Re: 2015 KIA Forte, Vin # KNAFK4A64F5 [REDACTED]

SUBJECT: Request for Reimbursement for Repair Services and Tow Charges Covered
Under KIA's Roadside Service

On Friday, [REDACTED] 2018, while traveling at 55 to 60 MPH, my 2015 KIA suddenly and without warning swerved to the right because the rear brakes self-engaged and locked. The braking action was severe, leaving two 50-foot-long rubber tracks on the highway. I narrowly avoided colliding with other vehicles as I steered the car off the highway and safely into a field! My son [REDACTED] and his wife were riding with me... we were scared & shaken but unharmed.

In summary, the location of the incident (at about noon time) was on the highway leading into the town of North Creek, NY, about 18 miles away from the tow service garage located in Pottersville, NY. My car had to be towed & then assessed as to damages and also to determine the cause of the sudden braking action.

The service station was too busy to do the repairs that Friday, and owner said it couldn't be worked on until Monday or Tuesday; I was forced to leave the car there, & I called for a car rental service (Enterprise in Queensbury, NY) so that we could continue our journey to Athens, NY, where we visited my son [REDACTED] and his wife as planned. We stayed there until I got the call that my car was repaired about 10 AM on Tuesday, July 31st.

We drove the rental to Queensbury, NY, and one of their Enterprise reps drove us to Pottersville to pick up my car. The KIA's right rear tire had been badly damaged, with about 5" of tread completely worn off - a totally flat spot! Mechanic Mr. Peet said the right rear caliper malfunctioned somehow, which caused the brakes to seize up.

We then drove homeward, stopping for supper along the way, arriving home that evening at 8:00 PM.

I called KIA Consumer Assistance about this incident the next morning, Wednesday, Aug. 1, and spoke with representative Octavia, who advised me to have KIA Service check my car to see whether there was anything wrong and/or whether there might be any recall issues. In fact, I had already called the KIA dealership about this incident and made the appointment for them to check my car on Friday afternoon, August 3rd.

[REDACTED]

You will see the **KIA statement enclosed**, Invoice [REDACTED] which indicates that my car's rear end is okay and that the tire was replaced free of charge. Mr. Adam Holder, Service & Parts Manager, told me that, because the car has always been serviced in KIA's service department, and because it had only 23,548 mileage when this incident occurred, obviously something was wrong with the rear right caliper, as the repairman at Pottersville told us. Therefore, Mr. Holder advised me to send you the **Pottersville Garage Repair Statement** so that I can request reimbursement for some of the \$125 towing fee, and also for the two rear rotors, brake pads, and the right rear caliper. (The labor charge is \$105, if any of that can be repaid to me as well.)

Mr. Holder suggested that I also submit the **Enterprise car rental receipt**, too. My son paid for the rental, but I will be reimbursing him, of course. I hope you can compensate us at least some of that charge as well!

If you have any questions, please call me at my home phone number listed below. The cell number on the garage receipt is [REDACTED] unfortunately, my cell wouldn't pick up any signal in Pottersville!

Thank you.

Sincerely,

[REDACTED]

Claims Dept.'s Reimbursement Denial Case # [REDACTED]

Re: KIA's Reference No. [REDACTED]

Dear Mr. Holder:

As you know, the Claims Department denied reimbursing my expenses, explaining the reason: "this vehicle was not towed to the closest qualified dealer." I Googled the closest KIA dealership to North Creek (where the brakes seized up) and found the nearest dealership to be in Albany, NY, which is a bit more than 85 miles away! That just isn't practical, as it would mean a huge towing charge, most of which I would have to pay for, not to mention the stress of having my car towed that long distance.

I opted to have my car towed to the nearest service garage, just 18 miles away; I think my choice was more than reasonable. Under the scary circumstances of having my car's brakes seize up suddenly while I was traveling at approximately 55 to 60 MPH, my decisions were made under great stress. Even so, opting for a shorter tow was my best, wisest decision, no doubt about it!

You have a copy of the car repair receipt. I also have the car rental receipt, which I will gladly send you. Because I work p-time at school, in the summertime I'm without employment, so I'm on a tight budget. My son [REDACTED] picked up the cost of repairs and rental, thankfully. I want to reimburse him as soon as possible! He has been very kind and patient, but I owe him \$923.44 – that's a lot!!!

I won't be home most of today, but I should be home by 4 PM or so. Thursday I return to work, so I won't be home till after 2 PM. If you call me while I'm out, please leave a message. Or, if you prefer, you may email me.

I have purchased 3 new KIAs since fall 2011, and I must admit that KIA's response to this problem will determine whether I'll continue to be a KIA customer. After all, my 2015 car had only 23,548 miles on it at the time of this unfortunate incident!

Thank you for your efforts on my behalf.

Because towing
18 miles cost us
\$125, imagine what
85+ miles towing fees
would be! I believe
KIA should at least
pay towing expense!

██████████

Vehicle Repair Station #R357-0068

THANK YOU

* \$125 towing for a short distance of 18 miles!
Nearest KIA dealership was in Albany, so car would have to be towed about 85 miles — so, a much larger towing charge, obviously.

RE: Request for Reimbursement Regarding July [REDACTED] Incident

Dear Mr. Holder,

Per our phone conversation yesterday, I'm enclosing a copy of the rent receipt which my son [REDACTED] kindly paid for on his AMEX card on my behalf. I'm hoping either he or I will be reimbursed for the rental promptly. (Without the car rental, we would have been stranded there in Pottersville until the car repairs were finished on Tuesday, 31 July, & we would have had to find a motel to stay in, etc. We drove the ^{rental} car to our original destination in Athens, NY, to visit my younger son.)

Thank you very much for your assistance in this matter!

Sincerely,

SECTION 3: DESIRED OUTCOME (Describe what you want done to resolve your concern)

Had car towed to nearest service station 18 miles away. Right rear caliper was broken and repairs made @ same station. Had to rent car while my car was at station from July 27 to July 31. Under KIA 5year/60,000 mile basic warranty, but KIA would not reimburse tow, repairs or rent expenses because KIA didn't do repairs.

Because nearest KIA dealership location would mean a 85-mile tow, I opted to have my car towed to nearby station ~18 miles away, instead. I believe the faulty caliper repair should be reimbursed, too, & car rental.

To whom it may concern-

Unfortunately, this is going to be a rather lengthy message. I had a recall on my 2013 Kia Forte, it involved the brake pedal stopper. It was my fault for not bringing in my KIA earlier, I had called months earlier and left two VMs with the service dept because they never answered the phone. They always called me back but unfortunately, I do not have cell service out where I live so I gave up. A few months later I brought my car in. At this point all my break lights were burnt out. The recall stated that my break lights would continuously stay illuminated. Kia dealership stated they would not fix my break lights but assured me the ONLY issue was that the bulbs were out. He also stated I needed new tires and when I told him I wasn't interested he was visibly frustrated. I was not going to pay the 60 bucks they quoted me to have new bulbs put in and he also made some very rude comments about how my fiancé may not can change the bulbs. I know from experience that I could go to an auto parts store and spend about 5 bucks on bulbs so that is what I did. When I got to the auto parts store to switch my bulbs out, the bulbs had burnt and melted into the plastic socket and would not come out. At this point I was aggravated but planned to take my car to a privately-owned mechanic to have it fixed, that's when I realized all my dash lights were out as well. I know for an absolute fact that my dash lights were working when I brought my Kia in. At this point i was aggravated and called and asked to speak to the manager. I told him about my experience and told him how his service guy was more worried about me spending money or swiping my card than if I was happy or pleased with the service. I understand I was not spending money, but I did buy my car from KIA and deserve the same respect any other paying customer would have gotten. Josh, the manager stated that he would fix my break lights because that is no issue and he isn't worried about the cost of it he did state that he cannot be certain that the dash lights quit working while I was at the dealership. I assured him I leave every morning before the sun comes out and was certain they were working before my visit. Long story short I went back in, so he could get the burnt bulbs out and replace the lights, because remember the service dept told me that was my only issue (burnt out bulbs). Of course, said the dash lights were not on them and that it was just a burnt bulb and I would have to take the dash apart to fix it...

Honestly, I did not even think to check if they fixed my break lights, that didn't even cross my mind because that was the ONLY reason I was there. This morning I was dropped off at work and as my car was pulling away I realized my lights were still NOT fixed. Is there a new bulb in there? yes, are the brake lights working? No. Now I'm worried that is more than what the service dept stated it was. But besides that...how can you not ensure something is fixed before you send the customer home.

At this point I am BEYOND frustrated. I have never ever had an issue with my KIA but I can ensure you I will never give KIA another dime of my money solely on the service I received here in Asheville. I will also make a public post regarding the KIA dealership in Asheville. I hope that other customer receives better service than I did.

Called fl112 and SVCM Todd stated:

- 1 - veh has been here twice; this is second time
- 2 - the first time it came in was 3/7; this time it came in 3/13
- 3 - she says there is white smoke coming out from under the hood and the car has no speed

Case History

4 - I put 280 miles on the veh and CND

5 - there were no codes

6 - I drove highway and city, turning veh off, letting it sit, and restarting it

7 - I drove it in to really try to get it to duplicate and I could not

8 - This time I spoke with Phil Bayless and he said to keep veh for 5 days and continue to drive it and see if we can duplicate it

9 - so far I have put 140 miles on it without problem so far

10 - again it is a combination of city and highway driving

11 - she took a video, but the camera is moving all around and you really cannot tell what is happening

12 - In some ways, what she is saying does not make sense

13 - We see no signs of smoke residue on the engine, no sign of a plastic bag being caught and burning off, no sign of fluids leaking or anything like this

14 - I think she might be driving two-footed, but she says she is not

15 - if you brake and accelerate at the same time, the car will go into failsafe mode

Karen @46041

Phillip,

I believe you are aware of this vehicle.

This is a 13 Forte, KNAFU4A2XD5 [REDACTED], 240 miles, orig owner [REDACTED]. This is IQS.

Customer states that veh is at fl112 for third time for a problem where engine becomes noisy, smoke comes out from under hood, and veh will not have any speed or power.

SVCM Todd says this is second visit.

Customer's first language is Spanish and her sister (ms. [REDACTED]) called for her. Her sister says Ms. [REDACTED] speaks English all right, that she understands her, but that she was calling for her sister.

Ms. A states her sister does not want veh back. Dlr CND after extensive test-driving and is continuing to testdrive veh.

I am dispatching for early intervention.

You have been sent a Kia Consumer Assistance Case for your reference and action as may be noted in the Case. If it has been sent to you in error, please notify the Kia Consumer Affairs Dept. at 949.468.4619 AND delete this email.

Called fl112 and SVCM Todd stated:

- 1 - veh has been here twice; this is second time
- 2 - the first time it came in was 3/7; this time it came in 3/13
- 3 - she says there is white smoke coming out from under the hood and the car has no speed

Case History

4 - I put 280 miles on the veh and CND

5 - there were no codes

6 - I drove highway and city, turning veh off, letting it sit, and restarting it

7 - I drove it in to really try to get it to duplicate and I could not

8 - This time I spoke with Phil Bayless and he said to keep veh for 5 days and continue to drive it and see if we can duplicate it

9 - so far I have put 140 miles on it without problem so far

10 - again it is a combination of city and highway driving

11 - she took a video, but the camera is moving all around and you really cannot tell what is happening

12 - In some ways, what she is saying does not make sense

13 - We see no signs of smoke residue on the engine, no sign of a plastic bag being caught and burning off, no sign of fluids leaking or anything I ke this

14 - I think she might be driving two-footed, but she says she is not

15 - if you brake and accelerate at the same time, the car will go into failsafe mode

CARFAX Price Adjustment™

Accidents, service records, number of owners and many other history factors can affect a vehicle's value. The CARFAX Price Adjustment is a tool that analyzes millions of used car transactions to measure how the combination of all the information reported to CARFAX affects the value of a particular vehicle. The vehicle's retail book value plus the CARFAX Price Adjustment will give you a more accurate measure of the vehicle's value. Use this tool, along with a vehicle inspection and test drive, to make a better decision about your next used car.

First Owner

When the first owner(s) obtains a title from a Department of Motor Vehicles as proof of ownership.

Ownership History

CARFAX defines an owner as an individual or business that possesses and uses a vehicle. Not all title transactions represent changes in ownership. To provide estimated number of owners, CARFAX proprietary technology analyzes all the events in a vehicle history. Estimated ownership is available for vehicles manufactured after 1991 and titled solely in the US including Puerto Rico. Dealers sometimes opt to take ownership of a vehicle and are required to in the following states: Maine, Massachusetts, New Jersey, Ohio, Oklahoma, Pennsylvania and South Dakota. Please consider this as you review a vehicle's estimated ownership history.

Title Issued

A state issues a title to provide a vehicle owner with proof of ownership. Each title has a unique number. Each title or registration record on a CARFAX report does not necessarily indicate a change in ownership. In Canada, a registration and bill of sale are used as proof of ownership.

CARFAX receives information about accidents in all 50 states, the District of Columbia and Canada. Different information in a vehicle's history can indicate an accident or damage, such as: salvage auction, fire damage, police-reported accident, crash test vehicle, damage disclosure, collision repair facility and automotive recycler records. Not every accident or damage event is reported and not all reported are provided to CARFAX. Details about the accident or damage event when reported to CARFAX (e.g. severity, impact location, airbag deployment) are included on the Vehicle History Report. CARFAX recommends you obtain a vehicle inspection from your dealer or an independent mechanic.

- According to the National Safety Council, Injury Facts, 2007 edition, 7% of the 245 million registered vehicles in the U.S. were involved in an accident in 2005. Over 75% of these were considered minor or moderate.
- CARFAX depends on many sources for its accident / damage data. CARFAX can only report what is in our database on 6/22/15 at 9:47:04 AM (EDT). New data will result in a change to this report.

First Owner

When the first owner(s) obtains a title from a Department of Motor Vehicles as proof of ownership.

Lease

When someone leases a car from a dealer, the dealer actually sells the vehicle to a leasing company. The leasing company then collects payments for the vehicle from the new owner for 24, 36, 48 or more months. A leasing company can be an independent car dealer or a car manufacturer.

New Owner Reported

When a vehicle is sold to a new owner, the Title must be transferred to the new owner(s) at a Department of Motor Vehicles.

Ownership History

CARFAX defines an owner as an individual or business that possesses and uses a vehicle. Not all title transactions represent changes in ownership. To provide estimated number of owners, CARFAX proprietary technology analyzes all the events in a vehicle history. Estimated ownership is available for vehicles manufactured after 1991 and titled solely in the US including Puerto Rico. Dealers sometimes opt to take ownership of a vehicle and are required to in the following states: Maine, Massachusetts, New Jersey, Ohio, Oklahoma, Pennsylvania and South Dakota. Please consider this as you review a vehicle's estimated ownership history.

Salvage Title

A Salvage Title is issued on a vehicle damaged to the extent that the cost of repairing the vehicle exceeds approximately 75% of its pre-damage value. This damage threshold may vary by state. Some states treat Junk titles the same as Salvage but the majority use this title to indicate that a vehicle is not road worthy and cannot be titled again in that state. The following eleven states also use Salvage titles to identify stolen vehicles - AZ, FL, GA, IL, MD, MN, NJ, NM, NY, OK and OR.

Title Issued

A state issues a title to provide a vehicle owner with proof of ownership. Each title has a unique number. Each title or registration record on a CARFAX report does not necessarily indicate a change in ownership. In Canada, a registration and bill of sale are used as proof of ownership.

* For incidents relating to domestic violence, a warrant/summons will only be issued from the Domestic Violence Court located at 555 West Harrison, on the first floor.

AUTOMATED VICTIM NOTIFICATION (AVN)

The County of Cook has a toll free, multilingual, 24-hour Automated Victim Notification System. To obtain information about a defendant's court date or custody inside of Cook County Jail: call 1-877-846-3445. Do not depend only on the AVN for your safety. If you feel that you may be in danger, take precautions as if the defendant has already been released.

ILLINOIS CRIME VICTIMS NOTIFICATION

Innocent victims of violent crime may be eligible to receive benefits from the Illinois Crime Victims Compensation program for such costs as medical, funeral, loss of support, and wage loss. NO RECOVERY IS PROVIDED FOR PROPERTY LOSS OR DAMAGE, NOR FOR PAIN OR SUFFERING. To apply or to determine whether one qualifies, the victim, or if deceased, a relative or dependent, must contact the Illinois Attorney General's Office. Further information and claim forms can be obtained from the Crime Victims Compensation Program, Office of the Attorney General of Illinois, 100 West Randolph Street, 13th Floor, Chicago, Illinois 60601, or by calling (312) 814-2581 or 1-800-228-3368, TTY: 1-877-398-1130 or email at crimevictimservices@atg.state.il.us.

RECOVERY OF PROPERTY - STOLEN VEHICLE RECOVERED

The Chicago Police Department must be notified IMMEDIATELY, via the "911" emergency number, when property reported lost or stolen is recovered.

CREDIT CARDS - CHECKS, LOST OR STOLEN

Immediately notify the concerned credit card issuer or bank by telephone to reduce the possibility of being liable for the unauthorized use of your lost or stolen credit card or check. It is suggested you also inform the credit card issuer or bank in writing as a follow-up notification.
