**Customer's Description of Complaint**

Passenger seat belt ring goes off even when no passengers is present

**Technician's Findings and Repair**

While at retailer for a different reason Service Manager requested FSE assist tech. FSE requested check for codes. No codes present in any system. Tech states condition quit after car was driven into shop and now the tech cannot duplicate condition. FSE requested tech verify seat shows occupant present. Could not duplicate concern at this time.
