the monthly payment specified in the Lease plus any applicable sales, use, rental or other taxes and any other charges due under the Lease and reflected on the most recent monthly statement. I agree that I will remain responsible for arranging payments due under the Lease until KMF notifies that it has initiated AutoPay, which may take up to two billing cycles. This authorization shall remain in effect, and KMF will continue to charge my Account, until I revoke my authorization by calling KMF's Customer Service Department at (888) 331-5632 at least 3 business days prior to the next scheduled payment due date to avoid further charges. I understand that when I revoke this authorization I will be responsible for scheduling and making all subsequent payments to KMF when due under the Lease. In addition, if funds are not available when KMF attempts to charge my Account, I will be responsible for arranging alternative payment to KMF and agree to pay KMF any late charges due under the Lease as well as any returned check, processing or insufficient funds fees as set forth in the Lease. Except to the extent imposed by applicable law, KMF shall have no liability to me with respect to a debit against the Account which is drawn in an incorrect amount or drawn after I have revoked authorization for AutoPay, other than the responsibility to correct any error. I represent to KMF that I am the holder of the Account or am authorized to make payments from the Account. I acknowledge that I received a copy of this authorization for my records.

- In Ohio, it is illegal to drive any motor vehicle without insurance or other financial responsibility (FR) coverage.
- It is also illegal for any motor vehicle owner to allow anyone else to drive the owner's vehicle without insurance or FR coverage.
- **PROOF OF INSURANCE OR FR COVERAGE IS REQUIRED:** Whenever a police officer issues a traffic ticket*At all vehicle inspection stops*Upon traffic court appearances*Upon random checks by the Registrar of Motor Vehicles.
- **ANY DRIVER OR OWNER WHO FAILS TO SHOW PROOF OF INSURANCE OR OTHER COVERAGE WILL:** Lose his or her driver license until requirements are met on first offense, one year on second offense, and two years on third and subsequent offenses* Lose his or her license plates and vehicle registration*Pay reinstatement fees of \$100.00 on first offense, \$300.00 for second offense, and \$600.00 for third and subsequent offenses*Pay a \$50.00 penalty for any failure to surrender his or her driver license, license plates or registration AND*Be required to maintain special FR coverage ("High-risk" insurance or equivalent) on file with the Bureau of Motor Vehicles for THREE or FIVE YEARS.
- **ONCE THIS SUSPENSION IS IN EFFECT:** Any driver or owner who violates the suspension will have his or her vehicle immobilized and his or her license plates confiscated for at least 30 DAYS first offense and 60 DAYS second offense. For third or subsequent offenses, the vehicle will be forfeited and sold and the person will not be permitted to register any motor vehicle in Ohio for FIVE YEARS.
- **IF YOU ARE INVOLVED IN AN ACCIDENT WITHOUT INSURANCE OR OTHER FR COVERAGE:** In addition to all the penalties listed above, you may have*A SECURITY SUSPENSION for TWO YEARS or more and*A JUDGEMENT SUSPENSION INDEFINITELY (until all damages have been satisfied).
- **THESE PENALTIES ARE IN ADDITION TO ANY FINES OR PENALTIES IMPOSED BY A COURT OF LAW. WARNING: THESE LAWS DO NOT PREVENT THE POSSIBILITY THAT YOU MAY BE INVOLVED IN AN ACCIDENT WITH A PERSON WHO HAS NO INSURANCE OR OTHER FR COVERAGE.**
- **WHEN REQUIRED, PROOF OF COVERAGE MAY BE SHOWN BY ANY OF THE FOLLOWING:***AN INSURANCE POLICY showing automobile liability insurance of at least \$25,000 bodily injury per person, \$50,000 injury two or more persons, and \$25,000 property damage*AN INSURANCE IDENTIFICATION CARD (same coverage)*A SURETY BOND OF \$30,000 issued by any authorized surety company or insurance company*A BMV BOND SECURED BY REAL ESTATE having equity of at least \$60,000*A BMV CERTIFICATE FOR MONEY OR GOVERNMENT BONDS in the amount of \$30,000 on deposit with the Ohio Treasurer of State*A BMV CERTIFICATE OF SELF-INSURANCE, available only to companies or persons who own at least twenty-six motor vehicles.

PROOF OF FINANCIAL RESPONSIBILITY

I affirm that all owners (or lessees of leased vehicle) now have insurance or other FR coverage and will not operate or permit the operation of this motor vehicle without FR coverage; all previous registration fees due have been paid; this plate category is correct; and this vehicle will not be used as a commercial or farm vehicle unless so registered.

By signing below I agree to and attest that all the above is true and accurate.

Subject: Repurchase of 5XXGV4L20GG [REDACTED]

Good afternoon,

Kia Motors America (the manufacturer) has agreed to purchase the above referenced vehicle, belonging to Ronda Kimball. In order to process this repurchase, please provide me with the following payoff information for the above referenced account:

- Payoff amount and good-through date
- Total amount financed
- Monthly payment amount
- Number of payments made
- Date of last payment
- Daily per diem
- Interest paid to date
- Late fees
- Please include a copy of payment history

Customer signed authorization for the release of this information is attached.

Please contact me directly with any questions or concerns or if any additional information is needed.

Thank you,

Kaan Gurocak

Stated Concerns:										
1 Maintenance	LOF		LOF	LOF						
2 SC / SA	SA270A - Decorative Cover Lubrication									1
3	(1) CS A/C is not blowing cold air. (2) CS blower was not working. States all elements light up but no air flow. States when attempting to turn on there was a burning smell. (3) CS blower fan is not working; special ordered part 0624 (4) CS blower fan not working. (5) CS heater and blower are inop. (6) CS blower fan not working - over the last several days the blower would work and shut off (3/24 stopped and came back on 3/29) - states there was a loud "saucer" noise from the blower with a hissing noise - but there was no air flow when this happened - also states that the brights were flicking on and off (with the indicator display on dash) while driving several different times.	(1) R&R A/C Compressor (scanned and found no codes in a/c module. a/c system is full. Inspection found a/c compressor is not powering on. Tech confirmed blowing warm air. Tested system after repair and operating as designed.)	(2) Ordered Fan and Motor Assy (Blower motor has high resistance. Internal blower failure. Ordered motor with ETA of 2/15)	(3) R&R Fan and Motor Assy (blower motor is intermittently not powering and not allowing the fan to work. Working properly after replacement.)	(4) Addressed poor connection at EM-11 Pins (following the previous repair the tech found a poor connection at the EM-11 Pins and passed drag test. Veh operating as designed.)	(5) CND/NRM (confirmed that blower motor was inop. Contacted TL and test drove. Monitored voltage on JP-PIN #6. Voltage good. Checked ground at CE02 Frame Rail. Cleaned and reattached, still no change. Unable to duplicate concern. No problem found.)	(6) CND/NRM (no cause of failure found as we have been unable to duplicate concern. HVAC system working properly when veh came int. Test drove limited miles per request of customer. Unable to duplicate. Found some debris in cage of blower motor; removed debris and replaced cabin filter. All connections good and functioning properly.	6		
4	(1) CS when pressing gas pedal there is a wind tunnel noise; sounds like it is coming from engine area; high speeds.	(1) R&R Intake hose assembly (Intake hose melted that connects to throttle.)							1	
5	(1) CS rear tire has a nail in it.	(1) CP - plug left rear tire							1

Web - Problem Description created on 03/13/2018 05:32:23 and created by James Ferencak

customer states heater blower intermittently will not work verified

*** 03/13/2018 05:32:23 ***

Web - Diagnostics created on 03/13/2018 05:32:23 and created by James Ferencak

smacked the top of the SJB and blower started to work ? do we have any other cases like this in your data banks . I see the fuse switch control and the leak current cut off devices are all internal to the SJB. i SUSPECT A MALFUNCTIONING SJB , YOUR THOUGHTS?

*** 03/13/2018 05:37:51 ***

Accepted, from Queue = TL_Rondo_Opti_Borr to WIPBin default

*** Web - Advice created on 03/13/2018 05:40:44 and created by Tony Thomas ***

1: Check the terminal tension on the A/CON fuse in the SJB and pin tension at IP-C pin 6. If no problems are found, monitor the battery voltage on pin 6 at the orange wire during the fault and improve the GE02 ground on the left frame rail.

*** Service Alert Escalated to CA as: [REDACTED] on 03/14/2018 01:06:09 (PST)

*** 03/16/2018 05:18:24 ***

Web - Note created on 03/16/2018 05:18:24 and created by Scott Williams

test drove vehicle monitored voltage on IP -pin #6 voltage good, checked ground at GE02 frame rail cleaned and reattached still no change. As a reminder when the vehicle was brought to us the blower motor was inop. The technician tapped the junction block under the hood and the blower motor started working we since been unable to duplicate the customers concern.

*** Web - Advice created on 03/16/2018 06:07:29 and created by Tony Thomas ***

1: If you cannot duplicate the concern, have the customer duplicate it for you. Perform no repairs if the concern cannot be duplicated. If the vehicle is released to the customer, close this case. If the customer returns and you require further assistance for this concern, please use the Techline web portal and request to reopen this case. Thank you.

*** Case has been auto closed by the system on 04/16/2018 01:05:40 (PST)

Case History

CUSTOMER COMPLAINT

Customer states intermittently the blower fan is not working. States there is a buzzing/grinding noise from the fan. DPSM advised to provide rental and FTS to arrive the week of 6/18/18

ACTUAL CONDITION

Low charge of the A/C system due to leakage.

INVESTIGATION RESULTS

The BBB technical expert and myself were not able to verify customer concern of intermittent blower fan operation during testing. I noted noise from the evaporator area during A/C operation and high vent temperatures while operating.. Upon further inspection I noted signs of leakage (oil residue) from the suction tube area of the A/C line. 0.22 LBS were recovered from the system. The A/C tube assy was ordered and upon delivery of the part it was noted to have the incorrect fitting for the proper charging of the system. The part was again ordered and upon delivery it was also noted to have the incorrect fitting for proper charging of the system. Further research on the affected part is being done via the part vendor. All photos and measurements were sent to the vendor for further research.

POSSIBLE CAUSE

Low refrigerant charge in A/C system resulting in noise at the expansion valve during A/C operation.

CORRECTIVE ACTION

Vehicle was sent to alternate dealership (same dealer group) to complete A/C charge through high pressure side only. Repair was completed 6-22-18 after FTS visit. Dealer SM reported that the vehicle was operating as designed. I advised the SM and DPSM to have the vehicle driven extensively to confirm proper A/C operation and blower fan operation.
