#0 - Diag
Pulled Codes:
B1650 - Occupant Detection System Malfunction
(History)

Applicable information on operation of SRS/Airbag systems begins on page 1-42 of owners manual.

Please advise customer system is operating normally. There are numerous conditions under which the Occupant Detection system may not operate including, but not limited to:

- Weight requirement
- seating position (of occupant) requirement
- no electronics on seat
- no liquids on seat
- No objects beneath seat
- additional supplies (stuff) on seat while occupant present

Please advise customer, if airbag indicator for passenger seat does not illuminate, one of the requirements is not met or out of spec/range, and passenger should be moved to rear seating of vehicle, or adjustments made based on other requirements.

Note: There were objects (stuff) stored behind the front passenger seat.
