Customer's Description of Complaint

srs light will intermittently come on and off

Technician's Findings and Repair

THE VEHICLE IN QUESTION IS ACTUALLY MY OWN. I BROUGHT IT TO MY FSE'S ATTENTION. I LEASED IT IN AUGUST. THE VEHICLE HAS NEVER BEEN FLOODED AND THE SEATS HAVE NEVER HAD ANYTHING SPILLED ON THEM. I NOTICED THE LIGHT STARTED COMING ON AROUND THE END OF SUMMER BEGINNING OF FALL. WE PAYED ATTENTION TO IT AND AS THE WEATHER CHANGED TO WINTER MY LIGHT DID NOT ILLUMINATE ANYMORE. IT NEVER CAME ON AT ALL DURING WINTER BUT AS SOON AS THE WEATHER CHANGED AND IT GOT MORE HUMID OUTSIDE MY LIGHT WOULD COME BACK ON. IT IS NOT CONSISTENT BUT I HAVE NOTICED THAT ON REALLY HUMID DAYS IT WILL COME ON. I HAVE COME TO THE CONCLUSION THAT DURING HOT HUMID DAYS I WILL MOST LIKELY HAVE A LIGHT ON. NOT SO HUMID DAYS I WILL NOT. AND IT WILL BE A HISTORY B1650 CODE ALL THE TIME
