RE: Kia Case Identification Number [REDACTED]
2016 Kia Sorento, VIN 5XYPGDA32 [REDACTED]

Dear [REDACTED]

This letter is to advise you of the results of Kia Motor America's ("KMA") vehicle inspection of your 2016 Kia Sorento. We at KMA apologize for the circumstances that prompted you to contact us. As you know, a joint inspection took place on October 15, 2018 with The Hartford Insurance's expert.

After careful review of all the information that you have submitted and our own investigation, KMA has concluded the cause of the fire to be undetermined. The following observations were noted during the vehicle inspection:

- Most fire damage found at the front passenger side of vehicle
- No major cracks or holes noted in engine block
- Starter in place with wires showing no signs of shorting
- Engine compartment wires are heavily damaged by fire, but what remained did not show any heavy electrical activity
- Fuel injector was heavily heat damaged but showed no signs of malfunction

Thank you for taking your time to bring your concerns to KMA's attention. Should you have any additional questions or concerns, please do not hesitate to contact KMA.

Kind Regards,

[REDACTED]
