**Customer's Description of Complaint**

C/s Airbag light is on.

**Technician's Findings and Repair**

FSE was asked to assist in QRA with supplier to inspect this vehicle. ON arrival the vehicle had an active B1650 code set in the SRS system. No other faults found. The supplier representative inspected the vehicle and found an open circuit on the ODS sensor circuit. On removal of the seat from the vehicle the DTC was cleared and there was no longer any open circuit. No issues found on inspection. Parts being collected and TR will be issued.
