B-5) Describe the incident in detail including when & where the burning smell, smoke, and fire were

I parked my car and the car wasn't even hot. I went to the supermarket to get some items. I wasn't there no longer than 7 minutes. I came out and a woman asked me if that was my car that was on fire. I opened the door and the flames shot out like crazy. The police told me to leave the vehicle alone, but I was trying to save some items. I was so stressed out and overwhelmed that I walked home. I was completely perplexed by what happened. I took a shower and started coughing something black came out of my mouth and noise. I went to the hospital the following day. I had to have a treatment to test my lungs. It turns out that I had to have minor carbon dioxide poisoning.

Web - Note created on 06/07/2017 13:30:59 and created by

Hello,

I was wondering what would be the procedure to follow for my situation.

at 12am, my car caught on fire and is now total loss. Fire department did not investigate where the fire originated at. However insurance has sent someone to investigate the car at the moment. If they are able to identify the fire origin to be a defect in the car, how would I proceed with you guys to file a claim. My car was purchased a little over a year ago and had around 30,000 miles on it before it got burned. The car was completely turned off and locked before it happened.

Customer states:

1. After manifold recall, it started to burn oil badly.
2. I'm being told that is normal.
3. The DLR is saying you won't honor the warranty because it's within the specs.
4. They've done the consumption test - every 1k miles, it's losing a quart.
5. 2k miles, it's halfway empty of oil.
6. It's burning oil very badly and I need the motor replaced.

Writer states:

1. Has the DLR verified any problem?

Customer states:

1. They can't find a leak.
2. They've done the test.
3. I see a cloud of smoke and there is a problem.

Writer states:

1. The DLR would need to verify a problem before we could petition for anything.
2. Have you taken it to another DLR?

Customer states:

1. No.

Writer states:

1. They haven't been able to diagnose it, which makes it difficult to petition them for anything.
2. I can call Renaldo and get repair history on it.
3. Gives CA#.
4. Offers survey.

Hi Matt,

I believe you had a 2016 Optima (KNAGT4L33G5██████████) that was towed in Monday night for a thermal event. Has Geico already picked up the car? Could you forward us some photos.

Received email from Service Manager Matthew Cohen at dealer TN046 (mcohen@parksidekia.com)
Geico has not picked up the car yet. Here are some photos. The car was towed in by roadside after hours and dropped off in our back lot. It had been towed for a no start issue and was smelling like burning when trying to start. It sat from 7:15pm est until it combusted at 9:11pm est

Karla,

After review of the cause and origin provided by your investigator, we believe that there is not sufficient evidence support his claim.

Our engineer's preliminary inspection results were that the origin was undetermined and that the cause was undetermined. If further evidence is provided to us, we will reevaluate.

At this time, we are denying the claim.

Best,

Hello Andrew:

Everything was taken care of at the Enterprise, Once again thank you for your help in regards to the rental situation. However my experience at Glendale Kia was less than pleasing. I was definitely experiencing some slight "Pulling" of my vehicle during the drive home. I did not understand why that was, considering that fact you ASSURED me that there would be an inspection BEFORE I picked up my vehicle. Now after reading your email this morning I know that there WASN'T an inspection done and that is completely disappointing knowing that we had an in depth conversation about the serious problem that I had with my vehicle, where I almost got into a serious car accident or the freeway when my car abruptly broke down in the middle of nowhere. There is no way that I would have driven it off of the lot if I had known that there wasn't an inspection done. I'm started to believe that this company has zero regard to my safety and well being. Now my "Check engine" light is on after the company spent months "FIXING" my car. I REFUSE to drive this vehicle now. There is seriously something wrong with car and me driving it is completely dangerous. I am a working entertainer here in Los Angeles and I use my car to get to set everyday. Now this situation is effecting my work and I can not allow that.

I've looked over the offer letter and I must say that the offer isn't enough. I literally was stuck on the side of the road at 2am for hours, one hundred miles away from Las Vegas, in the middle of NOWHERE. The insurance company couldn't even find me on the GPS. This was an extremely frightening situation.

I've attached the invoice for the tow in Vegas as well as the invoice on the day that Glendale Kia sent me on the road with a incompetent vehicle.

Mr. [REDACTED]

Thank you for your reply. The inspection was set up for Friday the 5th and the vehicle was picked up on the 4th. I advised that we would put you in a rental while the inspection took place, and if we found any warrantable concerns we would keep you in the rental while the repairs took place. The vehicle was picked up the day before, our tech showed up and was unable to inspect.

We believe our offer is consistent with what you are entitled to under the California Lemon Law. If you think otherwise, let me know why and we can review. Please review the Better Business Bureau (BBB) program summary for an explanation of the mileage deduction:

Hello Andrew:

I've emailed you several times and I haven't heard back from you. Once again my car that was in repair for over three months was returned to me. Now two weeks later it's back in repair because of the same problem...the engine. This is completely unacceptable, my life was in danger when the engine suddenly broke down on my 2016 Kia Optima while I was driving on the freeway. I would greatly appreciate it if you could email me back.

3. What are you requesting of KMA at this time?

Cust states:

1. The buyout offer is low
2. There have been several other people who have done a class action lawsuit against Kia for this same reason
3. That was an extremely scary situation
4. I want more out of the offer letter
5. It's not fair
6. This is my second Kia car
7. I used to love the company
8. I don't want to make this into a bigger deal and get social media and my lawyer involved
9. I'm not that type of person

Writer states:

1. Understand your concerns
2. Again, I do apologize for your experience with the veh so early into ownership
3. First two options are based on the lemon law guidelines in your state
4. If you're interested in keeping the vehicle with Option #3 then we can discuss the GW offer

Cust states:

1. Victoria keeping the vehicle would be a death wish
2. I live in LA, God forbid that car stalled on the freeway
3. That's a hazard for not only me but other people driving

Writer states:

1. Understood
2. For Option #2 KMA would be paying off the loan in addition to paying you the settlement amount

Cust states:

1. I would be driving a faulty vehicle
2. I might as well run into something on purpose
3. I don't think you understand
4. Can you break down Option #2?

Writer states:

1. Of course
2. For Option #2, KMA would be reimbursing you for all lease payments made and the tow
3. KMA would take the mileage deduction as outlined in the lemon law guidelines of your state
4. KMA does not determine that formula
5. So the settlement amount of \$4,403.62 would go back to you and KMA would pay off the loan as well
6. So KMA would take possession of the vehicle

Cust states:

1. I'm aware of that
2. But once again I'm not okay with that
3. Who is your supervisor?

Writer states:

1. Supervisor is not a public contact

Cust states:

1. Fair enough

2. I have faith in you and the Kia team to do something about the buyout
3. You guys can do better than that
4. I would never keep that car
5. That's terrifying

Writer states:

1. Understand concerns
2. Repurchase offer is based on the lemon law guidelines in your state

Cust states:

1. I think you guys can do better
2. Let's just put a hold on that for now
3. They called me yesterday saying it's fixed
4. Can you guys set up a loaner situation while we get this offer settled?
5. I just don't trust it and I'm not about to drive that car

Writer states:

1. We do ask that you pick up the vehicle now that it is repaired

Cust states:

1. I will pick it up
2. I told them I would pick it up
3. But I'm not going to drive it
4. They told me it was fine the last time and look what happened

Writer states:

1. Since your vehicle is repaired KMA is unable to offer assistance with a loaner

Cust states:

1. Let's say I pick up the car after talking to you
2. And it goes out in the middle of me driving it and I get in an accident
3. Then what would happen?

Writer states:

1. I cannot speak to hypotheticals
2. KMA does stand by the repairs the dealer has made

Cust states:

1. That's so fair
2. You guys really look out for your customers
3. Thank you so much for reaching out to me so soon
4. I will be in touch

Writer states:

1. Please feel free to contact me if you have any other questions or concerns

Cust states:

1. Okay
2. Thank you so much

Writer states:

Good morning,

Thank you; I received your signed offer letter, indicating your acceptance of Option #2, the repurchase of your Kia Optima.

In order to complete the processing of your repurchase request, please send the following information at your earliest convenience:

- (1) A completed copy of the attached Authorization to Release Loan/Lease Information form (Attached)
- (2) A full payment history (including all payments made on the vehicle to any lender)
- (3) A copy of the current registration for your vehicle

Upon receipt of this information, I will begin the process of verifying pay-off and payment history in order to issue up-to-date and accurate settlement checks. I will notify you when the checks are issued and we can initiate scheduling of your vehicle turn-in.

Per the offer letter, please allow approximately 60 days for processing.

Should you have any questions or concerns in the interim, please do not hesitate to contact me directly.

Thank you,

Victoria H.

Good afternoon,

Thank you for re-sending the Authorization to Release Loan Information form. I did want to update you that I have submitted the paperwork and it is currently being reviewed by another department. Once approved, I will receive the settlement check and will send it to Morley. Morley is the third party company that we use to facilitate the surrender appointments. A Morley representative will then be in contact with you to schedule a time and date for surrender. At the time of surrender, you will receive the settlement check.

Please do not hesitate to contact me directly with any further questions or concerns.

Sincerely,

Victoria H.

Customer called and complained:

1. I had the PI1802 done to my vehicle and had an oil change done at the same time
2. shortly after that, possibly as little as 2 weeks, the low oil light came on. The dipstick showed low oil also
3. I went ahead and changed the oil thinking the guy at the dealer did not fill it fully
4. less than a month later, the oil is down over 2 quarts
5. I called the dealer and they told me the PI had nothing to do with oil burning and the engine was not covered for that problem.
6. I have an appointment with the dealer to have the engine looked at, it is blowing black smoke at this time.

Writer states:

1. The PI is for rod knock, I do not think oil burning is covered.
2. Just as an aside, your car is out of warranty and the dealer might want a diagnostic fee.

Customer states:

1. I bought the car from Rick Case and they have a 100,000 mile powertrain warranty on all the used cars.

writer states:

1. You might think about taking the car to Rick Case as quite often the dealer warranties are not good at other dealers.

Customer did not think this would be a problem.

Writer requested customer call with the results of the dealer visit.

Problem Description :

Customer states a/c blows warm air.

Diagnostics Performed :

tested ac system and found the Freon level is low. charged ac system and when removing the low side charge hose from the fill port Freon came out from the schrader valve. tried to tighten the valve but it will not seal. replaced the low side line because the valve is not serviceable. after replacing the line and charging the system the ac does not work. checked for proper voltage at the compressor connector and battery voltage shows with the vehicle running. disconnected the connector and checked the resistance of the control valve and the valve shows open. replaced the control valve and charged the system again but still have warm air. while the vehicle is running with the gauges the pressures are equal at 70 psi on the high and low side. I believe it needs a compressor. the compressor has been replaced once before on 08/16/16 ro 21480....

Please contact dealer for additional information regarding customer handling & repair status and update customer accordingly.

Below are the notes from the TL case describing the concern:

*** Performed by contact: Kevin Williams, 7025678000

*** This is a Request for Assistance ***

Problem Description :

Customer states the rear seat heater does not work

Diagnostics Performed :

checked the rear seat heater and found the vehicle shows on the build sheet it has a rear seat heater. The switches for the rear seat heater are in the doors. Removed the rear seat cushion and found the wrong seat cushion has been installed in the vehicle. It does not have the module or the heater pads or the harness.... Will attach pics

1. Calling in regards to the vehicle that had the thermal event on the lot.
2. We did some research and believe that it is possible it could have been an arson case.
3. There are two separate origin points.
4. We also contacted the LAFD and they did not have any records, but it appears that the customer did contact the fire department.
5. Maybe it was a different county.
6. Ultimately, we appreciate that Cruz was trying to help the customer.
7. However, there are no records of him ever reaching out to KMA.
8. We suggest pursuing this as an insurance claim.

Gary replied;

1. Great, thanks for the help.

Hi Sam,

I did not locate the fire report or expert report in the docs. The local adjuster spoke with our expert and the cause & origin were undetermined, so they may not have completed a report. I did request the fire report and will send it to you once I get it.

Thanks,

Levella Parker

As you know, we are representing Progressive Insurance in this matter involving a fire in the 2018 Kia Optima. At the time of the fire, the Optima was still under factory warranty. The fire started in the passenger compartment of the vehicle.

As a result of the loss, Progressive and its insured incurred damages totaling \$23,272.67. Progressive paid \$22,272.67 for the actual cash value of the vehicle, and Mr. [REDACTED] incurred his \$1,000 deductible. Attached are our damage documents for your review.

As the vehicle was under factory warranty at the time of the fire, Progressive and its insured are entitled to full reimbursement.

Please let us know if you need any additional information to evaluate this claim.

Thank you for getting back to me. Unfortunately not all fires are covered under the manufacturer warranty (eg. arson). Therefore, we are requesting supports such as a Cause & Origin Report that points to a manufacturing concern.

1. Parties and Agreement to Lease. In this Lease, "you" and "your" mean the lessee. "We," "us" and "our" mean the original lessor and the party to whom the original lessor intends to assign the Lease. These terms, conditions and disclosures govern your Lease with us and after assignment, with the party to whom we have assigned the Lease (the "Assignee"). Disclosures in this Lease are made on behalf of the lessor, and after assignment, on behalf of the Assignee shown below. Each of you who signs the Lease is individually liable to us for all Lease obligations. You are leasing the Vehicle described below (the "Vehicle") from us. You agree to pay all amounts due under the Lease and fulfill all your obligations under the Lease. You intend to use the Vehicle primarily for personal, family or household purposes unless the "Business, Commercial or Agricultural Purpose Lease" box above is checked. In this Lease, "e" means an estimate. The Consumer Leasing Act Disclosures shown below are also terms of this Lease.

12. NOTICES

NOTICE TO THE LESSEE: YOU HAVE NO OWNERSHIP RIGHTS IN THE VEHICLE UNLESS AND UNTIL YOU EXERCISE YOUR OPTION TO PURCHASE THE VEHICLE.

13. CALIFORNIA NOTICES

NOTICE - THERE IS NO COOLING-OFF PERIOD. California law does not provide for a "cooling-off" or other cancellation period for vehicle leases. Therefore, you cannot later cancel this lease simply because you change your mind, decided the vehicle costs too much, or wish you had acquired a different vehicle. You may cancel this lease only with the agreement of the lessor or for legal cause, such as fraud.

NOTICE - You have the right to return the vehicle, and receive a refund of any payments made if the credit application is not approved, unless nonapproval results from an incomplete application or from incorrect information provided by you.

GAP LIABILITY NOTICE - In the event of theft or damage to the vehicle that results in a total loss, there may be a GAP between the amount due upon early termination and the proceeds of your insurance settlement and deductible. THIS LEASE PROVIDES THAT YOU ARE LIABLE FOR THE GAP AMOUNT. Optional coverage for the GAP amount may be offered for an additional price.

(1) Do not sign this lease before you read it or if it contains any blank spaces to be filled in; (2) You are entitled to a completely filled in copy of this lease; (3) Warning-Unless a charge is included in this lease for public liability or property damage insurance, payment for that coverage is not provided by this lease.

BY SIGNING THE LEASE, YOU ACKNOWLEDGE THAT YOU HAVE RECEIVED AND READ A COMPLETED COPY OF THIS LEASE BEFORE SIGNING IT.

Glossary

[View Full Glossary](#)

First Owner

When the first owner(s) obtains a title from a Department of Motor Vehicles as proof of ownership.

Ownership History

CARFAX defines an owner as an individual or business that possesses and uses a vehicle. Not all title transactions represent changes in ownership. To provide estimated number of owners, CARFAX proprietary technology analyzes all the events in a vehicle history. Estimated ownership is available for vehicles manufactured after 1991 and titled solely in the US including Puerto Rico. Dealers sometimes opt to take ownership of a vehicle and are required to in the following states: Maine, Massachusetts, New Jersey, Ohio, Oklahoma, Pennsylvania and South Dakota. Please consider this as you review a vehicle's estimated ownership history.

Title Issued

A state issues a title to provide a vehicle owner with proof of ownership. Each title has a unique number. Each title or registration record on a CARFAX report does not necessarily indicate a change in ownership. In Canada, a registration and bill of sale are used as proof of ownership.

REPORT OF INVESTIGATION

DATE: November 30, 2018
INSURED: [REDACTED]
TYPE OF VEHICLE: 2016 Kia Optima
VIN: 5XXGU4L3XGG [REDACTED]
DATE OF LOSS: [REDACTED] 2018
CASE NUMBER: [REDACTED]
INSURANCE CO: State Farm Ins.
CLAIM NUMBER: [REDACTED]

INVESTIGATION ASSIGNMENT:

FSI was contacted by Jackie Robertson of State Farm Insurance to conduct an investigation regarding the origin and cause of a fire incident that occurred on [REDACTED] 2018 involving a 2016 Kia Optima. On June 18, 2018, I traveled to Copart Auto Storage in Chicago Heights, IL to conduct my scene examination. Upon arrival to the facility, I was provided access to the secured facility to examine the vehicle lot # [REDACTED]

BACKGROUND:

Vehicle Description: 2016 Kia Optima XL, IL License plate # [REDACTED]

Weather Conditions: Unknown

Fire Protection/Detections: Unknown

Fire Progression to Other Structures/Exposures: None

EXTERIOR EXAMINATION:

Examination of the exterior of the vehicle revealed a four-door blue 2016 Kia Optima. Further examination of the exterior revealed a noticeable fire and heat pattern to the center section of the engine compartment, with a radial heat pattern to the top hood. Inspection of the front fender showed minor heat stressing. However, the fire was [REDACTED]

Case Number: [REDACTED]
Claim Number: [REDACTED]
Insured Name: [REDACTED] [REDACTED]

determined to have occurred to the center of the engine compartment. The damage to the hood was consistent with the fire originating at the center/ rear of the engine block. Examination of the windshield revealed that it was compromised by heat emanating from the engine compartment at the bottom section. Heavy soot and melting damage was noted to the windshield. Scorch marks were noted to the underside rear of the vehicle, consistent with interior fluids burning after the initial fire incident occurred. There was no sign of fire origination on the exterior of the vehicle.

PASSENGER SEATING COMPARTMENT EXAMINATION:

Examination of the interior passenger compartment revealed smoke and heat damage consistent with the compromised front windshield. Examination of the interior fuse panel revealed that no interior fuses were blown or tripped. Further inspection of the passenger seating area revealed no sign of fire origination.

ENGINE COMPARTMENT EXAMINATION:

Examination of the engine compartment revealed extensive fire and heat damage that occurred to the rear section of the engine block where the head gasket was located. Further examination of this area revealed that the most intense burning occurred at the engine block and extended upward and outward, causing directional fire and heat damage to the remaining sections of the engine compartment. Inspection of the radiator revealed that it was intact. Examination of additional electrical wiring and hoses revealed no indication of any electrical activity or failure of any of the wiring. Examination of the battery revealed that it was intact and sustained only external and directional damage. After a thorough review of the entire engine compartment, the fire appeared to be localized originating where the crank case was located within the engine block of the vehicle. Inspection of the underside of the engine compartment showed burnt residue of oil, consistent with the fact that the engine was leaking oil at the time of the fire.

INTERVIEWS:

An interview was conducted with [REDACTED] [REDACTED] who related in summary that he had been driving the vehicle [REDACTED] [REDACTED] in Chicago, IL at approximately 7:30 AM to go to work. He had been driving the vehicle for about 10 minutes when the overheat engine light came on, as well as the brake light. He then observed smoke coming from the engine. After seeing the smoke, he noticed that he also lost use of the power brakes. At that time, he then engaged the emergency brake. Mr. [REDACTED] related that he pulled over the side of the road and observed that the smoke became more prominent and there were flames under the hood. He indicated that this all happened very quickly. Mr. [REDACTED] related that the vehicle had approximately 70,000 miles on it. He indicated that there had been a previous recall at around 10,000 miles. He then took the vehicle into Ed Napleton Kia in Schaumburg, IL to fix the recall for the airbag. He indicated he had received no additional recall notices prior to the fire. Mr.

[REDACTED]

FIRE DEPARTMENT FINDINGS:

A request was submitted to obtain a copy of the fire incident report from the Chicago Fire Department. As of the date of this report, no copy has been provided.

ADDITIONAL INFORMATION:

I later obtained a copy of the CarFax report for the vehicle. Review of this report revealed that the vehicle has a 2.4 liter, 24 valve gasoline engine. The report shows that the vehicle had been maintained with oil and filter changes. There were no outstanding recalls noted for the vehicle. However, it was noted that the vehicle was the same configuration and design as the 2014 Kia Optima, which had a recall issued for engine fires regarding the engine seizing and potentially causing a fire. A copy of this report will be included.

Case Number: [REDACTED]
Claim Number: [REDACTED]
Insured Name: [REDACTED] [REDACTED]

ANALYSIS OF CAUSE AND CONCLUSIONS:

In conclusion, based upon a thorough vehicle examination, burn pattern analysis, analysis of the physical evidence, interviews, and my personal experience, it is my considered opinion that the fire originated at the back side of the engine block within the engine compartment where the crank case and bearings are located. Furthermore, the cause of the fire was due to the ignition of vehicle fluid ignited by an operating engine. The fire is consistent with fire damage noted to other vehicles under an engine recall of Kia Optimas.

Respectfully Submitted,

To Whom It May Concern:

This notice is to advise you of a loss that occurred to our insured's vehicle. Our preliminary investigation indicates that Kia Motors America may be responsible for this loss. Please consider this as our notice of possible subrogation and our notice to you of the opportunity to schedule an inspection of the vehicle.

The vehicle is being held at a location in Dixmoor, Illinois and is available for your inspection by appointment only. There is no authorization to inspect this vehicle outside the presence of a State Farm® representative.

Any settlement with our policyholder with respect to this loss must not prejudice State Farm's rights, as subrogator, nor shall State Farm's rights be released by the execution of a general release with such policyholder.

In order to assist you in evaluating and processing the subrogation claim, we may provide nonpublic personal information about our customer. We are sharing this information to effect, administer, or enforce a transaction authorized by the consumer. However, you are neither authorized nor permitted to: (1) use the customer information we provide for any purpose other than to evaluate and process the subrogation claim or (2) disclose or share the customer information we provide for any purpose other than to evaluate and process the subrogation claim.

Your cooperation is appreciated. If you have any questions, or would like to set up an appointment to inspect the evidence, please contact us.

NARRATIVE

On [REDACTED]-2018, I was dispatched to the boat ramp on Highway [REDACTED] in reference to a vehicle fire.

Lt. Wilder and myself arrived on scene together. Upon my arrival, I observed a small vehicle that was fully engulfed in fire. While waiting for the fire department to arrive, I spoke to the owner of the vehicle, [REDACTED] said he and his girlfriend, [REDACTED] had parked a ways from the boat ramp and waited for his friend, [REDACTED] and his girlfriend, [REDACTED] to arrive with the boat. Mr. [REDACTED] said he and Ms. [REDACTED] walked in the dark to the boat ramp, its about 75 yards. There were no other vehicles at the boat ramp. I asked Mr. [REDACTED] why did they walk so far in the complete darkness and Mr. [REDACTED] said he didn't know where the boat ramp was located.

Mr. [REDACTED] said while they were all at the boat ramp, Ms. [REDACTED] said she had to go to the car for a napkin so that she could to pee. Mr. [REDACTED] said they had arrived at the boat ramp at about 0214 hours, he had a picture with a time stamped on it. Mr. [REDACTED] said the vin to the vehicle is: 5XXGU4L3XJG [REDACTED]

I then spoke to Ms. [REDACTED] and she said she went to the car to get a napkin and found the car on fire. Ms. [REDACTED] said she then called 911 for help. Ms. [REDACTED] said she did not know how the fire started.

I spoke to [REDACTED] and he said that he and his girlfriend, [REDACTED] and Ms. [REDACTED] were at the boat ramp fishing. A short time later, Ms. [REDACTED] said she was going to the car to get a napkin so that she could go pee. Mr. [REDACTED] said as soon as Ms. [REDACTED] got up the hill she started yelling that the car was on fire. Mr. [REDACTED] said he and Ms. [REDACTED] and Mr. [REDACTED] went up the hill and saw the car burning.

I also spoke to Ms. [REDACTED] and she said she thinks they arrived at the boat ramp between 0100 hours and 0130 hours this date. Ms. [REDACTED] said she doesn't know what happened. Ms. [REDACTED] said she remembers Ms. [REDACTED] yelling the car was on fire.

Crawford County Volunteer Fire Department and Taylor County Fire Department arrived on scene and extinguished the fire. Reynolds Police Department and Taylor County Sheriff's Office arrived on scene.

Lt. Wilder called dispatch to have the next list wrecker en route. Dispatched advised Tri-Sport Towing was en route. A hold was placed on the vehicle due not able to identify the vehicle at time of incident, the tag plate and vin plate had been completely burned off.

Tri-Sport Towing arrived on scene and took custody of the vehicle. I then went back into service.

Glossary

[View Full Glossary](#)

First Owner

When the first owner(s) obtains a title from a Department of Motor Vehicles as proof of ownership.

Junk Title

A Junk Title is issued on a vehicle damaged to the extent that the cost of repairing the vehicle exceeds approximately 75% of its pre-damage value. This damage threshold may vary by state. The majority of states use this title to indicate that a vehicle is not road worthy and cannot be titled again. Some states treat Junk titles the same as Salvage.

Ownership History

CARFAX defines an owner as an individual or business that possesses and uses a vehicle. Not all title transactions represent changes in ownership. To provide estimated number of owners, CARFAX proprietary technology analyzes all the events in a vehicle history. Estimated ownership is available for vehicles manufactured after 1991 and titled solely in the US including Puerto Rico. Dealers sometimes opt to take ownership of a vehicle and are required to in the following states: Maine, Massachusetts, New Jersey, Ohio, Oklahoma, Pennsylvania and South Dakota. Please consider this as you review a vehicle's estimated ownership history.

Title Issued

A state issues a title to provide a vehicle owner with proof of ownership. Each title has a unique number. Each title or registration record on a CARFAX report does not necessarily indicate a change in ownership. In Canada, a registration and bill of sale are used as proof of ownership.

Vehicle Valuation Methodology Explanation

WorkCenter Total Loss was designed and built in conjunction with J.D. Powers, experts in data analysis and vehicle pricing and a highly trusted name among consumers. With years of experience in vehicle pricing, J.D. Power is a credible, third-party expert whose name provides consumer recognition and confidence. WCTL provides a consistent methodology across all vehicles and it includes valid comparable vehicles that most closely resemble the totaled vehicle and are similar to the vehicles a consumer would find in their own research.

WorkCenter Total Loss produces accurate and easy-to-understand vehicle valuations via this five step process:

Step 1 - Locate Comparable Vehicles

Locate vehicles that are the closest match to the loss vehicle in the same market area. WorkCenter Total Loss utilizes consumer-based vehicle sources along with inventory directly from Dealerships. When available WCTL also provides sold vehicle records from sources such as J.D. Powers.

Step 2 - Adjust Comparable Vehicles

Make adjustments to the prices of the comparable vehicles. The comparable vehicles are identical to the loss vehicle except where adjustments are itemized. There are several types of comparable vehicle adjustments

- Projected Sold Adjustment - an adjustment to reflect consumer purchasing behavior (negotiating a different price than the listed price).
- Mileage Adjustment - an adjustment for differences in mileage between the comparable vehicle and the loss vehicle.
- Equipment- adjustments for differences in equipment between the comparable vehicle (e.g. equipment packages and options) and the loss vehicle.

Step 3 - Calculate Base Vehicle Value

The base vehicle value is calculated by averaging the adjusted prices of the comparable vehicles.

Step 4 - Calculate Loss Vehicle Adjustments

There are four types of loss vehicle adjustments:

- Condition Adjustment:
Adjustments to account for the condition of the loss vehicle prior to the loss.
- Prior Damage Adjustment:
Adjustments to account for any prior damage present on the loss vehicle prior to the loss.
- After Market Part Adjustment:
Adjustments to account for any after market parts present on the loss vehicle prior to the loss.
- Refurbishment Adjustment:
Adjustments to account for any refurbishment performed on the loss vehicle prior to the loss.

Step 5 - Calculate the Market Value

The Market Value is calculated by applying the loss vehicle adjustments to the base value.

LIFETIME GUARANTEE FOR SHEET METAL AND PLASTIC BODY PARTS

The replacement parts written on the estimate are intended to
return your vehicle to its pre-loss condition with proper
installation.

After repair, if any sheet metal or plastic body part included in the
estimate fails to return your vehicle to its pre-loss condition
(assuming proper installation), in terms of form, fit, finish,
durability or functionality, Progressive will arrange and pay for the
replacement of the part, to the extent not covered by a manufacturer's
or other warranty. This service will be performed at no cost to you
(including associated repair and rental car costs). To obtain service
under this Guarantee, call Progressive at 1-800-274-4641. This
Guarantee applies as long as you own or lease the vehicle. This
Guarantee is not transferable and terminates if you sell or otherwise
transfer your vehicle.

THIS GUARANTEE DOES NOT COVER NORMAL WEAR AND TEAR OR DAMAGE CAUSED BY
IMPROPER MAINTENANCE, NEGLECT, ABUSE OR SUBSEQUENT ACCIDENT. THIS
GUARANTEE IS LIMITED TO ARRANGING FOR THE SELECTION OF REPAIR PARTS
THAT WILL RETURN YOUR VEHICLE TO ITS PRE-LOSS CONDITION. ACCORDINGLY,

RE: Our Client: Progressive Insurance Company
Insured: [REDACTED]
Date of Loss: [REDACTED] 2018
Our File No. [REDACTED]
Vehicle: 2018 Kia Optima VIN: 5XXGU4L3XJG [REDACTED]

Dear Mr. Kim:

Our firm has been retained by Progressive Insurance Company to pursue subrogation with regard to the above-referenced loss. Please direct all further communication regarding this matter to me. It is indicated from the materials provided to us by Progressive Insurance Company that the incident which occurred on the above date resulted from your negligence.

At this time, we have been authorized to reach a settlement agreement with you without including interest, fees or costs, prior to bringing suit. Progressive Insurance Company has paid a total of \$23,272.67 to or on behalf of its insured for the above referenced damages.

Please contact me within 10 days to discuss payment; otherwise we have been authorized to proceed with litigation without further notice.

Thank you for your anticipated prompt attention to this matter. I look forward to hearing from you.

Sincerely,

[REDACTED]
